Item 1. Business

GENERAL

Fund American Enterprises Holdings, Inc., (the "Company"), is a Delaware corporation which was organized in 1980. Within this report, the consolidated organization is referred to as "Fund American." Fund American's principal businesses are conducted through White Mountains Holdings, Inc. and its operating subsidiaries ("White Mountains"). White Mountains' consolidated and unconsolidated insurance operations are conducted through its subsidiaries and affiliates in the businesses of property and casualty insurance, reinsurance and financial guaranty insurance. White Mountains' mortgage banking operations are conducted through Source One Mortgage Services Corporation and its subsidiaries ("Source One"). Fund American also owns a passive investment portfolio consisting primarily of common equity securities. The Company's principal office is located at 80 South Main Street, Hanover, New Hampshire, 03755-2053, and its telephone number is (603) 643-1567.

INSURANCE OPERATIONS

Consolidated Insurance Operations

Since 1995 White Mountains has been acquiring and developing various insurance operating interests. In December 1995, White Mountains acquired Valley Group, Inc. ("VGI") of Albany, Oregon and Charter Group, Inc. ("CGI") of Richardson, Texas for \$41.7 million in cash less \$3.0 million of purchase price adjustments. In September 1995, White Mountains formed White Mountains Insurance Company ("WMIC") which is a New Hampshire-based mid-size commercial property and casualty company. Since 1995 White Mountains has been active in developing, capitalizing and reorganizing its insurance operations.

Valley. VGI, through its wholly-owned subsidiaries including Valley Insurance Company ("VIC"), Valley Property & Casualty Insurance Company ("Valley P&C"), Valley National Insurance Company ("Valley National") and certain related non-insurance affiliates, collectively ("Valley"), write personal and commercial lines as further described below:

VIC: A Northwest-based property and casualty company which writes personal and commercial lines. In 1997 and 1996, VIC had \$77.7 million and \$75.1 million of net written premiums, respectively, primarily in Oregon, California and Washington. At December 31, 1997, VIC had \$146.6 million of total admitted assets and \$61.2 million of policyholders' surplus. VIC was established in 1982 and began writing insurance policies in 1985. VIC is rated "A" or "excellent" by A.M. Best.

Valley P&C: On December 5, 1996, Valley's parent company formed Valley P&C to specifically write property and casualty insurance within Oregon. Valley P&C wrote its first policies in February 1997 and had \$5.2 million in net written premiums during 1997. At December 31, 1997, Valley P&C had \$7.7 million of total admitted assets and \$3.7 million of policyholders' surplus.

Valley National: On January 19, 1996, Valley purchased an inactive insurance company for \$13.2 million, net of cash balances acquired. The newly acquired insurance company, which was renamed Valley National, is licensed to write property and casualty insurance in 48 states. Assets acquired pursuant to the purchase of Valley National included an investment portfolio, consisting principally of fixed maturity investments, totalling \$6.7 million. Valley National wrote its first policies in December 1996 and had \$2.7 million in gross written premiums (\$.3 million of net written premiums) during 1997. Valley National is expected to further expand its operations

to certain other states in which it is currently licensed. At December 31, 1997, Valley National had \$11.5 million of total admitted assets and \$11.1 million of policyholders' surplus. Valley National is a wholly-owned subsidiary of VIC and shares its A.M. Best's "A" rating through a combination of a reinsurance arrangement with VIC and its ownership structure.

Valley markets insurance products principally through independent agents. Valley's primary business focus is to establish strong long-term relationships with its agents and insured customers by focusing on providing quality insurance products to families and family-owned businesses. This approach has resulted in an established track record of growth:

Statutory Basis, in Millions	Year Ended December 31,				
	1997	1996	1995	1994	1993
Gross written premiums	\$ 89.2	\$ 81.9	\$ 73.1	\$64.8	\$ 52.5
Total assets at year-end	154.3	138.2	126.8	80.4	65.8
Policyholders' surplus at year-end	64.9	57.8	58.5	23.5	22.9

In 1997 and 1996 Valley wrote \$89.2 million and \$81.9 million, respectively, of gross premiums within the following states, through approximately 285 independent agents:

Dollars in millions	Year Ended December 31, 1997		
	Gross Written Premiums	Policies In Force*	Agents*
Oregon	\$43.1	30,789	98
California	26.2	12,333	80
Washington	17.2	6,960	69
Arizona, Idaho, Utah and other	2.7	2,180	38
Totals	\$89.2	52,262	285

Dollars in millions	Year Ended December 31, 1996		
	Gross Written Premiums	Policies In Force*	Agents*
Oregon	\$40.9	31,118	99
California	27.5	12,910	74
Washington	13.2	4,554	63
Arizona, Idaho, Utah and other	.3	222	9
Totals	\$81.9	48,804	245

* Determined at year end.

Valley began to write business in the states of Arizona, Idaho and Utah during the fourth quarter of 1996. Valley intends to increase its premium writings in those states in the future.

Valley's focus on delivering insurance products to families and family-owned businesses has resulted in a book of business which is balanced between personal lines and commercial lines. Gross written premiums for Valley's primary lines of business are shown below:

Millions	Year Ended December 31,				
	1997	1996	1995	1994	1993
Personal lines:					
Automobile	\$ 29.3	\$25.9	\$23.9	\$22.5	\$ 20.5
Homeowners	13.4	12.0	10.4	8.3	6.3
Other	1.5	1.3	1.1	.8	.8
Total personal lines	44.2	39.2	35.4	31.6	27.6

Other	2.8	3.6	3.4	3.0	3.6

Total gross written premiums	\$ 89.2	\$81.9	\$73.1	\$64.8	\$ 52.5

The long-term relationships cultivated by Valley with its agents and insured customers, along with superior customer service and convenient premium billing and payment systems, have produced a relatively high level of persistency in Valley's "package" book of business. In 1997 and 1996, package business represented approximately 79.1% and 80.0% of Valley's premium writings, respectively, for both personal and commercial lines:

Renewal retention ratios	Year Ended December 31,				
	1997	1996	1995	1994	1993
Personal automobile/homeowners packages	91.4%	89.4%	88.2%	87.8%	89.0%
Commercial multiple peril packages	78.9%	75.5%	76.5%	84.5%	86.0%

Renewal persistency can be a significant indicator of an insurance company's long-term prospects for successful underwriting. An insurance company typically incurs more marketing and underwriting costs to write new business (e.g., policies written for new customers) than it does to write "seasoned" business (e.g., policy renewals). Additionally, losses and loss adjustment expenses are typically higher and less predictable for new business than for seasoned business.

WMIC. WMIC is currently licensed to write insurance in Maine, New Hampshire, Vermont, Massachusetts and New York and is expected to expand its operations to other states as additional regulatory approvals are obtained. WMIC markets its products principally through independent agents and had gross written premiums during 1997 and 1996 of \$5.2 million and \$2.4 million (\$4.7 million and \$2.0 million of net written premiums), respectively. At December 31, 1997, WMIC had \$31.4 million of total admitted assets and \$29.1 million of policyholders' surplus. WMIC is a wholly-owned subsidiary of VIC and shares its A.M. Best's "A" rating through a combination of a reinsurance arrangement with VIC and its ownership structure.

Charter. CGI, through its wholly-owned subsidiary Charter Indemnity Company, its controlled affiliate Charter County Mutual Insurance Company and certain related non-insurance subsidiaries (collectively "Charter"), markets and underwrites nonstandard automobile insurance to individuals in the State of Texas. For the years ended December 31, 1997 and 1996, Charter's net written premiums totalled \$62.9 million and \$69.9 million, respectively and its

earned premiums totalled \$62.4 million and \$37.7 million, respectively. Written premiums (and related expenses and losses) for Charter's policies written prior to January 1, 1996, were entirely ceded to Charter's former parent and are now fully retained, therefore, Charter's 1997 and 1996 earned premiums are not directly comparable.

Charter writes all its business through independent agents located in Texas. At December 31, 1997, Charter had approximately 750 agents located throughout the State. Charter expects to write policies in Oklahoma during 1998 and is expected to expand its operations to other states.

The nonstandard automobile insurance market consists of drivers who are unable to obtain coverage from standard carriers due to their prior driving records, other underwriting criteria or market conditions. Management believes that opportunities in the nonstandard automobile insurance market in Texas are influenced by many factors including the market conditions for standard automobile insurance, the residual market plan of the State, and the extent to which State motor vehicle laws are enforced. The nonstandard automobile insurance market has grown in recent years as the result of tightening of underwriting standards by underwriters of standard and preferred automobile insurance, and increased enforcement of motor vehicle laws including driving while intoxicated and uninsured motorist laws.

Charter offers both liability and physical damage coverage in the Texas nonstandard automobile insurance market, generally with policies having terms of 6 months or 12 months. Most of Charter's policyholders choose basic limits of liability coverage, which in Texas are \$20,000 per person and \$40,000 per accident for bodily injury, and \$15,000 for property damage. For the year ended December 31, 1997, Charter's net written premiums totalled \$43.0 million for liability coverages and \$19.9 million for property damage coverages.

Management pursues a strategy of establishing Charter as a low-cost provider of nonstandard automobile insurance while maintaining a commitment to provide "service beyond expectation" to both agents and the insured. Management believes that Charter has become a low cost provider of nonstandard automobile insurance. Increased automation of certain marketing, underwriting, claims and administrative functions has provided Charter with the ability to process more business without a corresponding increase in costs, while maintaining a high level of service to its agents and insured customers.

Management believes that most classes of nonstandard automobile insurance can be underwritten profitably if they are priced adequately. Charter seeks to classify risks into narrowly defined segments through the utilization of available underwriting criteria and internal performance statistical data. Charter maintains a proprietary database which contains statistical records with respect to its agents and the insured. Management believes this database enhances Charter's ability to analyze loss experience, and to underwrite and price its products based on a number of variables. Charter utilizes many factors and analyses to determine its rates including: type, age and location of the vehicle; number of vehicles per policyholder; number and type of traffic violations or accidents; limits of liability; deductibles; and age, sex and marital status of the insured. Charter's combined ratio for the years ended December 31, 1997 and 1996 was 94.2% and 99.3%, respectively.

Investments in Unconsolidated Insurance Affiliates

White Mountains' investments in unconsolidated insurance affiliates represent strategic operating investments in other insurers in which White Mountains has a significant voting and economic interest but does not own greater than 50.0% of the entity. Since 1994, Fund American has been active in accumulating its investments in unconsolidated affiliates which are further described below:

Financial Security Assurance Holdings Ltd. ("FSA"). FSA conducts its operations principally through Financial Security Assurance Inc., a wholly-owned monoline financial guarantee insurance subsidiary with Triple-A claims-paying ratings from Moody's, Standard & Poor's and Fitch. FSA is principally engaged in guaranteeing municipal bonds as well as residential mortgage and other asset-backed securities. For 1997, 1996 and 1995 the present value of FSA's gross written premiums totalled \$250.3 million, \$226.3 million and \$139.1 million, respectively, and its net income was \$100.5 million, \$80.8 million and \$55.0 million, respectively. As of December 31, 1997 and 1996, FSA's total assets were \$1.9 billion and \$1.5 billion, respectively and its shareholders' equity was \$882.4 million and \$801.3 million, respectively.

In May 1994 the Company purchased 2,000,000 shares of the common stock of FSA ("FSA Common Stock") from U S WEST Capital Corp., a wholly-owned subsidiary of U S WEST, Inc. The purchase was part of an initial public offering of 8,082,385 shares of FSA Common Stock at the initial offering price of \$20.00 per share.

In September 1994 the Company acquired various fixed price options and shares of convertible preferred stock ("FSA Options and Preferred Stock") which, in total, give Fund American the right to acquire up to 4,560,607 additional shares of FSA Common Stock for aggregate consideration of \$125.7 million.

In 1995 and 1996, respectively, the Company purchased an additional 460,200 shares of FSA Common Stock on the open market for \$8.8 million and an additional 1,000,000 shares of FSA Common Stock in a private transaction for \$26.5 million.

All shares of and rights to FSA Common Stock owned or acquired by the Company as described above (other than those acquired on the open market) are subject to certain restrictions on transfer, voting provisions and other limitations and requirements set forth in a Shareholders' Agreement, a Registration Rights Agreement and a Voting Trust Agreement. As of December 31, 1997, 1996 and 1995 Fund American's economic interest in FSA was approximately 26.2%, 25.1% and 21.0%, respectively, and Fund American's voting interest in FSA was approximately 24.0%, 23.0% and 19.0%, respectively. During 1997 Fund American transferred all of its interests in FSA to Source One.

Mr. John J. ("Jack") Byrne (Chairman of the Company) is Vice Chairman of FSA and Mr. K. Thomas Kemp (President and CEO of the Company and Chairman and CEO of White Mountains) and Mr. James H. Ozanne, (President of Fund American Enterprises, Inc. ("FAE")), a wholly-owned subsidiary of the Company) are directors of FSA. In addition to being FSA directors, Mr. Kemp is Chairman of FSA's Human Resources Committee and Mr. Ozanne is Chairman of FSA's Underwriting Committee.

Fund American's investment in FSA Common Stock is accounted for using the equity method. FSA Common Stock is publicly traded on the New York Stock Exchange ("NYSE"). The market value of the FSA Common Stock as of December 31, 1997 and 1996, as quoted on the NYSE, exceeded Fund American's carrying value of the FSA Common Stock on the equity method. Fund American's investments in FSA Options and Preferred Stock are accounted for under the provisions of Statement of Financial Accounting Standards ("SFAS") No. 115 whereby the investments are reported at fair value as of the balance sheet date, with related unrealized investment gains and losses, after tax, reported as a net amount in a separate component of shareholders' equity and reported on the income statement as a component of comprehensive net income.

Main Street America Holdings, Inc. ("MSA"). MSA, a subsidiary of National Grange Mutual Insurance Company of Keene, New Hampshire ("NGM"), participates in 40% of NGM's business through a reinsurance pooling agreement. NGM writes personal and commercial property and casualty insurance in the Eastern United States. MSA's net written premiums totalled \$156.6 million, \$147.2 million and \$130.9 million in 1997, 1996 and 1995, respectively, and its net income was \$11.9 million, \$9.7 million and \$12.4 million, respectively. MSA's year-

end total assets as of December 31, 1997 and 1996 were \$337.2 million and \$316.2 million, respectively, and its shareholders' equity was \$120.6 million and \$101.4 million, respectively.

In December 1994 the Company acquired 90,606 shares of the common stock of MSA ("MSA Common Stock") for \$25.0 million in cash. In 1995 the Company paid NGM an additional \$1.2 million in purchase price adjustments for the MSA Common Stock. In December 1995 the Company transferred all of its interest in MSA to White Mountains. White Mountains' investment in MSA at December 31, 1997, 1996 and 1995 represented approximately 33.1% of the outstanding common stock of MSA at those times.

Fund American's investment in MSA Common Stock is accounted for using the equity method. White Mountains' President, Mr. Terry L. Baxter, and Mr. Kemp are directors of MSA.

Folksamerica Holding Company, Inc. ("Folksamerica"). Folksamerica owns a multi-line broker-market reinsurance company which in 1997 and 1996 had net written premiums of \$232.4 million and \$171.9 million, respectively. At December 31, 1997 and 1996, Folksamerica had total assets \$1.2 billion and \$1.0 billion, respectively, and shareholders' equity of \$255.0 million and \$167.6 million, respectively.

In June 1996 White Mountains purchased, for \$79.9 million including related expenses, a 50.0% economic interest in Folksamerica. On November 20, 1997, White Mountains made an additional investment in Folksamerica of \$20.8 million which served to maintain its 50.0% economic interest. White Mountains' investment in Folksamerica includes (i) 6,920,000 shares of ten-year 6.5% voting preferred stock having a liquidation preference of \$79.4 million ("Folksamerica Preferred Stock"), (ii) ten-year warrants ("Folksamerica Warrants") to purchase up to 6,920,000 shares of the common stock of Folksamerica ("Folksamerica Common Stock") for \$11.47 per share, subject to certain adjustments and (iii) 1,563,907 shares of Folksamerica Common Stock. Folksamerica reported a book value per share at December 31, 1997 and 1996, of \$15.03 and \$12.11, respectively.

White Mountains' investment in Folksamerica Common Stock is accounted for using the equity method. White Mountains' investment in Folksamerica Preferred Stock and Folksamerica Warrants are accounted for under the provisions of SFAS No. 115 whereby the investments are reported at fair value as of the balance sheet date, with related unrealized investment gains and losses, after tax, reported as a net amount in a separate component of shareholders' equity and reported on the income statement as a component of comprehensive net income. Dividends earned on the Folksamerica Preferred Stock are recorded as earnings from unconsolidated insurance affiliates on the income statement. Messrs. Baxter and Kemp are directors of Folksamerica.

ML (Bermuda) Limited ("Murray Lawrence"). Murray Lawrence is a Bermuda-based managing agency group in the Lloyd's insurance market. On December 8, 1997 White Mountains purchased, for \$23.6 million, approximately 15.8% of the common stock of Murray Lawrence ("Murray Lawrence Common Stock"). Mr. Kemp is a director of Murray Lawrence.

MORTGAGE BANKING OPERATIONS

General

Source One was incorporated in 1972 and is the successor to Citizens Mortgage Corporation which was organized in 1946. Source One's principal office is located in Farmington Hills, Michigan. Source One is a wholly-owned subsidiary of Fund American whereby the Company currently owns 3% of the outstanding common stock of Source One and White Mountains owns the remaining 97% of the outstanding common stock of Source One.

As a mortgage banker, Source One engages primarily in the business of producing and selling conforming and subprime residential mortgage loans and servicing and subservicing residential mortgage loans for third parties. Its sources of revenue are net mortgage servicing revenue, net interest revenue, net gain on sales of mortgages, net gain on sales of servicing and other revenue. Through subsidiaries, Source One also markets credit-related insurance products (such as life, disability, health, accidental death and property and casualty insurance).

As of December 31, 1997 and 1996, Source One owned a mortgage loan servicing portfolio totalling \$11.6 billion and \$26.4 billion, respectively, and subserviced a portfolio of mortgage loans for others totalling \$14.9 billion and \$2.8 billion, respectively. Source One services and subservices mortgage loans on behalf of numerous institutional investors and other security holders. During 1997 and 1996, Source One originated \$4.4 billion and \$3.8 billion in mortgage loans, respectively.

Industry Overview

Mortgage banking is the business of serving as a financial intermediary in the: (i) origination and purchase of mortgage loans; (ii) holding of such loans while aggregating sufficient loans to form appropriate mortgage-backed security pools; (iii) subsequent sale of such loans through pools or directly to investors; and (iv) ongoing management or servicing of such loans during the repayment period. Mortgage bankers generate revenue in each of the four stages of the mortgage banking process.

The origination process involves providing competitive mortgage loan rates, soliciting loan applications, reviewing title and credit matters, and funding loans at closing. Mortgage loans are often purchased from the originators thereof, who may receive a premium for releasing the right to service such purchased mortgage loans. The purchase price and any premium paid for servicing rights are greatly influenced by existing market conditions.

When interest rates on long-term mortgage loans exceed average interest rates incurred on total borrowings by Source One, as is generally the case, the holding of mortgage loans generates net interest income. In periods when borrowing rates exceed long-term mortgage lending rates, the holding of mortgage loans can generate net interest expense.

Marketing or selling mortgage loans requires matching the needs of the production market (consisting of homebuyers and homeowners seeking new mortgages) with the needs of the secondary market for mortgage loans (consisting of securities broker-dealers, depository institutions, insurance companies, pension funds and other investors). Conventional mortgage loans (e.g., those not guaranteed or insured by agencies of the Federal government) which are secured by one- to four-family residential properties, and which comply with applicable requirements, are packaged for direct sale or conversion to a mortgage-backed security, generally in pools of \$1.0 million or more. Such mortgage-backed securities are guaranteed by the Federal Home Loan Mortgage Corporation ("FHLMC") or the Federal National Mortgage Association ("FNMA"). Mortgage-backed securities are sold by mortgage banking companies primarily to securities broker-dealers. Federal Housing Administration ("FHA") insured mortgage loans and Veterans Administration ("VA") partially guaranteed mortgage loans are packaged in the form of modified pass-through mortgage-backed securities guaranteed by the Government National Mortgage Association ("GNMA") for sale primarily to securities broker-dealers. In addition, private entities may pool mortgage loans in the form of collateralized mortgage obligations or pass-through certificates, which may or may not qualify as real estate mortgage investment conduits ("REMICs") under the Internal Revenue Code of 1986, as amended (the "IRC"), and offer the resulting mortgage-backed securities to the public through

securities broker-dealers. There is also a limited private market for mortgage loans which have not been pooled or securitized.

Servicing involves: (i) collecting principal, interest and funds to be escrowed for tax and insurance payments from mortgage loan borrowers; (ii) remitting principal and interest to mortgage loan investors; (iii) paying property taxes and insurance premiums on mortgaged property; (iv) in some cases, advancing uncollected payments to mortgage loan investors; (v) administering delinquent loans; (vi) supervising foreclosures in the event of unremedied defaults; and (vii) performing all related accounting and reporting activities. Servicing generates cash income in the form of fees, which represent a percentage of the declining outstanding principal amount of the loans serviced and are collected from each mortgage loan payment received plus any late charges.

Mortgage Loan Production

Source One produces residential mortgage loans through a system of retail branch offices, a specialized marketing program, mortgage brokers, and a correspondent network of banks, thrift institutions and other mortgage lenders. The existence of multiple mortgage production sources gives Source One the flexibility to shift its production between those sources as market conditions warrant and allows Source One to emphasize the production mode which is most economically advantageous at the time.

Loans produced, whether through origination or purchase, include conventional residential mortgage loans as well as mortgage loans which are either insured by the FHA or partially guaranteed by the VA. In evaluating loans purchased through its correspondent network and loans originated through its broker network, Source One applies the same quality standards as those required for loans originated by Source One itself. Source One's quality control department reviews a random sample of the loans purchased to determine compliance with Source One's standards.

Source One primarily produces fixed rate mortgage loans. Generally speaking, fixed rate mortgages tend to capture a large share of origination volumes in a declining interest rate environment. Additionally, fixed rate mortgage loans are inherently less susceptible to prepayment risk than adjustable rate mortgages. During periods of increasing interest rates, the likely adverse effects of lower fixed rate mortgage loan originations are mitigated by a reduction in the prepayment risk on the fixed rate mortgage loans Source One services. During 1997 and 1996, fixed rate mortgage loan production accounted for approximately 88% and 90%, respectively, of Source One's total mortgage loan production.

The following table sets forth selected information regarding Source One's mortgage loan production:

Millions	1997	1996	1995	1994	1993

During 1997 Source One broadened its product line by offering higher profit margin products such as FHA home improvement ("203(k)") loans, manufactured housing loans, subprime loans and 125% loan to value second mortgage ("125% LTV") loans. The 203(k) loans and manufactured housing loans produced by Source One are sold to third parties with servicing retained whereby the subprime loans and 125% LTV loans produced by Source One are sold to third parties on a servicing released basis. Source One is currently planning to establish the capability to service and subservice subprime loans and to subservice 125% LTV loans. These new products did not account for a significant portion of Source One's total mortgage loan production during 1997 and are expected to account for less than 10% of Source One's 1998 mortgage loan production.

Correspondent Network. Source One conducts a program through which it agrees to purchase mortgage loans from a network of banks, thrift institutions and other mortgage lenders. The funding price for such loans is set by Source One on a daily basis. In addition, Source One pays a premium for the release of servicing rights which is negotiated on a case-by-case basis. As of December 31, 1997, there were approximately 236 participants in Source One's correspondent network, with no single participant or group of affiliated participants accounting for more than 12% of Source One's total mortgage loan originations.

Retail Branch Offices. As of December 31, 1997, Source One had 129 retail branch offices in 26 states with its highest concentration of branch offices located in California, Washington and New York. Each office has sales representatives who originate mortgage loans through contacts with real estate brokers, builders, developers and others, as well as through direct contact with homebuyers.

Mortgage loans originated by Source One are subject to a defined underwriting process in order to assess each prospective borrower's ability to repay the loan requested and the adequacy of each property as collateral. In addition, Source One is subject to the underwriting guidelines of FHA, VA, FHLMC and FNMA, as well as specific contractual requirements of institutional investors who have agreed to acquire mortgage loans originated by Source One. Most branch office originations are referred to regional operating centers for preparation of loan

documentation, evaluation of compliance with Source One's underwriting conditions and closing of the loans.

Mortgage Brokers. Source One conducts a program through which it closes loans originated by a network of mortgage brokers. The funding price for such loans is set by Source One on a daily basis. The originating mortgage broker receives compensation equivalent to the difference between Source One's pricing schedule and the closing price. As of December 31, 1997, there were approximately 425 active participants in Source One's mortgage broker network, with no single broker or group of affiliated brokers accounting for more than 1% of Source One's total mortgage loan originations.

Specialized Marketing Program. Source One also generates mortgage loan originations through affinity programs and by responding to refinancing requests from the population of loans currently serviced by Source One.

Sales of Loans

Source One sells mortgage loans either through mortgage-backed securities issued pursuant to programs of GNMA, FNMA and FHLMC, or to institutional investors. Most mortgage loans are aggregated in pools of \$1.0 million or more, which are purchased by institutional investors after having been guaranteed by GNMA, FNMA or FHLMC. During 1997 approximately 65.5%, 23.3% and 6.7% of the principal amount of Source One's loans were sold in pools through GNMA, FNMA and FHLMC, respectively. During 1996 approximately 42.8%, 35.3% and 11.6% of the principal amount of Source One's loans were sold in pools through GNMA, FNMA and FHLMC, respectively. During 1995 approximately 46.3%, 34.3% and 9.3% of the principal amount of Source One's loans were sold in pools through GNMA, FNMA and FHLMC, respectively. Substantially all GNMA securities are sold without recourse to Source One for loss of principal in the event of a subsequent default by the mortgage borrower due to the underlying FHA and VA insurance. Prior to December 1992, substantially all conventional securities were sold with recourse to Source One, to the extent of insufficient proceeds from private mortgage insurance, foreclosure and other recoveries. Since December 1992 all conventional loans have been sold without recourse to Source One.

Servicing agreements relating to mortgage-backed securities issued pursuant to the programs of GNMA, FNMA or FHLMC require Source One to advance funds to make the required payments to investors in the event of a delinquency by the borrower. Source One expects that it would recover most funds advanced upon cure of default by the borrower or at foreclosure. However, in connection with VA partially guaranteed loans and certain conventional loans (which may be partially insured by private mortgage insurers), funds advanced may not cover losses due to potential declines in collateral value. In addition, most of Source One's servicing agreements for mortgage-backed securities typically require the payment to investors of a full month's interest on each loan although the loan may be paid off (by optional prepayment or foreclosure) other than on a month-end basis. In this instance, Source One is obligated to pay the investor interest at the pass-thru rate from the date of the loan payoff through the end of that calendar month without reimbursement.

Historically, Source One's sales of loans have generated net gains. However, if secondary market interest rates decline after Source One obtains a mandatory forward commitment for a loan, the loan may not close and Source One may incur a loss from the cost of covering its obligations under such commitment. If secondary market interest rates increase after Source One commits to an interest rate for a loan, and Source One has not obtained a forward commitment, Source One may incur a loss when the loan is subsequently sold. To minimize this risk, Source One obtains mandatory forward commitments of up to 120 days to sell

mortgage-backed securities with respect to all loans which have been funded and a substantial portion of loans in process (the "Pipeline") which it believes will close.

Source One's risk management function closely monitors the Pipeline to determine appropriate forward commitment coverage on a daily basis. In addition, the risk management area seeks to reduce counterparty risk by committing to sell mortgage loans only to approved dealers, with no dealer having in excess of 20% of current commitments. Source One currently transacts business with 17 approved dealers.

Loan Servicing

Source One generally retains the rights to service the mortgage loans it produces with the exception of subprime and 125% LTV loans which are sold to third parties on a servicing released basis. In addition, Source One may acquire the rights to service or subservice a mortgage loan portfolio without originating or acquiring the underlying mortgage loans. Source One customarily purchases servicing rights from banks, thrift institutions and other mortgage lenders. The fees paid to acquire such servicing rights are negotiated on a case-by-case basis. During 1996, Source One purchased the rights to service \$2.8 billion of mortgage loans from third parties. There were no significant purchases of mortgage servicing rights by Source One during 1997.

Source One also sells servicing rights when management deems it economically advantageous. During 1997 Source One sold the rights to service a \$17.0 billion portfolio of nonrecourse mortgage loans and continues to subservice a portion of these loans pursuant to a subservicing agreement. During 1996 Source One sold the rights to service \$3.3 billion of mortgage loans and did not retain the right to subservice the loans.

The following table summarizes the changes in Source One's mortgage loan servicing portfolio, excluding loans sold but not transferred:

Related Activities

In conjunction with its mortgage origination and servicing activities, Source One markets certain credit-related insurance products (such as life, disability, health, accidental death, and property and casualty insurance). Source One acts as an agent and receives fees based on premium value but does not assume any insurance risk. Total fees recognized under these programs for 1997 and 1996 were \$4.2 and \$4.6 million, respectively.

INVESTMENT PORTFOLIO MANAGEMENT

The passive investment portfolios of the Company and White Mountains are primarily managed by a small group of employees located in Hanover, New Hampshire. FAE's passive investment portfolio is primarily managed by a small group of employees located in White River Junction, Vermont.

During 1997 and 1996, Fund American engaged First Manhattan Co. to provide discretionary investment management services with respect to the disposition of a portfolio of passive investment securities. The invested assets managed by First Manhattan Co. included certain equity securities held by the Company, FAE, White Mountains, Valley, Charter and WMIC. First Manhattan Co. is a registered investment advisor.

During 1997 and 1996 Fund American also engaged affiliates of FSA and MSA to provide discretionary investment management services with respect to the fixed income investment portfolios of Valley, Charter and WMIC.

Fund American's philosophy is to invest all assets to maximize their after tax total return over a three- to five-year time frame. Under this approach, each dollar of after tax investment income, realized capital gains and unrealized appreciation is valued equally. Management believes that it should focus its equity investment efforts on a small number of quality companies selling at reasonable prices in the marketplace. While such an approach results in a highly concentrated portfolio, management believes it will provide superior returns over a three- to five-year horizon. However, management does not believe that owning a large portfolio of passive investment securities in a taxable corporation format will maximize shareholder returns over the long-term. Therefore, Fund American's long-term goal is to reinvest its passive investment securities into operating businesses in which management has knowledge and experience.

CERTAIN BUSINESS CONDITIONS

Inflation and changes in market interest rates can have significant effects on White Mountains' insurance operations. Inflation increases the costs of settling insurance claims over time. Increases in market interest rates, which often occur during periods of high inflation, reduce the market value of the insurance operations' fixed-income investments. Conversely, reductions in market interest rates increase the market value of White Mountains' fixed-income investments.

Changes in the economy or prevailing interest rates can also have significant effects, including material adverse effects, on the mortgage banking industry including Source One. Inflation and changes in interest rates can have differing effects on various aspects of Source One's business, particularly with respect to marketing gains and losses from the sale of mortgage loans, mortgage loan production, the value of Source One's servicing portfolio and net

interest revenue. Historically, Source One's loan originations and loan production income have increased in response to falling interest rates and have decreased during periods of rising interest rates. Periods of low inflation and falling interest rates tend to reduce loan servicing income and the value of Source One's mortgage loan servicing portfolio because prepayments of mortgages increase and the average life of mortgage servicing rights is shortened. Conversely, periods of increasing inflation and rising interest rates tend to increase loan servicing income and the value of Source One's mortgage servicing rights because prepayments of mortgages decline and the average life of loan servicing rights is lengthened. In an attempt to mitigate Source One's exposure to changes in market interest rates, Source One utilizes various derivative financial instruments. See "Management's Discussion and Analysis".

COMPETITION

The principal competitive factors that affect White Mountains' insurance subsidiaries are: (i) pricing; (ii) underwriting; (iii) quality of claims and policyholder services; (iv) appointing and retaining high quality independent agents; (v) operating efficiencies; and (vi) product differentiation and availability. No single company or group of affiliated companies dominates the insurance industry. The highly competitive environment in the property and casualty insurance market during the past several years has intensified due to increased capacity resulting from growing capital supporting the industry and robust investment returns achieved in recent years. Each of White Mountains' insurance operating affiliates strives to be a low cost operator within its sector of the insurance industry while maintaining superior levels of customer service. Each of White Mountains' insurance affiliates also maintains a disciplined approach to pricing and underwriting of insurance risks. Application of this disciplined approach in a highly competitive environment results in a lower volume of insurance premiums than would result from a less disciplined approach, but should produce better overall financial returns from the business over long periods of time.

Perception of financial strength, as reflected in the ratings assigned to an insurance company, especially by A.M. Best, is also a factor in White Mountains' insurance subsidiaries' competitive position. Each of White Mountains' insurance operating affiliates has consistently maintained adequate capitalization and claims payment ratings to effectively conduct its business and management believes that such strength will continue to be maintained in the future.

In the United States, property and casualty insurance can be obtained through national and regional companies that use an agency distribution system, direct writers (who may have an employed agency force) or brokers, or through self-insurance including the use by corporations of subsidiary captive insurers. All of White Mountains' consolidated insurance companies market their products principally through independent agents.

Source One competes nationally and locally for loan production with other mortgage banks, state and national banks, thrift institutions and insurance companies. National banks and thrift institutions have substantially more flexibility in their loan origination programs than Source One, which generally originates loans meeting the standards of the secondary market. Mortgage lenders compete primarily with respect to price and service. Competition may also occur on mortgage terms and closing costs. Source One competes, in part, by using its commissioned sales force to maintain close relationships with real estate brokers, builders and developers and members of its correspondent and broker network. It is the opinion of the management of Source One that no single mortgage lender dominates the industry.

REGULATION

Valley, Charter and WMIC are subject to regulation and supervision of their operations in each of the jurisdictions where they conduct business. Regulations vary between jurisdictions but, generally, they provide regulatory authorities with broad supervisory, regulatory and administrative powers over such matters as licenses, standards of solvency, premium rates, policy forms, investments, security deposits, methods of accounting, form and content of financial statements, reserves for unpaid losses and loss adjustment expenses, reinsurance, minimum capital and surplus requirements, dividends and other distributions to shareholders, periodic examinations and annual and other report filings. Over the last several years most states have, and continue to implement, laws which establish standards for current, as well as continued, state accreditation. In addition, the National Association of Insurance Commissioners ("NAIC") has adopted risk-based capital ("RBC") standards for property and casualty companies. The RBC ratios for Valley, Charter and WMIC, as of December 31, 1997, were above the levels which would require regulatory action.

Source One is subject to the rules and regulations of, and examinations by, investors and insurers including FNMA, FHLMC, GNMA, FHA and VA with respect to the origination and selling and servicing of mortgage loans. Lenders are required to submit audited financial statements annually and to maintain specified net worth levels which vary depending on the amount of loans serviced and annual production. Mortgage loan origination activities are also subject to fair housing laws, the Equal Credit Opportunity Act, the Federal Truth-in-Lending Act, the Real Estate Settlement Procedures Act, the Fair Credit Reporting Act, licensing laws, usury laws, the Home Mortgage Disclosure Act, and regulations promulgated thereunder which, among other things, prohibit discrimination in residential lending and require disclosure of certain information to borrowers. There are various other state laws and regulations affecting Source One's mortgage banking and insurance operations. Source One's internal audit and quality control departments monitor compliance with all these laws and regulations.

Fund American is not aware of any current recommendations by regulatory authorities that would be expected to have a material effect on its results of operations or liquidity or any other matters that would require disclosure herein.

EMPLOYEES

As of December 31, 1997, the Company employed 11 persons and White Mountains employed 2,038 persons (including 281 persons at Valley, 165 persons at Charter, 1,572 persons at Source One and 3 persons at FAE). None of Fund American's employees are covered by a collective bargaining agreement. Management believes that Fund American's employee relations are good.

FORWARD-LOOKING STATEMENTS

From time to time, the Company may publish forward-looking statements relating to such matters as anticipated financial performance, business prospects, new products and similar matters. This information is often subject to various risks and uncertainties. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. In order to comply with the terms of the safe harbor, the Company notes that numerous factors could cause actual results and experience to differ materially from anticipated results or other expectations expressed in its forward-looking statements. The risks and uncertainties that may affect the operations, performance, development and results of the Company's business include those discussed elsewhere herein (such as competition and regulation).

Item 2. Properties

Fund American leases 8,600 square feet of space at 80 South Main Street, Hanover, New Hampshire, under a lease expiring in 2006. This space is used as the principal office for the Company, White Mountains and WMIC. Valley owns a 40,000 square foot office building in Albany, Oregon and leases 6,200 square feet in Sacramento, California under a lease expiring in 1998. Charter leases 56,000 square feet of office space in Richardson, Texas under a lease expiring in 2007. Source One owns its principal office in Farmington Hills, Michigan, which houses the majority of its employees. Fund American leases several other office facilities and operating equipment under cancelable and noncancelable agreements. Most of such leases contain renewal clauses.

Item 3. Legal Proceedings

Various claims have been made against Fund American in the normal course of its business. In management's opinion, the outcome of such claims will not, in the aggregate, have a material effect on Fund American's financial position or results of operations.

Item 4. Submission of Matters to a Vote of Security Holders

There were no matters submitted to a vote of Fund American's shareholders during the fourth quarter of 1997.

PART II

Item 5. Market for Registrant's Common Equity and Related Stockholder Matters

As of March 20, 1998, there were 506 registered holders of shares of the Company's Common Stock, par value \$1.00 per share ("Shares").

From 1992 to 1994 the Company did not pay regular cash dividends to holders of Shares. In the fourth quarter of 1995 the Company's Board of Directors (the "Board") reinstated and paid a \$.20 regular quarterly dividend per Share. During 1997 and 1996, the Company declared and paid quarterly cash dividends of \$.20 per Share and expects to pay regular quarterly cash dividends of \$.40 per Share during 1998. The Board currently intends to reconsider from time to time the declaration of regular periodic dividends on Shares with due consideration given to the financial characteristics of Fund American's remaining invested assets and operations and the amount and regularity of its cash flows at the time. The Company's Common Stock (symbol FFC) is listed on the NYSE. The quarterly trading range for Shares during 1997 and 1996 is presented below:

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

RESULTS OF OPERATIONS: Years Ended December 31, 1997, 1996 and 1995

Consolidated Results

Fund American reported comprehensive net income (which includes the net change in after tax unrealized investment gains) of \$95.6 million for the year ended December 31, 1997, which compares to comprehensive net income of \$59.5 million and \$102.3 million for 1996 and 1995, respectively. Net income for 1997 was \$39.3 million versus \$4.9 million and \$84.1 million for 1996 and 1995, respectively. The 1997 income statement includes pretax net realized investment gains of \$96.7 million versus \$38.5 million of pretax gains recorded in 1996 and \$38.8 million recorded in 1995. The 1996 income statement includes a \$32.6 million pretax, \$29.4 million after tax, write-off of all Source One's existing goodwill and certain other intangible assets. The 1995 income statement includes four non-recurring items: (i) the adoption of SFAS No. 122 as of January 1, 1995, by Source One; (ii) a \$46.2 million pretax charge to compensation expense related to outstanding employee stock warrants; (iii) a \$66.0 million favorable tax development relating to the sale of Fireman's Fund; and (iv) the receipt of a \$9.7 million pretax breakup fee, plus related expenses, from Home Holdings, Inc. These four items served to increase 1995 net income by a total of \$41.8 million.

After tax earnings for 1997 were \$45.3 million versus \$4.9 million and \$18.5 million for 1996 and 1995, respectively.

Book value per common and common equivalent share was \$102.19 at December 31, 1997, which compares to \$90.81 at December 31, 1996. Strong operating results at White Mountains' growing consolidated and unconsolidated insurance operations and favorable investment portfolio results produced most of the increase in book value per share from 1996 to 1997.

Insurance Operations

White Mountains is acquiring and developing various insurance operating interests. Fund American acquired its investment in MSA in 1994 and assigned the investment to White Mountains in 1995, White Mountains acquired Valley and Charter and created WMIC in 1995, White Mountains acquired its investments in Folksamerica Preferred Stock and Folksamerica Common Stock in June 1996 and November 1997, respectively, and White Mountains acquired its investment in Murray Lawrence in December 1997. White Mountains also owns approximately 97% of Source One which owns Fund American's investments in FSA which were acquired during 1994, 1995 and 1996.

Valley, Charter and WMIC represent Fund American's consolidated insurance subsidiaries. Valley, Charter and WMIC's results for the years ended December 31, 1997 and 1996, included \$145.3 million and \$109.7 million of property and casualty insurance premiums earned, respectively, and \$97.1 million and \$85.9 million of losses and loss adjustment expenses, respectively. Valley, Charter and WMIC's results for the one-month period ended December 31, 1995, included \$5.8 million of property and casualty insurance premiums earned and \$8.2 million of losses and loss adjustment expenses.

A summary of 1997 and 1996 underwriting results for Valley, Charter and WMIC follows:

=====			

Valley and Charter's 1997 underwriting results produced satisfactory combined ratios and an overall underwriting profit. However, premium growth at both Valley and Charter suffered during 1997 as a result of increased competition in the marketplace which illustrates Fund American's underwriting discipline in a highly competitive market. WMIC's 1997 results were adversely impacted by several large workers' compensation claims although underwriting results on this small and growing book of business are not yet considered to be meaningful.

Valley's 1996 underwriting results were adversely impacted by severe fourth quarter storm-related losses and by \$3.5 million in reserve strengthening for losses and loss adjustment expenses incurred in prior years. Charter's earned premiums trailed net written premiums during 1996 because Charter began for the first time in 1996 to retain virtually all its written premiums. Charter's policies written prior to 1996 were fully ceded to a former affiliate of Charter.

Losses and loss adjustment expenses are charged against income as incurred. Unpaid losses and loss adjustment expenses are based on estimates by claims adjusters, legal counsel and actuarial staff of the ultimate costs of settling claims, including the effects of inflation and other societal and economic factors. Unpaid loss and loss adjustment expense reserves represent management's best estimate of ultimate losses and loss adjustment expenses net of estimated salvage and subrogation recoveries. Such estimates are regularly reviewed and updated and any adjustments resulting therefrom are reflected in current operations. The process of estimating loss and loss adjustment expenses involves a considerable degree of judgement by management and the ultimate amount of expense to be incurred could be considerably greater than or less than the amounts currently reflected in the financial statements.

In the normal course of business, Valley, Charter and WMIC seek to limit losses that may arise from catastrophes or other events that may cause unfavorable underwriting results by reinsuring certain levels of risk in various areas of exposure with other insurance enterprises or reinsurers. Valley, Charter and WMIC remain contingently liable for risks reinsured with third parties to the extent that the reinsurer is unable to honor its obligations under reinsurance contracts at the time of loss.

While there may be greater individual risks of loss associated with nonstandard automobile insurance than with standard automobile insurance (e.g., higher loss frequency), the insurance premiums charged in consideration of these additional risk characteristics are generally higher

than those of standard automobile coverage and in many cases, if the coverage is properly underwritten, the risk to rate characteristics of writing nonstandard automobile insurance are at least equal to or more favorable than that of standard automobile coverage. Additionally, nonstandard automobile individual liability limits are generally lower than those of standard automobile coverages which results in the amount of individual losses being less volatile (e.g., lower loss severity). In general, loss costs for nonstandard automobile insurance are, in fact, more predictable than those for several other lines of property and casualty insurance (e.g., medical malpractice or umbrella liability coverages).

FSA, MSA, Folksamerica and Murray Lawrence represent Fund American's investments in unconsolidated insurance affiliates. Fund American's investment in FSA increased \$80.1 million during 1997 which consisted of \$11.4 million of pretax earnings from FSA Common Stock, \$68.0 million of pretax unrealized investment gains from FSA Options and Preferred Stock, \$2.1 million of pretax unrealized investment gains from FSA's investment portfolio, less \$1.4 million of dividends received from FSA Common Stock. Fund American's investment in FSA increased \$23.1 million during 1996 (excluding Fund American's purchase of 1,000,000 additional shares of FSA Common Stock for \$26.5 million during 1996) which consisted of \$7.8 million of pretax earnings from FSA Common Stock, \$17.3 million of pretax unrealized investment gains from FSA Options and Preferred Stock, less \$1.0 million of pretax unrealized investment losses from FSA's investment portfolio, less \$1.0 million of dividends received from FSA Common Stock.

White Mountains' investment in MSA increased \$6.2 million during 1997 which consisted of \$3.8 million of pretax earnings from MSA Common Stock and \$2.4 million of pretax unrealized investment gains from MSA's investment portfolio. White Mountains' investment in MSA increased \$1.0 million during 1996 which consisted of \$1.5 million of pretax earnings from MSA Common Stock offset by \$.5 million of pretax unrealized investment losses from MSA's investment portfolio.

White Mountains' investment in Folksamerica increased \$25.1 million during 1997 (excluding White Mountains' purchase of Folksamerica Common Stock for \$20.8 million during 1997) which consisted of \$.9 million of pretax earnings from Folksamerica Common Stock, \$22.4 million of pretax unrealized investment gains from Folksamerica Preferred Stock, \$1.8 million of pretax unrealized investment gains from Folksamerica's investment portfolio. White Mountains' investment in Folksamerica increased \$.2 million from June 1996 to December 31, 1996 as a result of pretax unrealized investment gains from Folksamerica Warrants and Folksamerica Preferred Stock.

White Mountains investment in Murray Lawrence, which was acquired on December 8, 1997, remained at its cost of \$23.6 million during 1997.

Management expects that White Mountains' consolidated and unconsolidated insurance operations will have a significantly larger impact on Fund American's reported financial results in future years. See "Liquidity and Capital Resources."

Mortgage Origination and Servicing Operations

For the year ended December 31, 1997 Source One had a net loss applicable to common stock of \$17.2 million versus a loss of \$8.0 million for 1996. Source One's 1997 results include the following charges: (i) a \$6.0 million after tax extraordinary loss on early extinguishment of debt, (ii) restructuring and compensation charges of \$3.1 million pretax, \$2.0 million after tax, associated with Source One's plan to reduce its operating costs and improve its financial performance, (iii) an \$8.0 million pretax, \$5.2 million after tax, loss on sales of mortgage

servicing rights and assumption of subservicing and (iv) a \$17.7 million pretax, \$11.5 million after tax, charge to Source One's valuation allowance for impairment of their capitalized mortgage loan servicing portfolio. Source One's 1996 results include a \$29.1 million pretax (\$25.9 after tax) write-off of goodwill and certain other intangible assets which was partially offset by a \$10.1 million pretax, \$6.6 million after tax, gain on sales of mortgage servicing rights. Source One had net income applicable to common shareholders of \$18.6 million for the year ended December 31, 1995 which includes a \$40.0 million pretax, \$26.0 million after tax, gain on mortgage servicing rights which was partially offset by \$28.0 million pretax, \$18.2 million after tax, of capitalized mortgage servicing portfolio impairment.

Gross mortgage servicing revenue was \$95.0 million for the year ended December 31, 1997 which compares to \$139.6 million in 1996 and \$141.9 million in 1995. The decrease in gross mortgage servicing revenue from 1995 to 1997 is primarily the result of sales of servicing rights with respect to \$17.0 billion and \$3.3 billion of mortgage loans during 1997 and 1996, respectively.

Source One's net mortgage servicing revenue decreased to \$42.1 million for the year ended December 31, 1997, from \$77.6 in 1996 and \$61.3 million in 1995. Net mortgage servicing revenue for 1997 has been reduced by \$17.7 million of pretax impairment resulting from decreases in market interest rates during the year versus pretax impairment of \$.9 million for 1996 and \$28.0 million in 1995. Net mortgage servicing revenue for the year ended December 31, 1997 was enhanced by \$11.3 million of pretax net gains on financial instruments versus gains of \$9.9 million for 1996 and \$.8 million for 1995.

Source One utilizes derivative contracts, consisting of interest rate floor contracts and principal-only swaps, in an attempt to offset the effect on earnings of higher amortization and impairment of the capitalized servicing asset caused by changes in market interest rates. These financial instruments are carried at fair value on the balance sheet with unrealized and realized gains reported as net gains on financial instruments on the income statement. The interest rate contracts, which were first entered into during 1995, derive their value from differences between the floor strike rate specified in the contract and prevailing market interest rates and are not subject to total losses in excess of their original cost. As of December 31, 1997, 1996 and 1995, Source One's open interest rate contracts had a fair value of \$8.2 million, \$4.8 million and \$3.5 million and had an applicable original cost of \$4.7 million, \$5.4 million and \$2.6 million, respectively. As of December 31, 1997, the open interest rate contracts had a total notional principal amount of \$.7 billion and had remaining terms ranging from 3 to 5 years. The principal-only swap transactions, which were first entered into during 1996, derive their value from changes in the value of referenced principal-only securities. As of December 31, 1997 and 1996, Source One's principal-only swap transactions had a fair value of \$12.5 million and \$3.2 million, respectively. Source One's exposure to losses on the principal-only swap transactions is related to changes in the market value of the underlying principal-only securities over the life of the contract. As of December 31, 1997, the open principal-only swap transactions had an original notional principal amount of \$98.1 million and had remaining terms of 3 to 4 years.

Net gains on sales of mortgages were \$21.5 million for the year ended December 31, 1997, versus \$38.3 million in 1996 and \$24.0 million in 1995. The 1997 amount includes a \$3.0 million pretax charge, recorded during 1997, related to mortgage loans held for investment which have been identified for sale and marked down from amortized cost to current market value. The balance of the 1997 decline is due primarily to a change in Source One's loan production mix which included a proportionately higher volume of correspondent production which generates lower originated mortgage servicing rights income, as compared to 1996. The increased gains from 1995 to 1996 reflect increased production and related mortgage sales volumes during the period.

During 1997 Source One sold the rights to service \$17.0 billion of nonrecourse mortgage loans for adjusted proceeds of \$266.9 million, resulting in a pretax loss of \$4.3 million. As part of the servicing sale, Source One retained the right to subservice these loans until 1998. Source One recorded an additional pretax loss of \$3.7 million during 1997 in connection with the extension of its subservicing responsibilities for these loans for one additional year at less favorable terms than the original agreement provided. During 1996 Source One sold the rights to service \$3.3 billion of mortgage loans for net proceeds of \$55.9 million, resulting in a pretax gain of \$10.1 million. During 1995 Source One sold the rights to service \$11.0 billion of mortgage loans for net proceeds of \$199.1 million, resulting in a pretax gain of \$40.0 million.

Total mortgage loan production for the years ended December 31, 1997, 1996 and 1995, was \$4.4 billion, \$3.8 billion and \$2.9 billion, respectively. The increase in production from 1995 to 1997 is reflective of overall lower market interest rates and a corresponding increase in refinancing activities during the period. Production related to refinancing activities made up 40%, 33% and 23% of total production during 1997, 1996 and 1995, respectively. Regular mortgage loan payoffs due principally to refinancings on Source One's owned servicing portfolio

for the years ended December 31, 1997, 1996 and 1995, were \$1.2 billion, \$3.0 billion and \$2.3 billion, respectively.

Source One's 1997 results include \$9.5 million of pretax earnings associated with Fund American's investment in FSA which was contributed to Source One during 1997 to provide additional credit support to Source One's mortgage banking operations.

Investment Operations

The total return from Fund American's investment activities is shown below:

Millions	Year Ended December 31,		
	1997	1996	1995
Net investment income:			
Mortgage banking operations	\$ 45.8	\$ 40.8	\$ 37.7
Insurance operations and passive investment portfolio	19.3	16.5	17.7
Total net investment income	65.1	57.3	55.4
Net realized investment gains	96.7	38.5	38.8
Change in net unrealized investment gains, before tax (a)	(10.1)	68.0	20.0
Total net investment return, before tax	\$151.7	\$163.8	\$ 114.2

(a) Excludes net unrealized investment gains and losses recorded from Fund American's investments in unconsolidated insurance affiliates.

Fund American's net investment income is comprised primarily of interest income earned on mortgage loans originated by Source One (gross of related interest expense on short-term borrowings used to finance such loans), interest income associated with the fixed maturity investments of its consolidated insurance operations, dividend income from its equity investments and interest income from short-term investments. The increase in net investment income from mortgage banking operations from 1995 to 1997 is mainly attributable to increased interest income from mortgage loans held for sale related to higher mortgage loan production experienced during those periods. The increase in net investment income from insurance and other operations during from 1996 to 1997 is a result of increases in investment income from White Mountains' growing portfolio of fixed maturity investments. The decrease in net investment income from insurance operations and the passive investment portfolio from 1995 to 1996 was primarily the result of lower dividend income due to net sales from Fund American's passive investment portfolio during 1995 and 1996.

Net realized investment gains during 1997 included \$37.2 million of pretax gains from the sale of 1,980,982 shares of the common stock of Travelers Property Casualty Corp. ("Travelers P&C") for net proceeds of \$69.2 million, \$24.3 million of pretax gains from the sale of 5,000,000 units of beneficial interest of San Juan Basin Royalty Trust ("San Juan") for net proceeds of \$45.7 million, \$10.3 million of pretax gains from the sale of 388,140 shares of the common stock of Mid Ocean Limited ("Mid Ocean") for net proceeds of \$22.6 million and \$15.5 million of pretax gains from the sale of 834,895 shares of the common stock of Veritas DGC Inc. for net proceeds of \$20.9 million. Net realized investment gains during 1996, before tax, included \$27.2 million of pretax gains from the sale of 2,928,100 shares of the common stock of The Louisiana Land & Exploration Company common stock for net proceeds of \$125.1 million, \$1.4 million of pretax gains from the sale of 2,042,572 shares of the common stock of Zurich Reinsurance Centre Holdings, Inc. ("ZRC") for net proceeds of \$61.8 million and \$9.3 million of pretax gains from the sale of 600,000 of the shares of common stock of Mid Ocean for net proceeds of \$28.2 million. Net realized investment gains during 1995 included \$23.9 million of pretax gains from the sale of 2,401,000 shares of the common stock of American Express Company for net proceeds of \$76.7 million.

A review of certain significant holdings in Fund American's portfolio of common equity securities and other investments at December 31, 1997 follows. Share or unit and dollar amounts refer to the aggregate number of common shares or units of beneficial interest owned

and the aggregate fair value at December 31, 1997, of Fund American's holdings of each security discussed.

White River Corporation (718,818 shares; "White River Shares"; \$57.1 million). White River Corporation ("White River") was formerly a wholly-owned subsidiary of Fund American. On December 22, 1993, the Company distributed approximately 74% of the outstanding White River Shares to its shareholders. White River through its consolidated subsidiaries, provides automated vehicle valuation and collision repair estimating services and software for use by the insurance and automobile repair industries, and services which improve the handling and settling of automobile damage claims. White River also owns a passive investment portfolio. Fund American owns a total of 1,014,750 White River Shares, including 295,932 White River Shares carried in other assets which are being held for delivery upon the exercise of existing employee stock options. As of December 31, 1997, Fund American's total ownership position represented approximately 20.8% of the total White River Shares. Fund American does not account for its investment in White River Shares on the equity method as it does not currently possess the ability to exercise significant influence over White River.

San Juan (5,994,876 units; \$55.5 million). San Juan units receive a 75% net overriding royalty interest from certain of Southland Royalty Company's leasehold and royalty interests in the San Juan Basin of Northwestern New Mexico. Fund American believes that changes in crude oil and natural gas prices and in the level of development and production expenditures by the operator of San Juan may affect the distributions to unitholders of San Juan and, therefore, the market prices of the units of San Juan. In addition, Fund American believes that the tax and accounting issues involved in owning units in San Juan may make such units unappealing to many investors. Fund American's investment in San Juan as of December 31, 1997, represented approximately 12.9% of the total San Juan units outstanding. San Juan units are nonvoting. Fund American does not account for its investment in San Juan units on the equity method as it does not possess the ability to exercise significant influence over the Trustee of San Juan.

Travelers P&C (1,161,924 shares; \$49.2 million). Travelers P&C is one of the largest property and casualty insurers in the United States and is an independent agency writer of personal and commercial lines. Fund American's investment in Travelers P&C as of December 31, 1997, represented approximately 1.7% of the total shares publicly traded. Mr. Jack Byrne is a director of Travelers P&C.

Expenses

Compensation expense as reported totalled \$101.8 million, \$91.3 million and \$111.6 million for each of the years ended December 31, 1997, 1996 and 1995, respectively. Compensation expense for 1995 includes a \$46.2 million pretax charge related to an extension of the expiration date of outstanding employee stock warrants. Additionally, Source One nets mortgage loan origination fees (which can fluctuate significantly during periods of strong mortgage loan production), less certain direct costs, against compensation and benefits expense. Excluding the effects of the 1995 warrant extension and mortgage loan origination fees, adjusted compensation and benefits expense was \$121.4 million, \$111.1 million and \$82.9 million for each of the years ended December 31, 1997, 1996 and 1995, respectively. The increase in adjusted compensation and benefits expense from 1995 to 1996 is primarily the result of the inclusion of a full year of Valley and Charter's personnel costs in the 1996 consolidated financial statements. The increase in adjusted compensation and benefits expense from 1996 to 1997 is primarily the result of an increase in stock-based compensation accruals associated with certain of the Company's long-term compensation plans and its qualified and nonqualified retirement plans. During 1997 the market value of the Company's common stock rose 26% from \$95.75 to \$121.00 per share.

General expenses of \$87.6 million for 1997 compare to 1996 and 1995 amounts of \$87.4 million and \$60.3 million, respectively. The increase in general expenses from 1995 to 1996 is

primarily the result of the inclusion of a full year of Valley and Charter's operations in the 1996 consolidated financial statements. General expenses for 1997 include \$3.1 million of pretax restructuring and compensation charges at Source One.

Source One's provision for mortgage loan losses, included in general expenses, was \$8.6 million in 1997 which compares to \$10.3 million for 1996 and \$7.0 million for 1995. The increase in the provision for loan losses from 1995 to 1996 is due primarily to (i) higher average loss volumes relating to certain California residential mortgage loans, (ii) charge-offs relating to certain commercial real estate owned properties and (iii) an increase in delinquencies as the result of servicing portfolio acquisitions made by Source One during the fourth quarters of 1996 and 1995. The delinquency rates of these portfolios (which were acquired on favorable terms considered to be reflective of the higher delinquency rates inherent on the portfolios) were generally higher than those of Source One's existing portfolio resulting in a higher provision for loan losses; however, Source One's proactive management of such delinquencies is expected to reduce future delinquency rates on the acquired portfolios to a level more commensurate with the balance of Source One's servicing portfolio. The decrease in provision for loan losses from 1996 to 1997 primarily reflects a significant reduction in the size of Source One's owned mortgage servicing portfolio during 1997.

Source One closely monitors the rate of delinquencies and foreclosures incidental to its servicing portfolio. The following table summarizes delinquency and foreclosure experience with respect to the residential mortgage loans serviced and subserviced by Source One:

	December 31,				
	1997	1996	1995	1994	1993
Percent of total residential loans serviced and subserviced:					
Past due:					
31-59 days	4.77%	4.74%	3.99%	3.15%	3.41%
60-89 days	.96	.95	.70	.54	.58
90 days or more	.62	.55	.59	.38	.45
Total delinquencies	6.35%	6.24%	5.28%	4.07%	4.44%
Foreclosures	1.18%	.93%	.80%	.77%	.92%

Source One has established an allowance for mortgage loan losses which totalled \$12.8 million and \$15.4 million as of December 31, 1997 and 1996, respectively. In addition, Source One has established an \$8.2 million and \$7.3 million pretax reserve for estimated losses on its principal recourse portfolio as of December 31, 1997 and 1996, respectively. Source One believes that its total allowances are adequate to provide for estimated uninsured losses on the mortgage servicing portfolio.

Interest expense of \$49.7 million in 1997 compares to \$50.0 million for 1996 and \$45.8 million for 1995. The fluctuations in interest expense primarily reflect increases and decreases in average indebtedness outstanding during each year at Source One which is mainly driven by mortgage loan production.

Insurance losses and loss adjustment expenses for the years ended 1997 and 1996 totalled \$97.1 million and \$85.9 million, respectively. Loss and loss adjustment expenses of \$8.2 million for 1995 reflect only one-month of activity due to the timing of White Mountains' acquisition of Valley and Charter. Insurance losses and loss adjustment expenses reported for the years ended December 31, 1996 and 1995, included \$3.5 million and \$3.0 million of reserve strengthening for losses and loss adjustment expenses incurred in prior periods, respectively. During 1997, losses and loss adjustment expenses relating to prior years developed favorably by \$2.5 million.

During 1996 Fund American re-assessed the recoverability of goodwill and certain other intangible assets related to Source One and determined that it should write-off all such assets related to Source One. This resulted in a \$32.6 million pretax write-off of goodwill and other intangible assets. Factors considered in the determination to write-off all Source One's goodwill and other assets were (i) increased competition and industry consolidation during 1996 which had adversely impacted the value of both the mortgage loan production and servicing operations of Source One and (ii) the attainment of a definitive agreement in the fourth quarter of 1996 to sell the majority of Source One's mortgage servicing portfolio at essentially book value.

Fund American's consolidated affiliates are currently expected to be year 2000 compliant by the third quarter of 1998. Fund American has been identifying, modifying and testing its internal systems and controls that will be impacted by the year 2000 issue. Fund American estimates that its total pretax cost of becoming internally year 2000 compliant, excluding its unconsolidated insurance affiliates, is approximately \$2.5 million of which approximately \$1.3 million has been expensed as of December 31, 1997. These figures do not include the cost of normal software replacements and upgrades.

Fund American has also been closely monitoring the year 2000 issues of its third party constituents (e.g. customers, suppliers, reinsurers, creditors, borrowers...) and of its unconsolidated insurance affiliates. Based on preliminary determinations, it is not expected that Fund American will be materially adversely affected by its third party constituents. This determination has been made as a result of an extensive interview process which requests that constituents demonstrate an ability to become year 2000 compliant on a timely basis. For those constituents who are deemed to be unlikely to remedy their own year 2000 issues in a timely manner, Fund American is in the process of either replacing that constituent or establishing similar relationships with new parties. All of Fund American's unconsolidated insurance affiliates are expected to be internally year 2000 compliant by the fourth quarter of 1998 and each affiliate is in the process of determining its third party exposures in a similar manner to that of Fund American. The total cost of the year 2000 issue for Fund American's unconsolidated insurance affiliates has not yet been specifically determined, however, Fund American's portion of such costs are not expected to be material.

Income Taxes

The income tax provision related to pretax earnings for 1997, 1996 and 1995 represents an effective tax rate of 39.4%, 79.3% and 47.3%, respectively. The primary reason for the increase in Fund American's effective tax rate from 1995 to 1996 was the 1996 write-off of goodwill and certain other intangible assets related to Source One. The total pretax write-off of these assets was \$32.6 million and the related tax benefit was \$3.2 million, as no deferred tax liability was established related to Source One's goodwill. This had the effect of increasing Fund American's 1996 effective income tax rate from 45.4% to 79.3%.

Fund American has recorded a net deferred Federal income tax liability of \$27.5 million as of December 31, 1997. The deferred tax liability includes a \$79.3 million liability related to net unrealized gains on investment securities partially offset by \$51.8 million in net assets related to various operating items.

On January 2, 1991, the Company sold Fireman's Fund to Allianz of America, Inc. The \$1.3 billion gain from the sale as reported in 1991 included a \$75.0 million tax benefit related to the Company's estimated tax loss from the sale. Since 1991 the Company has carried an estimated reserve related to tax matters affecting the amount of the deductible tax loss from the sale and other tax matters. The conclusion in 1995 of Internal Revenue Service ("IRS") audits of Fund American's Federal income tax returns for all years through December 31, 1985, resolved certain of the tax matters affecting the amount of the Company's deductible tax loss from the sale of Fireman's Fund and the Company, therefore, re-estimated its tax reserve. As a result of the reserve re-estimation, the Company included in its 1995 income statement an additional \$66.0 million income tax benefit from the sale. The amount of tax benefit from the sale of Fireman's Fund ultimately realized by the Company may be significantly more or less than the Company's current estimate due to possible changes in or new interpretations of tax rules, possible amendments to Fund American's 1991 or prior years' Federal income tax returns, the results of further IRS audits and other matters affecting the amount of the deductible tax loss from the sale.

LIQUIDITY AND CAPITAL RESOURCES

Since the sale of Fireman's Fund, Fund American has been gradually liquidating its portfolio of passive investment securities. Management's primary strategic goal is to either (i) reinvest Fund American's passive investments, together with other resources available to Fund American, into operating businesses in which management has knowledge and experience (if appropriate opportunities can be found) or (ii) return excess capital to shareholders through additional repurchases of Shares. Management believes that this strategy will, over time, further

enhance shareholder value. As is further described below, the formation, capitalization and ongoing development of White Mountains embodies this strategy.

Parent Company

The primary sources of cash inflows for the Company are investment income, sales of investment securities and dividends received from its operating subsidiaries.

In November 1996 the Company entered into a \$35.0 million revolving credit agreement with a syndicate of banks which served to replace an expiring arrangement in the amount of \$75.0 million. Under the agreement, through November 25, 1998, the Company and certain of its subsidiaries may borrow up to \$35.0 million at short-term market interest rates. The credit agreement contains certain customary covenants including a minimum tangible net worth requirement, a minimum financial asset coverage requirement and a maximum leverage ratio requirement. At December 31, 1997 and 1996, the Company was in compliance with all covenants under the facility and had no borrowings outstanding under the agreement.

During 1993 the Company issued \$150.0 million in principal amount of medium-term notes for net cash proceeds of \$148.0 million after related costs. During 1995 and 1994 the Company repurchased \$8.8 million and \$24.9 million, respectively, in principal amount of the notes due in February 2003. At December 31, 1997, the \$116.3 million of remaining outstanding notes had an average maturity of 5.4 years and a yield to maturity of 7.82%.

In July 1995 the Company redeemed the remaining 20,833 shares of the Series D Preferred Stock outstanding for \$75.0 million. The redemption price for the shares of Series D Preferred Stock redeemed was equal to the stock's liquidation preference. The annual dividend rate on the Series D Preferred Stock during 1995 was 8.75%.

During 1997, 1996 and 1995 the Company repurchased 924,739 Shares, 779,077 Shares and 877,868 Shares, respectively, for \$103.5 million, \$66.3 million and \$65.5 million, respectively. All Shares repurchased from 1995 to 1997 have been retired. The repurchases of Shares represent a return of excess capital to the Company's shareholders.

In the fourth quarter of 1995 the Board reinstated and paid a \$.20 regular quarterly dividend per Share. During 1997 and 1996 the Company declared and paid quarterly cash dividends of \$.20 per Share and expects to pay regular quarterly cash dividends of \$.40 per Share during 1998.

In connection with Source One's February 28, 1997 sale of approximately \$17.0 billion of mortgage servicing rights to a third party, the Company has made certain collection, payment and performance guarantees to the buyer for a period of no more than ten years. The aggregate amount of the Company's guaranty is initially limited to \$20.0 million and is expected to amortize down to \$15.0 million.

As approved by shareholders at the 1995 Annual Meeting, the Company entered into a five year employment contract (the "Agreement") with Mr. Jack Byrne. The Agreement provided Mr. Byrne with the right to receive from the Company a guarantee of a loan obtained from a third party, in an amount up to \$15.0 million. In accordance with the Agreement, in October 1995 the Company guaranteed a \$15.0 million loan from a third party to Mr. Byrne. The new loan is recourse to Mr. Byrne's net worth and has a term ending December 31, 1999, a market interest rate and otherwise standard commercial terms. The Company was not required to provide collateral protection for its guarantee of the loan and, accordingly, the loan guarantee is not recorded on the balance sheet.

Pursuant to the terms of a 1993 credit agreement among the Company and White River, the Company provided White River with a \$50.0 million term note (the "Term Note") and a \$40.0 million revolving credit facility (the "Revolver"). The credit agreement granted White River the right to use certain of its investment securities to repay these borrowings.

On June 29, 1995, White River repaid \$35.1 million in principal amount of the Revolver with (i) 930,000 shares of the common stock of Mid Ocean and (ii) options to acquire an additional 388,140 shares of the common stock of Mid Ocean through November 2002. On July 3, 1995, White River repaid the remaining \$4.9 million principal balance of the Revolver and \$5.0 million in principal amount of the Term Note in exchange for certain common equity securities. On

August 31, 1995, White River repaid the remaining \$45.0 million principal balance of the Term Note with 1,525,424 shares of common stock of ZRC.

White Mountains, Valley and Charter

In November 1996 White Mountains and Valley entered into a five year credit facility under which they may borrow up to \$50.0 million and \$15.0 million, respectively, at market interest rates. The \$15.0 million of borrowings under the facility available to Valley are guaranteed by White Mountains. The facility contains certain customary covenants including a minimum tangible net worth requirement, a minimum financial asset coverage requirement, a maximum leverage ratio requirement, a minimum fixed charge coverage ratio requirement and a minimum policyholders' surplus requirement. The facility also limits White Mountains' ability to pay dividends to its shareholders. As of December 31, 1997 and 1996, White Mountains and Valley were in compliance with all covenants under the facility. During 1997 and 1996 Valley had \$15.0 million of borrowings outstanding under the facility with a weighted average interest rate of 6.09% and 5.83%, respectively. White Mountains had no borrowings outstanding at December 31, 1997 and 1996 under the facility.

In November 1995 Charter issued two notes totalling \$20.2 million. Certain of the notes were due in 1996 and other notes could be extended to be payable in three equal installments in 1997, 1998 and 1999. During 1996 Charter elected to extend the maturity of \$3.2 million of notes payable. The notes are collateralized by certain assets of Charter.

During 1997 the Company reorganized its structure in order to strengthen Source One and make it a part of Fund American's permanent operating group under White Mountains. Pursuant to this reorganization plan, White Mountains was merged into FAE and the combined entity was immediately renamed White Mountains. In addition, Source One received \$139 million of capital infusions, consisting primarily of Fund American's investments in FSA, in order to improve Source One's debt ratings and reduce its borrowing costs. As a result of the reorganization plan, the Company currently owns 3% of the outstanding common stock of Source One and White Mountains owns the remaining 97% of the outstanding common stock of Source One.

On November 20, 1997, White Mountains purchased 1,563,907 shares of Folksamerica Common Stock for \$20.8 million and on December 8, 1997 White Mountains purchased 38,651,270 shares of Murray Lawrence Common Stock for \$23.6 million. The purchase prices paid for the Folksamerica Common Stock and the Murray Lawrence Common Stock was paid with proceeds from sales of passive investment securities.

On November 1, 1996, Fund American signed a definitive agreement (the "MSA Agreement") to increase its ownership of MSA from 33% to 50%. MSA currently shares in 40% of NGM's business through a quota share reinsurance agreement which will be increased to 60% pursuant to the MSA Agreement. Also pursuant to the MSA Agreement, NGM will contribute certain of its insurance, reinsurance and financial services subsidiaries to MSA. The aggregate purchase price to be paid by Fund American pursuant to the MSA Agreement is approximately \$70.1 million, subject to certain purchase price adjustments. Fund American expects to assign the additional investment in MSA to White Mountains. White Mountains expects that the purchase price for the additional MSA investment will be paid with proceeds from borrowings under White Mountains' \$50.0 million revolving credit facility, and sales of passive investment securities. The closing is dependent upon the receipt of state regulatory approvals and is expected to occur in the first quarter of 1998.

Under the insurance laws of the various states under which Valley, Charter and WMIC are incorporated or licensed to write business, an insurer is restricted with respect to the amount of dividends it may pay without prior approval by state regulatory authorities. Accordingly, there is no assurance that dividends may be paid by Valley, Charter and WMIC in the future.

Source One

On February 28, 1997, Source One sold the rights to service \$17.0 billion of nonrecourse mortgage loans to a third party for adjusted proceeds of \$266.9 million. Source One will

continue to service these loans pursuant to a subservicing agreement until 1999. The proceeds were used by Source One to reduce and retire debt.

In 1996 Source One sold the rights to service \$3.3 billion of mortgage loans to third parties for net cash proceeds of \$55.9 million. The proceeds were used by Source One for general corporate purposes.

In 1995 Source One sold the rights to service \$11.0 billion of mortgage loans to third parties for net cash proceeds of \$199.1 million. The proceeds were used by Source One to retire debt and to repurchase shares of its common stock.

In July 1997 Source One amended and restated its secured revolving credit agreement to reflect a reduction in its borrowing requirements resulting from the 1997 servicing sale. The provisions of the amended agreement decreased Source One's revolving credit facility from \$750.0 million to \$600.0 million and reduced Source One's borrowing costs by lowering the facility fee. At December 31, 1997, Source One was in compliance with all covenants under the facility. As of December 31, 1997, Source One had \$559.0 million of borrowing outstanding under this facility. As of December 31, 1996, Source One had no outstanding borrowings under the previous facility.

In May 1997 Source One entered into a new unsecured revolving credit agreement under which it can borrow up to \$15.0 million through June 1, 1998. As of December 31, 1997, there was \$10.5 million outstanding under the revolving credit agreement. As of December 31, 1996, Source One had no outstanding borrowings under a previous facility which allowed for borrowings of up to \$10.0 million.

Source One has a \$650.0 million domestic commercial paper program. During 1997 Source One's commercial paper rating was downgraded by Moody's to "Not Prime" and by Standard & Poor's to "A-3". As a result of the 1997 ratings downgrades, Source One has not issued fresh commercial paper and has supplanted its commercial paper borrowings with its \$600.0 million committed facility. As of December 31, 1996, there was \$347.2 million of commercial paper outstanding. The weighted average number of days to maturity of commercial paper outstanding at December 31, 1996 was 23 days.

In 1997 Source One amended a short-term borrowing agreement which it had entered into in 1996. The amended agreement increased Source One's facility from \$25.0 million to \$50.0 million. As a result of the 1997 ratings downgrade, Source One is not able to borrow under this agreement. As of December 31, 1996, there was \$15.0 million outstanding under the original agreement.

In August 1995 Source One entered into a \$60.0 million unsecured revolving credit facility which expired in July 1997. As of December 31, 1996 there was \$45.0 million outstanding under this arrangement.

In 1991 Source One issued \$160.0 million of 8.875% medium-term notes due in 2001 of which \$138.4 million remained outstanding at December 31, 1996. During 1997 Source One repurchased and retired in principal amount \$119.7 million of these notes leaving \$18.7 million outstanding at December 31, 1997.

In 1992 Source One issued \$100.0 million of 9% debentures due in 2012 pursuant to a \$250.0 million shelf registration statement. The debentures may not be redeemed by Source One prior to maturity. The proceeds from issuance were used for general corporate purposes.

In December 1995, Source One exchanged and retired 2,239,061 shares of preferred stock (the "Source One Preferred Stock") for \$56.0 million in principal amount of 9.375% subordinated debentures. The subordinated debentures are due in 2025 but are redeemable at the option of Source One, in whole or part, at any time on or after May 1, 1999. Source One pays quarterly cash dividends on the Source One Preferred Stock at an annual rate of 8.42%. Dividends on the Source One Preferred Stock totalled \$3.7 million, \$3.7 million and \$8.4 million during 1997, 1996 and 1995, respectively.

In 1989 Source One issued \$40.0 million of medium-term notes due in 1996 and having a total weighted average interest rate of 9.65%. During 1996 Source One repurchased and retired the remaining \$29.7 million in principal amount outstanding of these notes.

In 1986 Source One issued \$125.0 million of 8.25% debentures due November 1, 1996. During 1996 Source One repurchased and retired the remaining \$74.6 in principal amount outstanding of these debentures.

Source One is currently considering further steps to restructure its debt including the issuance of approximately \$50.0 million of additional medium-term notes pursuant to an existing shelf registration and entering into interest rate swaps which would enable Source One to achieve a floating rate of interest on certain of its fixed interest obligations.

Source One must comply with certain financial covenants provided in its secured and unsecured revolving credit facilities, including restrictions relating to tangible net worth and leverage. In addition, the secured facility contains certain covenants which limit Source One's ability to pay dividends or make distributions of its capital in excess of preferred stock dividends and subordinated debt interest requirements each year. Source One is currently in compliance with all such covenants.

Source One's investments, mortgage loans held for sale and mortgage loan servicing portfolio provide a liquidity reserve since these assets may be sold to meet cash needs.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. Summary of Significant Accounting Policies

Basis of presentation

The accompanying consolidated financial statements include the accounts of the Company and its subsidiaries and have been prepared in accordance with Generally Accepted Accounting Principles ("GAAP"). All significant intercompany transactions have been eliminated in consolidation. The financial statements include all adjustments considered necessary by management to fairly present the financial position, results of operations and cash flows of Fund American. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Certain amounts in the prior year financial statements have been restated to conform with the current year presentation.

The Company adopted the provisions of SFAS No. 130, "Reporting Comprehensive Income" as of December 31, 1997. SFAS No. 130 establishes standards for the reporting and display of comprehensive income and its components (such as changes in net unrealized investment gains and losses) in a financial statement that is displayed with the same prominence as other financial statements. In accordance with the adoption of SFAS No. 130, the Company now reports comprehensive net income on its income statement. All prior period income statements have been restated to reflect application of this statement. Additionally, the Company has provided supplemental comprehensive earnings per share computations.

Investment securities

Fund American's portfolio of common equity securities, fixed maturity investments and other investments are mainly classified as available for sale and are reported at fair value as of the balance sheet date. Net unrealized investment gains and losses, after tax, associated with such investments are reported as a net amount in a separate component of shareholders' equity. Changes in net unrealized investment gains and losses, after tax, are reported on the income statement as a component of comprehensive net income.

Premiums and discounts on fixed maturity investments are accreted to income over the anticipated life of the investment.

Other investments include: non-redeemable preferred and common equity securities having no established public market value and carried at internally appraised fair value; securities which, due to restrictions regarding resale, are carried at a discount to the quoted market value for similar unrestricted securities; investment partnership interests accounted for using the equity method or otherwise; mortgage loans held for investment; REMICs; interest rate floor contracts; and principal-only swap agreements. Mortgage loans held for investment are stated at the lower of cost or fair value, determined on an individual loan basis. REMICs are classified as held to maturity and are carried at amortized cost using a method which approximates the effective yield method of amortization. Interest rate floor contracts and principal-only swap agreements are classified as trading securities and are carried at fair value with realized and unrealized gains and losses reported in net gain on financial instruments.

Realized gains and losses resulting from sales of investment securities or from other than temporary impairments of value are accounted for using the specific identification method.

Short-term investments consist primarily of money market instruments and mortgage-backed securities with remaining maturities of up to one year. Money market instruments are carried at amortized cost which approximated fair value as of December 31, 1997 and 1996. Short-term mortgage-

backed securities are classified as trading securities and are stated at fair value with unrealized gains and losses, if any, reported in income.

Fund American's consolidated insurance operations are required to maintain deposits with insurance regulators of certain states in order to maintain their insurance licenses. The total fair value of such deposits totalled \$11.3 million and \$10.7 million as of December 31, 1997 and 1996, respectively.

Insurance operations

Premiums are taken into income as earned on a daily pro rata basis over the terms of the policies. Unearned premiums represent the portion of premiums applicable to future insurance coverage provided by policies in force. As of December 31, 1997, White Mountains' insurance subsidiaries insured commercial and personal property and casualty risks in Arizona, California, Idaho, New Hampshire, Massachusetts, Oregon, Texas, Utah, Vermont and Washington.

Policy acquisition costs include commissions, premium taxes and other costs that vary with and are primarily related to the acquisition of new and renewal insurance policies. Policy acquisition costs are deferred and amortized over the terms of the applicable policies. Deferred acquisition costs are reviewed to determine if they are recoverable from future income, and if not, are charged to expense.

Losses and loss adjustment expenses are charged against income as incurred. Unpaid losses and loss adjustment expenses are based on estimates by claims adjusters, legal counsel and actuarial staff of the ultimate costs of settling claims, including the effects of inflation and other societal and economic factors. Unpaid loss and loss adjustment expense reserves represent management's best estimate of ultimate losses and loss adjustment expenses net of estimated salvage and subrogation recoveries. Such estimates are regularly reviewed and updated and any adjustments resulting therefrom are reflected in current operations. The process of estimating loss and loss adjustment expenses involves a considerable degree of judgement by management and the ultimate amount of expense to be incurred could be considerably greater than or less than the amounts currently reflected in the financial statements.

In the normal course of business, White Mountains' insurance subsidiaries seek to limit losses that may arise from catastrophes or other events that may cause unfavorable underwriting results by reinsuring certain levels of risk in various areas of exposure with other insurance enterprises or reinsurers. White Mountains' insurance subsidiaries remain contingently liable for risks reinsured with third parties to the extent that the reinsurer is unable to honor its obligations under reinsurance contracts at the time of loss.

Amounts recoverable from reinsurers are estimated in a manner consistent with the claim liability associated with the reinsured policy. Reinsurance premiums, commissions, expense reimbursements and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums ceded to other companies have been reported as a reduction of premiums written. Amounts applicable to reinsurance ceded for unearned premium reserves, and loss and loss adjustment expense reserves, (e.g., prepaid reinsurance premiums and reinsurance recoverable on unpaid losses, respectively) are not material and have been included as a component of other assets. Expense allowances received in connection with reinsurance ceded have been accounted for as a reduction of the related policy acquisition costs and are deferred and amortized accordingly.

Mortgage origination and servicing

Fund American acquired Source One in 1986. The purchase price paid for Source One in 1986 was in excess of the estimated fair value of the net assets acquired on that date and was

allocated to goodwill. Prior to December 1996 Source One's goodwill was being amortized over 20 years. During 1996 Fund American re-assessed the recoverability of goodwill and certain other intangible assets related to Source One and determined that it should write-off all such assets related to Source One. This resulted in a \$32.6 million pretax write-off of goodwill and other intangible assets. Factors considered in the determination to write-off all Source One's goodwill and other assets were (i) increased competition and industry consolidation during 1996 which had adversely impacted the value of both the mortgage loan production and servicing operations of Source One and (ii) the attainment of a definitive agreement in the fourth quarter of 1996 to sell the majority of Source One's mortgage servicing portfolio at essentially book value.

Mortgage loans held for sale are stated at the lower of aggregate cost or fair value, including the fair value of commitments to originate and sell mortgage loans. Conventional mortgage loans are placed on a non-accrual basis when delinquent 90 days or more as to interest or principal. Interest on delinquent FHA insured loans is accrued at the insured rate beginning on the sixty-first day of delinquency. Interest on delinquent VA guaranteed loans is accrued at the loan rate during the period of delinquency.

Gains and losses from sales of mortgage loans are recognized when the proceeds are received. Loan origination fees, net of certain direct costs, are deferred and recognized as income when the related mortgage loans are sold. Discounts from the origination of mortgage loans held for sale are deferred and recognized as adjustments to gains or losses on sales.

Capitalized mortgage servicing includes certain costs incurred in the origination and acquisition of mortgage servicing rights which are deferred and amortized over the expected life of the loan. The total cost of acquiring mortgage loans, either through origination activities or purchase transactions, is allocated between the mortgage servicing rights and the loans based on their relative fair values. The fair values of mortgage servicing rights are estimated by calculating the present value of the expected future net cash flows associated with such rights, incorporating assumptions that market participants would use in their estimates of future servicing income and expense. A current market rate is used to discount estimated future cash flows. Impairment of capitalized mortgage servicing rights is measured on a disaggregated basis by stratifying the mortgage servicing rights based on one or more predominant risk characteristics of the underlying loans. Impairment is recognized through a valuation allowance for each individual stratum. The valuation allowance for Source One's principal recourse portfolio includes a reserve for estimated losses on the corresponding loans.

Pool loan purchases, which are carried at cost, represent FHA insured, VA guaranteed and conventional loans which were either delinquent or in the process of foreclosure at the time they were purchased from GNMA, FNMA or FHLMC mortgage-backed security pools which Source One services. Interest is accrued on these purchased loans at a rate based on expected recoveries.

Mortgage claims receivable represent claims filed primarily with FHA and VA. These receivables are carried at cost less an estimated allowance for amounts that are not fully recoverable from the claims filed with the underlying mortgage insuring agencies.

Real estate acquired is stated at the lower of fair value less estimated selling costs or the recorded balance satisfied at the date of acquisition, as determined on an individual property basis. Costs related to maintaining the properties are charged to expense as incurred.

Mortgage servicing revenue represents fees earned for servicing real estate mortgage loans owned by investors and late charge income. The servicing fees are calculated based on the outstanding principal balances of the loans serviced and are recognized together with late charge income when received.

Earnings per share

The Company adopted the provisions of SFAS No. 128, "Earnings Per Share" in December 1997. SFAS No. 128 simplified the computation of earnings per share and is intended to make

the U.S. standard more compatible with existing international standards. The adoption of SFAS No. 128 did not materially change the method by which the Company computes its earnings per share but replaces the Company's historic presentation of "primary earnings per share" and "fully diluted earnings per share" with a presentation of "basic earnings per share" and "diluted earnings per share".

Basic earnings per share amounts are based on the weighted average number of Shares outstanding. In the basic earnings per share calculation, net income is reduced by preferred stock dividends to arrive at earnings applicable to common stock.

Diluted earnings per share amounts are based on the weighted average number of Shares and potential dilutive Shares outstanding. Potential dilutive Shares include stock options, warrants and preferred stock redeemable for Shares. In the diluted earnings per share calculation, net income is reduced by preferred stock dividends when the assumed redemption of preferred stock is anti-dilutive.

The following table outlines the Company's computation of earnings per share for the years ended December 31, 1997, 1996 and 1995:

Future application of accounting standards

In December 1996 the Financial Accounting Standards Board (the "FASB") issued SFAS No. 127, "Deferral of the Effective Date of Certain Provisions of SFAS No. 125" which has further deferred the adoption of certain other provisions of SFAS No. 125 to periods beginning

after December 31, 1997. Fund American does not expect that the adoption of SFAS No. 127 will have a material effect on its financial position or results of operations.

In December 1997 the American Institute of Certified Public Accountants (the "AICPA") issued Statement of Position ("SOP") 97-3 "Accounting by Insurance and Other Enterprises for Insurance-Related Assessments", which provides guidance for determining when an insurance or other enterprise should recognize a liability for guaranty-fund and other insurance related assessments and guidance for measuring the liability. The statement becomes effective in 1999 and allows for early application. Fund American does not expect the adoption of this statement to have a material effect on its financial position or results of operation.

In March 1998 the AICPA issued SOP 98-1 "Accounting for Internal Use Software", which provides guidance for determining when internal use software costs (whether acquired or internally developed) are expensed as incurred or capitalized. The statement becomes effective in 1999 and allows for early application. Fund American does not expect the adoption of this statement to have a material effect on its financial position or results of operation.

NOTE 2. Insurance Operations

Consolidated insurance operations recently acquired and formed

On December 1, 1995, White Mountains acquired Valley and Charter for \$41.7 million in cash less \$3.0 million of purchase price adjustments. The purchase price for Valley and Charter was paid with proceeds from sales of short-term investments. Valley's wholly-owned subsidiary, VIC, is a Northwest-based property and casualty company which writes personal and commercial lines through independent agents. In 1997 and 1996, VIC had \$77.7 million and \$75.1 million of net written premiums, respectively, primarily in Oregon, Washington and California. Charter wrote \$62.9 million and \$69.9 million of non-standard automobile insurance premiums in Texas during 1997 and 1996, respectively. The purchase price paid for Valley and Charter was \$.9 million less than the aggregate book value and estimated fair value of the net assets of the companies on the date of acquisition. The resulting negative goodwill is being amortized to income on a straight-line basis over five years.

WMIC is currently licensed to write insurance in Maine, New Hampshire, Vermont, Massachusetts and New York and is expected to expand its operations to other states as additional regulatory approvals are obtained. WMIC had gross written premiums during 1997 and 1996 of \$5.2 million and \$2.4 million (\$4.7 million and \$2.0 million of net written premiums), respectively. At December 31, 1997, WMIC had \$31.4 million of total admitted assets and \$29.1 million of policyholders' surplus. WMIC is a wholly-owned subsidiary of VIC.

On January 19, 1996, VIC purchased Valley National for \$13.2 million, net of cash balances acquired. Valley National is licensed to write property and casualty insurance in 48 states. Assets acquired pursuant to the Valley National acquisition included an investment portfolio, consisting principally of fixed maturity investments, totalling \$6.7 million. Valley National wrote its first policies in December 1996 and had \$2.7 million in gross written premiums (\$.3 million of net written premiums) during 1997. Valley National is expected to further expand its operations to certain other states in which it is currently licensed. The purchase price paid for Valley National exceeded the fair value of the tangible assets received. The excess purchase price of \$6.4 million is being amortized over a five year period. Valley National is a wholly-owned subsidiary of VIC.

On December 5, 1996, Valley's parent company formed Valley P&C to specifically write property and casualty insurance within Oregon. Valley P&C wrote its first policies in February

1997 and had \$5.2 million in net written premiums during 1997. At December 31, 1997, Valley P&C had \$7.7 million of total admitted assets and \$3.7 million of policyholders' surplus.

Loss and loss adjustment expense reserve activity

The following table summarizes Valley, Charter and WMIC's loss and loss adjustment expense reserve activity for the years ended December 31, 1997 and 1996:

Millions	Year Ended December 31,		
	1997	1996	1995

Ending balance	\$ 71.9	\$ 65.4	\$ 44.1

Additional insurance operations information

Total policyholders' surplus of Valley, Charter and WMIC, as reported to various regulatory authorities, as of December 31, 1997 and 1996, was \$93.8 million and \$81.4 million, respectively. Statutory net income for the year ended December 31, 1997 for Valley, Charter and WMIC totalled \$11.0 million. For the year ended December 31, 1996 and the one-month period ended December 31, 1995, Valley, Charter and WMIC had a statutory net loss of \$6.4 million and \$2.3 million, respectively. The principal differences between Valley, Charter and WMIC's statutory amounts and the amounts reported in accordance with GAAP are not material and include deferred taxes, surplus debentures and deferred acquisition costs. Valley, Charter and WMIC's statutory policyholders' surplus at December 31, 1997 and 1996, was in excess of the minimum requirements of relevant state insurance regulations.

Under the insurance laws of the various states under which Valley, Charter and WMIC are incorporated or licensed to write business, an insurer is restricted with respect to the amount of dividends it may pay without prior approval by state regulatory authorities. Accordingly, there is no assurance that dividends may be paid by Valley, Charter and WMIC in the future. At December 31, 1997 and 1996, \$87.9 million and \$75.6 million, respectively, of Valley, Charter and WMIC's statutory surplus was unavailable for the payment of dividends to its shareholders without prior approval of regulatory authorities.

NOTE 3. Tax Benefit From Sale of Subsidiary

On January 2, 1991, the Company sold Fireman's Fund to Allianz of America, Inc. The \$1.3 billion gain from the sale as reported in 1991 included a \$75.0 million tax benefit related to the Company's estimated tax loss from the sale. Since 1991 the Company has carried an estimated reserve related to tax matters affecting the amount of the deductible tax loss from the sale and other tax matters.

The conclusion in 1995 of IRS audits of Fund American's Federal income tax returns for all years through December 31, 1985, resolved certain of the tax matters affecting the amount of

the Company's deductible tax loss from the sale of Fireman's Fund and the Company, therefore, re-estimated its tax reserve. As a result of the reserve re-estimation, the Company included in its 1995 income statement an additional \$66.0 million income tax benefit from the sale.

The amount of tax benefit from the sale of Fireman's Fund ultimately realized by the Company may be significantly more or less than the Company's current estimate due to possible changes in or new interpretations of tax rules, possible amendments to Fund American's 1991 or prior years' Federal income tax returns, the results of further IRS audits and other matters affecting the amount of the deductible tax loss from the sale.

NOTE 4. Investment Securities

Fund American's net investment income is comprised primarily of interest income earned on mortgage loans originated by Source One (gross of related interest expense on short-term borrowings used to finance such loans), interest income associated with the fixed maturity investments of its consolidated insurance operations, dividend income from its equity investments and interest income from short-term investments. Net investment income consisted of the following:

Millions	Year Ended December 31,		
	1997	1996	1995
Investment income:			
Mortgage loans held for sale	\$43.1	\$39.3	\$35.9

Total net investment gains, before tax, associated with Fund American's investment portfolio consisted of the following:

Millions	Year Ended December 31,

NOTE 5. Capitalized Mortgage Servicing

Source One estimates the fair values of its mortgage servicing rights by calculating the present value of the expected future net cash flows associated with such rights. In making those estimates, Source One incorporates assumptions that market participants would use in their estimates of future servicing income and expense.

To measure impairment of capitalized mortgage servicing rights, Source One stratifies its owned mortgage loan servicing portfolio based on the portfolio's predominant risk characteristics which have been determined to be prepayment, default and operational risks. Accordingly, Source One has stratified its owned mortgage loan servicing portfolio by interest rate, loan type (investor), original term to maturity and principal recourse. In estimating the fair value of its owned mortgage loan servicing portfolio, Source One uses market consensus prepayment rates and discounts future net cash flows using representative market interest rates which were 10.5% for conventional loans, 12.0% for insured loans, and for 1997 and 1996, 21.0% for recourse loans. The fair value of each stratum is computed and compared to its recorded book value to determine if an impairment valuation allowance, or recovery of a previously established valuation allowance, is required. In 1996, as a result of the contracted sale of \$17.0 billion of nonrecourse mortgage servicing rights, Source One valued the portfolio to be sold as one stratum using the contract price.

After the 1997 servicing sale, Source One's recourse portfolio became a more significant component of its total remaining owned servicing portfolio. Included in Source One's calculation for measuring impairment of its capitalized servicing asset is an \$8.2 million and \$7.3 million pretax reserve for estimated recourse losses on the corresponding loans in determining the fair value of its principal recourse portfolio as of December 31, 1997 and 1996, respectively.

The discount rate and prepayment assumptions are significant factors used in estimating the fair value of Source One's mortgage servicing rights. Accordingly, the value of mortgage servicing rights can be significantly impacted by changes in interest rates.

Source One adopted certain provisions of SFAS No. 125, "Accounting for Transfers and Servicing of Financial Assets and Extinguishment of Liabilities" in the 1997 first quarter. SFAS

No. 125 served to eliminate the distinction between "normal" servicing rights and excess servicing receivables. Source One estimated the fair value of its portfolio during 1997 in accordance with SFAS No. 125 which did not materially effect Source One's 1997 results.

Prior to the adoption of SFAS No. 125, Source One estimated the fair value of its capitalized excess servicing asset by discounting the anticipated future cash flows over the estimated life of the related loans. Source One uses "interest only strip" interest rates to determine the appropriate discount rates and prepayment speed assumption rates that are based on interest rates, loan types (investor) and original term to maturity. The discount rate used to capitalize excess servicing for the year ended December 31, 1996, ranged from 12.0% to 12.6% and was 12.0% for the year ended December 31, 1995. For the years ended December 31, 1996 and 1995, the weighted average discount rates inherent in the carrying amount of the capitalized excess servicing asset were 10.4% and 10.0%, respectively.

The following table summarizes the fair value of mortgage servicing rights and certain characteristics of Source One's servicing portfolio related to such mortgage servicing rights by loan type as of December 31, 1997:

During 1997 Source One sold the rights to service \$17.0 billion of nonrecourse mortgage loans for adjusted proceeds of \$266.9 million, resulting in a pretax loss of \$4.3 million. As part of the servicing sale, Source One retained the right to subservice these loans until 1998. Source One recorded an additional pretax loss of \$3.7 million during 1997 in connection with the extension of its subservicing responsibilities for these loans for one additional year at less favorable terms than the original agreement provided. The subservicing asset associated with Source One's subservicing responsibilities is being amortized on a straight-line basis over the subservicing period and is tested for impairment. During 1996 Source One sold the rights to service \$3.3 billion of mortgage loans for net proceeds of \$55.9 million, resulting in a pretax gain of \$10.1 million. During 1995 Source One sold the rights to service \$11.0 billion of mortgage loans for net proceeds of \$199.1 million, resulting in a pretax gain of \$40.0 million.

During 1994 Source One sold the rights to service \$3.9 billion of mortgage loans to a third party and retained the rights to subservice those loans pursuant to a subservicing agreement. In connection with the servicing sale, a pretax gain of \$19.9 million was deferred in 1994 and was to be recognized as income over the five-year life of the subservicing agreement. In 1996, the third party sold the rights to service approximately \$1.0 billion of these loans subserviced by Source One which resulted in Source One recognizing \$2.4 million of the deferred gain on an accelerated basis. In 1997, the third party sold the remainder of the loans subserviced by Source One which resulted in Source One recognizing the remaining balance of the deferred gain during 1997.

NOTE 6. Mortgage Servicing

Source One services loans throughout the United States. Source One's portfolio of mortgage loans serviced (including loans subserviced, interim servicing contracts and portfolios under contract to acquire but excluding loans sold but not transferred) totalled \$26.5 billion and \$29.2 billion as of December 31, 1997 and 1996, respectively. The following table summarizes the mortgage loan servicing portfolio as of December 31, 1997:

The weighted average interest rates of short-term debt outstanding during the year ended December 31, 1997 and 1996 were as follows:

	Year Ended December 31,	
	1997	1996

Charter: Notes payable	6.50%	6.50%

In November 1995 Charter issued two notes totalling \$20.2 million. Certain of the notes were due in 1996 and other notes could be extended to be payable in three equal installments in 1997, 1998 and 1999. During 1996 Charter elected to extend the maturity of \$3.2 million of notes payable. The notes are collateralized by certain assets of Charter.

In July 1997 Source One amended and restated its secured revolving credit agreement to reflect a reduction in its borrowing requirements resulting from the 1997 servicing sale. The provisions of the amended agreement decreased Source One's revolving credit facility from \$750.0 million to \$600.0 million and reduced Source One's borrowing costs by lowering the facility fee. At December 31, 1997, Source One was in compliance with all covenants under the facility. As of December 31, 1997, Source One had \$559.0 million of borrowing outstanding under this facility. As of December 31, 1996, Source One had no outstanding borrowings under the previous facility.

In May 1997 Source One entered into a new unsecured revolving credit agreement under which it can borrow up to \$15.0 million through June 1, 1998. As of December 31, 1997, there was \$10.5 million outstanding under the revolving credit agreement. As of December 31, 1996, Source One had no outstanding borrowings under a previous facility which allowed for borrowings of up to \$10.0 million.

In August 1995 Source One entered into a \$60.0 million unsecured revolving credit facility which expired in July 1997. As of December 31, 1996 there was \$45.0 million outstanding under this arrangement.

Source One has a \$650.0 million domestic commercial paper program. In November 1997 Source One's commercial paper rating was downgraded by Moody's to "Not Prime" and by Standard & Poor's to "A-3". As a result of the 1997 ratings downgrades, Source One has not issued fresh commercial paper and has supplanted its commercial paper borrowings with its \$600.0 million credit agreement facility. As of December 31, 1996, there was \$347.2 million of commercial paper outstanding. The weighted average number of days to maturity of commercial paper outstanding at December 31, 1996 was 23 days.

In 1997 Source One amended a short-term borrowing agreement which it had entered into in 1996. The amended agreement increased Source One's facility from \$25.0 million to \$50.0 million. As a result of the 1997 ratings downgrade, Source One is not able to borrow under this agreement. As of December 31, 1996, there was \$15.0 million outstanding under the original agreement.

In 1986 Source One issued \$125.0 million of 8.25% debentures due November 1, 1996. During 1996 Source One repurchased and retired the remaining \$74.6 in principal amount outstanding of these debentures.

In 1989 Source One issued \$40.0 million of medium-term notes due in 1996 and having a total weighted average interest rate of 9.65%. During 1996 Source One repurchased and retired the remaining \$29.7 million in principal amount outstanding of these notes.

Source One must comply with certain financial covenants provided in its secured and unsecured revolving credit facilities, including restrictions relating to tangible net worth and leverage. In addition, the secured facility contains certain covenants which limit Source One's

ability to pay dividends or make distributions of its capital in excess of preferred stock dividends and subordinated debt interest requirements each year. Source One is currently in compliance with all such covenants.

In November 1996 the Company entered into a \$35.0 million revolving credit agreement with a syndicate of banks which served to replace an expiring arrangement in the amount of \$75.0 million. Under the agreement, through November 25, 1998, the Company and certain of its subsidiaries may borrow up to \$35.0 million at short-term market interest rates. The credit agreement contains certain customary covenants including a minimum tangible net worth requirement, a minimum financial asset coverage requirement and a maximum leverage ratio requirement. At December 31, 1997 and 1996, the Company was in compliance with all covenants under the facility and had no borrowings outstanding under the agreement.

In 1993 the Company issued \$150.0 million in principal amount of medium-term notes for net cash proceeds of \$148.0 million after related costs. During 1995 and 1994 the Company repurchased \$8.8 million and \$24.9 million, respectively, in principal amount of the notes due in February 2003. At December 31, 1997, the \$116.3 million of remaining outstanding notes had an average maturity of 5.4 years and a yield to maturity of 7.82%.

In 1991 Source One issued \$160.0 million of 8.875% medium-term notes due in 2001 of which \$138.4 million remained outstanding at December 31, 1996. During 1997 Source One repurchased and retired in principal amount \$119.7 million of these notes which resulted in a \$6.0 million after tax extraordinary loss on early extinguishment of debt.

In 1992 Source One issued \$100.0 million of 9% debentures due in 2012 pursuant to a \$250.0 million shelf registration statement. The debentures may not be redeemed by Source One prior to maturity. The proceeds from issuance were used for general corporate purposes.

In December 1995, Source One exchanged and retired 2,239,061 shares of Source One Preferred Stock for \$56.0 million in principal amount of 9.375% subordinated debentures. The subordinated debentures are due in 2025. The subordinated debentures are redeemable at the option of Source One, in whole or part, at any time on or after May 1, 1999. The non-cash portion of the exchange of subordinated debentures for Source One Preferred Stock is not reflected in the Consolidated Statements of Cash Flows.

In 1989 Source One issued \$40.0 million of medium-term notes due in 1996 and having a total weighted average interest rate of 9.65%. During 1996 Source One repurchased and retired the remaining \$29.7 million in principal amount outstanding of these notes.

Source One is currently considering further steps to restructure its debt including the issuance of approximately \$50.0 million of additional medium-term notes pursuant to an existing shelf registration and entering into interest rate swaps which would enable Source One to achieve a floating rate of interest on certain of its fixed interest obligations.

In connection with Source One's February 28, 1997 sale of approximately \$17.0 billion of mortgage servicing rights to a third party, the Company has made certain collection, payment and performance guarantees to the buyer for a period of no more than ten years. The aggregate amount of the Company's guaranty is initially limited to \$20.0 million and is expected to amortize down to \$15.0 million.

Total interest paid by Fund American for both short-term and long-term debt was \$51.9 million, \$51.5 million and \$47.9 million in 1997, 1996 and 1995, respectively.

NOTE 10. Retirement and Post-Retirement Plans

In 1993 the Company and certain of its subsidiaries established an unfunded, nonqualified defined contribution plans for a select group of management employees for the purpose of providing retirement and postretirement benefits (the "Deferred Benefit Plans"). The amount of annual contributions to the Deferred Benefit Plans are determined using actuarial assumptions; however, participants in the Deferred Benefit Plans may choose between various investment options for their plan balances. At December 31, 1997 and 1996, Fund American's liability to participants pursuant to the Deferred Benefit Plans was \$3.9 million and \$2.9 million, respectively.

In 1993 the Company and certain of its subsidiaries also established an unfunded, nonqualified plans for a select group of management employees for the purpose of deferring current compensation for retirement savings (the "Deferred Compensation Plans"). Pursuant to the Deferred Compensation Plans, participants may voluntarily defer all or a portion of qualifying remuneration payable by Fund American. Participants in the Deferred Compensation Plans may choose between various investment options for their plan balances. At December 31, 1997 and 1996, Fund American's liability to participants pursuant to the Deferred Compensation Plans was \$37.6 million and \$21.8 million, respectively.

Through December 1, 1995, substantially all the employees of Valley and Charter were covered under a defined benefit pension plan sponsored by the former parent of Valley and Charter. Coverage for employees under that plan was terminated as of December 31, 1995. Valley established a new defined contribution plan for the benefit of substantially all Valley and Charter employees as of January 1, 1996. The new plan provides Valley and Charter employees with full credit for prior service. The pension cost and funding status of the new plan are not material to Fund American's financial statements.

Source One established a defined benefit pension plan as of July 1, 1986, for the benefit of its employees. Benefits under the Source One plan are based on years of service and each employee's highest average eligible compensation over five consecutive years in his or her last ten years of employment. Funding of retirement costs complies with the minimum funding requirements specified by the Employee Retirement Income Security Act. Cash contributions made by Source One to the plan for the years ended December 31, 1997, 1996 and 1995, totalled \$1.6 million, \$1.3 million and \$1.7 million, respectively.

Source One also has a supplemental pension plan which is a nonqualified, unfunded benefit plan designed to provide supplementary retirement benefits for employees whose pensionable compensation exceeds statutory limits.

Total accrued postretirement benefit costs included in accounts payable and other liabilities for Source One employees was \$3.7 million and \$3.5 million at December 31, 1997 and 1996, respectively.

NOTE 11. Employee Stock Plans

At the Company's 1995 Annual Meeting shareholders approved certain amendments to the Fund American Long-Term Incentive Plan (the "Incentive Plan"). The Incentive Plan provides for granting to executive officers and other key employees of the Company (and certain of its subsidiaries) various types of stock-based incentive awards including stock options and performance shares. At December 31, 1997, 377,000 Shares remained available for grants under the Incentive Plan.

Performance shares are conditional grants of a specified maximum number of Shares or an equivalent amount of cash. The grants are generally payable, subject to the attainment of a specified return on equity at the end of three to five year periods or as otherwise determined by the Compensation Committee of the Board. The Compensation Committee consists solely of non-management directors.

Pursuant to the Incentive Plan 50,000, 73,000 and 56,429 performance shares were granted in 1997, 1996 and 1995, respectively, of which 400, 3,000 and 1,800 of the performance shares granted, respectively, remain unallocated to participants as of December 31, 1997 and are not deemed to be outstanding. During 1997, 1996 and 1995, 22,944, 0, and 0 performance shares were canceled, respectively, and 86,156, 10,650 and 0 performance shares were paid in cash, respectively. At December 31, 1997, 174,229 performance shares were outstanding. The financial goal for full payment of the performance shares is the achievement of a 13% to 15% annual return on equity as measured over the applicable performance periods.

Stock options are rights to purchase a specified number of Shares at or above the fair market value of Shares at the time an option is granted. Stock options generally vest over a four year period and expire no later than ten years after the date on which they are granted. As of December 31, 1997, 1996 and 1995 there were 2,000, 3,000 and 7,000 stock options outstanding, respectively, which had exercise prices ranging from \$24.82 to \$32.60 per Share. All Fund American stock options outstanding during the three year period ended December 31, 1997, were fully vested and exercisable. No new stock options have been issued to Fund American employees since 1991.

In 1985 the Company's Chairman purchased warrants (the "Warrants") from American Express Company ("American Express") entitling him to buy 1,700,000 Shares for \$25.75 per Share. Warrants to purchase 420,000 Shares, 130,000 Shares and 150,000 Shares were exercised by the Chairman during 1992, 1994 and 1995, respectively, leaving Warrants to purchase 1,000,000 Shares outstanding at December 31, 1995. Pursuant to a proposal approved by shareholders at the Company's 1995 Annual Meeting, the expiration date with respect to the Warrants was extended from January 2, 1996, to January 2, 2002. In accordance with APB No. 25, the extension of the Warrants resulted in a \$46.2 million pretax charge to compensation expense which was recorded in the second quarter of 1995. No Warrants were exercised by the Chairman during 1997 and 1996. Pursuant to certain anti-dilution adjustments related to the distribution of White River Shares to the Company's shareholders, the exercise price for the Warrants to purchase Fund American Shares was reduced to \$21.66 per Share.

All employees (other than employees of Source One and FAE) are eligible to participate in an employee savings plan qualified under Section 401(k) of the IRC (the "Valley 401(k) Plan"). Contributions to the Valley 401(k) Plan can be invested in various investment options including Shares. There is an employer match provision to the Valley 401(k) Plan which is equal to 50% of the first 6% of employee compensation contributed to the plan, subject to IRC limits. Employees of the Company and White Mountains became eligible to participate in the Valley 401(k) Plan beginning January 1, 1997. Fund American added Shares to the investment options offered under the Valley 401(k) Plan as of July 1, 1997. As of December 31, 1997 participants of the Valley 401(k) Plan owned a total of 1,825 Shares.

Source One also has a qualified employee stock plan. Contributions to this plan are determined at the discretion of Source One's Board of Directors. In October 1996 Source One amended this plan to add an employee savings plan feature qualified under Section 401(k) of the IRC (the "Source One 401(k) Plan"). Contributions to the plan can be invested in various investments including Shares. In 1997, Source One added a matching contribution feature to the Source One 401(k) Plan which is equal to a certain percentage of employee contributions, up to a maximum of 5%, dependent upon Source One's return on equity. As of December 31, 1997 participants of the Source One 401(k) Plan owned a total of 44,502 Shares.

Source One has various long-term incentive plans which provide for the granting, to key senior management employees of Source One, stock-based and cash incentive awards. Awards made pursuant to the plans are payable upon the achievement of specified financial goals over multi-year periods.

SFAS No. 123, "Accounting for Stock Based Compensation," was issued in October 1995. That standard requires significantly more disclosure regarding all employee stock options and encourages companies to recognize compensation expense for stock-based awards based on the fair value of such awards on the date of grant. Alternatively, companies may continue following existing accounting standards provided that disclosures are made regarding the net income and earnings per share impact as if the value recognition and measurement criteria of SFAS No. 123 had been adopted. Fund American has not adopted the recognition and measurement criteria of SFAS No. 123 and alternatively has chosen to disclose the pro forma effects of SFAS No. 123 as it relates to outstanding Warrants and performance shares granted in 1997, 1996 and 1995, as follows:

Millions, except per share amounts	Year Ended December 31,		
	1997	1996	1995
Net income:			
As reported	\$ 39.3	\$ 4.9	\$ 84.1
Pro forma	39.4	-	108.6
Basic net income per share:			
As reported	\$ 5.98	\$.66	\$ 10.30
Pro forma	5.99	-	13.44
Diluted net income per share:			
As reported	\$ 5.40	\$.60	\$ 9.36
Pro forma	5.41	-	12.21

SFAS No. 123 provides for the expense of Warrants, stock options and performance shares over the life of the award. In determining the pro forma effects of SFAS No. 123, the Company recognizes the pro forma expense of the Warrants over time and assumes that the \$46.2 million pretax charge associated with the extension of the Warrants recognized in 1995 did not occur. The pro forma net income figures disclosed above may not be representative of the effects on reported net income to be reported in future years.

NOTE 12. Minority Interest - Preferred Stock of Subsidiary

On December 30, 1992, pursuant to a request from the Board, the Company's Chairman agreed to an early exercise of stock options and Warrants to purchase 1,000,000 Shares. The Board's request reflected concerns regarding proposed tax legislation which could have limited or eliminated the Company's tax benefits from certain employee stock options and Warrants exercised in 1993 and thereafter. To encourage exercise of the stock options and Warrants, the Company provided a \$30.0 million 4% secured loan to the Chairman. The loan was fully repaid on its maturity date, October 23, 1995.

Common stock dividends

In the fourth quarter of 1995 the Board of Directors reinstated and paid a \$.20 regular quarterly dividend per Share. During 1996 and 1997 the Company declared and paid regular quarterly cash dividends of \$.20 per Share.

NOTE 16. Financial Instruments With Off-Balance-Sheet Risk

Source One utilizes derivative financial instruments in the management of interest rate risk. Source One's use of derivative financial instruments is primarily limited to (i) commitments to extend credit, (ii) mandatory forward commitments and (iii) interest rate floor contracts and principal-only swap agreements. Although SFAS No. 115 requires that these financial instruments be classified as held for trading purposes, Fund American does not consider these investments to be speculative holdings.

Source One is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers and to reduce its exposure to fluctuations in interest rates. These financial instruments primarily include commitments to extend credit and mandatory forward commitments. Those instruments involve, to varying degrees, elements of credit and market interest rate risk in excess of the amounts recognized in the consolidated balance sheets. The contract or notional amounts of those instruments reflect the extent of risk Source One has related to the instruments.

Source One's exposure to credit loss in the event of nonperformance by the other party for commitments to extend credit is represented by the contractual notional amount of those commitments. Source One's locked mortgage loan commitments expected to close totalled \$284.5 million and \$175.7 million at December 31, 1997 and 1996, respectively. Fixed rate commitments result in Source One having market interest rate risk as well as credit risk. Variable rate commitments result primarily in credit risk. The amount of collateral required upon extension of credit is based on management's credit evaluation of the mortgagor and consists of the mortgagor's residential property.

Source One obtains mandatory forward commitments of up to 120 days to sell mortgage-backed securities to hedge the market interest rate risk associated with a substantial portion of the Pipeline that is expected to close and all mortgage loans receivable. At December 31, 1997 and 1996, Source One had \$776.8 million and \$454.6 million, respectively, of mandatory forward commitments outstanding. If secondary market interest rates decline after Source One commits to an interest rate for a loan, the loan may not close and Source One may incur a loss from the cost of covering its obligations under a related mandatory forward commitment. If secondary market interest rates increase after Source One commits to an interest rate for a loan and Source One has not obtained a forward commitment, Source One may incur a loss when the loan is subsequently sold.

Source One's risk management function closely monitors the Pipeline to determine appropriate forward commitment coverage on a daily basis in order to manage the risk inherent in these off-balance-sheet financial instruments. In addition, the risk management area seeks to reduce counterparty risk by committing to sell mortgage loans only to approved dealers with no dealer having in excess of 20% of current commitments.

Source One sells loans through mortgage-backed securities issued pursuant to programs of GNMA, FNMA or FHLMC, or through institutional investors. Most loans are aggregated in pools of \$1.0 million or more which are purchased by institutional investors after having been guaranteed by GNMA, FNMA or FHLMC. Substantially all GNMA securities are sold by Source One without recourse for loss of principal in the event of a subsequent default by the mortgagor due to the FHA and VA insurance underlying such securities. Prior to December 1992, substantially all conventional securities were sold with recourse to Source One, to the extent of insufficient proceeds from private mortgage insurance, foreclosure and other recoveries. Since December 1992 all conventional loans have been sold without recourse to Source One.

Servicing agreements relating to mortgage-backed securities issued pursuant to programs of GNMA, FNMA or FHLMC require Source One to advance funds to make the required payments to investors in the event of a delinquency by the borrower. Source One expects that it would recover most funds advanced upon cure of default by the borrower or foreclosure. However, funds advanced in connection with VA partially guaranteed loans and certain conventional loans (which are at most partially insured by private mortgage insurers) may not be fully recovered due to potential declines in collateral value. Source One is subject to limited amounts of risk with respect to these loans since the insurer has the option to reimburse the servicer for the lower of fair value of the property or the mortgage loan outstanding, in addition to the VA guarantee on the loan. In addition, most of Source One's servicing agreements for mortgage-backed securities typically require the payment to investors of a full month's interest

on each loan although the loan may be paid off (by optional prepayment or foreclosure) other than on a month-end basis. In this instance, Source One is obligated to pay the investor interest at the pass-thru rate from the date of loan payoff through the end of the calendar month without reimbursement.

At December 31, 1997 and 1996, Source One serviced approximately \$5.4 billion and \$13.5 billion of GNMA loans (without substantial recourse), respectively, and \$2.5 billion and \$2.9 billion of conventional loans (with recourse), respectively.

To cover loan losses that may result from these servicing arrangements and other losses, Source One has provided an allowance for loan losses of \$12.8 million and \$15.4 million at December 31, 1997 and 1996, respectively. In addition, the valuation allowance for Source One's capitalized servicing asset related to its principal recourse portfolio includes an \$8.2 million and \$7.3 million reserve for estimated losses at December 31, 1997 and 1996, respectively. Source One's management believes the allowance for loan losses is adequate to cover unreimbursed foreclosure advances and principal losses, including losses on loans with recourse.

In order to offset changes in the value of Source One's capitalized servicing asset and to mitigate the effect on earnings of higher amortization and impairment of such rights which results from increased prepayment activity, Source One invests in various financial instruments. As interest rates decline, prepayment activity increases, thereby reducing the value of the capitalized servicing asset, while the value of the financial instrument increases. Conversely, as interest rates increase, the value of the capitalized servicing asset increases while the value of the financial instrument decreases. The financial instruments utilized by Source One include interest rate floor contracts and principal-only swap transactions.

The interest rate floor contracts derive their value from differences between the floor rate specified in the contract and market interest rates. The floor strike rates range from 4.00% to 6.14%. To the extent that market interest rates increase, the value of the floors declines. However, Source One is not exposed to losses in excess of its initial investment in the floors. The interest rate floor contracts are carried at fair value with unrealized gains and losses recorded in net gain on financial instruments on the consolidated income statements. As of December 31, 1997 and 1996, the carrying value of Source One's open interest rate floor contracts totalled \$8.2 million and \$4.8 million, respectively, with a total notional principal amount of \$7 billion and \$1.0 billion, respectively. The floors have terms ranging from 3 to 5 years.

The value of the principal-only swaps is determined by changes in the value of referenced principal-only strips. As of December 31, 1997 and 1996, the carrying value of Source One's principal-only swap transactions totalled \$12.5 million and \$3.2 million, respectively, with an original notional principal amount of \$98.1 million and \$50.0 million, respectively. The principal-only swaps have remaining terms of 3 to 4 years.

White Mountains' insurance subsidiaries extend credit to their policyholders in the normal course of business, perform credit evaluations and maintain allowances for potential credit losses. Concentration of credit risk with respect to receivables is limited due to the large number of policyholders and their dispersion across a multi-state area.

NOTE 17. Fair Value of Financial Instruments

The estimated fair values of Fund American's financial instruments have been determined by using appropriate market information and valuation methodologies. Considerable judgement is required to develop the estimates of fair value. Therefore, the estimates provided herein are not necessarily indicative of the amounts that could be realized in a current market exchange.

Carrying value equals or approximates fair value for common equity securities, fixed maturity investments, derivative instruments, short-term investments, cash, other financial assets and other financial liabilities. For each other class of financial instrument for which it is practicable to estimate fair value, the following methods and assumptions were used to estimate such value:

Other Investments. For 1997, mortgage loans held for investment were carried at fair value. For 1996, the fair value of mortgage loans held for investment were estimated using quoted market prices for securities backed by similar loans. Fair values of REMICs are estimated using discounted cash flow analyses reflecting interest only strip and LIBOR interest rates, and "Prepayment Speed Assumption" rates, taking into consideration the characteristics of the related collateral. For interest rate floor contracts and principal-only swap transactions, fair value is estimated based on quoted market prices for those or similar investments and equals carrying value. For all other securities classified as other investments, fair values have been determined using quoted market values or internal appraisal techniques.

Capitalized Excess Mortgage Servicing. Prior to 1997, the fair value of Source One's excess mortgage servicing asset was estimated by computing the anticipated revenue to be received over the life of the related loans based on market consensus prepayment rates, discounted using quoted interest only strip interest rates.

Mortgage Loans Held for Sale. Fair values are estimated using quoted market prices for securities backed by similar loans.

Pool Loan Purchases. Fair values are estimated based on discounted cash flow analyses using Source One's short-term incremental borrowing rate, quoted market prices for securities backed by similar loans or actual prices at which the loans were subsequently sold..

Mortgage Claims Receivable. Fair values are estimated by discounting anticipated future cash flows using Source One's short-term incremental borrowing rate.

Debt. Fair value is estimated by discounting future cash flows using incremental borrowing rates for similar types of borrowing arrangements or quoted market prices.

Off-Balance-Sheet Financial Instruments. Fair value for commitments to sell mortgage loans is based on current settlement values for those commitments, net of the face amounts of the commitments. Fair value for commitments to extend credit is based on current quoted market prices for securities backed by similar loans, net of the principal amounts of the commitments.

The carrying amounts and estimated fair values of Fund American's financial instruments were as follows:

NOTE 18. Related Party Transactions

For corporate travel purposes Fund American jointly owns two short-range aircraft with Haverford Utah, LLC ("Haverford"). Messrs. Jack Byrne, Patrick M. Byrne, a director of the Company and White Mountains, and Kemp are principals of Haverford. Both aircraft were acquired from unaffiliated third parties during 1996. In exchange for Haverford's 20% ownership interest in the aircraft, Haverford contributed capital equal to 20% of the total initial cost of the aircraft and Haverford bears the full costs of its usage and maintenance of the aircraft pursuant to a Joint Ownership Agreement dated September 16, 1996.

Prior to the Joint Ownership Agreement, Fund American was a party to a "dry lease" agreement dated January 2, 1995, for the use of aircraft owned by Haverford Transportation Inc. ("HTI") for corporate travel purposes. Messrs. Jack Byrne and Kemp are the sole shareholders of HTI. During 1996 and 1995 Fund American paid HTI a total of \$279,739 and \$183,563, respectively, pursuant to the dry lease arrangement. The terms of the agreement provided for the use of HTI's aircraft (excluding pilot and fuel) for a fixed hourly charge of \$200 for a single engine piston aircraft and \$800 to \$1,000 for a twin engine turbine aircraft. Based on the Company's experience in operating comparable aircraft, the hourly operating charges incurred pursuant to the HTI dry lease are considered to be representative of the actual hourly costs of operating HTI's aircraft.

Through December 22, 1993, White River was a wholly-owned subsidiary of the Company. The Company currently owns 1,014,750 White River Shares, or approximately 20.8% of the outstanding White River Shares of which 295,932 shares, or 6.0% of the outstanding White River Shares, have been reserved by Fund American for delivery upon exercise of existing employee stock options. White River had outstanding the \$50.0 million Term Note and the \$40.0 million Revolver payable to the Company which were repaid on various dates during 1995. Mr. Gordon S. Macklin, a director of the Company, is Chairman, President and Chief

Executive Officer of White River. Mr. Patrick M. Byrne is also a director of White River.

Mr. Howard Clark, Jr., a director of the Company, is Vice Chairman of Lehman Brothers Inc. Lehman Brothers Inc. has, from time to time, provided various services to Fund American including investment banking services, brokerage services, underwriting of debt and equity securities and financial consulting services.

Mr. Robert P. Cochran, a director of the Company, is Chairman and Chief Executive Officer of FSA. FSA has been retained by Fund American to manage portions of its fixed maturity portfolio.

Mr. George J. Gillespie, III, a director of the Company, is a Partner in the firm Cravath, Swaine & Moore, which has been retained by Fund American from time to time to perform legal services.

Mr. Arthur Zankel, a director of the Company, is Co-Managing Partner of First Manhattan Co. First Manhattan Co. has provided brokerage, discretionary investment management and non-discretionary investment advisory services to Fund American from time to time.

Fund American believes that all the above transactions were on terms that were reasonable and competitive. Additional transactions of this nature may be expected to take place in the ordinary course of business in the future.

In connection with their audits, the independent auditors provide an objective, independent review and evaluation of the structure of internal controls to the extent they consider necessary. Management reviews all recommendations of the independent auditors concerning the structure of internal controls and responds to such recommendations with corrective actions, as appropriate.

The Audit Committee of the Board, which is comprised solely of non-management directors, has general responsibility for the oversight and surveillance of the accounting, reporting and financial control practices of Fund American. The Audit Committee, which reports to the full Board, annually reviews the effectiveness of the independent auditors, Fund American's internal auditors and management with respect to the financial reporting process and the adequacy of internal controls. Both the internal auditors and the independent auditors have, at all times, free access to the Audit Committee, without members of management present, to discuss the results of their audits, the adequacy of internal controls and any other matter that they believe should be brought to the attention of the Audit Committee.

Fund American Enterprises Holdings, Inc.

We have audited the accompanying consolidated balance sheet of Fund American Enterprises Holdings, Inc. and Subsidiaries (the "Company") as of December 31, 1997 and the related consolidated income statement, and consolidated statements of shareholders' equity and cash flows for the year then ended (collectively the "consolidated financial statements"). In connection with our audit of the consolidated financial statements, we also have audited the 1997 financial information in Schedule I Condensed Financial Information of the Registrant (the "financial statement schedule"). These consolidated financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements and financial statement schedule based on our audit. We did not audit the consolidated financial statements of Financial Security Assurance Holdings Ltd. ("FSA") (a 12.1 percent owned equity investee company). The Company's equity investment in FSA at December 31, 1997 was \$104.3 million and its equity in earnings of FSA was \$11.4 million for the year ended 1997. The consolidated financial statements of FSA were audited by other auditors, Coopers and Lybrand L.L.P., whose report has been furnished to us, and, our opinion, insofar as it relates to the amounts included for FSA is based solely on the report of the other auditors.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Fund American Enterprises Holdings, Inc. and Subsidiaries as of December 31, 1997, and the results of their operations and their cash flows for the year then ended in conformity with generally accepted accounting principles. Also in our opinion, the 1997 information in the related financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

INDEPENDENT AUDITORS' REPORT

Board of Directors and Shareholders
Fund American Enterprises Holdings, Inc.

We have audited the accompanying consolidated balance sheets of Fund American Enterprises Holdings, Inc., as of December 31, 1996, and the related consolidated income statements and statements of shareholders' equity and cash flows for each of the two years in the period ended December 31, 1996. These financial statements are the responsibility of the Company's management. Our audits also included the financial statement schedule listed at Item 14(d). Our responsibility is to express an opinion on these financial statements and schedule based on our audits. We did not audit the consolidated financial statements of Valley Group, Inc., a wholly-owned subsidiary, representing substantially all of the Company's consolidated insurance operations, which statements reflect total assets of \$288.0 million as of December 31, 1996 and total revenues of \$126.9 million for the year then ended, and the consolidated financial statements of Financial Security Assurance Holdings Ltd. ("FSA"), an equity method investee. The Company's equity method investment in FSA represents \$92.3 million of assets at December 31, 1996 and its equity in FSA's earnings represents \$7.8 million of total revenues for the year then ended. Those statements were audited by other auditors, Coopers and Lybrand L.L.P., whose reports have been furnished to us, and our opinion, insofar as it relates to data included for Valley Group, Inc. and FSA, with respect to the amounts in the preceding sentence, is based solely on the reports of the other auditors.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, based on our audits and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Fund American Enterprises Holdings, Inc. at December 31, 1996, and the consolidated results of its operations and its cash flows for each of the two years in the period ended December 31, 1996, in conformity with generally accepted accounting principles. Also, in our opinion, the related financial statements schedule when considered in relation to the basic financial statements taken as a whole present fairly in all material respects the information set forth therein.

As discussed in the Notes to Consolidated Financial Statements, in 1995 the Company changed its method of accounting for originated mortgage servicing rights.

ARTICLE II

THE CREDITS

2.1. Advances. (a) From and including the date hereof to but excluding the Revolver Termination Date, each Lender severally (and not jointly) agrees, on the terms and conditions set forth in this Agreement, to make Advances to the Borrowers from time to time in amounts not to exceed in the aggregate at any one time outstanding the amount of its pro-rata share of the Aggregate Commitment existing at such time. Subject to the terms of this Agreement, the Borrowers may borrow, repay and reborrow Advances at any time prior to the Revolver Termination Date. The Commitments to lend hereunder shall expire on the Revolver Termination Date. Principal payments made after the Revolver Termination Date may not be reborrowed.

(b) The Borrowers hereby agree that if at any time, prior to the Revolver Termination Date, as a result of reductions in the Aggregate Commitment pursuant to Section 2.4 or otherwise, the aggregate balance of the Loans exceeds the Aggregate Commitment, they shall repay, or cause to be repaid, immediately outstanding Loans in such amount as may be necessary to eliminate such excess.

(c) The Borrowers' obligation to pay the principal of, and interest on, the Loans shall be evidenced by the Notes. Although the Notes shall be dated the date of this Agreement, interest in respect thereof shall be payable only for the periods during which the Loans evidenced thereby are outstanding and, although the stated amount of each Note shall be equal to the applicable Lender's Commitment, each Note shall be enforceable, with respect to the Relevant Borrower's obligation to pay the principal amount thereof, only to the extent of the unpaid principal amount of the Loans at the time evidenced thereby.

(d) All Advances and all Loans shall mature, and the principal amount thereof and the unpaid accrued interest thereon shall be due and payable in full, on the Maturity Date.

2.2. Ratable Loans. Each Advance hereunder shall consist of Loans made from the several Lenders ratably in proportion to the ratio that their respective Commitments bear to the Aggregate Commitment.

2.3. Types of Advances. The Advances may be ABR Advances or Eurodollar Advances, or a combination thereof, selected by the Borrower in accordance with Sections 2.7 and 2.8.

2.4. Facility Fee; Reductions in Aggregate Commitment. (a) The Borrower agrees to pay to the Agent for the account of each Lender a facility fee ("Facility Fee") in an amount equal to the Applicable Facility Fee Margin per annum times the daily average Commitment (or, on and after

the Revolver Termination Date, times the aggregate outstanding principal amount of the Loans) of such Lender from the date hereof to and including the Maturity Date, payable on each Payment Date hereafter and on the Maturity Date. All accrued Facility Fees shall be payable on the effective date of any termination of the obligations of the Lenders to make Loans hereunder.

(b) The Borrower may permanently reduce the Aggregate Commitment in whole, or in part ratably among the Lenders in a minimum aggregate amount of \$2,000,000, upon at least three (3) Business Days' written notice to the Agent, which notice shall specify the amount of any such reduction; provided, however, that the amount of the Aggregate Commitment may not be reduced below the aggregate principal amount of the outstanding Advances.

2.5. Minimum Amount of Each Advance. Each Advance shall be in the minimum amount of \$2,000,000 (and in integral multiples of \$500,000 if in excess thereof), provided, however, that (a) any ABR Advance may be in the amount of the unused Aggregate Commitment and (b) in no event shall more than six (6) Eurodollar Advances be permitted to be outstanding at any time.

2.6. Optional Principal Payments. The Borrowers may from time to time pay, without penalty or premium, all outstanding ABR Advances, or, in a minimum aggregate amount of \$2,000,000, any portion of the outstanding ABR Advances, upon two Business Days' prior notice to the Agent. Subject to Section 3.4 and upon like notice, a Eurodollar Advance may be paid prior to the last day of the applicable Interest Period in a minimum amount of \$2,000,000 or an integral multiple of \$500,000 in excess thereof.

2.7. Method of Selecting Types and Interest Periods for New Advances. The Borrower shall select the Type of Advance and, in the case of each Eurodollar Advance, the Interest Period applicable to each Advance from time to time; provided, however, that in the event Loans are incurred on the date of this Agreement, all Loans incurred on such date shall be ABR Advances. The Borrower shall give the Agent irrevocable notice (a "Borrowing Notice") not later than 10:00 a.m. (Chicago time) on the Borrowing Date of each ABR Advance and at least three (3) Business Days before the Borrowing Date for each Eurodollar Advance, specifying:

- (a) the Borrowing Date of such Advance, which shall be a Business Day;
- (b) the Relevant Borrower which is to receive such Advance;
- (c) the aggregate amount of such Advance;
- (d) the Type of Advance selected;
- (e) in the case of each Eurodollar Advance, the Interest Period applicable thereto,

which shall end on or prior to the Maturity Date; and

- (f) any changes to money transfer instructions previously delivered to the Agent.

Not later than noon (Chicago time) on each Borrowing Date, each Lender shall make available its Loan or Loans, in funds immediately available in Chicago, to the Agent at its address specified pursuant to Article XIII. The Agent will make the funds so received from the Lenders available to the Borrower at the Agent's aforesaid address or at such account at such other institution in the United States of America as the Borrower may indicate in the Borrowing Notice.

2.8. Conversion and Continuation of Outstanding Advances. ABR Advances shall continue as ABR Advances unless and until such ABR Advances are converted into Eurodollar Advances. Each Eurodollar Advance shall continue as a Eurodollar Advance until the end of the then applicable Interest Period therefor, at which time such Eurodollar Advance shall be automatically converted into an ABR Advance unless the Borrower shall have given the Agent a Conversion/Continuation Notice requesting that, at the end of such Interest Period, such Eurodollar Advance continue as a Eurodollar Advance for the same or another Interest Period. Subject to the terms of Section 2.5, the Borrower may elect from time to time to convert all or any part of an Advance of any Type into any other Type or Types of Advances; provided, however, that any conversion of any Eurodollar Advance shall be made on, and only on, the last day of the Interest Period applicable thereto. The Borrower shall give the Agent irrevocable notice (a "Conversion/Continuation Notice") of each conversion of an ABR Advance or continuation of a Eurodollar Advance not later than 10:00 a.m. (Chicago time) on the conversion date, in the case of a conversion into an ABR Advance, or at least three (3) Business Days, in the case of a conversion into or continuation of a Eurodollar Advance, prior to the date of the requested conversion or continuation, specifying:

- (a) the requested date of such conversion or continuation, which shall be a Business Day;
- (b) the Relevant Borrower with respect to such Advance;
- (c) the aggregate amount and Type of the Advance which is to be converted or continued; and
- (d) the amount and Type(s) of Advance(s) into which such Advance is to be converted or continued and, in the case of a conversion into or continuation of a Eurodollar Advance, the duration of the Interest Period applicable thereto, which shall end on or prior to the Maturity Date.

2.9. Changes in Interest Rate, etc. Each ABR Advance shall bear interest at the

Alternate Base Rate from and including the date of such Advance or the date on which such Advance was converted into an ABR Advance to (but not including) the date on which such ABR Advance is paid or converted to a Eurodollar Advance. Changes in the rate of interest on that portion of any Advance maintained as an ABR Advance will take effect simultaneously with each change in the Alternate Base Rate. Each Eurodollar Advance shall bear interest from and including the first day of the Interest Period applicable thereto to, but not including, the last day of such Interest Period at the Eurodollar Rate determined as applicable to such Eurodollar Advance plus the Applicable Eurodollar Margin. Changes in the Applicable Eurodollar Margin will take effect simultaneously with each change in a Level. No Interest Period may end after the Revolver Termination Date.

2.10. Rates Applicable After Default. Notwithstanding anything to the contrary contained in Section 2.7 or 2.8, no Advance may be made as, converted into or continued as a Eurodollar Advance (except with the consent of the Agent and the Required Lenders) when any Default or Unmatured Default has occurred and is continuing. During the continuance of a Default the Required Lenders may, at their option, by notice to the Borrower (which notice may be revoked at the option of the Required Lenders notwithstanding any provision of Section 8.2 requiring unanimous consent of the Lenders to changes in interest rates), declare that each Eurodollar Advance and ABR Advance shall bear interest (for the remainder of the applicable Interest Period in the case of Eurodollar Advances) at a rate per annum equal to the rate otherwise applicable plus two percent (2%) per annum; provided, however, that such increased rate shall automatically and without action of any kind by the Lenders become and remain applicable until revoked by the Required Lenders in the event of a Default described in Section 7.6 or 7.7.

2.11. Method of Payment. All payments of the Obligations hereunder shall be made, without setoff, deduction or counterclaim, in immediately available funds to the Agent at the Agent's address specified pursuant to Article XIII, or at any other Lending Installation of the Agent specified in writing by the Agent to the Borrower (at least two Business Days in advance), by noon (Chicago time) on the date when due and shall be applied ratably by the Agent among the Lenders. Each payment delivered to the Agent for the account of any Lender shall be delivered promptly by the Agent to such Lender in the same type of funds that the Agent received at its address specified pursuant to Article XIII or at any Lending Installation specified in a notice received by the Agent from such Lender. The Agent is hereby authorized to charge the account of the Borrower maintained with the Agent for each payment of principal, interest and fees as it becomes due hereunder.

2.12. Notes. Each Lender is hereby authorized to record the principal amount of each of its Loans and each repayment on the schedule attached to its Note; provided, however, that neither the failure to so record nor any error in such recordation shall affect the Relevant Borrower's obligations under such Note.

2.13. Interest Payment Dates; Interest and Fee Basis. Interest accrued on each ABR Advance shall be payable on each Payment Date, commencing with the first such date to occur after the date hereof, on any date on which an ABR Advance is prepaid, whether due to acceleration or

otherwise, and at maturity. Interest accrued on that portion of the outstanding principal amount of any ABR Advance converted into a Eurodollar Advance on a day other than a Payment Date shall be payable on the date of conversion. Interest accrued on each Eurodollar Advance shall be payable on the last day of its applicable Interest Period, on any date on which the Eurodollar Advance is prepaid, whether by acceleration or otherwise, and at maturity. Interest accrued on each Eurodollar Advance having an Interest Period longer than three months shall also be payable on the last day of each three-month interval during such Interest Period. Interest and commitment fees shall be calculated for actual days elapsed on the basis of a 360-day year. Interest shall be payable for the day an Advance is made but not for the day of any payment on the amount paid if payment is received prior to noon (Chicago time) at the place of payment. If any payment of principal of or interest on an Advance shall become due on a day which is not a Business Day, such payment shall be made on the next succeeding Business Day and, in the case of a principal payment, such extension of time shall be included in computing interest in connection with such payment.

2.14. Notification of Advances, Interest Rates, Prepayments and Commitment Reductions. Promptly after receipt thereof, the Agent will notify each Lender of the contents of each Aggregate Commitment reduction notice, Borrowing Notice, Conversion/Continuation Notice, and repayment notice received by it hereunder. The Agent will notify each Lender of the interest rate applicable to each Eurodollar Advance promptly upon determination of such interest rate and will give each Lender prompt notice of each change in the Alternate Base Rate.

2.15. Lending Installations. Each Lender may book its Loans at any Lending Installation selected by such Lender and may change its Lending Installation from time to time. All terms of this Agreement shall apply to any such Lending Installation and the Notes shall be deemed held by each Lender for the benefit of such Lending Installation. Each Lender may, by written or telex notice to the Agent and the Borrower, designate a Lending Installation through which Loans will be made by it and for whose account Loan payments are to be made.

2.16. Non-Receipt of Funds by the Agent. Unless the Borrowers or a Lender, as the case may be, notifies the Agent prior to the date on which it is scheduled to make payment to the Agent of (a) in the case of a Lender, the proceeds of a Loan, or (b) in the case of the Borrowers, a payment of principal, interest or fees to the Agent for the account of the Lenders, that it does not intend to make such payment, the Agent may assume that such payment has been made. The Agent may, but shall not be obligated to, make the amount of such payment available to the intended recipient in reliance upon such assumption. If the Borrowers have not in fact made such payment to the Agent, the Lenders shall, on demand by the Agent, repay to the Agent the amount so made available together with interest thereon in respect of each day during the period commencing on the date such amount was so made available by the Agent until the date the Agent recovers such amount at a rate per annum equal to the Federal Funds Effective Rate for such day. If any Lender has not in fact made such payment to the Agent, such Lender or the Borrowers shall, on demand by the Agent, repay to the Agent the amount so made available together with interest thereon in respect of each day

during the period commencing on the date such amount was so made available by the Agent until the date the Agent recovers such amount at a rate per annum equal to (a) in the case of payment by a Lender, the Federal Funds Effective Rate for such day, or (b) in the case of payment by the Borrowers, the interest rate applicable to the relevant Loan.

2.17. Taxes. (a) Any payments made by the Borrowers under this Agreement shall be made free and clear of, and without deduction or withholding for or on account of, any present or future income, stamp or other taxes, levies, imposts, duties, charges, fees, deductions or withholdings, now or hereafter imposed, levied, collected, withheld or assessed by any Governmental Authority, excluding net income taxes and franchise taxes or any other tax based upon any income imposed on the Agent or any Lender by the jurisdiction in which the Agent or such Lender is incorporated or has its principal place of business or maintains its Lending Installation. If any such non-excluded taxes, levies, imposts, duties, charges, fees, deductions or withholdings ("Non-Excluded Taxes") are required to be withheld from any amounts payable to the Agent or any Lender hereunder, the amounts so payable to the Agent or such Lender shall be increased to the extent necessary to yield to the Agent or such Lender (after payment of all Non-Excluded Taxes) interest or any such other amounts payable hereunder at the rates or in the amounts specified in or pursuant to this Agreement; provided, however, that the Borrowers shall not be required to increase any such amounts payable to any Lender that is not organized under the laws of the U.S. or a state thereof if such Lender fails to comply with the requirements of paragraph (b) of this Section 2.17. Whenever any Non-Excluded Taxes are payable by the Borrowers, as promptly as practicable thereafter the Borrowers shall send to the Agent for its own account or for the account of such Lender, as the case may be, a certified copy of an original official receipt received by the Borrower showing payment thereof. If the Borrowers fails to pay any Non-Excluded Taxes when due to the appropriate taxing authority or fails to remit to the Agent the required receipts or other required documentary evidence, the Borrowers shall indemnify the Agent and the Lenders for any incremental taxes, interest or penalties that may become payable by any Agent or any Lender as a result of any such failure. The agreements in this Section 2.17 shall survive the termination of this Agreement and the payment of all other amounts payable hereunder.

(b) At least five Business Days prior to the first date on which interest or fees are payable hereunder for the account of any Lender, each Lender that is not incorporated under the laws of the United States of America, or a state thereof, agrees that it will deliver to each of the Borrowers and the Agent two duly completed and properly executed copies of United States Internal Revenue Service Form 1001 or 4224 (or a successor form), certifying in either case that such Lender is entitled to receive payments under this Agreement and the Notes without deduction or withholding of any United States federal income taxes. Each Lender which so delivers a Form 1001 or 4224 (or a successor form) further undertakes to deliver to each of the Borrower and the Agent two additional duly completed and properly executed copies of such form (or a successor form) on or before the date that such form expires (currently, three successive calendar years for Form 1001 and each tax year for Form 4224) or becomes obsolete or after the occurrence of any event requiring a change in

the most recent forms so delivered by it, and such amendments thereto or extensions or renewals thereof as may be reasonably requested by the Borrowers or the Agent, in each case certifying that such Lender is entitled to receive payments under this Agreement and the Notes without deduction or withholding of any United States federal income taxes, unless an event (including, without limitation, any change in treaty, law or regulation) has occurred prior to the date on which any such delivery would otherwise be required which renders all such forms inapplicable or which would prevent such Lender from duly completing and delivering any such form with respect to it and such Lender advises the Borrowers and the Agent that it is not capable of receiving payments without any deduction or withholding of United States federal income tax.

2.18. Agent's Fees. The Borrowers shall pay to the Agent those fees, in addition to the Facility Fees referenced in Section 2.4(a), in the amounts and at the times separately agreed to between the Agent and the Borrowers.

ARTICLE III

CHANGE IN CIRCUMSTANCES

3.1. Yield Protection. If, after the date hereof, the adoption of or any change in any law or any governmental or quasi-governmental rule, regulation, policy, guideline or directive (whether or not having the force of law), or any new interpretation thereof, or the compliance of any Lender with such adoption, change or interpretation.

(a) subjects any Lender or any applicable Lending Installation to any tax, duty, charge or withholding on or from payments due from either of the Borrowers (excluding taxation of the overall net income of any Lender or applicable Lending Installation imposed by the jurisdiction in which such Lender or Lending Installation is incorporated or has its principal place of business), or changes the basis of taxation of principal, interest or any other payments to any Lender or Lending Installation in respect of its Loans or other amounts due it hereunder, or

(b) imposes or increases or deems applicable any reserve, assessment, insurance charge, special deposit or similar requirement against assets of, deposits with or for the account of, or credit extended by, any Lender or any applicable Lending Installation (other than reserves and assessments taken into account in determining the interest rate applicable to Eurodollar Advances), or

(c) imposes any other condition the result of which is to increase the cost to any Lender or any applicable Lending Installation of making, funding or maintaining Loans or reduces any amount receivable by any Lender or any applicable Lending Installation in connection with any Loans, or requires any Lender or any applicable Lending Installation to make any payment calculated by reference to the amount of Loans held, or interest received by it, by an amount deemed material by such Lender,

then, within 15 days of demand by such Lender, the Borrower shall pay such Lender that portion of such increased expense incurred or resulting in an amount received which such Lender determines is attributable to making, funding and maintaining its Loans and its Commitment.

3.2. Changes in Capital Adequacy Regulations. If a Lender determines the amount of capital required or expected to be maintained by such Lender, any Lending Installation of such Lender or any corporation controlling such Lender is increased as a result of a Change, then, within 15 days of demand by such Lender, the Borrower shall pay such Lender the amount necessary to compensate for any shortfall in the rate of return on the portion of such increased capital which such

Lender determines is attributable to this Agreement, its Loans or its obligation to make Loans hereunder (after taking into account such Lender's policies as to capital adequacy). "Change" means (a) any change after the date of this Agreement in the Risk-Based Capital Guidelines, or (b) any adoption of or change in any other law, governmental or quasi-governmental rule, regulation, policy, guideline, interpretation, or directive (whether or not having the force of law) after the date of this Agreement which affects the amount of capital required or expected to be maintained by any Lender or any Lending Installation or any corporation controlling any Lender. "Risk-Based Capital Guidelines" means (a) the risk-based capital guidelines in effect in the United States on the date of this Agreement and (b) the corresponding capital regulations promulgated by regulatory authorities outside the United States implementing the July 1988 report of the Basle Committee on Banking Regulation and Supervisory Practices entitled "International Convergence of Capital Measurements and Capital Standards" and any amendments to such regulations adopted prior to the date of this Agreement.

3.3. Availability of Types of Advances. If any Lender determines that maintenance of its Eurodollar Loans at a suitable Lending Installation would violate any applicable law, rule, regulation, or directive, whether or not having the force of law, or if the Required Lenders determine that (a) deposits of a type and maturity appropriate to match fund Eurodollar Advances are not available, or (b) the interest rate applicable to a Eurodollar Advance does not accurately or fairly reflect the cost of making or maintaining such Advance, then the Agent shall suspend the availability of Eurodollar Advances until such circumstance no longer exists and require any Eurodollar Advances to be repaid.

3.4. Funding Indemnification. If any payment of a Eurodollar Advance occurs on a date which is not the last day of the applicable Interest Period, whether because of acceleration, prepayment or otherwise, or a Eurodollar Advance is not made on the date specified by the Relevant Borrower for any reason other than default by the Lenders, the Borrower will indemnify the Agent and each Lender for any loss or cost incurred by it resulting therefrom, including, without limitation, any loss or cost in liquidating or employing deposits acquired to fund or maintain the Eurodollar Advance.

3.5. Lender Statements; Survival of Indemnity. To the extent reasonably possible, each Lender shall designate an alternate Lending Installation with respect to its Eurodollar Advances to reduce any liability of the Borrower to such Lender under Sections 2.17, 3.1 and 3.2 or to avoid the unavailability of a Type of Advance under Section 3.3, so long as such designation is not disadvantageous to such Lender. Each Lender shall deliver a written statement of such Lender to the Borrower (with a copy to the Agent) as to the amount due, if any, under Section 3.1, 3.2 or 3.4. Such written statement shall set forth in reasonable detail the calculations upon which such Lender determined such amount and shall be final, conclusive and binding on the Borrower in the absence of manifest error. Determination of amounts payable under such Sections in connection with a Eurodollar Advance shall be calculated as though each Lender funded its Eurodollar Advances

through the purchase of a deposit of the type and maturity corresponding to the deposit used as a reference in determining the Eurodollar Rate applicable to such Loan, whether in fact that is the case or not. Unless otherwise provided herein, the amount specified in the written statement of any Lender shall be payable on demand after receipt by the Borrower of the written statement. The obligations of the Borrower under Sections 3.1, 3.2 and 3.4 shall survive payment of the Obligations and termination of this Agreement.

ARTICLE IV

reasonably be expected to have a Material Adverse Effect. As of the date of this Agreement, the Subsidiary Borrower is a Wholly-Owned Subsidiary of White Mountains.

5.2. Authorization and Validity. Each of the Borrowers has all requisite power and authority (corporate and otherwise) and legal right to execute and deliver each of the Loan Documents to which it is a party and to perform its obligations thereunder. The Borrower and its Subsidiaries have complied in all material respects with all applicable statutes, rules, regulations, orders and restrictions of any domestic or foreign government or any instrumentality or agency thereof, having jurisdiction over the conduct of their respective businesses or the ownership of their respective properties, except where the failure to so comply could not reasonably be expected to have a Material Adverse Effect. Neither the execution and delivery by the Borrowers of the Loan Documents to which it is a party, the application of the proceeds of the Loans or the consummation of the transactions contemplated in the Loan Documents, nor compliance with the provisions of the Loan Documents will, or at the relevant time did, (a) violate any law, rule, regulation (including Regulations G, T, U and X), order, writ, judgment, injunction, decree or award binding on the Borrower or any Subsidiary or the Borrower's or any Subsidiary's charter, articles or certificate of incorporation or by-laws, (b) violate the provisions of or require the approval or consent of any party to any indenture, instrument or agreement to which the Borrower or any Subsidiary is a party or is subject, or by which it, or its property, is bound, or conflict with or constitute a default thereunder, or result in the creation or imposition of any Lien (other than Liens permitted by, the Loan Documents) in, of or on the property of the Borrower or any Subsidiary pursuant to the terms of any such indenture, instrument or agreement, or (c) require any consent of the stockholders of any Person, except for approvals or consents which will be obtained on or before the initial Advance and are disclosed on Schedule 5.3, except for any violation of, or failure to obtain an approval or consent required under, any such indenture, instrument or agreement that could not reasonably be expected to have a Material Adverse Effect.

The Borrower has heretofore furnished to each of the Lenders (a) the December 31, 1996 audited consolidated financial statements of the Borrower and its Subsidiaries, and (b) the unaudited consolidated financial statements of the Borrower and its Subsidiaries through March 31, 1997 (collectively, the "Financial Statements"). The charges, accruals and reserves on the books of the Borrower and its Subsidiaries in respect of any taxes or other governmental charges are in accordance with Agreement Accounting Principles.

5.8. Litigation and Contingent Obligations. There is no litigation, arbitration, proceeding, inquiry or governmental investigation pending or, to the knowledge of any of their officers, threatened against or affecting the Borrower or any Subsidiary or any of their respective properties which could reasonably be expected to have a Material Adverse Effect or to prevent, enjoin or unduly delay the making of the Loans under this Agreement. Neither the Borrower nor any member of the Controlled Group has, with respect to any Plan, failed to make any contribution or pay any amount required under Section 412 of the Code or Section 302 of ERISA or the terms of such Plan. There are no pending or, to the knowledge of the Borrower, threatened claims, actions, investigations or lawsuits against any Plan, any fiduciary thereof, or the Borrower or any member of the Controlled Group with respect to a Plan. Neither the Borrower nor any member of the Controlled Group has engaged in any prohibited transaction (as defined in Section 4975 of the Code or Section 406 of ERISA) in connection with any Plan which would subject such Person to any material liability. No Termination Event has occurred or is reasonably expected to occur with respect to any Plan which is subject to Title IV of ERISA which could reasonably be expected to have a Material Adverse Effect.

No broker's or finder's fee or commission was, is or will be payable by the Borrower or any Subsidiary with respect to any of the transactions contemplated by this Agreement, except as described in Section 9.5. The Borrowers hereby jointly and severally agree to indemnify the Agent and the Lenders against, and agree that they will hold each of them harmless from, any claim, demand or liability for broker's or finder's fees or commissions alleged to have been incurred by the Borrowers in connection with any of the transactions contemplated by this Agreement and any expenses (including, without limitation, attorneys' fees and time charges of attorneys for the Agent or any Lender, which attorneys may be employees of the Agent or any Lender) arising in connection with any such claim, demand or liability. No other similar fee or commissions will be payable by the Borrower or any Subsidiary for any other services rendered to the Borrower or any Subsidiary ancillary to any of the transactions contemplated by this Agreement.

5.17. Environmental Laws. There are no claims, investigations, litigation, administrative proceedings, notices, requests for information (each a "Proceeding"), whether pending or threatened, or judgments or orders asserting violations of applicable federal, state and local environmental, health and safety statutes, regulations, ordinances, codes, rules, orders, decrees, directives and standards ("Environmental Laws") or relating to any toxic or hazardous waste, substance or chemical or any pollutant, contaminant, chemical or other substance defined or regulated pursuant to any Environmental Law, including, without limitation, asbestos, petroleum, crude oil or any fraction

ACCELERATION, WAIVERS, AMENDMENTS AND REMEDIES

8.1. Acceleration. If any Default described in Section 7.6 or 7.7 occurs with respect to either of the Borrowers, the obligations of the Lenders to make Loans hereunder shall automatically terminate and the Obligations shall immediately become due and payable without any election or action on the part of the Agent or any Lender. If any other Default occurs, the Required Lenders (or the Agent with the consent of the Required Lenders) may terminate or suspend the obligations of the Lenders to make Loans hereunder, or declare the Obligations to be due and payable, or both, whereupon the Obligations shall become immediately due and payable, without presentment, demand, protest or notice of any kind, all of which the Borrowers hereby expressly waive.

If, within ten Business Days after acceleration of the maturity of the Obligations or termination of the obligations of the Lenders to make Loans hereunder as a result of any Default

(other than any Default as described in Section 7.6 or 7.7 with respect to either of the Borrowers) and before any judgment or decree for the payment of the Obligations due shall have been obtained or entered, the Required Lenders (in their sole discretion) shall so direct, the Agent shall, by notice to the Borrower, rescind and annul such acceleration and/or termination.

8.2. Amendments. Subject to the provisions of this Article VIII, the Required Lenders (or the Agent with the consent in writing of the Required Lenders) and the Borrowers may enter into agreements supplemental hereto for the purpose of adding or modifying any provisions to the Loan Documents or changing in any manner the rights of the Lenders or the Borrowers hereunder or waiving any Default hereunder; provided, however, that no such supplemental agreement shall, without the consent of each Lender:

(a) Extend the final maturity of any Loan or Note or reduce the principal amount thereof, or reduce the rate or, subject to Section 2.10, extend the time of payment of interest or fees thereon;

(b) Reduce the percentage specified in the definition of Required Lenders;

(c) Increase the amount of the Commitment of any Lender hereunder;

(d) Extend the Revolver Termination Date or the Maturity Date;

8.3. Preservation of Rights. No delay or omission of the Lenders or the Agent to exercise any right under the Loan Documents shall impair such right or be construed to be a waiver of any Default or an acquiescence therein, and the making of a Loan notwithstanding the existence of a Default or the inability of the Borrowers to satisfy the conditions precedent to such Loan shall not constitute any waiver or acquiescence. Any single or partial exercise of any such right shall not preclude other or further exercise thereof or the exercise of any other right, and no waiver,

amendment or other variation of the terms, conditions or provisions of the Loan Documents whatsoever shall be valid unless in writing signed by the Lenders required pursuant to Section 8.2, and then only to the extent in such writing specifically set forth. All remedies contained in the Loan Documents or by law afforded shall be cumulative and all shall be available to the Agent and the Lenders until the Obligations have been paid in full.

The Loan Documents embody the entire agreement and understanding among the Borrowers, the Agent and the Lenders and supersede all prior agreements and understandings among the Borrowers, the Agent and the Lenders relating to the subject matter thereof other than the fee letter, dated July 28, 1997, in favor of First Chicago.

9.6. Several Obligations; Benefits of this Agreement. The respective obligations of the Lenders hereunder are several and not joint and no Lender shall be the partner or agent of any other (except to the extent to which the Agent is authorized to act as such). This Agreement shall not be construed so as to confer any right or benefit upon any Person other than the parties to this Agreement and their respective successors and assigns.

9.7. Expenses; Indemnification. The Borrowers shall reimburse the Agent for any reasonable costs, internal charges and out-of-pocket expenses (including attorneys' fees and time

The obligations of the Borrowers under this Section shall survive the termination of this Agreement.

9.8. Numbers of Documents. All statements, notices, closing documents, and requests hereunder shall be furnished to the Agent with sufficient counterparts so that the Agent may furnish one to each of the Lenders.

9.9. Accounting. Except as provided to the contrary herein, all accounting terms used herein shall be interpreted and all accounting determinations hereunder shall be made in accordance with Agreement Accounting Principles.

9.10. Severability of Provisions. Any provision in any Loan Document that is held to be inoperative, unenforceable, or invalid in any jurisdiction shall, as to that jurisdiction, be inoperative, unenforceable, or invalid without affecting the remaining provisions in that jurisdiction or the operation, enforceability, or validity of that provision in any other jurisdiction, and to this end the provisions of all Loan Documents are declared to be severable.

9.11. Nonliability of Lenders. The relationship between the Borrowers and the Lenders and the Agent shall be solely that of borrower and lender. Whether or not such damages are related to a claim that is subject to the waiver effected above and whether or not such waiver is effective, neither the Agent nor any Lender shall have any liability

with respect to, and the Borrowers hereby waive, release and agree not to sue for, any special, indirect or consequential damages suffered by the Borrower in connection with, arising out of, or in any way related to the Loan Documents or the transactions contemplated thereby or the relationship established by the Loan Documents, or any act, omission or event occurring in connection therewith.

9.12. CHOICE OF LAW. THE LOAN DOCUMENTS (OTHER THAN THOSE CONTAINING A CONTRARY EXPRESS CHOICE OF LAW PROVISION) SHALL BE CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS, WITHOUT REGARD TO CONFLICT OF LAWS PROVISIONS, OF THE STATE OF ILLINOIS, BUT GIVING EFFECT TO FEDERAL LAWS APPLICABLE TO NATIONAL BANKS.

9.13. CONSENT TO JURISDICTION. THE BORROWERS HEREBY IRREVOCABLY SUBMIT TO THE NON-EXCLUSIVE JURISDICTION OF ANY UNITED STATES FEDERAL OR ILLINOIS STATE COURT SITTING IN CHICAGO IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO ANY LOAN DOCUMENTS AND THE BORROWERS HEREBY IRREVOCABLY AGREE THAT ALL CLAIMS IN RESPECT OF SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN ANY SUCH COURT AND IRREVOCABLY WAIVE ANY OBJECTION IT MAY NOW OR HEREAFTER HAVE AS TO THE VENUE OF ANY SUCH SUIT, ACTION OR PROCEEDING BROUGHT IN SUCH A COURT OR THAT SUCH COURT IS AN INCONVENIENT FORUM. NOTHING HEREIN SHALL LIMIT THE RIGHT OF THE AGENT OR ANY LENDER TO BRING PROCEEDINGS AGAINST THE BORROWERS IN THE COURTS OF ANY OTHER JURISDICTION. of First Chicago or such Affiliate to the Borrowers or any Lender, respectively, arising out of or resulting from such investments, loans or relationships other than liabilities arising out of the gross negligence or willful misconduct of First Chicago or its Affiliates to the extent that such liability would not have arisen but for First Chicago's status as Agent hereunder.

9.16. Counterparts. This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one agreement, and any of the parties hereto may execute this Agreement by signing any such counterpart. This Agreement shall be effective when it has been executed by the Borrower, the Agent and the Lenders and each party has notified the Agent that it has taken such action.

9.17. Certain Notices. The Borrowers, the Agent and the Lenders agree that notwithstanding any provisions herein to the contrary, (a) all notices and directions permitted or required to be given hereunder by or to the Subsidiary Borrower may be given by or to the Borrower, (b) the Agent and the Lenders may rely and act upon all such notices and directions given by the Borrower purportedly on behalf of the Subsidiary Borrower as if such notices and directions had been given by the Subsidiary Borrower itself and (c) the Agent may disburse the proceeds of Advances to the Subsidiary Borrower to the Borrower for the account of the Subsidiary Borrower or as the Borrower may otherwise direct.

9.18. Treatment of Certain Information: Confidentiality.

(a) Each Borrower acknowledges that (i) services may be offered or provided to it (in connection with this Agreement or otherwise) by each Lender or by one or more Subsidiaries or Affiliates of such Lender and (ii) information delivered to each Lender by such Borrower and its Subsidiaries may be provided to each such Subsidiary and Affiliate, it being understood that any such Subsidiary or Affiliate receiving such information shall be bound by the provisions of clause (b) below as if it were a Lender hereunder.

(b) Each Lender and the Agent agrees (on behalf of itself and each of its affiliates, directors, officers, employees and representatives) to use reasonable precautions to keep confidential, in accordance with their customary procedures for handling confidential information of this nature and in accordance with safe and sound banking practices, any non-public information supplied to it by either Borrower pursuant to this Agreement, provided that nothing herein shall limit the disclosure of any such information (i) to the extent required by statute, rule, regulation or judicial process, (ii) to counsel for any of the Lenders or the Agent, (iii) to bank examiners, auditors or accountants, (iv) to the Agent or any other Lender (or to First Chicago Capital Markets, Inc.), (v) in connection with any litigation to which any one or more of the Lenders or the Agent is a party, (vi) to a subsidiary or affiliate of such Lender as provided in clause (a) above, (vii) to any assignee or participant (or prospective assignee or participant) so long as such assignee or participant (or prospective assignee or participant) agrees with the respective Lender to keep such information

confidential on substantially the terms set forth in this Section 9.18(b), (viii) to any other Person as may be reasonably required in the course of the enforcement of any Lender's rights or remedies hereunder or under any of such Lender's Note, or (ix) to any other creditor of either Borrower or any of its Subsidiaries at any time during the continuance of a Default; provided that in no event shall any Lender or the Agent be obligated or required to return any materials furnished by either Borrower.

ARTICLE X

THE AGENT

10.1. Appointment. First Chicago is hereby appointed Agent hereunder and under each other Loan Document, and each of the Lenders authorizes the Agent to act as the agent of such Lender. The Agent agrees to act as such upon the express conditions contained in this Article X. The Agent shall not have a fiduciary relationship in respect of the Borrowers or any Lender by reason of this Agreement.

10.2. Powers. The Agent shall have and may exercise such powers under the Loan Documents as are specifically delegated to the Agent by the terms of each thereof, together with such powers as are reasonably incidental thereto. The Agent shall have no implied duties to the Lenders, or any obligation to the Lenders to take any action thereunder, except any action specifically provided by the Loan Documents to be taken by the Agent.

10.3. General Immunity. Neither the Agent nor any of its directors, officers, agents or employees shall be liable to the Borrowers or any Lender for any action taken or omitted to be taken by it or them hereunder or under any other Loan Document or in connection herewith or therewith except for its or their own gross negligence or willful misconduct.

10.4. No Responsibility for Loans, Recitals, etc. Neither the Agent nor any of its directors, officers, agents or employees shall be responsible for or have any duty to ascertain, inquire into, or verify (a) any statement, warranty or representation made in connection with any Loan Document or any borrowing hereunder, (b) the performance or observance of any of the covenants or agreements of any obligor under any Loan Document, including, without limitation, any agreement by an obligor to furnish information directly to each Lender; (c) the satisfaction of any condition specified in Article IV, except receipt of items required to be delivered to the Agent and not waived at closing, or (d) the validity, effectiveness, sufficiency, enforceability or genuineness of any Loan Document or any other instrument or writing furnished in connection therewith. The Agent shall have no duty to disclose to the Lenders information that is not required to be furnished by the Borrowers to the Agent at such time, but is voluntarily furnished by the Borrowers to the Agent

(either in its capacity as Agent or in its individual capacity).

10.5. Action on Instructions of Lenders. The Agent shall in all cases be fully protected in acting, or in refraining from acting, hereunder and under any other Loan Document in accordance with written instructions signed by the Required Lenders (or, to the extent required by Section 8.2, all Lenders), and such instructions and any action taken or failure to act pursuant thereto shall be binding on all of the Lenders and on all holders of Notes. The Agent shall be fully justified in failing or refusing to take any action hereunder and under any other Loan Document unless it shall first be indemnified to its satisfaction by the Lenders pro rata against any and all liability, cost and expense that it may incur by reason of taking or continuing to take any such action.

10.6. Employment of Agents and Counsel. The Agent may execute any of its duties as Agent hereunder and under any other Loan Document by or through employees, agents and attorneys-in-fact and shall not be answerable to the Lenders, except as to money or securities received by it or its authorized agents, for the default or misconduct of any such agents or attorneys-in-fact selected by it with reasonable care. The Agent shall be entitled to advice of counsel concerning all matters pertaining to the agency hereby created and its duties hereunder and under any other Loan Document.

10.7. Reliance on Documents; Counsel. The Agent shall be entitled to rely upon any Note, notice, consent, certificate, affidavit, letter, telegram, statement, paper or document believed by it to be genuine and correct and to have been signed or sent by the proper person or persons, and, in respect to legal matters, upon the opinion of counsel selected by the Agent, which counsel may be employees of the Agent.

10.8. Agent's Reimbursement and Indemnification. The Lenders agree to reimburse and indemnify the Agent ratably in proportion to their respective Commitments (or, if the Commitments have been terminated, in proportion to their Commitments immediately prior to such termination) (a) for any amounts not reimbursed by the Borrowers for which the Agent is entitled to reimbursement by the Borrowers under the Loan Documents, (b) for any other expenses incurred by the Agent on behalf of the Lenders, in connection with the preparation, execution, delivery, administration and enforcement of the Loan Documents, and (c) for any liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind and nature whatsoever which may be imposed on, incurred by or asserted against the Agent in any way relating to or arising out of the Loan Documents or any other document delivered in connection therewith or the transactions contemplated thereby, or the enforcement of any of the terms thereof or of any such other documents; provided, that no Lender shall be liable for any of the foregoing to the extent they arise from the gross negligence or willful misconduct of the Agent. The obligations of the Lenders under this Section 10.8 shall survive payment of the Obligations and termination of this Agreement.

10.9. Notice of Default. The Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Unmatured Default hereunder unless the Agent has received written notice from a Lender or the Borrowers referring to this Agreement describing such Default or Unmatured Default and stating that such notice is a "notice of default". In the event that the Agent receives such a notice, the Agent shall give prompt notice thereof to the Lenders.

10.10. Rights as a Lender. In the event the Agent is a Lender, the Agent shall have the same rights and powers hereunder and under any other Loan Document as any Lender, including, without limitation, pursuant to Article XII hereof, and may exercise the same as though it were not the Agent, and the term "Lender" or "Lenders" shall, at any time when the Agent is a Lender, unless the context otherwise indicates, include the Agent in its individual capacity. The Agent may accept deposits from, lend money to, and generally engage in any kind of trust, debt, equity or other transaction, in addition to those contemplated by this Agreement or any other Loan Document, with the Borrowers or any of their respective Subsidiaries in which the Borrowers or such Subsidiary is not restricted hereby from engaging with any other Person.

10.11. Lender Credit Decision. Each Lender acknowledges that it has, independently and without reliance upon the Agent or any other Lender and based on the financial statements prepared by the Borrowers and such other documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement and the other Loan Documents. Each Lender also acknowledges that it will, independently and without reliance upon the Agent or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement and the other Loan Documents.

10.12. Successor Agent. The Agent may resign at any time by giving written notice thereof to the Lenders and the Borrowers, such resignation to be effective upon the appointment of a successor Agent or, if no successor Agent has been appointed, forty-five days after the retiring Agent gives notice of its intention to resign. Upon any such resignation, the Required Lenders shall have the right to appoint, on behalf of the Lenders, a successor Agent, which successor Agent, so long as no Default is continuing, shall be reasonably acceptable to the Borrowers. If no successor Agent shall have been so appointed by the Required Lenders and shall have accepted such appointment within thirty days after the resigning Agent's giving notice of its intention to resign, then the resigning Agent may appoint, on behalf of the Borrowers and the Lenders, a successor Agent, which successor Agent, so long as no Default is continuing, shall be reasonably acceptable to the Borrowers. If the Agent has resigned and no successor Agent has been appointed, the Lenders may perform all the duties of the Agent hereunder and the Borrowers shall make all payments in respect of the Obligations to the applicable Lender and for all other purposes shall deal directly with the Lenders. No successor Agent shall be deemed to be appointed hereunder until such successor Agent has accepted the appointment. Any such successor Agent shall be a commercial bank having capital and retained earnings of at least \$50,000,000 and with a Lending Installation in the United States

of America. Upon the acceptance of any appointment as Agent hereunder by a successor Agent, such successor Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the resigning Agent. Upon the effectiveness of the resignation of the Agent, the resigning Agent shall be discharged from its duties and obligations hereunder and under the Loan Documents. After the effectiveness of the resignation of an Agent, the provisions of this Article X shall continue in effect for its benefit in respect of any actions taken or omitted to be taken by it while it was acting as the Agent hereunder and under the other Loan Documents.

ARTICLE XI

SETOFF; RATABLE PAYMENTS

11.1. Setoff. In addition to, and without limitation of, any rights of the Lenders under applicable law, if the Borrower or the Subsidiary Borrower becomes insolvent, however evidenced, or any Default or Unmatured Default occurs, any and all deposits (including all account balances, whether provisional or final and whether or not collected or available) and any other Indebtedness at any time held or owing by any Lender to or for the credit or account of the Borrower or the Subsidiary Borrower may be offset and applied toward the payment of the Obligations owing to such Lender, whether or not the Obligations, or any part hereof, shall then be due.

11.2. Ratable Payments. If any Lender, whether by setoff or otherwise, has payment made to it upon its Loans (other than payments received pursuant to Section 2.17, 3.1, 3.2 or 3.4) in a greater proportion than its pro-rata share of such Loans, such Lender agrees, promptly upon demand, to purchase a portion of the Loans held by the other Lenders so that after such purchase each Lender will hold its ratable proportion of Loans. If any Lender, whether in connection with setoff or amounts which might be subject to setoff or otherwise, receives collateral or other protection for its Obligations or such amounts which may be subject to setoff, such Lender agrees, promptly upon demand, to take such action necessary such that all Lenders share in the benefits of such collateral ratably in proportion to their Loans. In case any such payment is disturbed by legal process, or otherwise, appropriate further adjustments shall be made. If an amount to be setoff is to be applied to Indebtedness of the Borrowers to a Lender, other than Indebtedness evidenced by any of the Notes held by such Lender, such amount shall be applied ratably to such other Indebtedness and to the Indebtedness evidenced by such Notes.

ARTICLE XII

BENEFIT OF AGREEMENT; ASSIGNMENTS; PARTICIPATIONS

12.1. Successors and Assigns. The terms and provisions of the Loan Documents shall be binding upon and inure to the benefit of the Borrower and the Lenders and their respective successors and assigns, except that (a) the Borrowers shall not have the right to assign their respective rights or obligations under the Loan Documents, and (b) any assignment by any Lender must be made in compliance with Section 12.3. Notwithstanding clause (b) of the preceding sentence, any Lender may at any time, without the consent of the Borrowers or the Agent, assign all or any portion of its rights under this Agreement and its Notes to a Federal Reserve Bank; provided, however, that no such assignment to a Federal Reserve Bank shall release the transferor Lender from its obligations hereunder. The Agent may treat the payee of any Note as the owner thereof for all purposes hereof unless and until such payee complies with Section 12.3 in the case of an assignment thereof or, in the case of any other transfer, a written notice of the transfer is filed with the Agent. Any assignee or transferee of a Note agrees by acceptance thereof to be bound by all the terms and provisions of the Loan Documents. Any request, authority or consent of any Person, who at the time of making such request or giving such authority or consent is the holder of any Note, shall be conclusive and binding on any subsequent holder, transferee or assignee of such Note or of any Note or Notes issued in exchange therefor.

12.2. Participations.

12.2.1. Permitted Participants; Effect. Any Lender may, in the ordinary course of its business and in accordance with applicable law, at any time sell to one or more banks or other entities ("Participants") participating interests in any Loan owing to such Lender, any Note held by such Lender, any Commitment of such Lender or any other interest of such Lender under the Loan Documents. In the event of any such sale by a Lender of participating interests to a Participant, such Lender's obligations under the Loan Documents shall remain unchanged, such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, such Lender shall remain the holder of any such Note for all purposes under the Loan Documents, all amounts payable by the Borrowers under this Agreement shall be determined as if such Lender had not sold such participating interests, and the Borrowers and the Agent shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under the Loan Documents.

12.2.2. Voting Rights. Each Lender shall retain the sole right to approve, without the consent of any Participant, any amendment, modification or waiver of any provision of the Loan Documents other than any amendment, modification or waiver which effects any of the modifications referenced in clauses (a) through (h) of Section 8.2.

12.2.3. Benefit of Setoff. The Borrowers agree that each Participant shall be deemed to have the right of setoff provided in Section 11.1 in respect of its participating interest in amounts owing under the Loan Documents to the same extent as if the amount of its participating interest were owing directly to it as a Lender under the Loan Documents; provided, that each Lender shall retain the right of setoff provided in Section 11.1 with respect to the amount of participating interests sold to each Participant. The Lenders agree to share with each Participant, and each Participant, by exercising the right of setoff provided in Section 11.1, agrees to share with each Lender, any amount received pursuant to the exercise of its right of setoff, such amounts to be shared in accordance with Section 11.2 as if each Participant were a Lender.

12.3. Assignments.

12.3.1. Permitted Assignments. Any Lender may, in the ordinary course of its business and in accordance with applicable law, at any time assign to one or more banks or other entities ("Purchasers") all or any part of its rights and obligations under the Loan Documents; provided, however, that in the case of an assignment to an entity which is not a Lender or an Affiliate of a lender, such assignment shall be in a minimum amount of \$5,000,000 (or, if less, the entire amount of such Lender's Commitment). Such assignment shall be substantially in the form of Exhibit C hereto or in such other form as may be agreed to by the parties thereto. The consent of the Agent and, so long as no Default under Section 7.2, 7.6 or 7.7 is continuing, the Borrowers, shall be required prior to an assignment becoming effective with respect to a Purchaser which is not a Lender or an Affiliate thereof. Such consent shall not be unreasonably withheld.

12.3.2. Effect; Effective Date. Upon (a) delivery to the Agent of a notice of assignment, substantially in the form attached as Exhibit I to Exhibit C hereto (a "Notice of Assignment"), together with any consents required by Section 12.3.1, and (b) payment of a \$3,000 fee to the Agent for processing such assignment, such assignment shall become effective on the effective date specified in such Notice of Assignment. On and after the effective date of such assignment, (a) such Purchaser shall for all purposes be a Lender party to this Agreement and any other Loan Document executed by the Lenders and shall have all the rights and obligations of a Lender under the Loan Documents, to the same extent as if it were an original party hereto, and (b) the transferor Lender shall be released with respect to the percentage of the Aggregate Commitment and Loans assigned to such Purchaser without any further consent or action by the Borrowers, the Lenders or the Agent. Upon the consummation of any assignment to a Purchaser pursuant to this Section 12.3.2, the transferor Lender, the Agent and the Borrowers shall make appropriate arrangements so that replacement Notes are issued to such transferor Lender and new Notes or, as appropriate, replacement Notes, are issued to such Purchaser, in each case in principal amounts reflecting their Commitment, as adjusted pursuant to such assignment.

12.4. Dissemination of Information. Subject to Section 9.18, the Borrowers authorize each Lender to disclose to any Participant or Purchaser or any other Person acquiring an interest in the

Loan Documents by operation of law (each a "Transferee") and any prospective Transferee any and all information in such Lender's possession concerning the creditworthiness of the Borrower and its Subsidiaries.

12.5. Tax Treatment. If any interest in any Loan Document is transferred to any Transferee which is organized under the laws of any jurisdiction other than the United States or any State thereof, the transferor Lender shall cause such Transferee, concurrently with the effectiveness of such transfer, to comply with the provisions of Section 2.17.

ARTICLE XIII

NOTICES

13.1. Giving Notice. All notices and other communications provided to any party hereto under this Agreement or any other Loan Document shall be in writing, by facsimile, first class U.S. mail or overnight courier and addressed or delivered to such party at its address set forth below its signature hereto or at such other address as may be designated by such party in a notice to the other parties. Any notice, if mailed and properly addressed with first class postage prepaid, return receipt requested, shall be deemed given three (3) Business Days after deposit in the U.S. mail; any notice, if transmitted by facsimile, shall be deemed given when transmitted; and any notice given by overnight courier shall be deemed given when received by the addressee.

13.2. Change of Address. The Borrowers, the Agent and any Lender may each change the address for service of notice upon it by a notice in writing to the other parties hereto.

ARTICLE XIV

BORROWER GUARANTY

14.1. The Borrower hereby absolutely, irrevocably and unconditionally guarantees prompt, full and complete payment when due, whether at stated maturity, upon acceleration or otherwise, and at all times thereafter, of (a) the principal of and interest on the Advances made by the Lenders to, and the Notes held by the Lenders of, the Subsidiary Borrower and (b) all other amounts from time to time owing to the Lenders by the Subsidiary Borrower under this Agreement, the Notes and the other Loan Documents, including without limitation all Obligations of the Subsidiary Borrower (solely for purposes of this Article XIV, collectively referred to as the "Guaranteed Debt"). This is a guaranty of payment, not a guaranty of collection.

14.2. The Borrower waives notice of the acceptance of this Article XIV (solely for purposes of this Article XIV, referred to as the "Guaranty") and of the extension or incurrence of the Guaranteed Debt or any part thereof. The Borrower further waives all setoffs and counterclaims and presentment, protest, notice, filing of claims with a court in the event of receivership, bankruptcy or reorganization of the Subsidiary Borrower, demand or action on delinquency in respect of the Guaranteed Debt or any part thereof, including any right to require the Agent or any Lender to sue the Subsidiary Borrower, or any other person obligated with respect to the Guaranteed Debt or any part thereof, or otherwise to enforce payment thereof against any collateral securing the Guaranteed Debt or any part thereof.

14.3. The Borrower hereby agrees that, to the fullest extent permitted by law, its obligations hereunder shall be continuing, absolute and unconditional under any and all circumstances and not subject to any reduction, limitation, impairment, termination, defense (other than indefeasible payment in full), setoff, counterclaim or recoupment whatsoever (all of which are hereby expressly waived by it to the fullest extent permitted by law), whether by reason of any claim of any character whatsoever, including, without limitation, any claim of waiver, release, surrender, alteration or compromise. The validity and enforceability of this Guaranty shall not be impaired or affected by any of the following: (a) any extension, modification or renewal of, or indulgence with respect to, or substitution for, the Guaranteed Debt or any part thereof or any agreement relating thereto at any time; (b) any failure or omission to perfect or maintain any lien on, or preserve rights to, any security or collateral or to enforce any right, power or remedy with respect to the Guaranteed Debt or any part thereof or any agreement relating thereto, or any collateral securing the Guaranteed Debt or any part thereof; (c) any waiver of any right, power or remedy or of any default with respect to the Guaranteed Debt or any part thereof or any agreement relating thereto or with respect to any collateral securing the Guaranteed Debt or any part thereof; (d) any release, surrender, compromise, settlement, waiver, subordination or modification, with or without consideration, of any collateral securing the Guaranteed Debt or any part thereof, any other guaranties with respect to the Guaranteed Debt or any part thereof, or any other obligations of any person or entity with respect to the Guaranteed Debt or any part thereof; (e) the enforceability or validity of the Guaranteed Debt or any part thereof or the genuineness, enforceability or validity of any agreement relating thereto or with respect to any collateral securing the Guaranteed Debt or any part thereof; (f) the application of payments received from any source to the payment of indebtedness other than the Guaranteed Debt, any part thereof or amounts which are not covered by this Guaranty even though the Agent or any Lender might lawfully have elected to apply such payments to any part or all of the Guaranteed Debt or to amounts which are not covered by this Guaranty; (g) any change of ownership of the Subsidiary Borrower or the insolvency, bankruptcy or any other change in the legal status of the Subsidiary Borrower; (h) any change in, or the imposition of, any law, decree, regulation or other governmental act which does or might impair, delay or in any way affect the validity, enforceability or the payment when due of the Guaranteed Debt; (i) the failure of the Subsidiary Borrower to maintain in full force, validity or effect or to obtain or renew when required all governmental and other approvals, licenses or consents required in connection with the Guaranteed Debt or this

Guaranty, or to take any other action required in connection with the performance of all obligations pursuant to the Guaranteed Debt or this Guaranty; (j) the existence of any claim, setoff or other rights which the Borrower may have at any time against the Subsidiary Borrower in connection herewith or with any unrelated transaction; (k) the Agent's or a Lender's election, in any case or proceeding instituted under chapter 11 of the Bankruptcy Code, of the application of section 1111(b)(2) of the Bankruptcy Code; (l) any borrowing, use of cash collateral, or grant of a security interest by the Subsidiary Borrower, as debtor in possession, under section 363 or 364 of the Bankruptcy Code; (m) the disallowance of all or any portion of the Agent's or a Lender's claims for repayment of the Guaranteed Debt under section 502 or 506 of the Bankruptcy Code; or (n) any other fact or circumstance which might otherwise constitute grounds at law or equity for the discharge or release of the Borrower from its obligations hereunder, all whether or not the Borrower shall have had notice or knowledge of any act or omission referred to in the foregoing clauses (a) through (n) of this paragraph. It is agreed that the Borrower's liability hereunder is independent of any other guaranties or other obligations at any time in effect with respect to the Guaranteed Debt or any part thereof and that the Borrower's liability hereunder may be enforced regardless of the existence, validity, enforcement or non-enforcement of any such other guaranties or other obligations or any provision of any applicable law or regulation purporting to prohibit payment by the Subsidiary Borrower of the Guaranteed Debt in the manner agreed upon between the Agent, the Lenders and the Subsidiary Borrower.

14.4. Credit may be granted or continued from time to time by the Agent and/or any Lender to the Subsidiary Borrower without notice to or authorization from the Borrower regardless of the Subsidiary Borrower's financial or other condition at the time of any such grant or continuation. Neither the Agent nor any Lender shall have any obligation to disclose or discuss with the Borrower its assessment of the financial condition of the Subsidiary Borrower.

14.5. Until the irrevocable payment in full of the Obligations and termination of all commitments which could give rise to any Obligation, the Borrower shall have no right of subrogation with respect to the Guaranteed Debt and hereby waives any right to enforce any remedy which the Agent and/or the Lenders now has or may hereafter have against the Subsidiary Borrower, any endorser or any other guarantor of all or any part of the Guaranteed Debt, and the Borrower hereby waives any benefit of, and any right to participate in, any security or collateral given to the Agent and/or the Lenders to secure payment of the Guaranteed Debt or any part thereof or any other liability of the Subsidiary Borrower to the Agent and/or the Lenders.

14.6. The Borrower authorizes the Agent and the Lenders to take any action or exercise any remedy with respect to any collateral from time to time securing the Guaranteed Debt, which the Agent and the Lenders in their sole discretion (but subject, as applicable, to the terms of this Agreement and of any documentation pursuant to which a Lien in such collateral is granted) shall determine, without notice to the Borrower. Notwithstanding any reference herein to any collateral securing any of the Guaranteed Debt, it is acknowledged that, on the date hereof, neither

the Borrower nor any of its Subsidiaries has granted, or has any obligation to grant, any security interest in or other lien on any of its property as security for the Guaranteed Debt.

14.7. In the event the Agent and/or the Lenders in their sole discretion elects to give notice of any action with respect to any collateral securing the Guaranteed Debt or any part thereof, ten (10) days' written notice mailed to the Borrower by ordinary mail at the address shown hereon shall be deemed reasonable notice of any matters contained in such notice. The Borrower consents and agrees that neither the Agent nor any Lender shall be under any obligation to marshal any assets in favor of the Borrower or against or in payment of any or all of the Guaranteed Debt.

14.8. In the event that acceleration of the time for payment of any of the Guaranteed Debt is stayed upon the insolvency, bankruptcy or reorganization of the Subsidiary Borrower, or otherwise, all such amounts shall nonetheless be payable by the Borrower forthwith upon demand by Agent. The Borrower further agrees that, to the extent that the Subsidiary Borrower makes a payment or payments to the Agent or any Lender on the Guaranteed Debt, or the Agent or a Lender receive any proceeds of collateral securing the Guaranteed Debt, which payment or receipt of proceeds or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be returned or repaid to the Subsidiary Borrower, its estate, trustee, receiver, debtor in possession or any other party, including, without limitation, the Borrower, under any insolvency or bankruptcy law, state or federal law, common law or equitable cause, then to the extent of such payment, return or repayment, the obligation or part thereof which has been paid, reduced or satisfied by such amount shall be reinstated and continued in full force and effect as of the date when such initial payment, reduction or satisfaction occurred.

14.9. No delay on the part of the Agent or any Lender in the exercise of any right, power or remedy shall operate as a waiver thereof, and no single or partial exercise by the Agent or any Lender of any right, power or remedy shall preclude any further exercise thereof; nor shall any amendment, supplement, modification or waiver of any of the terms or provisions of this Guaranty be binding upon the Agent or any Lender, except as expressly set forth in a writing duly signed and delivered by the Agent and the Lenders. The failure by the Agent and/or the Lenders at any time or times hereafter to require strict performance by the Subsidiary Borrower or the Borrower of any of the provisions, warranties, terms and conditions contained in any promissory note, security agreement, agreement, guaranty, instrument or document now or at any time or times hereafter executed pursuant to the terms of, or in connection with, this Agreement by the Subsidiary Borrower or the Borrower and delivered to the Agent or any Lender shall not waive, affect or diminish any right of the Agent or any Lender at any time or times hereafter to demand strict performance thereof, and such right shall not be deemed to have been waived by any act or knowledge of the Agent or any Lender, its agents, officers or employees, unless such waiver is contained in an instrument in writing duly signed and delivered by the Agent or such Lender. No waiver by the Agent or any Lender of any default shall operate as a waiver of any other default or the same default on a future occasion, and no action by the Agent or any Lender permitted hereunder shall in any way affect or impair the

Agent's or such Lender's rights or powers, or the obligations of the Borrower under this Guaranty. Any determination by a court of competent jurisdiction of the amount of any Guaranteed Debt owing by the Subsidiary Borrower to the Agent and the Lenders shall be conclusive and binding on the Borrower irrespective of whether the Borrower was a party to the suit or action in which such determination was made.

14.10. Subject to the provisions of Section 14.8, this guaranty shall continue in effect until this Agreement has terminated, the Guaranteed Debt has been paid in full and the other conditions of this guaranty have been satisfied.

ARTICLE XV

SUBSIDIARY GUARANTY

15.1. The Subsidiary Guarantor hereby absolutely, irrevocably and unconditionally guarantees prompt, full and complete payment when due, whether at stated maturity, upon acceleration or otherwise, and at all times thereafter, of (a) the principal of and interest on the Advances made by the Lenders to, and the Notes held by the Lenders of, the Borrower and (b) all other amounts from time to time owing to the Lenders by the Borrower under this Agreement, the Notes and the other Loan Documents, including without limitation all Obligations of the Borrower (solely for purposes of this Article XV, collectively referred to as the "Guaranteed Debt"). This is a guaranty of payment, not a guaranty of collection.

15.2. The Subsidiary Guarantor waives notice of the acceptance of this Article XV (solely for purposes of this Article XV, referred to as the "Guaranty") and of the extension or incurrence of the Guaranteed Debt or any part thereof. The Subsidiary Guarantor further waives all setoffs and counterclaims and presentment, protest, notice, filing of claims with a court in the event of receivership, bankruptcy or reorganization of the Borrower, demand or action on delinquency in respect of the Guaranteed Debt or any part thereof, including any right to require the Agent or any Lender to sue the Borrower, other person obligated with respect to the Guaranteed Debt or any part thereof, or otherwise to enforce payment thereof against any collateral securing the Guaranteed Debt or any part thereof.

15.3. The Subsidiary Guarantor hereby agrees that, to the fullest extent permitted by law, its obligations hereunder shall be continuing, absolute and unconditional under any and all circumstances and not subject to any reduction, limitation, impairment, termination, defense (other than indefeasible payment in full), setoff, counterclaim or recoupment whatsoever (all of which are hereby expressly waived by it to the fullest extent permitted by law), whether by reason of any claim of any character whatsoever, including, without limitation, any claim of waiver, release, surrender,

alteration or compromise. The validity and enforceability of this Guaranty shall not be impaired or affected by any of the following: (a) any extension, modification or renewal of, or indulgence with respect to, or substitution for, the Guaranteed Debt or any part thereof or any agreement relating thereto at any time; (b) any failure or omission to perfect or maintain any lien on, or preserve rights to, any security or collateral or to enforce any right, power or remedy with respect to the Guaranteed Debt or any part thereof or any agreement relating thereto, or any collateral securing the Guaranteed Debt or any part thereof; (c) any waiver of any right, power or remedy or of any default with respect to the Guaranteed Debt or any part thereof or any agreement relating thereto or with respect to any collateral securing the Guaranteed Debt or any part thereof; (d) any release, surrender, compromise, settlement, waiver, subordination or modification, with or without consideration, of any collateral securing the Guaranteed Debt or any part thereof, any other guaranties with respect to the Guaranteed Debt or any part thereof, or any other obligations of any person or entity with respect to the Guaranteed Debt or any part thereof; (e) the enforceability or validity of the Guaranteed Debt or any part thereof or the genuineness, enforceability or validity of any agreement relating thereto or with respect to any collateral securing the Guaranteed Debt or any part thereof; (f) the application of payments received from any source to the payment of indebtedness other than the Guaranteed Debt, any part thereof or amounts which are not covered by this Guaranty even though the Agent or any Lender might lawfully have elected to apply such payments to any part or all of the Guaranteed Debt or to amounts which are not covered by this Guaranty; (g) any change of ownership of the Borrower or the insolvency, bankruptcy or any other change in the legal status of the Borrower; (h) any change in, or the imposition of, any law, decree, regulation or other governmental act which does or might impair, delay or in any way affect the validity, enforceability or the payment when due of the Guaranteed Debt; (i) the failure of the Borrower to maintain in full force, validity or effect or to obtain or renew when required all governmental and other approvals, licenses or consents required in connection with the Guaranteed Debt or this Guaranty, or to take any other action required in connection with the performance of all obligations pursuant to the Guaranteed Debt or this Guaranty; (j) the existence of any claim, setoff or other rights which the Subsidiary Borrower may have at any time against the Borrower in connection herewith or with any unrelated transaction; (k) the Agent's or a Lender's election, in any case or proceeding instituted under chapter 11 of the Bankruptcy Code, of the application of section 1111(b)(2) of the Bankruptcy Code; (l) any borrowing, use of cash collateral, or grant of a security interest by the Borrower, as debtor in possession, under section 363 or 364 of the Bankruptcy Code; (m) the disallowance of all or any portion of the Agent's or a Lender's claims for repayment of the Guaranteed Debt under section 502 or 506 of the Bankruptcy Code; or (n) any other fact or circumstance which might otherwise constitute grounds at law or equity for the discharge or release of the Subsidiary Guarantor from its obligations hereunder, all whether or not the Subsidiary Guarantor shall have had notice or knowledge of any act or omission referred to in the foregoing clauses (a) through (n) of this paragraph. It is agreed that the Subsidiary Guarantor's liability hereunder is independent of any other guaranties or other obligations at any time in effect with respect to the Guaranteed Debt or any part thereof and that the Subsidiary Guarantor's liability hereunder may be enforced regardless of the existence, validity, enforcement or non-enforcement of any such other guaranties or other obligations

or any provision of any applicable law or regulation purporting to prohibit payment by the Borrower of the Guaranteed Debt in the manner agreed upon between the Agent, the Lenders and the Borrower.

15.4. Credit may be granted or continued from time to time by the Agent and/or any Lender to the Borrower without notice to or authorization from the Subsidiary Guarantor regardless of the Borrower's financial or other condition at the time of any such grant or continuation. Neither the Agent nor any Lender shall have any obligation to disclose or discuss with the Subsidiary Guarantor its assessment of the financial condition of the Borrower.

15.5. Until the irrevocable payment in full of the Obligations and termination of all commitments which could give rise to any Obligation, the Subsidiary Guarantor shall not have any right of subrogation with respect to the Guaranteed Debt and hereby waives any right to enforce any remedy which the Agent and/or any Lender now has or may hereafter have against the Borrower, any endorser or any other guarantor of all or any part of the Guaranteed Debt, and the Borrower hereby waives any benefit of, and any right to participate in, any security or collateral given to the Agent and/or the Lenders to secure payment of the Guaranteed Debt or any part thereof or any other liability of the Borrower to the Agent and/or the Lenders.

15.6. The Subsidiary Guarantor authorizes the Agent and the Lenders to take any action or exercise any remedy with respect to any collateral from time to time securing the Guaranteed Debt, which the Agent and Lenders in their sole discretion (but subject, as applicable, to the terms of this Agreement and of any documentation pursuant to which a Lien in such collateral is granted) shall determine, without notice to the Subsidiary Borrower. Notwithstanding any reference herein to any collateral securing any of the Guaranteed Debt, it is acknowledged that, on the date hereof, neither the Borrower nor any of its Subsidiaries has granted, or has any obligation to grant, any security interest in or other lien on any of its property as security for the Guaranteed Debt.

15.7. In the event the Agent and/or the Lenders in their sole discretion elects to give notice of any action with respect to any collateral securing the Guaranteed Debt or any part thereof, ten (10) days' written notice mailed to the Subsidiary Guarantor by ordinary mail at the address shown hereon shall be deemed reasonable notice of any matters contained in such notice. The Subsidiary Borrower consents and agrees that neither the Agent nor any Lender shall be under any obligation to marshal any assets in favor of the Subsidiary Borrower or against or in payment of any or all of the Guaranteed Debt.

15.8. In the event that acceleration of the time for payment of any of the Guaranteed Debt is stayed upon the insolvency, bankruptcy or reorganization of the Borrower, or otherwise, all such amounts shall nonetheless be payable by the Subsidiary Guarantor forthwith upon demand by the Agent. The Subsidiary Guarantor further agrees that, to the extent that the Borrower makes a

payment or payments to the Agent or any Lender on the Guaranteed Debt, or the Agent or a Lender receive any proceeds of collateral securing the Guaranteed Debt, which payment or receipt of proceeds or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be returned or repaid to the Borrower, its estate, trustee, receiver, debtor in possession or any other party, including, without limitation, the Subsidiary Borrower, under any insolvency or bankruptcy law, state or federal law, common law or equitable cause, then to the extent of such payment, return or repayment, the obligation or part thereof which has been paid, reduced or satisfied by such amount shall be reinstated and continued in full force and effect as of the date when such initial payment, reduction or satisfaction occurred.

15.9. No delay on the part of the Agent or any Lender in the exercise of any right, power or remedy shall operate as a waiver thereof, and no single or partial exercise by the Agent or any Lender of any right, power or remedy shall preclude any further exercise thereof; nor shall any amendment, supplement, modification or waiver of any of the terms or provisions of this Guaranty be binding upon the Agent or any Lender, except as expressly set forth in a writing duly signed and delivered by the Agent and the Lenders. The failure by the Agent or any Lender at any time or times hereafter to require strict performance by the Subsidiary Borrower or the Borrower of any of the provisions, warranties, terms and conditions contained in any promissory note, security agreement, agreement, guaranty, instrument or document now or at any time or times hereafter executed pursuant to the terms of, or in connection with, this Agreement by the Subsidiary Borrower or the Borrower and delivered to the Agent or any Lender shall not waive, affect or diminish any right of the Agent or any Lender at any time or times hereafter to demand strict performance thereof, and such right shall not be deemed to have been waived by any act or knowledge of the Agent or any Lender, its agents, officers or employees, unless such waiver is contained in an instrument in writing duly signed and delivered by the Agent or such Lender. No waiver by the Agent or any Lender of any default shall operate as a waiver of any other default or the same default on a future occasion, and no action by the Agent or any Lender permitted hereunder shall in any way affect or impair the Agent or such Lender's rights or powers, or the obligations of the Subsidiary Guarantor under this Guaranty. Any determination by a court of competent jurisdiction of the amount of any Guaranteed Debt owing by the Borrower or the Subsidiary Borrower to the Agent and the Lenders shall be conclusive and binding on the Subsidiary Guarantor irrespective of whether the Subsidiary Borrower was a party to the suit or action in which such determination was made.

15.10. Subject to the provisions of Section 15.8, this guaranty shall continue in effect until this Agreement has terminated, the Guaranteed Debt has been paid in full and the other conditions of this guaranty have been satisfied.

ARTICLE XVI

16.1. In addition to the transactions permitted by Section 6.12(d), the Borrower may at any time permit White Mountains to sell, transfer or otherwise dispose of 100% of the capital stock of the Subsidiary Borrower in a single transaction so long as (a) no Loans attributable to the Subsidiary Borrower are outstanding on the date of the consummation of such transaction, (b) no Default or Unmatured Default exists, (c) the Borrower shall have delivered written notice to the Lenders at least 15 days prior to the date of the consummation of such transaction and (d) the Subsidiary Borrower shall have delivered a certificate (in form and substance acceptable to the Agent and executed by an Authorized Officer) to the Agent on, and dated, the date of the consummation of such transaction (i) stating that it relinquishes its rights to request Loans under this Agreement and (ii) confirming that the Subsidiary Borrower has paid in full all amounts then due and owing to any Lender under Sections 3.5 or 9.7 and under Section 15 to the extent the Borrower incurred Obligations of the type described in Sections 3.5 or 9.7 on or prior the date of the consummation of such transaction. Upon the delivery of such certificate, the Subsidiary Borrower shall cease to be one of the Borrowers hereunder and shall have no rights, duties or obligations under this Agreement and references to the Subsidiary Borrower as such in this Agreement shall be deemed to be deleted.

Subject to the terms of this Agreement, the Borrower may borrow, repay and reborrow Advances at any time prior to the Facility Termination Date.

(b) The Borrower hereby agrees that if at any time, as a result of reductions in the Aggregate Commitment pursuant to Section 2.7 or otherwise, the aggregate balance of the Loans exceeds the Aggregate Commitment, the Borrower shall repay immediately its then outstanding Loans in such amount as may be necessary to eliminate such excess.

(c) The Borrower's obligation to pay the principal of, and interest on, the Loans shall be evidenced by the Notes. Although the Notes shall be dated the date of this Agreement, interest in respect thereof shall be payable only for the periods during which the Loans evidenced thereby are outstanding and, although the stated amount of each Note shall be equal to the applicable Lender's Commitment, each Note shall be enforceable, with respect to the Borrower's obligation to pay the principal amount thereof, only to the extent of the unpaid principal amount of the Loans at the time evidenced thereby.

(d) All Advances and all Loans shall mature, and the principal amount thereof and the unpaid accrued interest thereon shall be due and payable, on the Facility Termination Date.

2.2. Ratable Loans. Each Advance hereunder shall consist of Loans made from the several Lenders ratably in proportion to the ratio that their respective Commitments bear to the Aggregate Commitment.

2.3. Types of Advances. The Advances may be ABR Advances or Eurodollar Advances, or a combination thereof, selected by the Borrower in accordance with Sections 2.8 and 2.9.

2.4. Facility Fee; Reductions in Aggregate Commitment. (a) The Borrower agrees to pay to the Agent for the account of each Lender a facility fee ("Facility Fee") in an amount equal to the Applicable Facility Fee Margin per annum times the daily average Commitment of such Lender from the date hereof to and including the Facility Termination Date, payable on

each Payment Date hereafter and on the Facility Termination Date. All accrued Facility Fees shall be payable on the effective date of any termination of the obligations of the Lenders to make Loans hereunder.

(b) The Borrower may permanently reduce the Aggregate Commitment in whole, or in part ratably among the Lenders in a minimum aggregate amount of \$2,000,000 upon at least three (3) Business Days' written notice to the Agent, which notice shall specify the amount of any such reduction; provided, however, that the amount of the Aggregate Commitment may not be reduced below the aggregate principal amount of the outstanding Advances. Such reductions shall be in addition to reductions occurring pursuant to Section 2.7(b). Voluntary commitment reductions pursuant to this Section 2.4(b) shall be applied to the mandatory commitment reductions required to be made pursuant to Section 2.7(a) in direct order of maturity.

2.5. Minimum Amount of Each Advance. Each Advance shall be in the minimum amount of \$2,000,000 (and in integral multiples of \$500,000 if in excess thereof); provided, however, that (a) any ABR Advance may be in the amount of the unused Aggregate Commitment and (b) in no event shall more than six (6) Eurodollar Advances be permitted to be outstanding at any time.

2.6. Optional Principal Payments. The Borrower may from time to time pay, without penalty or premium, all outstanding ABR Advances, or, in a minimum aggregate amount of \$2,000,000 any portion of the outstanding ABR Advances upon two Business Days' prior notice to the Agent. Subject to Section 3.4 and upon like notice, a Eurodollar Advance may be paid prior to the last day of the applicable Interest Period in a minimum amount of \$2,000,000 or an integral multiple of \$500,000 in excess thereof.

2.7. Mandatory Commitment Reductions. (a) The Aggregate Commitment shall be automatically and permanently reduced by the following amounts (or such lesser amount as a result of reductions pursuant to Section 2.7(c)) on the following dates:

Date	Reduction Amount
-----	-----

June 30, 2001	\$4,000,000
July 30, 2002	\$40,000,000

(b) The Aggregate Commitment shall also be automatically and permanently reduced in the amounts and at the times set forth below:

(i) within 5 Business Days after the receipt in the form of cash or cash equivalents thereof by the Borrower, 100% of the aggregate Net Available Proceeds in excess of \$1,000,000 realized upon all Asset Dispositions in any Fiscal Year of the Borrower; and

(ii) within 5 Business Days after the receipt in the form of cash or cash equivalents thereof by the Borrower, 85% of the Net Available Proceeds realized upon the sale by the Borrower of any equity securities issued by it after the date of this Agreement in excess of an aggregate amount of \$1,000,000 (other than a sale of common stock of the Borrower to Parent).

(c) Mandatory commitment reductions under Section 2.7(b) shall be cumulative and in addition to reductions occurring pursuant to Section 2.4(b). Any mandatory commitment reductions under Section 2.7(b) shall be applied to the mandatory commitment reductions required to be made pursuant to Section 2.7(a) in the inverse order of maturity.

(d) Any reduction in the Aggregate Commitment pursuant to this Section 2.7 or otherwise shall ratably reduce the Commitment of each Lender.

2.8. Method of Selecting Types and Interest Periods for New Advances. The Borrower shall select the Type of Advance and, in the case of each Eurodollar Advance, the Interest Period applicable to each Advance from time to time; provided, however, that in the event Loans are incurred on the date of this Agreement, all Loans incurred on such date shall be ABR Advances. The Borrower shall give the Agent irrevocable notice (a "Borrowing Notice") not later than 10:00 a.m. (Chicago time) on the Borrowing Date of each ABR Advance and at least three (3) Business Days before the Borrowing Date for each Eurodollar Advance, specifying:

- (a) the Borrowing Date of such Advance, which shall be a Business Day;
- (b) the aggregate amount of such Advance;
- (c) the Type of Advance selected;
- (d) in the case of each Eurodollar Advance, the Interest Period applicable thereto, which shall end on or prior to the Facility Termination Date; and
- (e) any changes to money transfer instructions previously delivered to the Agent.

Not later than noon (Chicago time) on each Borrowing Date, each Lender shall make available its Loan or Loans, in funds immediately available in Chicago, to the Agent at its address specified pursuant to Article XIII. The Agent will make the funds so received from the Lenders available to the Borrower at the Agent's aforesaid address or at such account at such other institution in the United States of America as the Borrower may indicate in the Borrowing Notice.

2.9. Conversion and Continuation of Outstanding Advances. ABR Advances shall continue as ABR Advances unless and until such ABR Advances are converted into Eurodollar Advances. Each Eurodollar Advance shall continue as a Eurodollar Advance until the end of the then applicable Interest Period therefor, at which time such Eurodollar Advance shall be automatically converted into an ABR Advance unless the Borrower shall have given the Agent a Conversion/Continuation Notice requesting that, at the end of such Interest Period, such Eurodollar Advance continue as a Eurodollar Advance for the same or another Interest Period. Subject to the terms of Section 2.5, the Borrower may elect from time to time to convert all or any part of an Advance of any Type into any other Type or Types of Advances; provided, however, that any conversion of any Eurodollar Advance shall be made on, and only on, the last day of the Interest Period applicable thereto. The Borrower shall give the Agent irrevocable notice (a "Conversion/Continuation Notice") of each conversion of an ABR Advance or continuation of a Eurodollar Advance not later than 10:00 a.m. (Chicago time) on the conversion date, in the case of a conversion into an ABR Advance, or at least three (3) Business Days, in the case of a conversion into or continuation of a Eurodollar Advance, prior to the date of the requested conversion or continuation, specifying:

- (a) the requested date of such conversion or continuation, which shall be a Business Day;
- (b) the aggregate amount and Type of the Advance which is to be converted or continued; and
- (c) the amount and Type(s) of Advance(s) into which such Advance is to be converted or continued and, in the case of a conversion into or continuation of a Eurodollar Advance, the duration of the Interest Period applicable thereto, which shall end on or prior to the Facility Termination Date.

2.10. Changes in Interest Rate, etc. Each ABR Advance shall bear interest at the Alternate Base Rate from and including the date of such Advance or the date on which such Advance was converted into an ABR Advance to (but not including) the date on which such ABR Advance is paid or converted to a Eurodollar Advance. Changes in the rate of interest on that portion of any Advance maintained as an ABR Advance will take effect simultaneously with

each change in the Alternate Base Rate. Each Eurodollar Advance shall bear interest from and including the first day of the Interest Period applicable thereto to, but not including, the last day of such Interest Period at the Eurodollar Rate determined as applicable to such Eurodollar Advance plus the Applicable Eurodollar Margin. No Interest Period may end after the Facility Termination Date. The Borrower shall select Interest Periods so that it is not necessary to repay any portion of a Eurodollar Advance prior to the last day of the applicable Interest Period in order to make a mandatory repayment required pursuant to Section 2.7(a).

2.11. Rates Applicable After Default. Notwithstanding anything to the contrary contained in Section 2.8 or 2.9, no Advance may be made as, converted into or continued as a Eurodollar Advance (except with the consent of the Agent and the Required Lenders) when any Default or Unmatured Default has occurred and is continuing. During the continuance of a Default the Required Lenders may, at their option, by notice to the Borrower (which notice may be revoked at the option of the Required Lenders notwithstanding any provision of Section 8.2 requiring unanimous consent of the Lenders to changes in interest rates), declare that each Eurodollar Advance and ABR Advance shall bear interest (for the remainder of the applicable Interest Period in the case of Eurodollar Advances) at a rate per annum equal to the rate otherwise applicable plus two percent (2%) per annum; provided, however, that such increased rate shall automatically and without action of any kind by the Lenders become and remain applicable until revoked by the Required Lenders in the event of a Default described in Section 7.6 or 7.7.

2.12. Method of Payment. All payments of the Obligations hereunder shall be made, without setoff, deduction or counterclaim, in immediately available funds to the Agent at the Agent's address specified pursuant to Article XIII, or at any other Lending Installation of the Agent specified in writing by the Agent to the Borrower (at least two Business Days in advance) by noon (Chicago time) on the date when due and shall be applied ratably by the Agent among the Lenders. Each payment delivered to the Agent for the account of any Lender shall be delivered promptly by the Agent to such Lender in the same type of funds that the Agent received at its address specified pursuant to Article XIII or at any Lending Installation specified in a notice received by the Agent from such Lender. The Agent is hereby authorized to charge the account of the Borrower maintained with the Agent for each payment of principal, interest and fees as it becomes due hereunder.

2.13. Notes. Each Lender is hereby authorized to record the principal amount of each of its Loans and each repayment on the schedule attached to its Note; provided, however, that neither the failure to so record nor any error in such recordation shall affect the Borrower's obligations under such Note.

2.14. Interest Payment Dates; Interest and Fee Basis. Interest accrued on each ABR Advance shall be payable on each Payment Date, commencing with the first such date to occur

after the date hereof, on any date on which an ABR Advance is prepaid, whether due to acceleration or otherwise, and at maturity. Interest accrued on that portion of the outstanding principal amount of any ABR Advance converted into a Eurodollar Advance on a day other than a Payment Date shall be payable on the date of conversion. Interest accrued on each Eurodollar Advance shall be payable on the last day of its applicable Interest Period, on any date on which the Eurodollar Advance is prepaid, whether by acceleration or otherwise, and at maturity. Interest accrued on each Eurodollar Advance having an Interest Period longer than three months shall also be payable on the last day of each three-month interval during such Interest Period. Interest and commitment fees shall be calculated for actual days elapsed on the basis of a 360-day year. Interest shall be payable for the day an Advance is made but not for the day of any payment on the amount paid if payment is received prior to noon (Chicago time) at the place of payment. If any payment of principal or interest on an Advance shall become due on a day which is not a Business Day, such payment shall be made on the next succeeding Business Day and, in the case of a principal payment, such extension of time shall be included in computing interest in connection with such payment.

2.15. Notification of Advances, Interest Rates, Prepayments and Commitment Reductions. Promptly after receipt thereof, the Agent will notify each Lender of the contents of each Aggregate Commitment reduction notice, Borrowing Notice, Conversion/Continuation Notice, and repayment notice received by it hereunder. The Agent will notify each Lender of the interest rate applicable to each Eurodollar Advance promptly upon determination of such interest rate and will give each Lender prompt notice of each change in the Alternate Base Rate.

2.16. Lending Installations. Each Lender may book its Loans at any Lending Installation selected by such Lender and may change its Lending Installation from time to time. All terms of this Agreement shall apply to any such Lending Installation and the Notes shall be deemed held by each Lender for the benefit of such Lending Installation. Each Lender may, by written or telex notice to the Agent and the Borrower, designate a Lending Installation through which Loans will be made by it and for whose account Loan payments are to be made.

2.17. Non-Receipt of Funds by the Agent. Unless the Borrower or a Lender, as the case may be, notifies the Agent prior to the date on which it is scheduled to make payment to the Agent of (a) in the case of a Lender, the proceeds of a Loan, or (b) in the case of the Borrower, a payment of principal, interest or fees to the Agent for the account of the Lenders, that it does not intend to make such payment, the Agent may assume that such payment has been made. The Agent may, but shall not be obligated to, make the amount of such payment available to the intended recipient in reliance upon such assumption. If the Borrower has not in fact made such payment to the Agent, the Lenders shall, on demand by the Agent, repay to the Agent the amount so made available together with interest thereon in respect of each day during the period commencing on the date such amount was so made available by the Agent until the date the Agent recovers such amount at a rate per annum equal to the Federal Funds Effective Rate for

such day. If any Lender has not in fact made such payment to the Agent, such Lender or the Borrower shall, on demand by the Agent, repay to the Agent the amount so made available together with interest thereon in respect of each day during the period commencing on the date such amount was so made available by the Agent until the date the Agent recovers such amount at a rate per annum equal to (a) in the case of payment by a Lender, the Federal Funds Effective Rate for such day, or (b) in the case of payment by the Borrower, the interest rate applicable to the relevant Loan.

2.18. Taxes. (a) Any payments made by the Borrower under this Agreement shall be made free and clear of, and without deduction or withholding for or on account of, any present or future income, stamp or other taxes, levies, imposts, duties, charges, fees, deductions or withholdings, now or hereafter imposed, levied, collected, withheld or assessed by any Governmental Authority, excluding net income taxes and franchise taxes or any other tax based upon any income imposed on the Agent or any Lender by the jurisdiction in which the Agent or such Lender is incorporated or has its principal place of business or maintains its Lending Installation. If any such non-excluded taxes, levies, imposts, duties, charges, fees, deductions or withholdings ("Non-Excluded Taxes") are required to be withheld from any amounts payable to the Agent or any Lender hereunder, the amounts so payable to the Agent or such Lender shall be increased to the extent necessary to yield to the Agent or such Lender (after payment of all Non-Excluded Taxes) interest or any such other amounts payable hereunder at the rates or in the amounts specified in or pursuant to this Agreement; provided, however, that the Borrower shall not be required to increase any such amounts payable to any Lender that is not organized under the laws of the U.S. or a state thereof if such Lender fails to comply with the requirements of paragraph (b) of this Section 2.18. Whenever any Non-Excluded Taxes are payable by the Borrower, as promptly as practicable thereafter the Borrower shall send to the Agent for its own account or for the account of such Lender, as the case may be, a certified copy of an original official receipt received by the Borrower showing payment thereof. If the Borrower fails to pay any Non-Excluded Taxes when due to the appropriate taxing authority or fails to remit to the Agent the required receipts or other required documentary evidence, the Borrower shall indemnify the Agent and the Lenders for any incremental taxes, interest or penalties that may become payable by any Agent or any Lender as a result of any such failure. The agreements in this Section 2.18 shall survive the termination of this Agreement and the payment of all other amounts payable hereunder.

(b) At least five Business Days prior to the first date on which interest or fees are payable hereunder for the account of any Lender, each Lender that is not incorporated under the laws of the United States of America, or a state thereof, agrees that it will deliver to each of the Borrower and the Agent two duly completed and properly executed copies of United States Internal Revenue Service Form 1001 or 4224 (or a successor form), certifying in either case that such Lender is entitled to receive payments under this Agreement and the Notes without deduction or withholding of any United States federal income taxes. Each Lender which so

delivers a Form 1001 or 4224 (or a successor form) further undertakes to deliver to each of the Borrower and the Agent two additional duly completed and properly executed copies of such form (or a successor form) on or before the date that such form expires (currently, three successive calendar years for Form 1001 and each tax year for Form 4224) or becomes obsolete or after the occurrence of any event requiring a change in the most recent forms so delivered by it, and such amendments thereto or extensions or renewals thereof as may be reasonably requested by the Borrower or the Agent, in each case certifying that such Lender is entitled to receive payments under this Agreement and the Notes without deduction or withholding of any United States federal income taxes, unless an event (including, without limitation, any change in treaty, law or regulation) has occurred prior to the date on which any such delivery would otherwise be required which renders all such forms inapplicable or which would prevent such Lender from duly completing and delivering any such form with respect to it and such Lender advises the Borrower and the Agent that it is not capable of receiving payments without any deduction or withholding of United States federal income tax.

2.19. Agent's Fees. The Borrower shall pay to the Agent those fees, in addition to the Facility Fees referenced in Section 2.4(a), in the amounts and at the times separately agreed to between the Agent and the Borrower.

If, after the date hereof, the adoption of or any change in any law or any governmental or quasi-governmental rule, regulation, policy, guideline or directive (whether or not having the force of law), or any new interpretation thereof, or the compliance of any Lender with such adoption, change or interpretation,

(a) subjects any Lender or any applicable Lending Installation to any tax, duty, charge or withholding on or from payments due from the Borrower (excluding taxation of the overall net income of any Lender or applicable Lending Installation imposed by the jurisdiction in which such Lender or Lending Installation is incorporated or has its principal place of business), or changes the basis of taxation of principal, interest or any other payments to any Lender or Lending Installation in respect of its Loans or other amounts due it hereunder, or

(b) imposes or increases or deems applicable any reserve, assessment, insurance charge, special deposit or similar requirement against assets of, deposits with or for the account of, or credit extended by, any Lender or any applicable Lending

Installation (other than reserves and assessments taken into account in determining the interest rate applicable to Eurodollar Advances), or

(ci imposes any other condition the result of which is to increase the cost to any Lender or any applicable Lending Installation of making, funding or maintaining Loans or reduces any amount receivable by any Lender or any applicable Lending Installation in connection with any Loans, or requires any Lender or any applicable Lending Installation to make any payment calculated by reference to the amount of Loans held, or interest received by it, by an amount deemed material by such Lender,

then, within 15 days of demand by such Lender, the Borrower shall pay such Lender that portion of such increased expense incurred or resulting in an amount received which such Lender determines is attributable to making, funding and maintaining its Loans and its Commitment.

3.2. Changes in Capital Adequacy Regulations. If a Lender determines the amount of capital required or expected to be maintained by such Lender, any Lending Installation of such Lender or any corporation controlling such Lender is increased as a result of a Change, then, within 15 days of demand by such Lender, the Borrower shall pay such Lender the amount necessary to compensate for any shortfall in the rate of return on the portion of such increased capital which such Lender determines is attributable to this Agreement, its Loans or its obligation to make Loans hereunder (after taking into account such Lender's policies as to capital adequacy). "Change" means (a) any change after the date of this Agreement in the Risk-Based Capital Guidelines, or (b) any adoption of or change in any other law, governmental or quasi-governmental rule, regulation, policy, guideline, interpretation, or directive (whether or not having the force of law) after the date of this Agreement which affects the amount of capital required or expected to be maintained by any Lender or any Lending Installation or any corporation controlling any Lender. "Risk-Based Capital Guidelines" means (a) the risk-based capital guidelines in effect in the United States on the date of this Agreement and (b) the corresponding capital regulations promulgated by regulatory authorities outside the United States implementing the July 1988 report of the Basle Committee on Banking Regulation and Supervisory Practices entitled "International Convergence of Capital Measurements and Capital Standards" and any amendments to such regulations adopted prior to the date of this Agreement.

3.3. Availability of Types of Advances. If any Lender determines that maintenance of its Eurodollar Loans at a suitable Lending Installation would violate any applicable law, rule, regulation, or directive, whether or not having the force of law, or if the Required Lenders determine that (a) deposits of a type and maturity appropriate to match fund Eurodollar Advances are not available, or (b) the interest rate applicable to a Eurodollar Advance does not accurately or fairly reflect the cost of making or maintaining such Advance, then the Agent shall suspend the availability of the Eurodollar Advances until such circumstance no longer exists and require any Eurodollar Advances to be repaid.

3.4. Funding Indemnification. If any payment of a Eurodollar Advance occurs on a date which is not the last day of the applicable Interest Period, whether because of acceleration, prepayment or otherwise, or a Eurodollar Advance is not made on the date specified by the Borrower for any reason other than default by the Lenders, the Borrower will indemnify the Agent and each Lender for any loss or cost incurred by it resulting therefrom, including, without limitation, any loss or cost in liquidating or employing deposits acquired to fund or maintain the Eurodollar Advance.

3.5. Lender Statements; Survival of Indemnity. To the extent reasonably possible, each Lender shall designate an alternate Lending Installation with respect to its Eurodollar Advances to reduce any liability of the Borrower to such Lender under Sections 2.18, 3.1 and 3.2 or to avoid the unavailability of a Type of Advance under Section 3.3, so long as such designation is not disadvantageous to such Lender. Each Lender shall deliver a written statement of such Lender to the Borrower (with a copy to the Agent) as to the amount due, if any, under Section 3.1, 3.2 or 3.4. Such written statement shall set forth in reasonable detail the calculations upon which such Lender determined such amount and shall be final, conclusive and binding on the Borrower in the absence of manifest error. Determination of amounts payable under such Sections in connection with a Eurodollar Advance shall be calculated as though each Lender funded its Eurodollar Advances through the purchase of a deposit of the type and maturity corresponding to the deposit used as a reference in determining the Eurodollar Rate applicable to such Loan, whether in fact that is the case or not. Unless otherwise provided herein, the amount specified in the written statement of any Lender shall be payable on demand after receipt by the Borrower of the written statement. The obligations of the Borrower under Sections 3.1, 3.2 and 3.4 shall survive payment of the Obligations and termination of this Agreement.

ARTICLE V

REPRESENTATIONS AND WARRANTIES

The Borrower represents and warrants to the Lenders that:

5.1. Corporate Existence and Standing. Each of the Borrower and each Subsidiary is a corporation duly incorporated, validly existing and in good standing under the laws of its respective jurisdiction of incorporation and is duly qualified and in good standing as a foreign corporation and is duly authorized to conduct its business in each jurisdiction in which its business is conducted or proposed to be conducted, except where the failure to be so qualified could not reasonably be expected to have a Material Adverse Effect.

5.2. Authorization and Validity. The Borrower has all requisite power and authority (corporate and otherwise) and legal right to execute and deliver each of the Loan Documents and to perform its obligations thereunder. The execution and delivery by the Borrower of the Loan Documents and the performance of its obligations thereunder have been duly authorized by proper corporate proceedings and the Loan Documents constitute legal, valid and binding obligations of the Borrower enforceable against the Borrower in accordance with their terms, except as enforceability may be limited by bankruptcy, insolvency or similar laws affecting the enforcement of creditors' rights generally.

5.3. Compliance with Laws and Contracts. The Borrower and its Subsidiaries have complied in all material respects with all applicable statutes, rules, regulations, orders and restrictions of any domestic or foreign government or any instrumentality or agency thereof, having jurisdiction over the conduct of their respective businesses or the ownership of their respective properties, except where the failure to so comply could not reasonably be expected to have a Material Adverse Effect. Neither the execution and delivery by the Borrower of the Loan Documents, the application of the proceeds of the Loans or the consummation of the transactions contemplated in the Loan Documents, nor compliance with the provisions of the Loan Documents will, or at the relevant time did, (a) violate any law, rule, regulation (including Regulations G, T, U and X), order, writ, judgment, injunction, decree or award binding on the Borrower or any Subsidiary or the Borrower's or any Subsidiary's charter, articles or certificate of incorporation or by-laws, (b) violate the provisions of or require the approval or consent of any party to any indenture, instrument or agreement to which the Borrower or any Subsidiary is a party or is subject, or by which it, or its property, is bound, or conflict with or constitute a default thereunder, or result in the creation or imposition of any Lien (other than Liens permitted by, the Loan Documents) in, of or on the property of the Borrower or any Subsidiary pursuant to the terms of any such indenture, instrument or agreement, or (c) require any consent of the stockholders of any Person, except for approvals or consents which will be obtained on or before

the initial Advance and are disclosed on Schedule 5.3, except for any violation of, or failure to obtain an approval or consent required under, any such indenture, instrument or agreement that could not reasonably be expected to have a Material Adverse Effect.

5.4. Governmental Consents. No order, consent, approval, qualification, license, authorization, or validation of, or filing, recording or registration with, or exemption by, or other action in respect of, any court, governmental or public body or authority, or any subdivision thereof, any securities exchange or other Person is or at the relevant time was required to authorize, or is or at the relevant time was required in connection with the execution, delivery, consummation or performance of, or the legality, validity, binding effect or enforceability of, any of the Loan Documents or the application of the proceeds of the Loans or any other transaction contemplated in the Loan Documents. Neither the Borrower nor any Subsidiary is in default under or in violation of any foreign, federal, state or local law, rule, regulation, order, writ, judgment, injunction, decree or award binding upon or applicable to the Borrower or such Subsidiary, in each case the consequences of which default or violation could reasonably be expected to have a Material Adverse Effect.

5.5. Financial Statements. The Borrower has heretofore furnished to each of the Lenders (a) the December 31, 1996 unaudited consolidated financial statements of the Borrower and its Subsidiaries, (b) the unaudited consolidated financial statements of the Borrower and its Subsidiaries as of March 31, 1997, (c) the December 31, 1996 audited financial statements of Charter Group, Inc. and its Subsidiaries, (d) the December 31, 1996 audited financial statements of Valley Insurance Co. and its Subsidiaries, (e) the December 31, 1996 audited financial statements of Valley and its Subsidiaries, (f) the December 31, 1996 audited financial statements of SOMSC and its Subsidiaries, (g) the December 31, 1996 audited financial statements of Parent and its Subsidiaries, (h) the March 31, 1997 unaudited balance sheets and income statements of Parent, the Borrower, Valley (excluding White Mountains Insurance Company related transactions), White Mountains Insurance Company (as if no business was reinsured through Valley Insurance Company), SOMSC, Financial Security Assurance Holdings Ltd., Folksamerica Holding Company, Inc. and Main Street America Holdings, Inc.; (i) the December 31, 1996 Annual Statement of each Insurance Subsidiary and (j) the March 31, 1997 Quarterly Statement of each Insurance Subsidiary (collectively, the "Financial Statements"). Each of the Financial Statements (other than as described in clause (h)) was prepared in accordance with Agreement Accounting Principles or SAP, as applicable, and fairly presents the consolidated financial condition and operations of the Person which is the subject of such Financial Statements at such dates and the consolidated results of their operations for the respective periods then ended (except, in the case of such unaudited statements, for normal year-end audit adjustments).

5.6. Material Adverse Change. No material adverse change in the business, Property, condition (financial or otherwise), performance, prospects or results of operations of

the Borrower and its Subsidiaries has occurred since December 31, 1996, except as specifically disclosed in the Financial Statements.

5.7. Taxes. Neither the Borrower nor any of its Subsidiaries is required to file United States federal, foreign, state or local tax returns. There is no litigation, arbitration, proceeding, inquiry or governmental investigation pending or, to the knowledge of any of their officers, threatened against or affecting the Borrower or any Subsidiary or any of their respective properties which could reasonably be expected to have a Material Adverse Effect or to prevent, enjoin or unduly delay the making of the Loans under this Agreement. Neither the Borrower nor any Subsidiary has any material contingent obligations incurred outside of the ordinary course of its business except as set forth on Schedule 5.16 or disclosed in the Financial Statements or in financial statements required to be delivered under Section 6.1(a) and (b) and as permitted under this Agreement.

5.9. Capitalization. Schedule 5.9 hereto contains (a) an accurate description of the Borrower's capitalization as of March 31, 1997 (after giving effect to the application of the proceeds of Loans incurred by the Borrower on the initial Borrowing Date and to the FAE Merger) and (b) an accurate list of all of the existing Subsidiaries as of the date of this Agreement, setting forth their respective jurisdictions of incorporation and the percentage of their capital stock owned by the Borrower or other Subsidiaries. All of the issued and outstanding shares of capital stock of the Borrower and of each Subsidiary have been duly authorized and validly issued, are fully paid and non-assessable, and are free and clear of all Liens. No authorized but unissued or treasury shares of capital stock of the Borrower or any Subsidiary are subject to any option, warrant, right to call or commitment of any kind or character. Except as set forth on Schedule 5.9 or pursuant to management incentive plans implemented after the date of this Agreement, neither the Borrower nor any Subsidiary has any outstanding stock or securities convertible into or exchangeable for any shares of its capital stock, or any right issued to any Person (either preemptive or other) to subscribe for or to purchase, or any options for the purchase of, or any agreements providing for the issuance (contingent or otherwise) of, or any calls, commitments or claims of any character relating to any of its capital stock or any stock or securities convertible into or exchangeable for any of its capital stock other than as expressly set forth in the certificate or articles of incorporation of the Borrower or such Subsidiary. Neither

the Borrower nor any Subsidiary is subject to any obligation (contingent or otherwise) to repurchase or otherwise acquire or retire any shares of its capital stock or any convertible securities, rights or options of the type described in the preceding sentence except as otherwise set forth on Schedule 5.9 or pursuant to management incentive plans implemented after the date of this Agreement.

5.10. ERISA. Except as disclosed on Schedule 5.10, neither the Borrower nor any other member of the Controlled Group maintains any Single Employer Plans, and no Single Employer Plan has any Unfunded Liability. Neither the Borrower nor any other member of the Controlled Group maintains, or is obligated to contribute to, any Multiemployer Plan or has incurred, or is reasonably expected to incur, any withdrawal liability to any Multiemployer Plan. Each Plan complies in all material respects with all applicable requirements of law and regulations other than any such failure to comply which could not reasonably be expected to have a Material Adverse Effect. Neither the Borrower nor any member of the Controlled Group has, with respect to any Plan, failed to make any contribution or pay any amount required under Section 412 of the Code or Section 302 of ERISA or the terms of such Plan. There are no pending or, to the knowledge of the Borrower, threatened claims, actions, investigations or lawsuits against any Plan, any fiduciary thereof, or the Borrower or any member of the Controlled Group with respect to a Plan. Neither the Borrower nor any member of the Controlled Group has engaged in any prohibited transaction (as defined in Section 4975 of the Code or Section 406 of ERISA) in connection with any Plan which would subject such Person to any material liability. Within the last five years neither the Borrower nor any member of the Controlled Group has engaged in a transaction which resulted in a Single Employer Plan with an Unfunded Liability being transferred out of the Controlled Group which could reasonably be expected to have a Material Adverse Effect. No Termination Event has occurred or is reasonably expected to occur with respect to any Plan which is subject to Title IV of ERISA which could reasonably be expected to have a Material Adverse Effect.

5.11. Defaults. No Default or Unmatured Default has occurred and is continuing.

5.12. Federal Reserve Regulations. Neither the Borrower nor any Subsidiary is engaged, directly or indirectly, principally, or as one of its important activities, in the business of extending, or arranging for the extension of, credit for the purpose of purchasing or carrying Margin Stock. No part of the proceeds of any Loan will be used in a manner which would violate, or result in a violation of, Regulation G, Regulation T, Regulation U or Regulation X. Neither the making of any Advance hereunder nor the use of the proceeds thereof will violate or be inconsistent with the provisions of Regulation G, Regulation T, Regulation U or Regulation X.

5.13. Investment Company. Neither the Borrower nor any Subsidiary is, or after giving effect to any Advance will be, an "investment company" or a company "controlled" by an "investment company" within the meaning of the Investment Company Act of 1940, as amended.

5.14. Certain Fees. No broker's or finder's fee or commission was, is or will be payable by the Borrower or any Subsidiary with respect to any of the transactions contemplated by this Agreement, except as described in Section 9.5. The Borrower hereby agrees to indemnify the Agent and the Lenders against and agrees that it will hold each of them harmless from any claim, demand or liability for broker's or finder's fees or commissions alleged to have been incurred by the Borrower in connection with any of the transactions contemplated by this Agreement and any expenses (including, without limitation, attorneys' fees and time charges of attorneys for the Agent or any Lender, which attorneys may be employees of the Agent or any Lender) arising in connection with any such claim, demand or liability. No other similar fee or commissions will be payable by the Borrower or any Subsidiary for any other services rendered to the Borrower or any Subsidiary ancillary to any of the transactions contemplated by this Agreement.

5.15. Solvency. As of the date hereof, after giving effect to the consummation of the transactions contemplated by the Loan Documents and the payment of all fees, costs and expenses payable by the Borrower or its Subsidiaries with respect to the transactions contemplated by the Loan Documents and the application of the proceeds of Loans incurred by the Borrower on the initial Borrowing Date, each of the Borrower and each Subsidiary is Solvent.

5.16. Indebtedness. Attached hereto as Schedule 5.16 is a complete and correct list of all Indebtedness of the Borrower and its Subsidiaries outstanding on the date of this Agreement (other than Indebtedness in a principal amount not exceeding \$500,000 for a single item of Indebtedness and \$2,000,000 in the aggregate for all such Indebtedness listed, it being understood and agreed that any such Indebtedness shall be permitted to exist pursuant to Section 6.11(b) notwithstanding the absence thereof on Schedule 5.16), showing the aggregate principal amount which was outstanding on such date after giving effect to the application of the proceeds of Loans incurred by the Borrower on the initial Borrowing Date.

5.17. Insurance Licenses. Schedule 5.17 hereto lists all of the jurisdictions in which any Insurance Subsidiary holds a License and is authorized to and does transact insurance business as of the date of this Agreement. No such License, the loss of which could reasonably be expected to have a Material Adverse Effect, is the subject of a proceeding for suspension or revocation. To the Borrower's knowledge, there is no sustainable basis for such suspension or revocation, and no such suspension or revocation has been threatened by any Governmental Authority.

5.18. Material Agreements. Except as set forth in Schedule 5.18 and except for agreements or arrangements with regulatory agencies with regard to Insurance Subsidiaries, neither the Borrower nor any Subsidiary is a party to any agreement or instrument or subject to any charter or other corporate restriction which could reasonably be expected to have a Material

Adverse Effect or which restricts or imposes conditions upon the ability of any Subsidiary (other than an Unrestricted Subsidiary) to (a) pay dividends or make other distributions on its capital stock (b) make loans or advances to the Borrower, (c) repay loans or advances from Borrower or (d) grant Liens to the Agent to secure the Obligations. Neither the Borrower nor any Subsidiary is in default in the performance, observance or fulfillment of any of the obligations, covenants or conditions contained in any agreement to which it is a party, which default could reasonably be expected to have a Material Adverse Effect.

5.19. Environmental Laws. There are no claims, investigations, litigation, administrative proceedings, notices, requests for information (each a "Proceeding"), whether pending or threatened, or judgments or orders asserting violations of applicable federal, state and local environmental, health and safety statutes, regulations, ordinances, codes, rules, orders, decrees, directives and standards ("Environmental Laws") or relating to any toxic or hazardous waste, substance or chemical or any pollutant, contaminant, chemical or other substance defined or regulated pursuant to any Environmental Law, including, without limitation, asbestos, petroleum, crude oil or any fraction thereof ("Hazardous Materials") asserted against the Borrower or any of its Subsidiaries, other than in connection with an insurance policy issued in the ordinary course of business to any Person (other than Parent or any Subsidiary of Parent), which, in any case, could reasonably be expected to have a Material Adverse Effect. As of the date hereof, the Borrower and its Subsidiaries do not have liabilities exceeding \$100,000 in the aggregate for all of them with respect to compliance with applicable Environmental Laws or related to the generation, treatment, storage, disposal, release, investigation or cleanup of Hazardous Materials, and no facts or circumstances exist which could give rise to such liabilities with respect to compliance with applicable Environmental Laws and the generation, treatment, storage, disposal, release, investigation or cleanup of Hazardous Materials.

5.20. Insurance. The Borrower and its Subsidiaries maintain with financially sound and reputable insurance companies insurance on their Property in such amounts and covering such risks as is consistent with sound business practice.

5.21. Disclosure. No information, exhibit or report furnished by the Borrower or any of its Subsidiaries to the Agent or to any Lender in connection with the negotiation of, or compliance with, the Loan Documents contained any material misstatement of fact or omitted to state a material fact or any fact necessary to make the statements contained therein not materially misleading. There is no fact known to the Borrower (other than matters of a general economic or political nature) that has had or could reasonably be expected to have a Material Adverse Effect and that has not been disclosed herein or in such other documents, certificates and statements furnished to the Lenders for use in connection with the transactions contemplated by this Agreement.

If any Default described in Section 7.6 or 7.7 occurs with respect to the Borrower, the obligations of the Lenders to make Loans hereunder shall automatically terminate and the Obligations shall immediately become due and payable without any election or action on the part of the Agent or any Lender. If any other Default occurs, the Required Lenders (or the Agent with the consent of the Required Lenders) may terminate or suspend the obligations of the Lenders to make Loans hereunder, or declare the Obligations to be due and payable, or both, whereupon the Obligations shall become immediately due and payable, without presentment, demand, protest or notice of any kind, all of which the Borrower hereby expressly waives.

If, within ten Business Days after acceleration of the maturity of the Obligations or termination of the obligations of the Lenders to make Loans hereunder as a result of any Default (other than any Default as described in Section 7.6 or 7.7 with respect to the Borrower) and before any judgment or decree for the payment of the Obligations due shall have been obtained or entered, the Required Lenders (in their sole discretion) shall so direct, the Agent shall, by notice to the Borrower, rescind and annul such acceleration and/or termination.

8.2. Amendments. Subject to the provisions of this Article VIII, the Required Lenders (or the Agent with the consent in writing of the Required Lenders) and the Borrower may enter into agreements supplemental hereto for the purpose of adding or modifying any provisions to the Loan Documents or changing in any manner the rights of the Lenders or the Borrower hereunder or waiving any Default hereunder; provided, however, that no such supplemental agreement shall, without the consent of each Lender:

8.3. Preservation of Rights. No delay or omission of the Lenders or the Agent to exercise any right under the Loan Documents shall impair such right or be construed to be a waiver of any Default or an acquiescence therein, and the making of a Loan notwithstanding the existence of a Default or the inability of the Borrower to satisfy the conditions precedent to such Loan shall not constitute any waiver or acquiescence. Any single or partial exercise of any such right shall not preclude other or further exercise thereof or the exercise of any other right, and no waiver, amendment or other variation of the terms, conditions or provisions of the Loan Documents whatsoever shall be valid unless in writing signed by the Lenders required pursuant to Section 8.2, and then only to the extent in such writing specifically set forth. The Borrower shall reimburse the Agent for any reasonable costs, internal charges and out-of-pocket expenses (including attorneys' fees and time charges of attorneys for the Agent, which attorneys may be employees of the Agent) paid or incurred by the Agent in connection with the preparation, negotiation, execution, delivery, review, amendment, modification, and administration of the Loan Documents. The Borrower also agrees to reimburse the Agent and the Lenders for any reasonable costs, internal charges and out-of-pocket expenses (including attorneys' fees and time charges of attorneys for the Agent and the Lenders, which attorneys may be employees of the Agent or the Lenders) paid or incurred by the Agent or any Lender in connection with the collection and enforcement of the Loan Documents. The Borrower further agrees to indemnify the Agent and each Lender, its directors, officers and employees against all losses, claims, damages, penalties, judgments, liabilities and expenses (including, without limitation, all expenses of litigation or preparation therefor whether or not the Agent or any Lender is a party thereto) which any of them may pay or incur arising out of or relating to this Agreement, the other Loan Documents, the transactions contemplated hereby or thereby or the direct or indirect application or proposed application of the proceeds of any Loan hereunder arising from claims or assertions by third parties except to the extent that they arise out of the gross negligence or willful misconduct of the party seeking indemnification. The obligations of the Borrower under this Section shall survive the termination of this Agreement.

9.8. Numbers of Documents. All statements, notices, closing documents, and requests hereunder shall be furnished to the Agent with sufficient counterparts so that the Agent may furnish one to each of the Lenders.

9.9. Accounting. Except as provided to the contrary herein, all accounting terms used herein shall be interpreted and all accounting determinations hereunder shall be made in accordance with Agreement Accounting Principles.

9.10. Severability of Provisions. Any provision in any Loan Document that is held to be inoperative, unenforceable, or invalid in any jurisdiction shall, as to that jurisdiction, be inoperative, unenforceable, or invalid without affecting the remaining provisions in that

jurisdiction or the operation, enforceability, or validity of that provision in any other jurisdiction, and to this end the provisions of all Loan Documents are declared to be severable.

9.11. Nonliability of Lenders. The relationship between the Borrower and the Lenders and the Agent shall be solely that of borrower and lender. Neither the Agent nor any Lender shall have any fiduciary responsibilities to the Borrower. Neither the Agent nor any Lender undertakes any responsibility to the Borrower to review or inform the Borrower of any matter in connection with any phase of the Borrower's business or operations. The Borrower shall rely entirely upon its own judgment with respect to its business, and any review, inspection or supervision of, or information supplied to the Borrower by the Agent or the Lenders is for the protection of the Agent and the Lenders and neither the Borrower nor any other Person is entitled to rely thereon. Whether or not such damages are related to a claim that is subject to the waiver effected above and whether or not such waiver is effective, neither the Agent nor any Lender shall have any liability with respect to, and the Borrower hereby waives, releases and agrees not to sue for, any special, indirect or consequential damages suffered by the Borrower in connection with, arising out of, or in any way related to the Loan Documents or the transactions contemplated thereby or the relationship established by the Loan Documents, or any act, omission or event occurring in connection therewith.

9.12. CHOICE OF LAW. THE LOAN DOCUMENTS (OTHER THAN THOSE CONTAINING A CONTRARY EXPRESS CHOICE OF LAW PROVISION) SHALL BE CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS, WITHOUT REGARD TO CONFLICT OF LAWS PROVISIONS, OF THE STATE OF ILLINOIS, BUT GIVING EFFECT TO FEDERAL LAWS APPLICABLE TO NATIONAL BANKS.

9.13. CONSENT TO JURISDICTION. THE BORROWER HEREBY IRREVOCABLY SUBMITS TO THE NON-EXCLUSIVE JURISDICTION OF ANY UNITED STATES FEDERAL OR ILLINOIS STATE COURT SITTING IN CHICAGO IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO ANY LOAN DOCUMENTS AND THE BORROWER HEREBY IRREVOCABLY AGREES THAT ALL CLAIMS IN RESPECT OF SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN ANY SUCH COURT AND IRREVOCABLY WAIVES ANY OBJECTION IT MAY NOW OR HEREAFTER HAVE AS TO THE VENUE OF ANY SUCH SUIT, ACTION OR PROCEEDING BROUGHT IN SUCH A COURT OR THAT SUCH COURT IS AN INCONVENIENT FORUM. NOTHING HEREIN SHALL LIMIT THE RIGHT OF THE AGENT OR ANY LENDER TO BRING PROCEEDINGS AGAINST THE BORROWER IN THE COURTS OF ANY OTHER JURISDICTION. ANY JUDICIAL PROCEEDING BY THE BORROWER AGAINST THE AGENT OR ANY LENDER OR ANY AFFILIATE OF THE AGENT OR ANY LENDER INVOLVING, DIRECTLY OR INDIRECTLY, ANY MATTER IN ANY WAY ARISING OUT OF, RELATED TO, OR CONNECTED WITH ANY LOAN DOCUMENT SHALL BE BROUGHT ONLY IN A COURT IN CHICAGO, ILLINOIS;

PROVIDED, THAT SUCH PROCEEDINGS MAY BE BROUGHT IN OTHER COURTS IF JURISDICTION MAY NOT BE OBTAINED IN A COURT IN CHICAGO, ILLINOIS.

9.14. WAIVER OF JURY TRIAL. THE BORROWER, THE AGENT AND EACH LENDER HEREBY WAIVE TRIAL BY JURY IN ANY JUDICIAL PROCEEDING INVOLVING, DIRECTLY OR INDIRECTLY, ANY MATTER (WHETHER SOUNDING IN TORT, CONTRACT OR OTHERWISE) IN ANY WAY ARISING OUT OF, RELATED TO, OR CONNECTED WITH ANY LOAN DOCUMENT OR THE RELATIONSHIP ESTABLISHED THEREUNDER.

9.15. Disclosure. The Borrower and each Lender hereby (a) acknowledge and agree that First Chicago and/or its Affiliates from time to time may hold other investments in, make other loans to or have other relationships with the Borrower, including, without limitation, in connection with any interest rate hedging instruments or agreements or swap transactions, and (b) waive any liability of First Chicago or such Affiliate to the Borrower or any Lender, respectively, arising out of or resulting from such investments, loans or relationships other than liabilities arising out of the gross negligence or willful misconduct of First Chicago or its Affiliates to the extent that such liability would not have arisen but for First Chicago's status as Agent hereunder.

9.16. Counterparts. This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one agreement, and any of the parties hereto may execute this Agreement by signing any such counterpart. This Agreement shall be effective when it has been executed by the Borrower, the Agent and the Lenders and each party has notified the Agent that it has taken such action.

9.17. Treatment of Certain Information: Confidentiality.

(a) The Borrower acknowledges that (i) services may be offered or provided to it (in connection with this Agreement or otherwise) by each Lender or by one or more subsidiaries or affiliates of such Lender and (ii) information delivered to each Lender by the Borrower and its Subsidiaries may be provided to each such Subsidiary and Affiliate, it being understood that any such Subsidiary or Affiliate receiving such information shall be bound by the provisions of clause (b) below as if it were a Lender hereunder.

(b) Each Lender and the Agent agrees (on behalf of itself and each of its affiliates, directors, officers, employees and representatives) to use reasonable precautions to keep confidential, in accordance with their customary procedures for handling confidential information of this nature and in accordance with safe and sound banking practices, any non-public information supplied to it by the Borrower pursuant to this Agreement, provided that nothing herein shall limit the disclosure of any such information (i) to the extent required by

statute, rule, regulation or judicial process, (ii) to counsel for any of the Lenders or the Agent, (iii) to bank examiners, auditors or accountants, (iv) to the Agent or any other Lender (or to First Chicago Capital Markets, Inc.), (v) in connection with any litigation to which any one or more of the Lenders or the Agent is a party, (vi) to a subsidiary or affiliate of such Lender as provided in clause (a) above, (vii) to any assignee or participant (or prospective assignee or participant) so long as such assignee or participant (or prospective assignee or participant) agrees with the respective Lender to keep such information confidential on substantially the terms set forth in this Section 9.17(b), (viii) to any other Person as may be reasonably required in the course of the enforcement of any Lender's rights or remedies hereunder or under any of such Lender's Note, or (ix) to any other creditor of the Borrower or any of its Subsidiaries at any time during the continuance of a Default; provided that in no event shall any Lender or the Agent be obligated or required to return any materials furnished by the Borrower.

ARTICLE X

THE AGENT

10.1. Appointment. First Chicago is hereby appointed Agent hereunder and under each other Loan Document, and each of the Lenders authorizes the Agent to act as the agent of such Lender. The Agent agrees to act as such upon the express conditions contained in this Article X. The Agent shall not have a fiduciary relationship in respect of the Borrower or any Lender by reason of this Agreement.

10.2. Powers. The Agent shall have and may exercise such powers under the Loan Documents as are specifically delegated to the Agent by the terms of each thereof, together with such powers as are reasonably incidental thereto. The Agent shall have no implied duties to the Lenders, or any obligation to the Lenders to take any action thereunder, except any action specifically provided by the Loan Documents to be taken by the Agent.

10.3. General Immunity. Neither the Agent nor any of its directors, officers, agents or employees shall be liable to the Borrower or any Lender for any action taken or omitted to be taken by it or them hereunder or under any other Loan Document or in connection herewith or therewith except for its or their own gross negligence or willful misconduct.

10.4. No Responsibility for Loans, Recitals, etc. Neither the Agent nor any of its directors, officers, agents or employees shall be responsible for or have any duty to ascertain, inquire into, or verify (a) any statement, warranty or representation made in connection with any Loan Document or any borrowing hereunder, (b) the performance or observance of any of the covenants or agreements of any obligor under any Loan Document, including, without limitation,

any agreement by an obligor to furnish information directly to each Lender; (c) the satisfaction of any condition specified in Article IV, except receipt of items required to be delivered to the Agent and not waived at closing, or (d) the validity, effectiveness, sufficiency, enforceability or genuineness of any Loan Document or any other instrument or writing furnished in connection therewith. The Agent shall have no duty to disclose to the Lenders information that is not required to be furnished by the Borrower to the Agent at such time, but is voluntarily furnished by the Borrower to the Agent (either in its capacity as Agent or in its individual capacity).

10.5. Action on Instructions of Lenders. The Agent shall in all cases be fully protected in acting, or in refraining from acting, hereunder and under any other Loan Document in accordance with written instructions signed by the Required Lenders (or, to the extent required by Section 8.2, all Lenders), and such instructions and any action taken or failure to act pursuant thereto shall be binding on all of the Lenders and on all holders of Notes. The Agent shall be fully justified in failing or refusing to take any action hereunder and under any other Loan Document unless it shall first be indemnified to its satisfaction by the Lenders pro rata against any and all liability, cost and expense that it may incur by reason of taking or continuing to take any such action.

10.6. Employment of Agents and Counsel. The Agent may execute any of its duties as Agent hereunder and under any other Loan Document by or through employees, agents and attorneys-in-fact and shall not be answerable to the Lenders, except as to money or securities received by it or its authorized agents, for the default or misconduct of any such agents or attorneys-in-fact selected by it with reasonable care. The Agent shall be entitled to advice of counsel concerning all matters pertaining to the agency hereby created and its duties hereunder and under any other Loan Document.

10.7. Reliance on Documents; Counsel. The Agent shall be entitled to rely upon any Note, notice, consent, certificate, affidavit, letter, telegram, statement, paper or document believed by it to be genuine and correct and to have been signed or sent by the proper person or persons, and, in respect to legal matters, upon the opinion of counsel selected by the Agent, which counsel may be employees of the Agent.

10.8. Agent's Reimbursement and Indemnification. The Lenders agree to reimburse and indemnify the Agent ratably in proportion to their respective Commitments (or, if the Commitments have been terminated, in proportion to their Commitments immediately prior to such termination) (a) for any amounts not reimbursed by the Borrower for which the Agent is entitled to reimbursement by the Borrower under the Loan Documents, (b) for any other expenses incurred by the Agent on behalf of the Lenders, in connection with the preparation, execution, delivery, administration and enforcement of the Loan Documents, and (c) for any liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind and nature whatsoever which may be imposed on, incurred by or

asserted against the Agent in any way relating to or arising out of the Loan Documents or any other document delivered in connection therewith or the transactions contemplated thereby, or the enforcement of any of the terms thereof or of any such other documents; provided, that no Lender shall be liable for any of the foregoing to the extent they arise from the gross negligence or willful misconduct of the Agent. The obligations of the Lenders under this Section 10.8 shall survive payment of the Obligations and termination of this Agreement.

10.9. Notice of Default. The Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Unmatured Default hereunder unless the Agent has received written notice from a Lender or the Borrower referring to this Agreement describing such Default or Unmatured Default and stating that such notice is a "notice of default". In the event that the Agent receives such a notice, the Agent shall give prompt notice thereof to the Lenders.

10.10. Rights as a Lender. In the event the Agent is a Lender, the Agent shall have the same rights and powers hereunder and under any other Loan Document as any Lender, including, without limitation, pursuant to Article XII hereof, and may exercise the same as though it were not the Agent, and the term "Lender" or "Lenders" shall, at any time when the Agent is a Lender, unless the context otherwise indicates, include the Agent in its individual capacity. The Agent may accept deposits from, lend money to, and generally engage in any kind of trust, debt, equity or other transaction, in addition to those contemplated by this Agreement or any other Loan Document, with the Borrower or any of its Subsidiaries in which the Borrower or such Subsidiary is not restricted hereby from engaging with any other Person.

10.11. Lender Credit Decision. Each Lender acknowledges that it has, independently and without reliance upon the Agent or any other Lender and based on the financial statements prepared by the Borrower and such other documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement and the other Loan Documents. Each Lender also acknowledges that it will, independently and without reliance upon the Agent or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement and the other Loan Documents.

10.12. Successor Agent. The Agent may resign at any time by giving written notice thereof to the Lenders and the Borrower, such resignation to be effective upon the appointment of a successor Agent or, if no successor Agent has been appointed, forty-five days after the retiring Agent gives notice of its intention to resign. Upon any such resignation, the Required Lenders shall have the right to appoint, on behalf of the

Lenders, a successor Agent, which successor Agent, so long as no Default is continuing, shall be reasonably acceptable to the Borrower. If no successor Agent shall have been so appointed by the Required Lenders and shall have accepted such appointment within thirty days after the resigning Agent's giving notice of its intention to resign, then the resigning Agent may appoint, on behalf of the Borrower and the Lenders, a successor Agent, which successor Agent, so long as no Default is continuing, shall be reasonably acceptable to the Borrower. If the Agent has resigned and no successor Agent has been appointed, the Lenders may perform all the duties of the Agent hereunder and the Borrower shall make all payments in respect of the Obligations to the applicable Lender and for all other purposes shall deal directly with the Lenders. No successor Agent shall be deemed to be appointed hereunder until such successor Agent has accepted the appointment. Any such successor Agent shall be a commercial bank having capital and retained earnings of at least \$50,000,000 and with a Lending Installation in the United States of America. Upon the acceptance of any appointment as Agent hereunder by a successor Agent, such successor Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the resigning Agent. Upon the effectiveness of the resignation of the Agent, the resigning Agent shall be discharged from its duties and obligations hereunder and under the Loan Documents. After the effectiveness of the resignation of an Agent, the provisions of this Article X shall continue in effect for its benefit in respect of any actions taken or omitted to be taken by it while it was acting as the Agent hereunder and under the other Loan Documents.

ARTICLE XI

SETOFF; RATABLE PAYMENTS

11.1. Setoff. In addition to, and without limitation of, any rights of the Lenders under applicable law, if the Borrower becomes insolvent, however evidenced, or any Default or Unmatured Default occurs, any and all deposits (including all account balances, whether provisional or final and whether or not collected or available) and any other Indebtedness at any time held or owing by any Lender to or for the credit or account of the Borrower may be offset and applied toward the payment of the Obligations owing to such Lender, whether or not the Obligations, or any part hereof, shall then be due.

11.2. Ratable Payments. If any Lender, whether by setoff or otherwise, has payment made to it upon its Loans (other than payments received pursuant to Section 2.18, 3.1, 3.2 or 3.4) in a greater proportion than its pro-rata share of such Loans, such Lender agrees, promptly upon demand, to purchase a portion of the Loans held by the other Lenders so that after such purchase each Lender will hold its ratable proportion of Loans. If any Lender, whether in connection with setoff or amounts which might be subject to setoff or otherwise, receives collateral or other protection for its Obligations or such amounts which may be subject to setoff, such Lender agrees, promptly upon demand, to take such action necessary such that all Lenders share in the benefits of such collateral ratably in proportion to their Loans. In case any such payment is disturbed by legal process, or otherwise, appropriate further adjustments shall be made. If an amount to be setoff is to be applied to Indebtedness of the Borrower to a Lender, other than

Indebtedness evidenced by any of the Notes held by such Lender, such amount shall be applied ratably to such other Indebtedness and to the Indebtedness evidenced by such Notes.

ARTICLE XII

BENEFIT OF AGREEMENT; ASSIGNMENTS; PARTICIPATIONS

12.1. Successors and Assigns. The terms and provisions of the Loan Documents shall be binding upon and inure to the benefit of the Borrower and the Lenders and their respective successors and assigns, except that (a) the Borrower shall not have the right to assign its rights or obligations under the Loan Documents, and (b) any assignment by any Lender must be made in compliance with Section 12.3. Notwithstanding clause (b) of the preceding sentence, any Lender may at any time, without the consent of the Borrower or the Agent, assign all or any portion of its rights under this Agreement and its Notes to a Federal Reserve Bank; provided, however, that no such assignment to a Federal Reserve Bank shall release the transferor Lender from its obligations hereunder. The Agent may treat the payee of any Note as the owner thereof for all purposes hereof unless and until such payee complies with Section 12.3 in the case of an assignment thereof or, in the case of any other transfer, a written notice of the transfer is filed with the Agent. Any assignee or transferee of a Note agrees by acceptance thereof to be bound by all the terms and provisions of the Loan Documents. Any request, authority or consent of any Person, who at the time of making such request or giving such authority or consent is the holder of any Note, shall be conclusive and binding on any subsequent holder, transferee or assignee of such Note or of any Note or Notes issued in exchange therefor.

12.2. Participations.

12.2.1. Permitted Participants; Effect. Any Lender may, in the ordinary course of its business and in accordance with applicable law, at any time sell to one or more banks or other entities ("Participants") participating interests in any Loan owing to such Lender, any Note held by such Lender, any Commitment of such Lender or any other interest of such Lender under the Loan Documents. In the event of any such sale by a Lender of participating interests to a Participant, such Lender's obligations under the Loan Documents shall remain unchanged, such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, such Lender shall remain the holder of any such Note for all purposes under the Loan Documents, all amounts payable by the Borrower under this Agreement shall be determined as if such Lender had not sold such participating interests, and the Borrower and the Agent shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under the Loan Documents.

12.2.2. Voting Rights. Each Lender shall retain the sole right to approve, without the consent of any Participant, any amendment, modification or waiver of any provision of the Loan Documents other than any amendment, modification or waiver which effects any of the modifications referenced in clauses (a) through (f) of Section 8.2.

12.2.3. Benefit of Setoff. The Borrower agrees that each Participant shall be deemed to have the right of setoff provided in Section 11.1 in respect of its participating interest in amounts owing under the Loan Documents to the same extent as if the amount of its participating interest were owing directly to it as a Lender under the Loan Documents; provided, that each Lender shall retain the right of setoff provided in Section 11.1 with respect to the amount of participating interests sold to each Participant. The Lenders agree to share with each Participant, and each Participant, by exercising the right of setoff provided in Section 11.1, agrees to share with each Lender, any amount received pursuant to the exercise of its right of setoff, such amounts to be shared in accordance with Section 11.2 as if each Participant were a Lender.

12.3. Assignments.

12.3.1. Permitted Assignments. Any Lender may, in the ordinary course of its business and in accordance with applicable law, at any time assign to one or more banks or other entities ("Purchasers") all or any part of its rights and obligations under the Loan Documents; provided, however, that in the case of an assignment to an entity which is not a Lender or an Affiliate of a Lender, such assignment shall be in a minimum amount (when added to the amount of the assignment of such Lender's obligations under the Valley Credit Agreement) of \$5,000,000 (or, if less, the entire amount of such Lender's Commitment). Such assignment shall be substantially in the form of Exhibit D hereto or in such other form as may be agreed to by the parties thereto. The consent of the Agent and, so long as no Default under Section 7.2, 7.6 or 7.7 is continuing, the Borrower, shall be required prior to an assignment becoming effective with respect to a Purchaser which is not a Lender or an Affiliate thereof. Such consent shall not be unreasonably withheld. Notwithstanding anything to the contrary contained herein, any assignment by a Lender of its rights and obligations under the Loan Documents shall be accompanied by an assignment to the same assignee of the same ratable share of the rights and obligations of such Lender under the Valley Credit Agreement in respect of its obligations thereunder.

12.3.2. Effect; Effective Date. Upon (a) delivery to the Agent of a notice of assignment, substantially in the form attached as Exhibit I to Exhibit D hereto (a "Notice of Assignment"), together with any consents required by Section 12.3.1, and (b) payment of a \$3,000 fee to the Agent for processing such assignment, such assignment shall become effective on the effective date specified in such Notice of Assignment. On and after the effective date of such assignment, (a) such Purchaser shall for all purposes be a Lender party to this Agreement and any other Loan Document executed by the Lenders and shall have all the rights and

obligations of a Lender under the Loan Documents, to the same extent as if it were an original party hereto, and (b) the transferor Lender shall be released with respect to the percentage of the Aggregate Commitment and Loans assigned to such Purchaser without any further consent or action by the Borrower, the Lenders or the Agent. Upon the consummation of any assignment to a Purchaser pursuant to this Section 12.3.2, the transferor Lender, the Agent and the Borrower shall make appropriate arrangements so that replacement Notes are issued to such transferor Lender and new Notes or, as appropriate, replacement Notes, are issued to such Purchaser, in each case in principal amounts reflecting their Commitment, as adjusted pursuant to such assignment.

12.4. Dissemination of Information. Subject to Section 9.17(b), the Borrower authorizes each Lender to disclose to any Participant or Purchaser or any other Person acquiring an interest in the Loan Documents by operation of law (each a "Transferee") and any prospective Transferee any and all information in such Lender's possession concerning the creditworthiness of the Borrower and its Subsidiaries.

12.5. Tax Treatment. If any interest in any Loan Document is transferred to any Transferee which is organized under the laws of any jurisdiction other than the United States or any State thereof, the transferor Lender shall cause such Transferee, concurrently with the effectiveness of such transfer, to comply with the provisions of Section 2.18.

ARTICLE XIII

NOTICES

13.1. Giving Notice. All notices and other communications provided to any party hereto under this Agreement or any other Loan Document shall be in writing, by facsimile, first class U.S. mail or overnight courier and addressed or delivered to such party at its address set forth below its signature hereto or at such other address as may be designated by such party in a notice to the other parties. Any notice, if mailed and properly addressed with first class postage prepaid, return receipt requested, shall be deemed given three (3) Business Days after deposit in the U.S. mail; any notice, if transmitted by facsimile, shall be deemed given when transmitted; and any notice given by overnight courier shall be deemed given when received by the addressee.

13.2. Change of Address. The Borrower, the Agent and any Lender may each change the address for service of notice upon it by a notice in writing to the other parties hereto.

ARTICLE XIV

AMENDMENT AND RESTATEMENT

14.1. (a) This Agreement amends and restates in its entirety the Credit Agreement, dated as of November 26, 1996, among the Borrower, the financial institutions from time to time party thereto and First Chicago, as agent (as amended, supplemented or otherwise modified through the date hereof, the "Prior Credit Agreement") and, upon the Restatement Effective Date, the terms and provisions of Prior Credit Agreement shall, subject to this Article XIV, be superseded hereby and thereby. Prior to the Restatement Effective Date, the Prior Credit Agreement shall continue to govern the making of any Loans and any outstanding Loans and Obligations.

(b) Notwithstanding the amendment and restatement of the Prior Credit Agreement by this agreement, the Loans under, and as defined in, the Prior Credit Agreement ("Continuing Loans") and all accrued interest, fees and expenses owing to First Chicago and Fleet National Bank by the Borrower shall remain outstanding as of the Restatement Effective Date and constitute continuing Obligations under this Agreement. The Continuing Loans shall in all respects be continuing, and this Agreement shall not be deemed to evidence or result in a novation or repayment and re-borrowing of the Continuing Loans. In furtherance of and without limiting the foregoing (i) all interest, fees and expenses which have arisen under the Prior Agreement shall be paid on the applicable due date therefor specified in this Agreement and (ii) from and after the Restatement Effective Date, the terms, conditions and covenants governing the Continuing Loans shall be solely as set forth in this Agreement, which shall supersede the Prior Credit Agreement to the extent provided in this Article XIV.

THE CREDITS

2.1. Advances. (a) From and including the date hereof to but excluding the Facility Termination Date, each Lender severally (and not jointly) agrees, on the terms and conditions set forth in this Agreement, to make Advances to the Borrower from time to time in amounts not to exceed in the aggregate at any one time outstanding the amount of its pro-rata share of the Aggregate Commitment existing at such time. Subject to the terms of this Agreement, the Borrower may borrow, repay and reborrow Advances at any time prior to the Facility Termination Date.

(b) The Borrower hereby agrees that if at any time, as a result of reductions in the Aggregate Commitment pursuant to Section 2.7 or otherwise, the aggregate balance of the Loans exceeds the Aggregate Commitment, the Borrower shall repay immediately its then outstanding Loans in such amount as may be necessary to eliminate such excess.

(c) The Borrower's obligation to pay the principal of, and interest on, the Loans shall be evidenced by the Notes. Although the Notes shall be dated the date of this Agreement, interest in respect thereof shall be payable only for the periods during which the Loans evidenced thereby are outstanding and, although the stated amount of each Note shall be equal to the applicable Lender's Commitment, each Note shall be enforceable, with respect to the Borrower's obligation to pay the principal amount thereof, only to the extent of the unpaid principal amount of the Loans at the time evidenced thereby.

(d) All Advances and all Loans shall mature, and the principal amount thereof and the unpaid accrued interest thereon shall be due and payable, on the Facility Termination Date.

2.2. Ratable Loans. Each Advance hereunder shall consist of Loans made from the several Lenders ratably in proportion to the ratio that their respective Commitments bear to the Aggregate Commitment.

2.3. Types of Advances. The Advances may be ABR Advances or Eurodollar Advances, or a combination thereof, selected by the Borrower in accordance with Sections 2.8 and 2.9.

2.4. Facility Fee; Reductions in Aggregate Commitment. (a) The Borrower agrees to pay to the Agent for the account of each Lender a facility fee ("Facility Fee") in an amount equal to the Applicable Facility Fee Margin per annum times the daily average Commitment of

such Lender from the date hereof to and including the Facility Termination Date, payable on each Payment Date hereafter and on the Facility Termination Date. All accrued Facility Fees shall be payable on the effective date of any termination of the obligations of the Lenders to make Loans hereunder.

(b) The Borrower may permanently reduce the Aggregate Commitment in whole, or in part ratably among the Lenders in a minimum aggregate amount of \$1,000,000 upon at least three (3) Business Days' written notice to the Agent, which notice shall specify the amount of any such reduction; provided, however, that the amount of the Aggregate Commitment may not be reduced below the aggregate principal amount of the outstanding Advances. Such reductions shall be in addition to reductions occurring pursuant to Section 2.7(b). Voluntary commitment reductions pursuant to this Section 2.4(b) shall be applied to the mandatory commitment reductions required to be made pursuant to Section 2.7(a) in direct order of maturity.

2.5. Minimum Amount of Each Advance. Each Advance shall be in the minimum amount of \$1,000,000 (and in integral multiples of \$500,000 if in excess thereof); provided, however, that (a) any ABR Advance may be in the amount of the unused Aggregate Commitment and (b) in no event shall more than six (6) Eurodollar Advances be permitted to be outstanding at any time.

2.6. Optional Principal Payments. The Borrower may from time to time pay, without penalty or premium, all outstanding ABR Advances, or, in a minimum aggregate amount of \$1,000,000 any portion of the outstanding ABR Advances upon two Business Days' prior notice to the Agent. Subject to Section 3.4 and upon like notice, a Eurodollar Advance may be paid prior to the last day of the applicable Interest Period in a minimum amount of \$1,000,000 or an integral multiple of \$500,000 in excess thereof.

2.7. Mandatory Commitment Reductions. (a) The Aggregate Commitment shall be automatically and permanently reduced by the following amounts (or such lesser amount as a result of reductions pursuant to Section 2.7(c)) on the following dates:

Date	Reduction Amount
-----	-----
June 30, 1999	\$ 1,000,000
June 30, 2000	\$ 2,000,000
June 30, 2001	\$ 2,000,000
July 30, 2002	\$10,000,000

(b) The Aggregate Commitment shall also be automatically and permanently reduced in the amounts and at the times set forth below:

(i) within 5 Business Days after the receipt in the form of cash or cash equivalents thereof by the Borrower, 100% of the aggregate Net Available Proceeds in excess of \$1,000,000 realized upon all Asset Dispositions in any Fiscal Year of the Borrower; and

(ii) within 5 Business Days after the receipt in the form of cash or cash equivalents thereof by the Borrower, 85% of the Net Available Proceeds realized upon the sale by the Borrower of any equity securities issued by it after the date of this Agreement in excess of an aggregate amount of \$1,000,000 (other than a sale of common stock of the Borrower to Parent).

(c) Mandatory commitment reductions under Section 2.7(b) shall be cumulative and in addition to reductions occurring pursuant to Section 2.4(b). Any mandatory commitment reductions under Section 2.7(b) shall be applied to the mandatory commitment reductions required to be made pursuant to Section 2.7(a) in the inverse order of maturity.

(d) Any reduction in the Aggregate Commitment pursuant to this Section 2.7 or otherwise shall ratably reduce the Commitment of each Lender.

2.8. Method of Selecting Types and Interest Periods for New Advances. The Borrower shall select the Type of Advance and, in the case of each Eurodollar Advance, the Interest Period applicable to each Advance from time to time; provided, however, that in the event Loans are incurred on the date of this Agreement, all Loans incurred on such date shall be ABR Advances. The Borrower shall give the Agent irrevocable notice (a "Borrowing Notice") not later than 10:00 a.m. (Chicago time) on the Borrowing Date of each ABR Advance and at least three (3) Business Days before the Borrowing Date for each Eurodollar Advance, specifying:

- (a) the Borrowing Date of such Advance, which shall be a Business Day;
- (b) the aggregate amount of such Advance;
- (c) the Type of Advance selected;
- (d) in the case of each Eurodollar Advance, the Interest Period applicable thereto, which shall end on or prior to the Facility Termination Date; and
- (e) any changes to money transfer instructions previously delivered to the Agent.

Not later than noon (Chicago time) on each Borrowing Date, each Lender shall make available

its Loan or Loans, in funds immediately available in Chicago, to the Agent at its address specified pursuant to Article XIII. The Agent will make the funds so received from the Lenders available to the Borrower at the Agent's aforesaid address or at such account at such other institution in the United States of America as the Borrower may indicate in the Borrowing Notice.

2.9. Conversion and Continuation of Outstanding Advances. ABR Advances shall continue as ABR Advances unless and until such ABR Advances are converted into Eurodollar Advances. Each Eurodollar Advance shall continue as a Eurodollar Advance until the end of the then applicable Interest Period therefor, at which time such Eurodollar Advance shall be automatically converted into an ABR Advance unless the Borrower shall have given the Agent a Conversion/Continuation Notice requesting that, at the end of such Interest Period, such Eurodollar Advance continue as a Eurodollar Advance for the same or another Interest Period. Subject to the terms of Section 2.5, the Borrower may elect from time to time to convert all or any part of an Advance of any Type into any other Type or Types of Advances; provided, however, that any conversion of any Eurodollar Advance shall be made on, and only on, the last day of the Interest Period applicable thereto. The Borrower shall give the Agent irrevocable notice (a "Conversion/Continuation Notice") of each conversion of an ABR Advance or continuation of a Eurodollar Advance not later than 10:00 a.m. (Chicago time) on the conversion date, in the case of a conversion into an ABR Advance, or at least three (3) Business Days, in the case of a conversion into or continuation of a Eurodollar Advance, prior to the date of the requested conversion or continuation, specifying:

(a) the requested date of such conversion or continuation, which shall be a Business Day;

(b) the aggregate amount and Type of the Advance which is to be converted or continued; and

(c) the amount and Type(s) of Advance(s) into which such Advance is to be converted or continued and, in the case of a conversion into or continuation of a Eurodollar Advance, the duration of the Interest Period applicable thereto, which shall end on or prior to the Facility Termination Date.

2.10. Changes in Interest Rate, etc. Each ABR Advance shall bear interest at the Alternate Base Rate from and including the date of such Advance or the date on which such Advance was converted into an ABR Advance to (but not including) the date on which such ABR Advance is paid or converted to a Eurodollar Advance. Changes in the rate of interest on that portion of any Advance maintained as an ABR Advance will take effect simultaneously with each change in the Alternate Base Rate. Each Eurodollar Advance shall bear interest from and

including the first day of the Interest Period applicable thereto to, but not including, the last day of such Interest Period at the Eurodollar Rate determined as applicable to such Eurodollar Advance plus the Applicable Eurodollar Margin. No Interest Period may end after the Facility Termination Date. The Borrower shall select Interest Periods so that it is not necessary to repay any portion of a Eurodollar Advance prior to the last day of the applicable Interest Period in order to make a mandatory repayment required pursuant to Section 2.7(a).

2.11. Rates Applicable After Default. Notwithstanding anything to the contrary contained in Section 2.8 or 2.9, no Advance may be made as, converted into or continued as a Eurodollar Advance (except with the consent of the Agent and the Required Lenders) when any Default or Unmatured Default has occurred and is continuing. During the continuance of a Default the Required Lenders may, at their option, by notice to the Borrower (which notice may be revoked at the option of the Required Lenders notwithstanding any provision of Section 8.2 requiring unanimous consent of the Lenders to changes in interest rates), declare that each Eurodollar Advance and ABR Advance shall bear interest (for the remainder of the applicable Interest Period in the case of Eurodollar Advances) at a rate per annum equal to the rate otherwise applicable plus two percent (2%) per annum; provided, however, that such increased rate shall automatically and without action of any kind by the Lenders become and remain applicable until revoked by the Required Lenders in the event of a Default described in Section 7.6 or 7.7.

2.12. Method of Payment. All payments of the Obligations hereunder shall be made, without setoff, deduction or counterclaim, in immediately available funds to the Agent at the Agent's address specified pursuant to Article XIII, or at any other Lending Installation of the Agent specified in writing by the Agent to the Borrower (at least two Business Days in advance) by noon (Chicago time) on the date when due and shall be applied ratably by the Agent among the Lenders. Each payment delivered to the Agent for the account of any Lender shall be delivered promptly by the Agent to such Lender in the same type of funds that the Agent received at its address specified pursuant to Article XIII or at any Lending Installation specified in a notice received by the Agent from such Lender. The Agent is hereby authorized to charge the account of the Borrower maintained with the Agent for each payment of principal, interest and fees as it becomes due hereunder.

2.13. Notes. Each Lender is hereby authorized to record the principal amount of each of its Loans and each repayment on the schedule attached to its Note; provided, however, that neither the failure to so record nor any error in such recordation shall affect the Borrower's obligations under such Note.

2.14. Interest Payment Dates; Interest and Fee Basis. Interest accrued on each ABR Advance shall be payable on each Payment Date, commencing with the first such date to occur after the date hereof, on any date on which an ABR Advance is prepaid, whether due to

acceleration or otherwise, and at maturity. Interest accrued on that portion of the outstanding principal amount of any ABR Advance converted into a Eurodollar Advance on a day other than a Payment Date shall be payable on the date of conversion. Interest accrued on each Eurodollar Advance shall be payable on the last day of its applicable Interest Period, on any date on which the Eurodollar Advance is prepaid, whether by acceleration or otherwise, and at maturity. Interest accrued on each Eurodollar Advance having an Interest Period longer than three months shall also be payable on the last day of each three-month interval during such Interest Period. Interest and commitment fees shall be calculated for actual days elapsed on the basis of a 360-day year. Interest shall be payable for the day an Advance is made but not for the day of any payment on the amount paid if payment is received prior to noon (Chicago time) at the place of payment. If any payment of principal or interest on an Advance shall become due on a day which is not a Business Day, such payment shall be made on the next succeeding Business Day and, in the case of a principal payment, such extension of time shall be included in computing interest in connection with such payment.

2.15. Notification of Advances, Interest Rates, Prepayments and Commitment Reductions. Promptly after receipt thereof, the Agent will notify each Lender of the contents of each Aggregate Commitment reduction notice, Borrowing Notice, Conversion/Continuation Notice, and repayment notice received by it hereunder. The Agent will notify each Lender of the interest rate applicable to each Eurodollar Advance promptly upon determination of such interest rate and will give each Lender prompt notice of each change in the Alternate Base Rate.

2.16. Lending Installations. Each Lender may book its Loans at any Lending Installation selected by such Lender and may change its Lending Installation from time to time. All terms of this Agreement shall apply to any such Lending Installation and the Notes shall be deemed held by each Lender for the benefit of such Lending Installation. Each Lender may, by written or telex notice to the Agent and the Borrower, designate a Lending Installation through which Loans will be made by it and for whose account Loan payments are to be made.

2.17. Non-Receipt of Funds by the Agent. Unless the Borrower or a Lender, as the case may be, notifies the Agent prior to the date on which it is scheduled to make payment to the Agent of (a) in the case of a Lender, the proceeds of a Loan, or (b) in the case of the Borrower, a payment of principal, interest or fees to the Agent for the account of the Lenders, that it does not intend to make such payment, the Agent may assume that such payment has been made. The Agent may, but shall not be obligated to, make the amount of such payment available to the intended recipient in reliance upon such assumption. If the Borrower has not in fact made such payment to the Agent, the Lenders shall, on demand by the Agent, repay to the Agent the amount so made available together with interest thereon in respect of each day during the period commencing on the date such amount was so made available by the Agent until the date the Agent recovers such amount at a rate per annum equal to the Federal Funds Effective Rate for such day. If any Lender has not in fact made such payment to the Agent, such Lender or the

Borrower shall, on demand by the Agent, repay to the Agent the amount so made available together with interest thereon in respect of each day during the period commencing on the date such amount was so made available by the Agent until the date the Agent recovers such amount at a rate per annum equal to (a) in the case of payment by a Lender, the Federal Funds Effective Rate for such day, or (b) in the case of payment by the Borrower, the interest rate applicable to the relevant loan.

2.18. Taxes. (a) Any payments made by either Loan Party under this Agreement or any other Loan Document shall be made free and clear of, and without deduction or withholding for or on account of, any present or future income, stamp or other taxes, levies, imposts, duties, charges, fees, deductions or withholdings, now or hereafter imposed, levied, collected, withheld or assessed by any Governmental Authority, excluding net income taxes and franchise taxes or any other tax based upon any income imposed on the Agent or any Lender by the jurisdiction in which the Agent or such Lender is incorporated or has its principal place of business or maintains its Lending Installation. If any such non-excluded taxes, levies, imposts, duties, charges, fees, deductions or withholdings ("Non-Excluded Taxes") are required to be withheld from any amounts payable to the Agent or any Lender hereunder, the amounts so payable to the Agent or such Lender shall be increased to the extent necessary to yield to the Agent or such Lender (after payment of all Non-Excluded Taxes) interest or any such other amounts payable hereunder at the rates or in the amounts specified in or pursuant to this Agreement; provided, however, that no Loan Party shall be required to increase any such amounts payable to any Lender that is not organized under the laws of the U.S. or a state thereof if such Lender fails to comply with the requirements of paragraph (b) of this Section 2.18. Whenever any Non-Excluded Taxes are payable by either Loan Party, as promptly as practicable thereafter such Loan Party shall send to the Agent for its own account or for the account of such Lender, as the case may be, a certified copy of an original official receipt received by such Loan Party showing payment thereof. If either Loan Party fails to pay any Non-Excluded Taxes when due to the appropriate taxing authority or fails to remit to the Agent the required receipts or other required documentary evidence, each Loan Party shall indemnify the Agent and the Lenders for any incremental taxes, interest or penalties that may become payable by any Agent or any Lender as a result of any such failure. The agreements in this Section 2.18 shall survive the termination of this Agreement and the payment of all other amounts payable hereunder.

(b) At least five Business Days prior to the first date on which interest or fees are payable hereunder for the account of any Lender, each Lender that is not incorporated under the laws of the United States of America, or a state thereof, agrees that it will deliver to each of the Borrower and the Agent two duly completed and properly executed copies of United States Internal Revenue Service Form 1001 or 4224 (or a successor form), certifying in either case that such Lender is entitled to receive payments under this Agreement and the Notes without deduction or withholding of any United States federal income taxes. Each Lender which so delivers a Form 1001 or 4224 (or a successor form) further undertakes to deliver to each of the

Borrower and the Agent two additional duly completed and properly executed copies of such form (or a successor form) on or before the date that such form expires (currently, three successive calendar years for Form 1001 and each tax year for Form 4224) or becomes obsolete or after the occurrence of any event requiring a change in the most recent forms so delivered by it, and such amendments thereto or extensions or renewals thereof as may be reasonably requested by the Borrower or the Agent, in each case certifying that such Lender is entitled to receive payments under this Agreement and the Notes without deduction or withholding of any United States federal income taxes, unless an event (including, without limitation, any change in treaty, law or regulation) has occurred prior to the date on which any such delivery would otherwise be required which renders all such forms inapplicable or which would prevent such Lender from duly completing and delivering any such form with respect to it and such Lender advises the Borrower and the Agent that it is not capable of receiving payments without any deduction or withholding of United States federal income tax.

2.19. Agent's Fees. The Borrower shall pay to the Agent those fees, in addition to the Facility Fees referenced in Section 2.4(a), in the amounts and at the times separately agreed to between the Agent and the Borrower.

ARTICLE III

CHANGE IN CIRCUMSTANCES

3.1. Yield Protection. If, after the date hereof, the adoption of or any change in any law or any governmental or quasi-governmental rule, regulation, policy, guideline or directive (whether or not having the force of law), or any new interpretation thereof, or the compliance of any Lender with such adoption, change or interpretation,

(ai subjects any Lender or any applicable Lending Installation to any tax, duty, charge or withholding on or from payments due from the Borrower (excluding taxation of the overall net income of any Lender or applicable Lending Installation imposed by the jurisdiction in which such Lender or Lending Installation is incorporated or has its principal place of business), or changes the basis of taxation of principal, interest or any other payments to any Lender or Lending Installation in respect of its Loans or other amounts due it hereunder, or

(bi imposes or increases or deems applicable any reserve, assessment, insurance charge, special deposit or similar requirement against assets of, deposits with or for the account of, or credit extended by, any Lender or any applicable Lending Installation (other than reserves and assessments taken into account in determining the interest rate applicable to Eurodollar Advances), or

(ci imposes any other condition the result of which is to increase the cost to any Lender or any applicable Lending Installation of making, funding or maintaining Loans or reduces any amount receivable by any Lender or any applicable Lending Installation in connection with any Loans, or requires any Lender or any applicable Lending Installation to make any payment calculated by reference to the amount of Loans held, or interest received by it, by an amount deemed material by such Lender,

then, within 15 days of demand by such Lender, the Borrower shall pay such Lender that portion of such increased expense incurred or resulting in an amount received which such Lender determines is attributable to making, funding and maintaining its Loans and its Commitment.

3.2. Changes in Capital Adequacy Regulations. If a Lender determines the amount of capital required or expected to be maintained by such Lender, any Lending Installation of such Lender or any corporation controlling such Lender is increased as a result of a Change, then, within 15 days of demand by such Lender, the Borrower shall pay such Lender the amount necessary to compensate for any shortfall in the rate of return on the portion of such increased capital which such Lender determines is attributable to this Agreement, its Loans or its obligation to make Loans hereunder (after taking into account such Lender's policies as to capital adequacy). "Change" means (a) any change after the date of this Agreement in the Risk-Based Capital Guidelines, or (b) any adoption of or change in any other law, governmental or quasi-governmental rule, regulation, policy, guideline, interpretation, or directive (whether or not having the force of law) after the date of this Agreement which affects the amount of capital required or expected to be maintained by any Lender or any Lending Installation or any corporation controlling any Lender. "Risk-Based Capital Guidelines" means (a) the risk-based capital guidelines in effect in the United States on the date of this Agreement and (b) the corresponding capital regulations promulgated by regulatory authorities outside the United States implementing the July 1988 report of the Basle Committee on Banking Regulation and Supervisory Practices entitled "International Convergence of Capital Measurements and Capital Standards" and any amendments to such regulations adopted prior to the date of this Agreement.

3.3. Availability of Types of Advances. If any Lender determines that maintenance of its Eurodollar Loans at a suitable Lending Installation would violate any applicable law, rule, regulation, or directive, whether or not having the force of law, or if the Required Lenders determine that (a) deposits of a type and maturity appropriate to match fund Eurodollar Advances are not available, or (b) the interest rate applicable to a Eurodollar Advance does not accurately or fairly reflect the cost of making or maintaining such Advance, then the Agent shall suspend the availability of the Eurodollar Advances until such circumstance no longer exists and require any Eurodollar Advances to be repaid.

3.4. Funding Indemnification. If any payment of a Eurodollar Advance occurs on a date which is not the last day of the applicable Interest Period, whether because of acceleration,

prepayment or otherwise, or a Eurodollar Advance is not made on the date specified by the Borrower for any reason other than default by the Lenders, the Borrower will indemnify the Agent and each Lender for any loss or cost incurred by it resulting therefrom, including, without limitation, any loss or cost in liquidating or employing deposits acquired to fund or maintain the Eurodollar Advance.

3.5. Lender Statements; Survival of Indemnity. To the extent reasonably possible, each Lender shall designate an alternate Lending Installation with respect to its Eurodollar Advances to reduce any liability of the Borrower to such Lender under Sections 2.18, 3.1 and 3.2 or to avoid the unavailability of a Type of Advance under Section 3.3, so long as such designation is not disadvantageous to such Lender. Each Lender shall deliver a written statement of such Lender to the Borrower (with a copy to the Agent) as to the amount due, if any, under Section 3.1, 3.2 or 3.4. Such written statement shall set forth in reasonable detail the calculations upon which such Lender determined such amount and shall be final, conclusive and binding on the Borrower in the absence of manifest error. Determination of amounts payable under such Sections in connection with a Eurodollar Advance shall be calculated as though each Lender funded its Eurodollar Advances through the purchase of a deposit of the type and maturity corresponding to the deposit used as a reference in determining the Eurodollar Rate applicable to such Loan, whether in fact that is the case or not. Unless otherwise provided herein, the amount specified in the written statement of any Lender shall be payable on demand after receipt by the Borrower of the written statement. The obligations of the Borrower under Sections 3.1, 3.2 and 3.4 shall survive payment of the Obligations and termination of this Agreement.

If any Default described in Section 7.6 or 7.7 occurs with respect to the Borrower, the obligations of the Lenders to make Loans hereunder shall automatically terminate and the Obligations shall immediately become due and payable without any election or action on the part of the Agent or any Lender. If any other Default occurs, the Required Lenders (or the Agent with the consent of the Required Lenders) may terminate or suspend the obligations of the Lenders to make Loans hereunder, or declare the Obligations to be due and payable, or both, whereupon the Obligations shall become immediately due and payable, without presentment, demand, protest or notice of any kind, all of which the Borrower hereby expressly waives.

If, within ten Business Days after acceleration of the maturity of the Obligations or termination of the obligations of the Lenders to make Loans hereunder as a result of any Default (other than any Default as described in Section 7.6 or 7.7 with respect to the Borrower) and before any judgment or decree for the payment of the Obligations due shall have been obtained or entered, the Required Lenders (in their sole discretion) shall so direct, the Agent shall, by notice to the Borrower, rescind and annul such acceleration and/or termination.

8.2. Amendments. Subject to the provisions of this Article VIII, the Required Lenders (or the Agent with the consent in writing of the Required Lenders) and the Loan Parties may enter into agreements supplemental hereto for the purpose of adding or modifying any provisions to the Loan Documents or changing in any manner the rights of the Lenders or either Loan Party hereunder or waiving any Default hereunder; provided, however, that no such supplemental agreement shall, without the consent of each Lender:

9.5. Entire Agreement. The Loan Documents embody the entire agreement and understanding among the Loan Parties, the Agent and the Lenders and supersede all prior agreements and understandings among the Borrower, the Agent and the Lenders relating to the subject matter thereof other than the fee letter, dated July 30, 1997, in favor of First Chicago.

9.6. Several Obligations; Benefits of this Agreement. The respective obligations of the Lenders hereunder are several and not joint and no Lender shall be the partner or agent of any other (except to the extent to which the Agent is authorized to act as such). The failure of any Lender to perform any of its obligations hereunder shall not relieve any other Lender from any of its obligations hereunder. This Agreement shall not be construed so as to confer any right or benefit upon any Person other than the parties to this Agreement and their respective successors and assigns.

9.7. Expenses; Indemnification. Each Loan Party agrees to reimburse the Agent for any costs, internal charges and out-of-pocket expenses (including attorneys' fees and time charges of attorneys for the Agent, which attorneys may be employees of the Agent) paid or incurred by the Agent in connection with the preparation, negotiation, execution, delivery, review, amendment, modification, and administration of the Loan Documents. The obligations of each Loan Party under this Section shall survive the termination of this Agreement.

9.8. Numbers of Documents. All statements, notices, closing documents, and requests hereunder shall be furnished to the Agent with sufficient counterparts so that the Agent may furnish one to each of the Lenders.

9.9. Accounting. Except as provided to the contrary herein, all accounting terms used herein shall be interpreted and all accounting determinations hereunder shall be made in accordance with Agreement Accounting Principles.

9.10. Severability of Provisions. Any provision in any Loan Document that is held to be inoperative, unenforceable, or invalid in any jurisdiction shall, as to that jurisdiction, be inoperative, unenforceable, or invalid without affecting the remaining provisions in that jurisdiction or the operation, enforceability, or validity of that provision in any other jurisdiction, and to this end the provisions of all Loan Documents are declared to be severable.

9.11. Nonliability of Lenders. The relationship between the Borrower and the Lenders and the Agent shall be solely that of borrower and lender. Neither the Agent nor any Lender shall have any fiduciary responsibilities to either Loan Party. Neither the Agent nor any Lender undertakes any responsibility to either Loan Party to review or inform either Loan Party of any matter in connection with any phase of either Loan Party's business or operations. Each Loan Party shall rely entirely upon its own judgment with respect to its business, and any review, inspection or supervision of, or information supplied to either Loan Party by the Agent or the Lenders is for the protection of the Agent and the Lenders and no Loan Party nor any other Person is entitled to rely thereon. Whether or not such damages are related to a claim that is subject to the waiver effected above and whether or not such waiver is effective, neither the Agent nor any Lender shall have any liability with respect to, and each Loan Party hereby waives, releases and agrees not to sue for, any special, indirect or consequential damages suffered by either Loan Party in connection with, arising out of, or in any way related to the Loan Documents or the transactions contemplated thereby or the relationship established by the Loan Documents, or any act, omission or event occurring in connection therewith.

9.12. CHOICE OF LAW. THE LOAN DOCUMENTS (OTHER THAN THOSE CONTAINING A CONTRARY EXPRESS CHOICE OF LAW PROVISION) SHALL BE CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS, WITHOUT REGARD TO CONFLICT OF LAWS PROVISIONS, OF THE STATE OF ILLINOIS, BUT GIVING EFFECT TO FEDERAL LAWS APPLICABLE TO NATIONAL BANKS.

9.13. CONSENT TO JURISDICTION. EACH LOAN PARTY HEREBY IRREVOCABLY SUBMITS TO THE NON-EXCLUSIVE JURISDICTION OF ANY UNITED STATES FEDERAL OR ILLINOIS STATE COURT SITTING IN CHICAGO IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO ANY LOAN DOCUMENTS AND EACH LOAN PARTY HEREBY IRREVOCABLY AGREES THAT ALL CLAIMS IN RESPECT OF SUCH ACTION OR PROCEEDING MAY BE HEARD AND

DETERMINED IN ANY SUCH COURT AND IRREVOCABLY WAIVES ANY OBJECTION IT MAY NOW OR HEREAFTER HAVE AS TO THE VENUE OF ANY SUCH SUIT, ACTION OR PROCEEDING BROUGHT IN SUCH A COURT OR THAT SUCH COURT IS AN INCONVENIENT FORUM. NOTHING HEREIN SHALL LIMIT THE RIGHT OF THE AGENT OR ANY LENDER TO BRING PROCEEDINGS AGAINST EITHER LOAN PARTY IN THE COURTS OF ANY OTHER JURISDICTION. ANY JUDICIAL PROCEEDING BY EITHER LOAN PARTY AGAINST THE AGENT OR ANY LENDER OR ANY AFFILIATE OF THE AGENT OR ANY LENDER INVOLVING, DIRECTLY OR INDIRECTLY, ANY MATTER IN ANY WAY ARISING OUT OF, RELATED TO, OR CONNECTED WITH ANY LOAN DOCUMENT SHALL BE BROUGHT ONLY IN A COURT IN CHICAGO, ILLINOIS; PROVIDED, THAT SUCH PROCEEDINGS MAY BE BROUGHT IN OTHER COURTS IF JURISDICTION MAY NOT BE OBTAINED IN A COURT IN CHICAGO, ILLINOIS.

9.14. WAIVER OF JURY TRIAL. EACH LOAN PARTY, THE AGENT AND EACH LENDER HEREBY WAIVE TRIAL BY JURY IN ANY JUDICIAL PROCEEDING INVOLVING, DIRECTLY OR INDIRECTLY, ANY MATTER (WHETHER SOUNDING IN TORT, CONTRACT OR OTHERWISE) IN ANY WAY ARISING OUT OF, RELATED TO, OR CONNECTED WITH ANY LOAN DOCUMENT OR THE RELATIONSHIP ESTABLISHED THEREUNDER.

9.15. Disclosure. Each Loan Party and each Lender hereby (a) acknowledge and agree that First Chicago and/or its Affiliates from time to time may hold other investments in, make other loans to or have other relationships with either Loan Party, including, without limitation, in connection with any interest rate hedging instruments or agreements or swap transactions, and (b) waive any liability of First Chicago or such Affiliate to either Loan Party or any Lender, respectively, arising out of or resulting from such investments, loans or relationships other than liabilities arising out of the gross negligence or willful misconduct of First Chicago or its Affiliates to the extent that such liability would not have arisen but for First Chicago's status as Agent hereunder.

9.16. Counterparts. This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one agreement, and any of the parties hereto may execute this Agreement by signing any such counterpart. This Agreement shall be effective when it has been executed by each Loan Party, the Agent and the Lenders and each party has notified the Agent that it has taken such action.

9.17. Treatment of Certain Information: Confidentiality.

(a) Each Loan Party acknowledges that (i) services may be offered or provided to it (in connection with this Agreement or otherwise) by each Lender or by one or more subsidiaries or affiliates of such Lender and (ii) information delivered to each Lender by

such Loan Party and its Subsidiaries may be provided to each such Subsidiary and Affiliate, it being understood that any such Subsidiary or Affiliate receiving such information shall be bound by the provisions of clause (b) below as if it were a Lender hereunder.

(b) Each Lender and the Agent agrees (on behalf of itself and each of its affiliates, directors, officers, employees and representatives) to use reasonable precautions to keep confidential, in accordance with their customary procedures for handling confidential information of this nature and in accordance with safe and sound banking practices, any non-public information supplied to it by either Loan Party pursuant to this Agreement, provided that nothing herein shall limit the disclosure of any such information (i) to the extent required by statute, rule, regulation or judicial process, (ii) to counsel for any of the Lenders or the Agent, (iii) to bank examiners, auditors or accountants, (iv) to the Agent or any other Lender (or to First Chicago Capital Markets, Inc.), (v) in connection with any litigation to which any one or more of the Lenders or the Agent is a party, (vi) to a subsidiary or affiliate of such Lender as provided in clause (a) above, (vii) to any assignee or participant (or prospective assignee or participant) so long as such assignee or participant (or prospective assignee or participant) agrees with the respective Lender to keep such information confidential on substantially the terms set forth in this Section 9.17(b), (viii) to any other Person as may be reasonably required in the course of the enforcement of any Lender's rights or remedies hereunder or under any of such Lender's Note, or (ix) to any other creditor of either Loan Party or any of its Subsidiaries at any time during the continuance of a Default; provided that in no event shall any Lender or the Agent be obligated or required to return any materials furnished by either Loan Party.

ARTICLE X

THE AGENT

10.1. Appointment. First Chicago is hereby appointed Agent hereunder and under each other Loan Document, and each of the Lenders authorizes the Agent to act as the agent of such Lender. The Agent agrees to act as such upon the express conditions contained in this Article X. The Agent shall not have a fiduciary relationship in respect of either Loan Party or any Lender by reason of this Agreement.

10.2. Powers. The Agent shall have and may exercise such powers under the Loan Documents as are specifically delegated to the Agent by the terms of each thereof, together with such powers as are reasonably incidental thereto. The Agent shall have no implied duties to the Lenders, or any obligation to the Lenders to take any action thereunder, except any action specifically provided by the Loan Documents to be taken by the Agent.

10.3. General Immunity. Neither the Agent nor any of its directors, officers, agents or employees shall be liable to either Loan Party or any Lender for any action taken or omitted to be

taken by it or them hereunder or under any other Loan Document or in connection herewith or therewith except for its or their own gross negligence or willful misconduct.

10.4. No Responsibility for Loans, Recitals, etc. Neither the Agent nor any of its directors, officers, agents or employees shall be responsible for or have any duty to ascertain, inquire into, or verify (a) any statement, warranty or representation made in connection with any Loan Document or any borrowing hereunder, (b) the performance or observance of any of the covenants or agreements of any obligor under any Loan Document, including, without limitation, any agreement by an obligor to furnish information directly to each Lender; (c) the satisfaction of any condition specified in Article IV, except receipt of items required to be delivered to the Agent and not waived at closing, or (d) the validity, effectiveness, sufficiency, enforceability or genuineness of any Loan Document or any other instrument or writing furnished in connection therewith. The Agent shall have no duty to disclose to the Lenders information that is not required to be furnished by either Loan Party to the Agent at such time, but is voluntarily furnished by either Loan Party to the Agent (either in its capacity as Agent or in its individual capacity).

10.5. Action on Instructions of Lenders. The Agent shall in all cases be fully protected in acting, or in refraining from acting, hereunder and under any other Loan Document in accordance with written instructions signed by the Required Lenders (or, to the extent required by Section 8.2, all Lenders), and such instructions and any action taken or failure to act pursuant thereto shall be binding on all of the Lenders and on all holders of Notes. The Agent shall be fully justified in failing or refusing to take any action hereunder and under any other Loan Document unless it shall first be indemnified to its satisfaction by the Lenders pro rata against any and all liability, cost and expense that it may incur by reason of taking or continuing to take any such action.

10.6. Employment of Agents and Counsel. The Agent may execute any of its duties as Agent hereunder and under any other Loan Document by or through employees, agents and attorneys-in-fact and shall not be answerable to the Lenders, except as to money or securities received by it or its authorized agents, for the default or misconduct of any such agents or attorneys-in-fact selected by it with reasonable care. The Agent shall be entitled to advice of counsel concerning all matters pertaining to the agency hereby created and its duties hereunder and under any other Loan Document.

10.7. Reliance on Documents; Counsel. The Agent shall be entitled to rely upon any Note, notice, consent, certificate, affidavit, letter, telegram, statement, paper or document believed by it to be genuine and correct and to have been signed or sent by the proper person or persons, and, in respect to legal matters, upon the opinion of counsel selected by the Agent, which counsel may be employees of the Agent.

10.8. Agent's Reimbursement and Indemnification. The Lenders agree to reimburse and indemnify the Agent ratably in proportion to their respective Commitments (or, if the Commitments have been terminated, in proportion to their Commitments immediately prior to such termination) (a) for any amounts not reimbursed by either Loan Party for which the Agent is entitled to reimbursement by such Loan Party under the Loan Documents, (b) for any other expenses incurred by the Agent on behalf of the Lenders, in connection with the preparation, execution, delivery, administration and enforcement of the Loan Documents, and (c) for any liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind and nature whatsoever which may be imposed on, incurred by or asserted against the Agent in any way relating to or arising out of the Loan Documents or any other document delivered in connection therewith or the transactions contemplated thereby, or the enforcement of any of the terms thereof or of any such other documents; provided, that no Lender shall be liable for any of the foregoing to the extent they arise from the gross negligence or willful misconduct of the Agent. The obligations of the Lenders under this Section 10.8 shall survive payment of the Obligations and termination of this Agreement.

10.9. Notice of Default. The Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Unmatured Default hereunder unless the Agent has received written notice from a Lender or the Borrower referring to this Agreement describing such Default or Unmatured Default and stating that such notice is a "notice of default". In the event that the Agent receives such a notice, the Agent shall give prompt notice thereof to the Lenders.

10.10. Rights as a Lender. In the event the Agent is a Lender, the Agent shall have the same rights and powers hereunder and under any other Loan Document as any Lender, including, without limitation, pursuant to Article XII hereof, and may exercise the same as though it were not the Agent, and the term "Lender" or "Lenders" shall, at any time when the Agent is a Lender, unless the context otherwise indicates, include the Agent in its individual capacity. The Agent may accept deposits from, lend money to, and generally engage in any kind of trust, debt, equity or other transaction, in addition to those contemplated by this Agreement or any other Loan Document, with either Loan Party or any of its Subsidiaries in which such Loan Party or such Subsidiary is not restricted hereby from engaging with any other Person.

10.11. Lender Credit Decision. Each Lender acknowledges that it has, independently and without reliance upon the Agent or any other Lender and based on the financial statements prepared by the Loan Parties and such other documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement and the other Loan Documents. Each Lender also acknowledges that it will, independently and without reliance upon the Agent or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement and the other Loan Documents.

10.12. Successor Agent. The Agent may resign at any time by giving written notice thereof to the Lenders and the Borrower, such resignation to be effective upon the appointment of a successor Agent or, if no successor Agent has been appointed, forty-five days after the retiring Agent gives notice of its intention to resign. Upon any such resignation, the Required Lenders shall have the right to appoint, on behalf of the Lenders, a successor Agent, which successor Agent, so long as no Default is continuing, shall be reasonably acceptable to the Borrower. If no successor Agent shall have been so appointed by the Required Lenders and shall have accepted such appointment within thirty days after the resigning Agent's giving notice of its intention to resign, then the resigning Agent may appoint, on behalf of the Borrower and the Lenders, a successor Agent, which successor Agent, so long as no Default is continuing, shall be reasonably acceptable to the Borrower. If the Agent has resigned and no successor Agent has been appointed, the Lenders may perform all the duties of the Agent hereunder and the Borrower shall make all payments in respect of the Obligations to the applicable Lender and for all other purposes shall deal directly with the Lenders. No successor Agent shall be deemed to be appointed hereunder until such successor Agent has accepted the appointment. Any such successor Agent shall be a commercial bank having capital and retained earnings of at least \$50,000,000 and with a Lending Installation in the United States of America. Upon the acceptance of any appointment as Agent hereunder by a successor Agent, such successor Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the resigning Agent. Upon the effectiveness of the resignation of the Agent, the resigning Agent shall be discharged from its duties and obligations hereunder and under the Loan Documents. After the effectiveness of the resignation of an Agent, the provisions of this Article X shall continue in effect for its benefit in respect of any actions taken or omitted to be taken by it while it was acting as the Agent hereunder and under the other Loan Documents.

ARTICLE XI

SETOFF; RATABLE PAYMENTS

11.1. Setoff. In addition to, and without limitation of, any rights of the Lenders under applicable law, if the Borrower becomes insolvent, however evidenced, or any Default or Unmatured Default occurs, any and all deposits (including all account balances, whether provisional or final and whether or not collected or available) and any other Indebtedness at any time held or owing by any Lender to or for the credit or account of the Borrower may be offset and applied toward the payment of the Obligations owing to such Lender, whether or not the Obligations, or any part hereof, shall then be due.

11.2. Ratable Payments. If any Lender, whether by setoff or otherwise, has payment made to it upon its Loans (other than payments received pursuant to Section 2.18, 3.1, 3.2 or 3.4) in a greater proportion than its pro-rata share of such Loans, such Lender agrees, promptly upon

demand, to purchase a portion of the Loans held by the other Lenders so that after such purchase each Lender will hold its ratable proportion of Loans. If any Lender, whether in connection with setoff or amounts which might be subject to setoff or otherwise, receives collateral or other protection for its Obligations or such amounts which may be subject to setoff, such Lender agrees, promptly upon demand, to take such action necessary such that all Lenders share in the benefits of such collateral ratably in proportion to their Loans. In case any such payment is disturbed by legal process, or otherwise, appropriate further adjustments shall be made. If an amount to be setoff is to be applied to Indebtedness of the Borrower to a Lender, other than Indebtedness evidenced by any of the Notes held by such Lender, such amount shall be applied ratably to such other Indebtedness and to the Indebtedness evidenced by such Notes.

ARTICLE XII

BENEFIT OF AGREEMENT; ASSIGNMENTS; PARTICIPATIONS

12.1. Successors and Assigns. The terms and provisions of the Loan Documents shall be binding upon and inure to the benefit of each Loan Party and the Lenders and their respective successors and assigns, except that (a) no Loan Party shall have the right to assign its rights or obligations under the Loan Documents, and (b) any assignment by any Lender must be made in compliance with Section 12.3. Notwithstanding clause (b) of the preceding sentence, any Lender may at any time, without the consent of either Loan Party or the Agent, assign all or any portion of its rights under this Agreement and its Notes to a Federal Reserve Bank; provided, however, that no such assignment to a Federal Reserve Bank shall release the transferor Lender from its obligations hereunder. The Agent may treat the payee of any Note as the owner thereof for all purposes hereof unless and until such payee complies with Section 12.3 in the case of an assignment thereof or, in the case of any other transfer, a written notice of the transfer is filed with the Agent. Any assignee or transferee of a Note agrees by acceptance thereof to be bound by all the terms and provisions of the Loan Documents. Any request, authority or consent of any Person, who at the time of making such request or giving such authority or consent is the holder of any Note, shall be conclusive and binding on any subsequent holder, transferee or assignee of such Note or of any Note or Notes issued in exchange therefor.

12.2. Participations.

12.2.1. Permitted Participants; Effect. Any Lender may, in the ordinary course of its business and in accordance with applicable law, at any time sell to one or more banks or other entities ("Participants") participating interests in any Loan owing to such Lender, any Note held by such Lender, any Commitment of such Lender or any other interest of such Lender under the Loan Documents. In the event of any such sale by a Lender of participating interests to a Participant, such Lender's obligations under the Loan Documents shall remain unchanged, such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, such Lender shall remain the holder of any such Note for all purposes under the Loan Documents, all amounts payable by the Borrower under this Agreement shall be determined as if such Lender had not sold such participating interests, and each Loan Party and the Agent shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under the Loan Documents.

12.2.2. Voting Rights. Each Lender shall retain the sole right to approve, without the consent of any Participant, any amendment, modification or waiver of any provision of the Loan Documents other than any amendment, modification or waiver which effects any of the modifications referenced in clauses (a) through (f) of Section 8.2.

12.2.3. Benefit of Setoff. The Borrower agrees that each Participant shall be deemed to have the right of setoff provided in Section 11.1 in respect of its participating interest in amounts owing under the Loan Documents to the same extent as if the amount of its participating interest were owing directly to it as a Lender under the Loan Documents; provided, that each Lender shall retain the right of setoff provided in Section 11.1 with respect to the amount of participating interests sold to each Participant. The Lenders agree to share with each Participant, and each Participant, by exercising the right of setoff provided in Section 11.1, agrees to share with each Lender, any amount received pursuant to the exercise of its right of setoff, such amounts to be shared in accordance with Section 11.2 as if each Participant were a Lender.

12.3. Assignments.

12.3.1. Permitted Assignments. Any Lender may, in the ordinary course of its business and in accordance with applicable law, at any time assign to one or more banks or other entities ("Purchasers") all or any part of its rights and obligations under the Loan Documents; provided, however, that in the case of an assignment to an entity which is not a Lender or an Affiliate of a Lender, such assignment shall be in a minimum amount (when added to the amount of the assignment of such Lender's obligations under the White Mountains Credit Agreement) of \$5,000,000 (or, if less, the entire amount of such Lender's Commitment). Such assignment shall be substantially in the form of Exhibit C hereto or in such other form as may be agreed to by the parties thereto. The consent of the Agent and, so long as no Default under Section 7.2, 7.6 or 7.7 is continuing, the Borrower, shall be required prior to an assignment becoming effective with respect to a Purchaser which is not a Lender or an Affiliate thereof. Such consent shall not be unreasonably withheld. Notwithstanding anything to the contrary contained herein, any assignment by a Lender of its rights and obligations under the Loan Documents shall be accompanied by an assignment to the same assignee of the same ratable share of the rights and obligations of such Lender under the White Mountains Credit Agreement in respect of its obligations thereunder.

12.3.2. Effect; Effective Date. Upon (a) delivery to the Agent of a notice of assignment, substantially in the form attached as Exhibit I to Exhibit C hereto (a "Notice of Assignment"), together with any consents required by Section 12.3.1, and (b) payment of a \$3,000 fee to the Agent for processing such assignment, such assignment shall become effective on the effective date specified in such Notice of Assignment. On and after the effective date of such assignment, (a) such Purchaser shall for all purposes be a Lender party to this Agreement and any other Loan Document executed by the Lenders and shall have all the rights and obligations of a Lender under the Loan Documents, to the same extent as if it were an original party hereto, and (b) the transferor Lender shall be released with respect to the percentage of the Aggregate Commitment and Loans assigned to such Purchaser without any further consent or action by the Borrower, the Lenders or the Agent. Upon the consummation of any assignment to a Purchaser pursuant to this Section 12.3.2, the transferor Lender, the Agent and the Borrower shall make appropriate arrangements so that replacement Notes are issued to such transferor Lender and new Notes or, as appropriate, replacement Notes, are issued to such Purchaser, in each case in principal amounts reflecting their Commitment, as adjusted pursuant to such assignment.

12.4. Dissemination of Information. Subject to Section 9.18(b), each Loan Party authorizes each Lender to disclose to any Participant or Purchaser or any other Person acquiring an interest in the Loan Documents by operation of law (each a "Transferee") and any prospective Transferee any and all information in such Lender's possession concerning the creditworthiness of such Loan Party and its Subsidiaries.

12.5. Tax Treatment. If any interest in any Loan Document is transferred to any

Transferee which is organized under the laws of any jurisdiction other than the United States or any State thereof, the transferor Lender shall cause such Transferee, concurrently with the effectiveness of such transfer, to comply with the provisions of Section 2.18.

ARTICLE XIII

NOTICES

13.1. Giving Notice. All notices and other communications provided to any party hereto under this Agreement or any other Loan Document shall be in writing, by facsimile, first class U.S. mail or overnight courier and addressed or delivered to such party at its address set forth below its signature hereto or at such other address as may be designated by such party in a notice to the other parties. Any notice, if mailed and properly addressed with first class postage prepaid, return receipt requested, shall be deemed given three (3) Business Days after deposit in the U.S. mail; any notice, if transmitted by facsimile, shall be deemed given when transmitted; and any notice given by overnight courier shall be deemed given when received by the addressee.

13.2. Change of Address. Either Loan Party, the Agent and any Lender may each change the address for service of notice upon it by a notice in writing to the other parties hereto.

ARTICLE XIV

GUARANTY

14.1. Parent hereby absolutely, irrevocably and unconditionally guarantees prompt, full and complete payment when due, whether at stated maturity, upon acceleration or otherwise, and at all times thereafter, of (a) the principal of and interest on the Advances made by the Lenders to, and the Notes held by the Lenders of, the Borrower and (b) all other amounts from time to time owing to the Lenders by the Borrower under this Agreement, the Notes and the other Loan Documents, including without limitation all Obligations of the Borrower (solely for purposes of this Article XIV, collectively referred to as the "Guaranteed Debt"). This is a guaranty of payment, not a guaranty of collection.

14.2. Parent waives notice of the acceptance of this Article XIV (solely for purposes of this Article XIV, referred to as the "Guaranty") and of the extension or incurrence of the Guaranteed Debt or any part thereof. Parent further waives all setoffs and counterclaims and presentment, protest, notice, filing of claims with a court in the event of receivership, bankruptcy or reorganization of the Borrower, demand or action on delinquency in respect of the Guaranteed

Debt or any part thereof, including any right to require the Agent or any Lender to sue the Borrower, or any other person obligated with respect to the Guaranteed Debt or any part thereof, or otherwise to enforce payment thereof against any collateral securing the Guaranteed Debt or any part thereof.

14.3. Parent hereby agrees that, to the fullest extent permitted by law, its obligations hereunder shall be continuing, absolute and unconditional under any and all circumstances and not subject to any reduction, limitation, impairment, termination, defense (other than indefeasible payment in full), setoff, counterclaim or recoupment whatsoever (all of which are hereby expressly waived by it to the fullest extent permitted by law), whether by reason of any claim of any character whatsoever, including, without limitation, any claim of waiver, release, surrender, alteration or compromise. The validity and enforceability of this Guaranty shall not be impaired or affected by any of the following: (a) any extension, modification or renewal of, or indulgence with respect to, or substitution for, the Guaranteed Debt or any part thereof or any agreement relating thereto at any time; (b) any failure or omission to perfect or maintain any lien on, or preserve rights to, any security or collateral or to enforce any right, power or remedy with respect to the Guaranteed Debt or any part thereof or any agreement relating thereto, or any collateral securing the Guaranteed Debt or any part thereof; (c) any waiver of any right, power or remedy or of any default with respect to the Guaranteed Debt or any part thereof or any agreement relating thereto or with respect to any collateral securing the Guaranteed Debt or any part thereof; (d) any release, surrender, compromise, settlement, waiver, subordination or modification, with or without consideration, of any collateral securing the Guaranteed Debt or any part thereof, any other guaranties with respect to the Guaranteed Debt or any part thereof, or any other obligations of any person or entity with respect to the Guaranteed Debt or any part thereof; (e) the enforceability or validity of the Guaranteed Debt or any part thereof or the genuineness, enforceability or validity of any agreement relating thereto or with respect to any collateral securing the Guaranteed Debt or any part thereof; (f) the application of payments received from any source to the payment of indebtedness other than the Guaranteed Debt, any part thereof or amounts which are not covered by this Guaranty even though the Agent or any Lender might lawfully have elected to apply such payments to any part or all of the Guaranteed Debt or to amounts which are not covered by this Guaranty; (g) any change of ownership of the Borrower or the insolvency, bankruptcy or any other change in the legal status of the Borrower; (h) any change in, or the imposition of, any law, decree, regulation or other governmental act which does or might impair, delay or in any way affect the validity, enforceability or the payment when due of the Guaranteed Debt; (i) the failure of the Borrower to maintain in full force, validity or effect or to obtain or renew when required all governmental and other approvals, licenses or consents required in connection with the Guaranteed Debt or this Guaranty, or to take any other action required in connection with the performance of all obligations pursuant to the Guaranteed Debt or this Guaranty; (j) the existence of any claim, setoff or other rights which Parent may have at any time against the Borrower in connection herewith or with any unrelated transaction; (k) the Agent's or any Lender's election, in any case or proceeding instituted under chapter 11 of the

Bankruptcy Code, of the application of section 1111(b)(2) of the Bankruptcy Code; (l) any borrowing, use of cash collateral, or grant of a security interest by the Borrower, as debtor in possession, under section 363 or 364 of the United States Bankruptcy Code; (m) the disallowance of all or any portion of the Lender's claims for repayment of the Guaranteed Debt under section 502 or 506 of the United States Bankruptcy Code; or (n) any other fact or circumstance which might otherwise constitute grounds at law or equity for the discharge or release of Parent from its obligations hereunder, all whether or not Parent shall have had notice or knowledge of any act or omission referred to in the foregoing clauses (a) through (n) of this paragraph. It is agreed that Parent's liability hereunder is independent of any other guaranties or other obligations at any time in effect with respect to the Guaranteed Debt or any part thereof and that Parent's liability hereunder may be enforced regardless of the existence, validity, enforcement or non-enforcement of any such other guaranties or other obligations or any provision of any applicable law or regulation purporting to prohibit payment by the Borrower of the Guaranteed Debt in the manner agreed upon between the Agent, the Lenders and the Borrower.

14.4. Credit may be granted or continued from time to time by the Agent and/or any Lender to the Borrower without notice to or authorization from Parent regardless of the Borrower's financial or other condition at the time of any such grant or continuation. Neither the Agent nor any Lender shall have any obligation to disclose or discuss with Parent its assessment of the financial condition of the Borrower.

14.5. Until the irrevocable payment in full of the Obligations and termination of all commitments which could give rise to any Obligation, Parent shall have no right of subrogation with respect to the Guaranteed Debt and hereby waives any right to enforce any remedy which the Agent and/or the Lenders now has or may hereafter have against the Borrower, any endorser or any other guarantor of all or any part of the Guaranteed Debt, and Parent hereby waives any benefit of, and any right to participate in, any security or collateral given to the Agent and/or the Lenders to secure payment of the Guaranteed Debt or any part thereof or any other liability of the Borrower to the Agent and/or the Lenders.

14.6. Parent authorizes the Agent and the Lenders to take any action or exercise any remedy with respect to any collateral from time to time securing the Guaranteed Debt, which the Agent and the Lenders in their sole discretion (but subject, as applicable, to the terms of this Agreement and of any documentation pursuant to which a Lien in such collateral is granted) shall determine, without notice to Parent. Notwithstanding any reference herein to any collateral securing any of the Guaranteed Debt, it is acknowledged that, on the date hereof, neither Parent nor any of its Subsidiaries has granted, or has any obligation to grant, any security interest in or other lien on any of its property as security for the Guaranteed Debt.

14.7. In the event the Agent and the Lenders in their sole discretion elect to give notice

of any action with respect to any collateral securing the Guaranteed Debt or any part thereof, ten (10) days' written notice mailed to Parent by ordinary mail at the address shown hereon shall be deemed reasonable notice of any matters contained in such notice. Parent consents and agrees that neither the Agent nor any Lender shall be under any obligation to marshal any assets in favor of Parent or against or in payment of any or all of the Guaranteed Debt.

14.8. In the event that acceleration of the time for payment of any of the Guaranteed Debt is stayed upon the insolvency, bankruptcy or reorganization of the Borrower, or otherwise, all such amounts shall nonetheless be payable by Parent forthwith upon demand by the Agent. Parent further agrees that, to the extent that the Borrower makes a payment or payments to the Agent or any Lender on the Guaranteed Debt, or the Agent or any Lender receives any proceeds of collateral securing the Guaranteed Debt, which payment or receipt of proceeds or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be returned or repaid to the Borrower, its estate, trustee, receiver, debtor in possession or any other party, including, without limitation, Parent, under any insolvency or bankruptcy law, state or federal law, common law or equitable cause, then to the extent of such payment, return or repayment, the obligation or part thereof which has been paid, reduced or satisfied by such amount shall be reinstated and continued in full force and effect as of the date when such initial payment, reduction or satisfaction occurred.

14.9. No delay on the part of the Agent or any Lender in the exercise of any right, power or remedy shall operate as a waiver thereof, and no single or partial exercise by the Agent or any Lender of any right, power or remedy shall preclude any further exercise thereof; nor shall any amendment, supplement, modification or waiver of any of the terms or provisions of this Guaranty be binding upon the Agent or any Lender, except as expressly set forth in a writing duly signed and delivered by the Agent and the Lenders. The failure by the Agent or any Lender at any time or times hereafter to require strict performance by the Borrower or Parent of any of the provisions, warranties, terms and conditions contained in any promissory note, security agreement, agreement, guaranty, instrument or document now or at any time or times hereafter executed pursuant to the terms of, or in connection with, this Agreement by the Borrower or Parent and delivered to the Agent or any Lender shall not waive, affect or diminish any right of the Agent or any Lender at any time or times hereafter to demand strict performance thereof, and such right shall not be deemed to have been waived by any act or knowledge of the Agent or any Lender, its agents, officers or employees, unless such waiver is contained in an instrument in writing duly signed and delivered by the Agent or such Lender. No waiver by the Agent or any Lender of any default shall operate as a waiver of any other default or the same default on a future occasion, and no action by the Agent or any Lender permitted hereunder shall in any way affect or impair the Agent's or such Lender's rights or powers, or the obligations of Parent under this Guaranty. Any determination by a court of competent jurisdiction of the amount of any Guaranteed Debt owing by the Borrower to the Agent and the Lender shall be conclusive and binding on Parent irrespective of whether Parent was a party to the suit or action in which such

determination was made.

14.10. Subject to the provisions of Section 14.8, this guaranty shall continue in effect until this Agreement has terminated, the Guaranteed Debt has been paid in full and the other conditions of this guaranty have been satisfied.

ARTICLE XV

AMENDMENT AND RESTATEMENT

15.1. REPORT OF INDEPENDENT ACCOUNTANTS

To the Shareholders and Board of Directors
of Financial Security Assurance Holdings Ltd.:

We have audited the accompanying consolidated balance sheets of Financial Security Assurance Holdings Ltd. and Subsidiaries as of December 31, 1997 and 1996 and the related consolidated statements of income, changes in shareholders' equity, and cash flows for each of the three years in the period ended December 31, 1997. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Financial Security Assurance Holdings Ltd. and Subsidiaries as of December 31, 1997 and 1996, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 1997, in conformity with generally accepted accounting principles.

AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 1997, 1996 AND 1995

1. ORGANIZATION AND OWNERSHIP

Financial Security Assurance Holdings Ltd. (the Company) is a holding company incorporated in the State of New York. The Company is principally engaged (through its insurance subsidiaries) in providing financial guaranty insurance on asset-backed and municipal obligations. The Company's underwriting policy is to insure asset-backed and municipal obligations that it determines would be of investment-grade quality without the benefit of the Company's insurance. The asset-backed obligations insured by the Company are generally issued in structured transactions and are backed by pools of assets such as residential mortgage loans, consumer or trade receivables, securities or other assets having an ascertainable cash flow or market value. The municipal obligations insured by the Company consist primarily of general obligation bonds that are supported by the issuers' taxing power and of special revenue bonds and other special obligations of states and local governments that are supported by the issuers' ability to impose and collect fees and charges for public services or specific projects. Financial guaranty insurance written by the Company guarantees payment when due of scheduled payments on an issuer's obligation. In the case of a payment default on an insured obligation, the Company is generally required to pay the principal, interest or other amounts due in accordance with the obligation's original payment schedule or, at its option, to pay such amounts on an accelerated basis.

The Company expects to continue to emphasize a diversified insured portfolio characterized by insurance of both asset-backed and municipal obligations, with a broad geographic distribution and a variety of revenue sources and transaction structures. The Company's insured portfolio consists primarily of asset-backed and municipal obligations originated in the United States, but the Company has also written and continues to pursue business in Europe and the Pacific Rim.

On December 20, 1995, a subsidiary of the Company merged (the Merger) with Capital Guaranty Corporation (CGC). The Merger provided for each CGC share to be exchanged for 0.6716 share of the Company's common stock and cash of \$5.69. The Company issued in the aggregate 6,051,661 common shares and paid aggregate cash consideration of \$51,300,000. At December 31, 1995, the Company was owned 50.3% by U S WEST, Inc. (U S WEST), 7.8% by Fund American Enterprises Holdings, Inc. (Fund American), 6.1% by The Tokio Marine and Fire Insurance Co., Ltd. (Tokio Marine) and 35.8% by the public and employees. At December 31, 1996, the Company was owned 40.4% by U S WEST, 11.5% by Fund American, 6.4% by Tokio Marine and 41.7% by the public and employees. At December 31, 1997, the Company was owned 42.1% by U S WEST, 12.0% by Fund American, 6.7% by Tokio Marine and 39.2% by the public and employees. These percentages are calculated based upon outstanding shares, which are reduced by treasury shares as presented in these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles (GAAP), which, for the insurance company subsidiaries, differ in certain material respects from the accounting practices prescribed or permitted by insurance regulatory authorities (see Note 6). The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities in the Company's consolidated balance sheets at December 31, 1997 and 1996 and the reported amounts of revenues and expenses in the consolidated statements of income during the years ended December 31, 1997, 1996 and 1995. Such estimates and assumptions include, but are not limited to, losses and loss adjustment expenses and the deferral and amortization of deferred policy acquisition costs. Actual results may differ from those estimates. Significant accounting policies under GAAP are as follows:

Basis of Presentation

The consolidated financial statements include the accounts of the Company and its direct and indirect wholly owned subsidiaries, FSA Portfolio Management Inc., CGC, Transaction Services Corporation, Financial Security Assurance Inc. (FSA), FSA Insurance Company, Financial Security Assurance of Oklahoma, Inc. and Financial Security Assurance (U.K.) Limited (collectively, the Subsidiaries). All intercompany accounts and transactions have been eliminated. Certain prior-year balances have been reclassified to conform to the 1997 presentation. The Merger was accounted for on a purchase accounting basis. In view of the short period between the date of the Merger, December 20, 1995, and the year-end, the date of the Merger for accounting purposes is considered to be December 31, 1995. As a result, the accounting for the Merger has no effect on the Company's consolidated statement of income for the year ended December 31, 1995, except for the recording of \$15,400,000 in losses and loss adjustment expenses to increase FSA's general reserve to provide for the insured portfolio assumed by FSA in the Merger (see Notes 17 and 19).

Investments

Investments in debt securities designated as available for sale are carried at market value. Any resulting unrealized gain or loss is reflected as a separate component of shareholders' equity, net of applicable deferred income taxes. All of the Company's long-term investments are classified as available for sale.

Bond discounts and premiums are amortized on the effective yield method over the remaining terms of the securities acquired. For mortgage-backed securities, and any other holdings for which prepayment risk may be significant, assumptions regarding prepayments are evaluated periodically and revised as necessary. Any adjustments required due to the resulting change in effective yields are recognized in current income. Short-term investments, which are those investments with a maturity of less than one year at time of purchase, are carried at market value, which approximates cost. Realized gains or losses on sale of investments are determined on the basis of specific identification. Investment income is recorded as earned.

To manage adverse movements in interest rates, the Company uses exchange traded futures and options. Primarily, these contracts are designated as hedges of specific identified securities and any gains or losses on these hedges are deferred and included as part of the Company's unrealized gains or losses in stockholders' equity until the disposition of the hedged assets. The Company will discontinue to account for these contracts as hedges if there ceases to be a high correlation between the change in price of the hedged assets and the hedge. Other derivative positions, also in exchange traded futures contracts, that are not accounted for as hedges are marked-to-market on a daily basis, and any gains or losses are included in capital gains or losses.

Premium Revenue Recognition

Gross and ceded premiums are earned in proportion to the amount of risk outstanding over the expected period of coverage. Deferred premium revenue and prepaid reinsurance premiums represent the portion of premium that is applicable to coverage of risk to be provided in the future on policies in force. When an insured issue is retired or defeased prior to the end of the expected period of coverage, the remaining deferred premium revenue and prepaid reinsurance premium, less any amount credited to a refunding issue insured by the Company, are recognized.

Losses and Loss Adjustment Expenses

A case basis reserve for unpaid losses and loss adjustment expenses is recorded at the present value of the estimated loss when, in management's opinion, the likelihood of a future loss is probable and determinable at the balance sheet date. The estimated loss on a transaction is discounted using current risk-free rates.

The general reserve is calculated by applying a loss factor to the total net par amount outstanding of the Company's insured obligations over the term of such insured obligations and discounting the result at risk-free rates. The loss factor used for this purpose has been determined based upon an independent rating agency study of bond defaults and the Company's portfolio characteristics and history. The general reserve is available to be applied against future additions or accretions to existing case basis reserves or to new case basis reserves to be established in the future.

Management of the Company periodically evaluates its estimates for losses and loss adjustment expenses and establishes reserves that management believes are adequate to cover the ultimate net cost of claims. The reserves are necessarily based on estimates, and there can be no assurance that the ultimate liability will not differ from such estimates. The Company will, on an

ongoing basis, monitor these reserves and may periodically adjust such reserves based on the Company's actual loss experience, its future mix of business, and future economic conditions.

Deferred Acquisition Costs

Deferred acquisition costs comprise those expenses that vary with and are primarily related to the production of business, including commissions paid on reinsurance assumed, compensation and related costs of underwriting and marketing personnel, certain rating agency fees, premium taxes and certain other underwriting expenses, reduced by ceding commission income on premiums ceded to reinsurers. Deferred acquisition costs and the cost of acquired business are amortized over the period in which the related premiums are earned. Recoverability of deferred acquisition costs is determined by considering anticipated losses and loss adjustment expenses.

Federal Income Taxes

The provision for income taxes consists of an amount for taxes currently payable and a provision for tax consequences deferred to future periods reflected at current income tax rates.

Earnings per Common Share

In 1997, the Company adopted Statement of Financial Accounting Standards (SFAS) No. 128, Earnings Per Share (EPS), specifying the computation, presentation and disclosure requirements for EPS (see Note 20). The new standard defines "basic" and "diluted" earnings per share. Basic earnings per share are based on average basic shares outstanding, which is calculated by adding shares earned but not issued under the Company's equity bonus and performance share plans to the average common shares outstanding. Diluted earnings per share are based on average diluted shares outstanding, which is calculated by adding shares contingently issuable under stock options, the performance share plan and the Company's convertible preferred stock to the average basic shares outstanding. All earnings per share have been restated to reflect the adoption of SFAS No. 128.

Proceeds from sales of bonds during 1997, 1996 and 1995 were \$1,131,317,000, \$1,118,112,000 and \$608,773,000, respectively. Gross gains of \$12,659,000, \$15,335,000 and \$12,434,000 and gross losses of \$1,440,000, \$12,146,000 and \$7,314,000 were realized on sales in 1997, 1996 and 1995, respectively.

To hedge against changes in yields on certain one-year corporate securities, the Company entered into a series of Eurodollar futures contracts, which were marked-to-market on a daily basis. These contracts were accounted for as hedges. At year-end 1996, the net unrealized loss on the contracts, included in the Company's unrealized gains in the stockholders' equity section, was not material. The aggregate notional amount of these contracts was \$83,728,000 as of December 31, 1996.

The Company held open positions in U.S. Treasury bond futures contracts with an aggregate notional amount of \$33,300,000 and \$20,600,000 as of December 31, 1997 and 1996, respectively. Such positions are marked-to-market on a daily basis, and for the years ended December 31, 1997 and 1996, the Company reported net realized gains of \$190,000 and \$923,000, respectively, which are included in gross realized capital gains, above.

6. STATUTORY ACCOUNTING PRACTICES

GAAP for the Subsidiaries differs in certain significant respects from accounting practices prescribed or permitted by insurance regulatory authorities. The principal differences result from the following statutory accounting practices:

- Upfront premiums on municipal business are recognized as earned when related principal and interest have expired rather than over the expected coverage period;
- Acquisition costs are charged to operations as incurred rather than as related premiums are earned;
- A contingency reserve (rather than a general loss reserve) is computed based on the following statutory requirements:
 - (i) For all policies written prior to July 1, 1989, an amount equal to 50% of cumulative earned premiums less permitted reductions, plus;
 - (ii) For all policies written on or after July 1, 1989, an amount equal to the greater of 50% of premiums written for each category of insured obligation or a designated percentage of principal guaranteed for that category. These amounts are provided each quarter as either 1/60th or 1/80th of the total required for each category, less permitted reductions;
- Certain assets designated as "non-admitted assets" are charged directly to statutory surplus but are reflected as assets under GAAP;
- Federal income taxes are provided only on taxable income for which income taxes are currently payable;
- Accruals for deferred compensation are not recognized;
- Purchase accounting adjustments are not recognized;
- Bonds are carried at amortized cost;
- Surplus notes are recognized as surplus rather than a liability.

A reconciliation of net income for the calendar years 1997, 1996 and 1995 and shareholders' equity at December 31, 1997, 1996 and 1995, reported by the Company on a GAAP basis, to the amounts reported by the Subsidiaries on a statutory basis, is as follows (in thousands):

7. FEDERAL INCOME TAXES

For periods prior to May 13, 1994, the date of the initial public offering when the Company became less than 80% owned by U S WEST, the Company and its Subsidiaries joined with U S WEST and its subsidiaries in filing a consolidated federal income tax return. Under a U S WEST practice, an income tax benefit or liability was allocated to the Company to the extent that benefits were usable or additional liabilities were incurred by U S WEST due to the Company's inclusion in the U S WEST tax returns. For each year since the Company's acquisition by U S WEST, the Company's resulting income tax provision has been the same as if the allocation of taxes were based on a separate return calculation. For the Subsidiaries, under a separate tax sharing agreement with U S WEST, the allocation of income taxes was based upon separate return calculations, which provided that benefits or liabilities created by the Subsidiaries were allocated to the Subsidiaries regardless of whether the benefits were usable or additional liabilities were incurred in the U S WEST tax returns. For periods subsequent to May 12, 1994, the Company and all members of its group elected to file consolidated federal income tax returns. The calculation of each member's tax benefit or liability was controlled by a tax sharing agreement that based the allocation of such benefit or liability upon a separate return calculation.

The cumulative balance sheet effects of deferred tax consequences are (in thousands):

8. SHAREHOLDERS' EQUITY

On September 2, 1994, the Company issued to Fund American 2,000,000 shares of Series A, non-dividend paying, voting, convertible preferred stock having an aggregate liquidation preference of \$700,000. The preferred stock is convertible, at the option of the holder upon payment of the conversion price therefor, into an equal number of shares of common stock (subject to anti-dilutive adjustment). The conversion price per share (subject to anti-dilutive adjustment) is \$29.65. The preferred stock will be redeemed (if then outstanding) on May 13, 2004 at a redemption price of \$0.35 per share. Fund American is entitled to one vote per share of preferred stock, voting together as a single class with the holders of common stock on all matters upon which holders of common stock are entitled to vote. As the holder of the preferred stock, Fund American is not entitled to receive dividends or other distributions of any kind payable to shareholders of the Company, except that, in the event of the liquidation, dissolution or winding up of the Company, it is entitled to receive out of the assets of the Company available therefor, before any distribution or payment is made to the holders of common stock or to any other class of capital stock of the Company ranking junior to the Company's preferred stock, liquidation payments in the amount of \$0.35 per share. Fund American may not transfer the preferred stock, except to one of its majority-owned subsidiaries.

On December 20, 1995, CGC merged with a subsidiary of the Company. The Merger provided for each CGC share to be exchanged for 0.6716 share of the Company's common stock and cash of \$5.69. The Company issued in the aggregate 6,051,661 common shares and paid aggregate cash consideration of \$51,300,000.

In May 1996, the Company repurchased 1,000,000 shares of its common stock from U S WEST for a purchase price of \$26.50 per share. At the same time, the Company also entered into forward agreements with National Westminster Bank Plc and Canadian Imperial Bank of Commerce (the Counterparties) in respect of 1,750,000 shares (the Forward Shares) of the Company's common stock. Under the forward agreements, the Company has the obligation either: (i) to purchase the Forward Shares from the Counterparties for a price equal to \$26.50 per share plus carrying costs or (ii) to direct the Counterparties to sell the Forward Shares, with the Company receiving any excess or making up any shortfall between the sale proceeds and \$26.50 per share plus carrying costs in cash or additional shares, at its option. Simultaneous with the Company entering into the forward agreements, the Company made the economic benefit and risk of 750,000 of these shares available for subscription by certain of the Company's employees and directors. When an individual participant exercises Forward Shares under the subscription program, the Company settles with the participant but does not necessarily close out the corresponding forward share position with the Counterparties. The cost of these settlements during 1997 was \$2,142,000 and was charged to additional paid-in capital. By the fourth quarter of 1997, such exercises by participants had increased the number of shares allocated to the Company from 1,000,000 shares to 1,187,800 shares. During the fourth quarter of 1997, the Company purchased 1,187,800 Forward Shares for \$33,910,000 by exercising rights under the forward agreements. At December 31, 1997, as a result of the Company's exercise, the repurchased shares are held as treasury stock, and the remaining 562,200 Forward Shares were allocated to the subscription program.

9. DIVIDENDS AND CAPITAL REQUIREMENTS

Under New York Insurance Law, FSA may pay a dividend to the Company without the prior approval of the Superintendent of the New York State Insurance Department only from earned surplus subject to the maintenance of a minimum capital requirement. In addition, the dividend, together with all dividends declared or distributed by FSA during the preceding twelve months, may not exceed the lesser of 10% of its policyholders' surplus shown on FSA's last filed statement, or adjusted net investment income, as defined, for such twelve-month period. As of December 31, 1997, FSA had \$49,846,000 available for the payment of dividends over the next twelve months. In addition, the New York Superintendent has approved the repurchase by FSA of up to \$75,000,000 of its shares from the Company through December 31, 1998, pursuant to which FSA has repurchased \$66,500,000 of its shares through December 31, 1997.

10. CREDIT ARRANGEMENTS AND ADDITIONAL CLAIMS-PAYING RESOURCES

The Company has a credit arrangement aggregating \$150,000,000 at December 31, 1997, which is provided by commercial banks and intended for general application to transactions insured by the Subsidiaries. At December 31, 1997, there were no borrowings under this arrangement, which expires on November 23, 1999. In addition, there are credit arrangements assigned to specific insured transactions. In August 1994, FSA entered into a facility agreement with Canadian Global Funding Corporation and Hambros Bank Limited. Under the agreement, FSA can arrange financing for transactions subject to certain conditions. The amount of this facility was \$186,911,000, of which \$100,911,000 was unutilized at December 31, 1997.

FSA has a standby line of credit commitment in the amount of \$240,000,000 with a group of international Aaa/AAA-rated banks to provide loans to FSA after it has incurred, during the term of the facility, cumulative municipal losses (net of any recoveries) in excess of the greater of \$230,000,000 or 5.75% of average annual debt service of the covered portfolio. The obligation to repay loans made under this agreement is a limited recourse obligation payable solely from, and collateralized by, a pledge of recoveries realized on defaulted insured obligations including certain installment premiums and other collateral. This commitment has a term beginning on April 30, 1997 and expiring on April 30, 2004 and contains an annual renewal provision subject to approval by the banks. No amounts have been utilized under this commitment as of December 31, 1997.

In connection with the Merger, the Company assumed \$30,000,000 of CGC's senior notes. Interest on these notes was paid semiannually at the rate of 7.05% per annum. These notes were repaid in September 1997.

On September 18, 1997, the Company issued \$130,000,000 of 7.375% Senior Quarterly Income Debt Securities (Senior QUIDS) due September 30, 2007 and callable without premium or penalty on or after September 18, 2002. Interest on these notes is paid quarterly beginning on December 31, 1997. Debt issuance costs of \$4,300,000 are being amortized over the life of the debt. The Company used the proceeds to repay the CGC senior notes described above, to augment capital in the Subsidiaries, to repurchase Forward Shares (see Note 8) and for general corporate purposes.

11. EMPLOYEE BENEFIT PLANS

The Subsidiaries maintain both a qualified and a non-qualified non-contributory defined contribution pension plan for the benefit of all eligible employees. The Subsidiaries' contributions are based upon a fixed percentage of employee compensation. Pension expense, which is funded as accrued, amounted to \$2,535,000, \$2,215,000 and \$1,898,000 for the years ended December 31, 1997, 1996 and 1995, respectively.

The Subsidiaries have an employee retirement savings plan for the benefit of all eligible employees. The plan permits employees to contribute a percentage of their salaries up to limits prescribed by the Internal Revenue Service (IRS Code, Section 401(k)). The Subsidiaries' contributions are discretionary, and none have been made.

During 1991, the Subsidiaries established the Profit Participation Plan as a long-term incentive compensation plan for the benefit of certain of its employees. Prior to the Company's initial public offering in 1994, the Company adopted a Supplemental Restricted Stock Plan. Pursuant to this plan, awards of outstanding units to existing employees under the Profit Participation Plan were valued at \$0.20 per dollar of award (\$0.70 per dollar of award in the case of 1994 regular units granted thereunder) and, at the election of each outstanding employee, were exchanged for restricted shares of common stock valued at the initial public offering price of \$20.00 per share. All employees of the Company, including all senior executives, exchanged their outstanding interests in the Profit Participation Plan for restricted shares of common stock at the public offering price under the Supplemental Restricted Stock Plan. In exchange for an accrued balance of \$7,126,000 in such Profit Participation Plan, the Company issued 356,345 shares of restricted stock. This transaction was treated as a non-cash financing transaction for cash flow purposes. The stock was restricted because ownership of the shares by employees required continued employment. The shares vested ratably over a three-year period on July 1, 1994, 1995 and 1996.

Pursuant to the 1993 Equity Participation Plan, 1,810,780 shares of common stock, subject to anti-dilutive adjustment, were reserved for awards of options, restricted shares of common stock, and performance shares to employees for the purpose of providing, through the grant of long-term incentives, a means to attract and retain key personnel and to provide to participating officers and other key employees long-term incentives for sustained high levels of performance. Shares available under the 1993 Equity Participation Plan were increased from 1,810,780 to 2,110,780 in May 1995. The 1993 Equity Participation Plan also contains provisions that permit the Human Resources Committee to pay all or a portion of an employee's bonuses in the form of shares of common stock credited to the employees at a 15% discount from current market value and paid to employees five years from the date of award. Up to an aggregate of 10,000,000 shares may be allocated to such equity bonuses. Common stock to pay performance shares, stock options and equity bonus awards is acquired by the Company through open-market purchases by a trust established for such purpose.

During 1994, under the Company's 1993 Equity Participation Plan, the Company granted to officers and employees, in respect of future performance, non-qualified options to purchase an aggregate of 1,099,000 shares of common stock, of which 39,000 were forfeited and 1,060,000 were still outstanding at December 31, 1994, substantially all of which have an exercise price of \$20.00 per share. (As described below, 1,025,500 of these options were converted to performance shares.) The foregoing options vest, subject to continuation of employment and other terms of the option grants, at the rate of 20% per year, for five one-year periods, with the first period ending on July 1, 1994. Such options expire ten years after the effective dates of their grant. In the fourth quarter of 1994, holders of outstanding stock options under the 1993 Equity Participation Plan were offered the right to exchange such stock options for an equal number of performance shares under such Plan. Also, as a result of the Merger, the Company granted stock options to acquire an aggregate of 169,956 shares of common stock with strike prices ranging from \$18.63 to \$23.53 per share to employees of CGC in exchange for outstanding stock options of CGC. During 1997, employees acquired 125,106 shares subject to options at an average strike price of \$22.32 per share and with an average market price of \$41.47 per share. In addition, options to purchase 20,194 shares were forfeited during 1997. Giving effect to such exchange and subsequent awards, at December 31, 1997, there were outstanding 1,366,375 performance shares and options to purchase 56,656 shares of common stock.

Performance shares granted under the 1993 Equity Participation Plan were as follows:

	Outstanding at Beginning of Year -----	Granted During the Year -----	Earned During the Year -----	Forfeited During the Year -----	Outstanding at End of Year -----	Market Price at Grant Date -----
1995	1,025,500	83,650	--	--	1,109,150	\$19.250
1996	1,109,150	282,490	--	17,300	1,374,340	25.250
1997	1,374,340	253,057	201,769	59,253	1,366,375	35.500

The Company applies APB Opinion 25 and related Interpretations in accounting for its performance shares. The Company estimates the final cost of these performance shares and accrues for this expense over the performance period. The accrued expense for the performance shares was \$29,500,000, \$13,741,000 and \$5,744,000 for the years ended December 31, 1997, 1996 and 1995, respectively. In tandem with this accrued expense, the Company estimates those performance shares that it expects to settle in stock and records this amount in stockholders' equity as deferred compensation. The remainder of the accrual, which represents the amount of performance shares that the Company estimates it will settle in cash, is recorded in accrued expenses and other liabilities. In 1996, the Company adopted disclosure provisions of SFAS No. 123. Had the compensation cost for the Company's performance shares been determined based upon the provisions of SFAS No. 123, there would have been no effect on the Company's reported net income and earnings per share.

In November 1994, the Company appointed an independent trustee authorized to purchase shares of the Company's common stock in open market transactions, at times and prices determined by the trustee. These purchases are intended to fund future obligations relating to equity bonuses, performance shares and stock options under the 1993 Equity Participation Plan and are presented as treasury stock in these financial statements. During 1997, 1996 and 1995, the total number of shares purchased by the trust was 162,573, 529,131 and 591,714, respectively, at a cost of \$5,434,000, \$14,111,000 and \$14,444,000, respectively. In 1996 and 1995, the Company also repurchased stock from its employees in satisfaction of withholding taxes on shares distributed under its restricted stock plan.

The Company does not currently provide post-retirement benefits, other than under its defined contribution plans, to its employees, nor does it provide post-employment benefits to former employees.

12. COMMITMENTS AND CONTINGENCIES

The Company and its Subsidiaries lease office space and equipment under non-cancelable operating leases, which expire at various dates through 2005.

Rent expense for the years ended December 31, 1997, 1996 and 1995 was \$4,067,000, \$3,816,000 and \$3,712,000, respectively.

During the ordinary course of business, the Subsidiaries have become parties to certain litigation. Management believes that these matters will be resolved with no material financial impact on the Company.

13. REINSURANCE

The Subsidiaries reinsure portions of their risks with affiliated (see Note 15) and unaffiliated reinsurers under quota share treaties and on a facultative basis. The Subsidiaries' principal ceded reinsurance program consisted in 1997 of two quota share treaties and three automatic facultative facilities. One treaty covered all of the Subsidiaries' approved regular lines of business, except U.S. municipal obligation insurance. Under this treaty in 1997, the Subsidiaries ceded 9.75% of each covered policy, up to a maximum of \$19,500,000 insured principal per policy. At their sole option, the Subsidiaries could have increased, and in certain instances did increase, the ceding percentage to 19.5% up to \$39,000,000 of each covered policy. A second treaty covered the Subsidiaries' U.S. municipal obligation insurance business. Under this treaty in 1997, the Subsidiaries ceded 9% of each covered policy that is classified by the Subsidiaries as providing U.S. municipal bond insurance as defined by Article 69 of the New York Insurance Law up to a limit of \$24,000,000 per single risk, which is defined by revenue source. At their sole option, the Subsidiaries could have increased, and in certain instances did increase, the ceding percentage to 35% up to \$93,333,000 per single risk. These cession percentages under both treaties were reduced on smaller-sized transactions. Under the three automatic facultative facilities in 1997, the Subsidiaries at their option could allocate up to a specified amount for each reinsurer (ranging from \$4,000,000 to \$50,000,000 depending on the reinsurer) for each transaction, subject to limits and exclusions, in exchange for which the Subsidiaries agreed to cede in the aggregate a specified percentage of gross par insured by the Subsidiaries. Each of the treaties and automatic facultative facilities allowed the Subsidiaries to withhold a ceding commission to defray their expenses. The Subsidiaries also employed non-treaty, quota share facultative reinsurance on various transactions in 1997 in keeping with prior practices. In 1997, the Subsidiaries also implemented facultative first-loss reinsurance on selected asset-backed transactions.

In the event (which management considers to be highly unlikely) that any or all of the reinsuring companies were unable to meet their obligations to the Subsidiaries, the Subsidiaries would be liable for such defaulted amounts. The Subsidiaries have also assumed reinsurance of municipal obligations from unaffiliated insurers.

14. OUTSTANDING EXPOSURE AND COLLATERAL

The Company limits its exposure to losses from writing financial guarantees by underwriting investment-grade obligations, by diversifying its portfolio and by maintaining rigorous collateral requirements on asset-backed obligations. The gross principal amounts of insured obligations in the asset-backed insured portfolio are backed by the following types of collateral (in millions):

Types of Collateral	Net of Amounts Ceded December 31,		Ceded December 31,

Total asset-backed obligations	\$28,489	\$23,200	\$10,129	\$ 9,601

The asset-backed insured portfolio, which aggregated \$38,618,244,000 principal before reinsurance at December 31, 1997, was collateralized by assets with an estimated fair value of \$44,382,716,000. At December 31, 1996, it aggregated \$32,792,722,000 principal before reinsurance and was collateralized by assets with an estimated fair value of \$38,323,180,000. Such estimates of fair value are calculated at the inception of each insurance policy and are changed only in proportion to changes in exposure. At December 31, 1997, the estimated fair value of collateral and reserves over the principal insured averaged from 100% for commercial real estate to 172% for corporate secured obligations. At December 31, 1996, the estimated fair value of collateral and reserves over the principal insured averaged from 100% for commercial real estate to 168% for corporate secured obligations. Collateral for specific transactions is generally not available to pay claims related to other transactions. The amounts of losses ceded to reinsurers are determined net of collateral.

The gross principal amount of insured obligations in the municipal insured portfolio includes the following types of issues (in millions):

Types of Issues	Net of Amounts Ceded December 31,		Ceded December 31,	
	1997	1996	1997	1996

Total municipal obligations	\$46,989	\$35,994	\$14,418	\$10,691

In its asset-backed business, the Company considers geographic concentration as a factor in underwriting insurance covering securitizations of pools of such assets as residential mortgages or consumer receivables. However, after the initial issuance of an insurance policy relating to such securitization, the geographic concentration of the underlying assets may not remain fixed over the life of the policy. In addition, in writing insurance for other types of asset-backed obligations, such as securities primarily backed by government or corporate debt, geographic concentration is not deemed by the Company to be significant given other more relevant measures of diversification such as issuer or industry.

The Company seeks to maintain a diversified portfolio of insured municipal obligations designed to spread its risk across a number of geographic areas. The following table sets forth, by state, those states in which municipalities located therein issued an aggregate of 2% or more of the Company's net par amount outstanding of insured municipal securities as of December 31, 1997:

The amounts included in prepaid reinsurance premiums at December 31, 1997 and 1996 for reinsurance ceded to Tokio Marine were \$53,603,000 and \$44,634,000, respectively. Reinsurance recoverable on unpaid losses ceded to Tokio Marine was \$613,000 and \$477,000 at December 31, 1997 and 1996, respectively.

The Subsidiaries ceded premiums of \$16,890,000, \$15,409,000 and \$7,522,000 on a quota share basis to affiliates of U S WEST for the years ended December 31, 1997, 1996 and 1995, respectively, of which \$351,000, \$372,000 and \$629,000, respectively, were ceded to Commercial Reinsurance Company (Commercial Re). The amounts included in prepaid reinsurance premiums for reinsurance ceded to these affiliates were \$51,980,000 and \$49,649,000 at December 31, 1997 and 1996, respectively, of which \$5,554,000 and \$8,728,000, respectively, were ceded to Commercial Re. The amounts of reinsurance recoverable on unpaid losses ceded to these affiliates at December 31, 1997 and 1996 were \$24,195,000 and \$23,473,000, respectively, of which \$20,335,000 and \$19,170,000, respectively, were ceded to Commercial Re. The Commercial Re reinsurance agreement was subject to, and received, the non-disapproval of the State of New York Insurance Department due to its nature as an affiliate transaction. FSA has taken credit for the reinsurance ceded to Commercial Re.

16. DISCLOSURES ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS

The following estimated fair values have been determined by the Company using available market information and appropriate valuation methodologies. However, considerable judgment is necessary to interpret the data to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amount the Company could realize in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

Bonds -- The carrying amount of bonds represents fair value. The fair value of bonds is based upon quoted market price.

Short-term investments -- The carrying amount is fair value, which approximates cost due to the short maturity of these instruments.

Cash, receivable for investments sold and payable for investments purchased -- The carrying amount approximates fair value because of the short maturity of these instruments.

Deferred premium revenue, net of prepaid reinsurance premiums -- The carrying amount of deferred premium revenue, net of prepaid reinsurance premiums, represents the Company's future premium revenue, net of reinsurance, on policies where the premium was received at the inception of the insurance contract. The fair value of deferred premium revenue, net of prepaid reinsurance premiums, is an estimate of the premiums that would be paid under a reinsurance agreement with a third party to transfer the Company's financial guaranty risk, net of that portion of the premiums retained by the Company to compensate it for originating and servicing the insurance contracts.

Installment premiums -- Consistent with industry practice, there is no carrying amount for installment premiums since the Company will receive premiums on an installment basis over the term of the insurance contract. Similar to deferred premium revenue, the fair value of installment premiums is the estimated present value of the future contractual premium revenues that would be paid under a reinsurance agreement with a third party to transfer the Company's financial guaranty risk, net of that portion of the premium retained by the Company to compensate it for originating and servicing the insurance contract.

Losses and loss adjustment expenses, net of reinsurance recoverable on unpaid losses -- The carrying amount is fair value, which is the present value of the expected cash flows for specifically identified claims and potential losses in the Company's insured portfolio.

20. EARNINGS PER SHARE

In 1997, the Company adopted SFAS No. 128 specifying the computation, presentation and disclosure requirements for EPS. The new standard defines "basic" and "diluted" earnings per share. Basic earnings per share are based on average basic shares outstanding, which is calculated by adding shares earned but not issued under the Company's equity bonus and performance share plans to the average common shares outstanding. Diluted earnings per share are based on average diluted shares outstanding, which is calculated by adding shares contingently issuable under stock options, the performance share plan and the Company's convertible preferred stock to the average basic shares outstanding. The calculations of average basic and diluted common shares outstanding are as follows (in thousands):

	Year Ended December 31,

21. RECENTLY ISSUED ACCOUNTING STANDARDS

In February 1997, the Securities and Exchange Commission (SEC) issued Financial Reporting Release No. 48, Disclosure of Accounting Policies for Derivative Financial Instruments and Derivative Commodity Instruments and Disclosure of Quantitative and Qualitative Information about Market Risk Inherent in Derivative Financial Instruments, Other Financial Instruments, and Derivative Commodity Instruments (FRR No. 48).

FRR No. 48 amends rules and forms for registrants and requires clarification and expansion of existing disclosures for derivative financial instruments, other financial instruments and derivative commodity instruments, as defined therein. The amendments require enhanced disclosure with respect to these derivative instruments in the footnotes to the financial statements. Additionally, the amendments expand existing disclosure requirements to include quantitative and qualitative discussions with respect to market risk inherent in market-risk-sensitive instruments such as equity and fixed-maturity securities, as well as derivative instruments.

In June 1997, the Financial Accounting Standards Board issued SFAS No. 130, Reporting Comprehensive Income. SFAS No. 130 establishes standards for reporting and display of comprehensive income and its components (revenues, expenses, gains and losses) in a full set of general-purpose financial statements. Comprehensive income is defined as the change in stockholders' equity during a period from transactions and other events and circumstances from non-owner sources and includes net income and all changes in stockholders' equity except those resulting from investments by owners and distributions to owners.

SFAS No. 130 requires that an enterprise (i) classify items of other comprehensive income by their nature in a financial statement and (ii) display the accumulated balance of other comprehensive income separately from retained earnings and additional paid-in capital in the equity section of a statement of financial position.

SFAS No. 130 is effective for fiscal years beginning after December 15, 1997. Reclassification of financial statements for earlier periods provided for comparative purposes is required.

Also in June 1997, the Financial Accounting Standards Board issued SFAS No. 131, Disclosure about Segments of an Enterprise and Related Information. SFAS No. 131 establishes standards for the way that public business enterprises report information about operating segments in annual and interim financial statements and requires presentation of a measure of profit or loss, certain specific revenue and expense items and segment assets. It also establishes standards for related disclosures about products and services, geographic areas and major customers, superseding most of SFAS No. 14, Financial Reporting for Segments of a Business Enterprise.

SFAS No. 131 requires that a public business enterprise report financial and descriptive information about its reportable operating segments. Generally, financial information is required to be reported on the basis that is used internally for evaluating segment performance and deciding how to allocate resources to segments. The enterprise must report information about revenues derived, major customers, and countries in which it earns revenues and holds assets, regardless of whether that information is used in making operating decisions. However, SFAS No. 131 does not require an enterprise to report information that is not prepared for internal use if reporting would be impracticable.

SFAS No. 131 is effective for financial statements for periods beginning after December 15, 1997. SFAS No. 131 need not be applied to interim financial statements in the initial year of its application, but comparative information for interim periods in the initial year of application is to be reported in financial statements of the interim periods in the third year of application.

The Company is in the process of determining the effect of these standards on its financial statements.
