Annual General Meeting
Of Members and
Proxy Statement**

FROM OUR BOARD OF DIRECTORS

Dear Fellow Shareholders:

2020 was, without question, one of the most successful years in White Mountains's history. The well-received MediaAlpha IPO unlocked tremendous shareholder value and drove our ABVPS and IVPS to all-time highs. Our acquisition of Ark was a classic White Mountains deal. Perceiving a turn in the p&c underwriting cycle, after a decade-long soft market, we committed to deploy roughly \$850 million to scale up a quality business in support of a first-rate management team. In turn, this transaction means that we have completed our post-OneBeacon capital redeployment mission ahead of schedule and with a business that we expect to deliver strong returns in the years to come. These achievements would be cause for celebration in a normal year, and this year was anything but. Posting these results, while successfully navigating the COVID-19 crisis, is particularly satisfying.

Strong Financial Performance

We finished 2020 with book value per share of \$1,259 and adjusted book value per share of \$1,264, increases of 23% and 24% from the prior year, respectively. We focus management on growing ABVPS because we believe that, in the long term, growth in market value per share will follow growth in ABVPS.

Execution of Our Business Strategy

During 2020, your Company largely completed the process of redeploying and distributing the \$3.1 billion of undeployed capital existing after the sale of OneBeacon in 2017. In addition to the Ark transaction, NSM completed the acquisition of Kingsbridge and Kudu completed five transactions. The businesses we own today position us well for the future. As is the White Mountains "way," we continue to prospect for acquisition opportunities via our "platform business" and at the parent company.

Commitment to Enhancing ESG Practices and Disclosures

White Mountains invests with the goal of creating superior growth in the Company's intrinsic value per share over the long term. In order to achieve this goal, and in order to steward our owners' capital effectively, the Board and management are committed to sustainability and corporate responsibility. We have made this commitment an integral part of our culture and practices. In 2020, with oversight from the Board of Directors, management embarked on a project designed to improve our ESG practices and disclosures. We identified ESG priorities that align with both our Company's business strategy as well as industry and investor expectations. Our key areas of focus include (i) amending the Company's investment policy to address ESG, (ii) adopting a climate change statement, (iii) formalizing the Board's oversight of ESG matters, and (iv) further integrating climate-related risks into our risk management practices. In response to feedback from shareholders, we have also committed to improve the communication of our ESG practices by launching an ESG page on our corporate website.

Ongoing Dialogue with Shareholders Through Proactive Engagement

Over the last year, members of the Board and management reached out to shareholders owning 70% of White Mountains's outstanding shares and met with all of those shareholders who accepted a meeting, who represented 37% of our shares outstanding. Over the past several years, feedback received from these discussions has helped guide changes to our executive compensation program and to enhance our disclosures about the skills and areas of expertise of our Board and our risk management and human capital management practices in general. This year, our shareholders made note of our performance; our response to the COVID-19 pandemic; ESG; diversity & inclusion; and our compensation and governance practices. Engaging with our shareholders remains a high priority, and our expanded disclosures in this year's Proxy Statement directly reflect shareholder feedback.

We are pleased to say that our core principles served us well in 2020, as we dealt with the challenges posed by the global pandemic. It is a privilege to serve as your Board, and we value highly your support of White Mountains.

Sincerely,

The White Mountains Insurance Group Board of Directors

CORPORATE GOVERNANCE

The Company's Corporate Governance Guidelines spell out our overall approach towards corporate governance. The Company also has a Code of Business Conduct that applies to all directors, officers and employees in carrying out their responsibilities to, and on behalf of, the Company. No waivers of the Code of Business Conduct were requested of, or granted by, the Board for any director or executive officer during 2020.

The Company's Corporate Governance Guidelines and Code of Business Conduct are available at our website, www.whitemountains.com. These documents are available in print, free of charge, to any shareholder upon request.

The Board

The day-to-day management of the Company, including preparation of financial statements and short-term and long-term strategic planning, is the responsibility of management. The primary responsibility of the Board is to oversee and review management's performance of these functions in order to advance the long-term interests of the Company and its shareholders.

In fulfilling this responsibility, directors must exercise common sense business judgment and act in what they reasonably believe to be in the best interests of the Company. Directors are entitled to rely on the honesty and integrity of senior management and the Company's outside advisors and auditors. However, it is the Board's responsibility to establish that they have a reasonable basis for such reliance by ensuring that they have a strong foundation for trusting the integrity, honesty and undivided loyalty of the senior management team upon whom they are relying and the independence and expertise of outside advisors and auditors.

Mr. Davis, an independent director, serves as Chairman of the Board. At meetings of the Board, Mr. Davis presides over a separate session of non-management directors without Company management present. In addition to being led by an independent Board Chair, the Board is comprised of directors that, together, are knowledgeable and experienced in the Company's business. The Board is satisfied that the current structure provides strong oversight of the Company's affairs.

Shareholder Engagement

Shareholder engagement is of great importance to our Board and management team as a means to solicit feedback and to ensure accountability and responsiveness to our shareholders. As part of our ongoing shareholder engagement efforts in 2020, we reached out to shareholders owning 70% of outstanding shares and met with all shareholders who accepted a meeting, who represented 37% of outstanding shares. Our Compensation / Nominating & Governance Committee Chair personally led discussions in meetings with shareholders representing 26% of outstanding shares, which were all meetings where her participation was requested.

These discussions centered around our business strategy, corporate governance, executive compensation program, and sustainability. More specifically, we discussed our significant business achievements in 2020, our response to the COVID-19 pandemic, our work to enhance our ESG practices, diversity & inclusion, and the changes we made to our compensation

program in 2019. The 2019 changes to our compensation program were to (i) make our annual bonus program for executive officers entirely formulaic with a pre-established, rigorous and quantifiable performance target relevant for our Company and industry and (ii) adopt share ownership guidelines for our executive officers. Our shareholders were overwhelmingly supportive of our approach in 2020.

Shareholder feedback is regularly communicated to our full Board, and the input we received directly informed enhancements implemented to our executive compensation program in 2019, as well as the expanded disclosure in this year's proxy statement (e.g., Board's Role in ESG Oversight and Director Skills and Qualifications with an individual skills matrix).

Director Independence

The Board has determined that a majority of the Company's current directors are independent, as defined in Section 303A of the New York Stock Exchange ("NYSE") Listed Company Manual. Those directors determined to be independent are Messrs. Carlson, Davis, Gelston, and Tanner and Mmes. Choksi and Holiday. For a director to be independent, the Board must determine that the director has no relationship with the Company (other than being a director or shareholder of the Company or its subsidiaries) or has only immaterial relationships with the Company. The Company does not apply categorical standards as a basis for determining director independence. Accordingly, the Board considers all relevant facts and circumstances, on a case-by-case basis, in making an independence determination.

The Board notes no current relationships (other than being directors or shareholders) with Messrs. Carlson, Gelston and Tanner or Mmes. Choksi and Holiday. The Board notes a relationship with Mr. Davis, as disclosed herein under "Director Compensation", that it concluded was immaterial and did not impair his independence. In making its independence determinations, the Board considers all such relationships in light of NYSE standards as well as the attributes it believes should be possessed by independent-minded directors. Those attributes include the relative impact of the transactions to the director's personal finances, the perceived degree of dependence by the director or the Company upon the relationship or transactions continuing in the future and whether the transactions were on terms that were reasonable and competitive.

Board Meetings and Committees; Annual Meeting Attendance

During 2020, the following meetings of the Board were held: five meetings of the full Board, eight meetings of the Audit Committee, five meetings of the Compensation/Nominating & Governance Committee, one meeting of the Performance Compensation Subcommittee and four meetings of the Finance Committee. During 2020, each director attended more than 75% of the aggregate of: (1) the total number of meetings of the Board (held during the period for which he or she has been a director); and (2) the total number of meetings held by all committees of the Board on which he or she served.

It is White Mountains practice that all directors are invited to, receive materials for and generally attend all Committee meetings. In addition, each Committee Chair provides regular updates to the full Board regarding Committee activities.

Directors are encouraged to attend annual meetings. All of the Company's directors were in attendance at the 2020 Annual General Meeting, which was held on May 21, 2020.

Consideration of Director Nominees

General Criteria and Process for Selection of Director Candidates. In identifying and evaluating director candidates, the Compensation/Nominating & Governance Committee does not set specific criteria for directors. Under its Charter, the Committee is responsible for determining desired Board skills and evaluating attributes such as independence, integrity, expertise, breadth of experience, diversity and knowledge about the Company's business and industry and ownership interest in the Company. Directors must be willing to devote adequate time and effort to Board responsibilities. As set forth in the Company's Corporate Governance Guidelines and its Charter, the Committee is responsible for recommending director candidates to the Board.

Consideration of Diversity in Selection of Director Candidates. In selecting director candidates, the Company seeks a diversity of skills, backgrounds and experience. The Company is committed to further expand diversity on its Board of Directors and intends to add a racially or ethnically diverse Board member by year-end 2022.

Consideration of Director Candidates Nominated by Shareholders. The Company has not adopted a specific policy regarding consideration of director candidates from shareholders. Shareholders who wish to recommend candidates for consideration by the Committee may submit their nominations in writing to the Corporate Secretary at the address provided in this Proxy Statement. The Committee may consider such shareholder recommendations when it evaluates and recommends candidates to the Board for submission to shareholders at each annual general meeting. In addition, shareholders may nominate director candidates for election without consideration by the Committee by complying with the eligibility, advance notice and other provisions of our Bye-laws as described below.

Procedures for Nominating Director Candidates. Under the Company's Bye-laws, nominations for the election of directors may be made by the Board or by any shareholder entitled to vote for the election of directors (a "Qualified Shareholder"). A Qualified Shareholder may nominate persons for election as directors only if written notice of such Qualified Shareholder's intent to make such nomination is delivered to the Secretary not later than: (1) with respect to an election to be held at an annual general meeting, 90 days prior to the anniversary date of the immediately preceding annual general meeting or not later than 10 days after notice or public disclosure of the date of the annual general meeting is given or made available to Qualified Shareholders, whichever date is earlier, and (2) with respect to an election to be held at a special general meeting for the election of directors, the close of business on the seventh day following the date on which notice of such meeting is first given to Qualified Shareholders. Each such notice shall set forth: (a) the name and address of the Qualified Shareholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the Qualified Shareholder is a holder of record of common shares entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the Qualified Shareholder and each such candidate and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the Qualified Shareholder; (d) such other information regarding each candidate proposed by such Qualified Shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each such candidate been nominated, or intended to be nominated, by the Board; and (e) the consent of each such candidate to serve as a director of the Company if so elected.

Shareholder Communications

Shareholders, employees and others interested in communicating directly with the Board, any of the Board's Committees or any individual member of the Board should write to the addressee, c/o the Corporate Secretary, at the address presented under "Available Information" (which appears on page 56).

Succession Planning

One of the top responsibilities of the Board is to ensure continuity in White Mountains's senior leadership by overseeing the development of executive talent and planning for the efficient succession of the CEO and other senior executives. Among the responsibilities of the Compensation/Nominating & Governance Committee is to review, at least annually, the CEO's short-term and long-term succession plans for the CEO and other senior management positions and report to the Board on succession planning. Our goal is to develop well-rounded and experienced leaders. High potential executives are regularly challenged with additional responsibilities and positioned to interact more frequently with the Board so Directors can get to know and assess them.

Risk Oversight

The Board, directly and through its Committees, plays an active role in the oversight of the Company's risk management. The subject of risk management is a recurring agenda item, for which the Board regularly receives reports from management on capital, investments, and operations, including the risks associated with each and the steps management is taking to manage those risks. The Board also discusses with management the Company's business strategy, risk appetite and appropriate levels of risk.

The Board's committees are assigned oversight responsibility for particular areas of risk. For example, the Audit Committee receives a report, at least annually, on company-wide risks which considers operational, financial, legal, compliance, cyber and reputational risks, as well as climate risks and sustainability matters. The Compensation/Nominating & Governance Committee oversees risk related to executive compensation plans and implementation. The Finance Committee oversees the risks related to managing the Company's investment portfolio. Full Board meetings and individual Committee meetings are scheduled so as not to overlap and all directors are encouraged to attend all committee meetings, allowing for every director to participate and provide guidance regarding any risk concerns.

Enhancing Environmental, Social and Governance Practices and Disclosures

White Mountains invests with the goal of creating superior growth in the Company's intrinsic value per share over the long term. In order to achieve this goal, and in order to steward our owners' capital effectively, the Board and management are committed to sustainability and corporate responsibility. We have made this commitment an integral part of our culture and practices.

In 2020, with oversight from the Board of Directors, White Mountains embarked on a project designed to improve our ESG practices and disclosures. We identified ESG priorities that align with both our Company's business strategy as well as industry and investor expectations. Our key areas of focus include (i) amending the Company's investment policy to address ESG, (ii) adopting a climate change statement, (iii) formalizing the Board's oversight of ESG matters, and (iv) further integrating climate-related risks into our risk management practices. In response to feedback from shareholders, we have also committed to improve the communication of our ESG practices by launching an ESG page within our corporate website.

Our ESG Focus Areas

To strengthen our ESG practices, we undertook a comprehensive gap analysis to identify areas to improve our ESG practices that would align with our business strategy as well as industry and investor expectations. ESG topics were prioritized based on relevance, applicability and feasibility of implementation. The full Board had oversight of this process and final approval of the ESG focus areas and actions, which include:

- **ESG in Our Investment Policy:** We revised our investment policy to address ESG factors. We consider ESG factors when (i) making investment decisions in respect of internally managed portfolios and (ii) selecting external investment managers.
- **Board Oversight of ESG:** The charters of the Audit, Finance and Compensation/Nominating & Governance Committees will be amended to explicitly include ESG oversight responsibilities. The CNG Committee will have the responsibility for overseeing the Company's strategy with respect to corporate governance; environmental

stewardship, sustainability and corporate social responsibility; and succession planning for senior executives. The Finance Committee will have the responsibility to formulate and approve the investment policy for White Mountains, including the incorporation of ESG considerations. The Audit Committee will have the responsibility to oversee ESG risks as part of its risk management oversight responsibilities.

· **Statement on Climate Change:** We have adopted a corporate statement on climate change as follows:

“Climate change contributes to higher temperatures, sea level rise and more extreme weather events including droughts, heavy storms, wildfires and stronger hurricanes. Although we do not manufacture products that produce carbon, nor do we otherwise meaningfully impact the environment through our operations, as the owner and operator of a diversified group of businesses in insurance, financial services and related sectors, we are exposed to risks that are exacerbated by climate change particularly in our property and casualty insurance/reinsurance and municipal bond guaranty businesses. Accordingly, in our risk management processes, we consider the potential impact of the effects of climate change.

More broadly, we believe that we have a responsibility to support the efforts in society to manage risks related to climate change. To that end, we work to help our clients manage their exposures to worsening natural catastrophes, and our corporate philanthropy reflects our commitment to the environment.”

· **ESG in Our Risk Management:** Through our risk management activities, we seek to identify and assess major risks that could affect our businesses. We consider ESG risks, such as the impact of climate change and human capital management, in our risk management processes.

· **Communication of Our ESG Practices:** To respond to feedback received in our annual shareholder engagement, we are developing an ESG landing page on our corporate website to communicate our practices more effectively. The ESG page will contain an overview of how ESG is incorporated into our risk management processes, information about our cybersecurity program and data security practices, and information about the Company's high standards and teamwork, guided by our Code of Business Conduct, Anti-Bribery Policy, Insider Trading Policy and Employee Handbook.

Human Capital Management and Diversity & Inclusion

Our strength lies in our people, and we proactively support each employee's well-being and development. Our Board receives periodic reporting on employee satisfaction and concerns and interacts with employees across our organization. We have an inclusive, team-oriented culture in which all employees are treated with respect. Under the guidelines of our Code of Business Conduct, we are firmly committed to providing equal employment opportunities. In our recruiting practices at our parent company, we require that a diverse slate of candidates be considered for every open position. We deeply value diversity of backgrounds, experiences and ideas, which we believe fosters more engaging discussions, stronger collaboration and better company performance. We are committed to the long-term development of our workforce and the cultivation of our next generation of leaders.

Throughout the unique challenges of 2020, our commitment to the health and safety of our employees and their families has been our guiding priority. To support our employees during this time, we expanded and encouraged remote work, introduced protocols and practices that emphasized employee well-being, regularly solicited feedback from our employees and significantly increased senior leadership communication.

Corporate Social Responsibility

Many of our employees actively support non-profit organizations in their respective communities. Their focus is mirrored by our corporate philanthropy efforts at our parent company, which include a charitable matching gift program, corporate support for environmental and social causes in the communities in which we operate, and partnerships with high quality organizations focused on issues of diversity & inclusion.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Voting Rights of Shareholders

As of April 1, 2021, there were 3,107,267 common shares outstanding. Shareholders of record of common shares shall be entitled to one vote per common share, provided that if, and so long as, the votes conferred by "Controlled" common shares (as defined below) of any person constitute ten percent (10%) or more of the votes conferred by the outstanding common shares of the Company, each outstanding common share comprised in such Controlled common shares shall confer only a fraction of a vote that would otherwise be applicable according to the following formula:

$$[(T \text{ divided by } 10) - 1] \text{ divided by } C$$

Where: "T" is the aggregate number of votes conferred by all the outstanding common shares; and "C" is the number of votes conferred by the Controlled common shares of such person.

"Controlled" common shares in reference to any person means:

- (1) all common shares directly, indirectly, or constructively owned by such person within the meaning of Section 958 of the Internal Revenue Code of 1986, as amended, of the United States; and
- (2) all common shares directly, indirectly, or constructively owned by any person or "group" of persons within the meaning of Section 13(d)(3) of the Exchange Act and the rules and regulations promulgated thereunder; provided that this clause (ii) shall not apply to (a) any person (or any group that includes any person) that has been exempted from the provisions of this clause or (b) any person or group that the Board, by the affirmative vote of at least seventy-five percent (75%) of the entire Board, may exempt from the provisions of this clause.

The limitations set forth above do not apply to any Shareholder which is a "Byrne Entity" (as defined below) for any matter submitted to the vote of Shareholders, except with respect to the election of directors. "Byrne Entity" means any foundation or trust established by John J. Byrne, Patrick Byrne, and any associate or affiliate of any of them (or any group of which any of them is a part), as defined under Section 13(d) of the United States Securities Exchange Act of 1934, as amended.

If, as a result of giving effect to the foregoing provisions or otherwise, the votes conferred by the Controlled common shares of any person would otherwise represent 10% or more of the votes conferred by all the outstanding common shares, the votes conferred by the Controlled common shares of such person shall be reduced in accordance with the foregoing provisions. Such process shall be repeated until the votes conferred by the Controlled common shares of each person represent less than 10% of the votes conferred by all common shares.

FROM OUR COMPENSATION/NOMINATING & GOVERNANCE COMMITTEE

Dear Fellow Shareholders:

One of our most important responsibilities as the independent Compensation/Nominating & Governance Committee (the “CNG Committee”) is to structure our executive compensation programs and governance practices to create close alignment with our shareholders’ interests, while continuing to attract and retain talented executives to execute on our Company’s strategy and create long-term value.

To that end, we regularly seek feedback from our shareholders on our compensation practices and, as appropriate, make refinements that we believe enhance our programs. Following our 2020 Say-on-Pay vote which received nearly 98% support, we reached out to shareholders owning 70% of White Mountains’ outstanding shares and met with all shareholders who accepted meetings, who represented 37% of our shares outstanding. Ms. Edith Holiday, the CNG Committee chair, personally led discussions in meetings with shareholders representing 26% of our shares outstanding. The feedback received during these meetings was extremely valuable for our evaluation of our compensation programs for potential improvements in structure or disclosure.

2020 Compensation Program Highlights:

- Ø Base salaries were held flat for all Named Executive Officers
- Ø Annual percent-of-salary target bonus opportunities were held flat for all Named Executive Officers
- Ø Approximately 93% of total target 2020 CEO compensation was linked to Company or share performance and therefore meaningfully “at-risk”

History of Responsiveness to Shareholder Feedback on Compensation and Governance:

- Ø Formulaic annual incentive program for our executive officers, with pre-established, rigorous and quantifiable performance targets that are relevant for our firm and industry
- Ø Robust share ownership guidelines for our executive officers and non-employee directors
- Ø Detailed, individual Board skills matrix that highlights our Board’s key skills and qualifications that are directly relevant to our business, strategy and operations

Following the successful redeployment of undeployed capital generated from sales of businesses in recent years, the CNG Committee remains committed to ensuring that our executive compensation programs and governance practices continue to motivate long-term value creation. We believe we have been responsive to our shareholders’ input, and we welcome your continued feedback.

Sincerely,

The White Mountains Insurance Group Compensation/Nominating & Governance Committee

Compensation Discussion and Analysis

Executive Summary

Business Overview and 2020 Performance Highlights

White Mountains is engaged in the business of making opportunistic and value-oriented acquisitions of businesses and assets in the insurance, financial services and related sectors, operating those businesses and assets through its subsidiaries and, if and when attractive exit valuations become available, divesting to realize gains on their sale. Our principal focus is to grow adjusted book value per share (“ABVPS”) because we believe that, over the long term, our share price growth will parallel our growth in ABVPS (see chart and discussion on page 31). Since our IPO, including dividends, White Mountains has delivered 14% annualized growth in ABVPS and 12% annualized growth in market value per share. Having sold off a number of significant businesses from 2015-2017, which generated \$1.4 billion in transaction gains and left us with \$3.1 billion of pro forma undeployed capital, the Company was in a transitional period for the past few years as the management team worked to redeploy thoughtfully and distribute the proceeds of those transactions. Following our actions in 2020, that process is now complete.

2020 was an impressive year for our Company driven by a successful MediaAlpha IPO, as well as our acquisition and scale up of Ark – our largest acquisition in 20 years. In 2020, we deployed or committed to deploy approximately \$1 billion into businesses, following \$435 million in 2019. Additionally, the Company is proud to have delivered consistently superior shareholder value to our owners, as we have outperformed both our proxy peers as well as the S&P 500 Financials Index on relative total shareholder return over the past three years.

2020 Performance Highlights

Commitment to Ongoing Shareholder Engagement

As part of our ongoing commitment to better understand the views of our shareholders with respect to our business, governance, and compensation practices, we continued our investor outreach efforts in 2020. Over the past several years, feedback received from these discussions has helped guide refinements to our executive compensation programs and governance practices, as well as enhancements to our public disclosure. A summary of these efforts in 2020, feedback received and our history of responsiveness is included below:

History of Demonstrated Responsiveness

In response to feedback from our shareholders, we have made the following changes and enhancements to our compensation and governance programs since 2019:

- Ø Establishing an ESG landing page on our website, formally recognizing the Board's ESG oversight responsibilities in the Audit Committee charter, and formally integrated ESG considerations into the investment policy
- Ø Introduced a formulaic annual incentive program for our executive officers, with pre-established, rigorous and quantifiable performance targets that are relevant for our firm and industry
- Ø Established share ownership guidelines for our executive officers and non-employee directors
- Ø Included a detailed, individual Board skills matrix in our proxy statement that highlights our Board's key skills and qualifications that are directly relevant to our business, strategy and operations

Compensation Peer Group

As described in more detail below, the CNG Committee refers to a peer group as part of its evaluation of the Company's compensation practices. Importantly, we do not use this peer group to benchmark compensation. Rather, we evaluate the executive compensation programs of these peers in terms of structure and variability of payouts in good and poor performance scenarios. We seek to structure our compensation program to be more variable than most other insurance and reinsurance peers. The CNG Committee believes that our compensation structures closely align the financial interests of management with those of our shareholders and encourage appropriate, but not excessive, risk taking.

The CNG Committee regularly evaluates the continuing appropriateness of our peer group and will accordingly reassess our peer group and make adjustments as warranted. See page 29 for further details on our 2020 peer group.

Compensation Program Aligned with Company Performance

In assessing the design of our executive compensation program, we value input from our shareholders and incorporate their feedback into our assessment. The current design of our compensation program consists of three primary elements: base salary, annual incentive bonus and long-term incentive compensation. Each element is structured with the primary goal of maximizing shareholder value over long periods of time. Highlights of our 2020 compensation program are as follows:

Base Salary

(see page 32)

- Fixed cash compensation appropriate to the role and responsibilities
- **Limited to a maximum of \$500,000**, which is generally below market

- Ø 2020 salaries for each NEO remained unchanged from 2019 levels
- Ø Maximum base salary of \$500,000 has been in place since 2008

Annual Incentive Bonus

(see page 33)

- Variable, performance-based compensation paid in cash
- Incentivizes and rewards company-wide performance
- Target bonuses are set at 75% of salary for all NEOs
- 2020 bonus program is based on **pre-determined targets of annual growth in Compensation Value Per Share (“CVPS”)**

- Ø In response to shareholder feedback, beginning in 2019, the CNG Committee put in place a **formulaic annual incentive program for executive officers, and they cannot receive more than the formulaic result**

Long-Term Incentive

(see page 33)

- Rewards long-term value creation and aligns executives' interests with shareholders
- Retention tool that balances incentives to redeploy capital aggressively and to remain patient for good opportunities
- **50% performance shares: three-year performance period**; 0% - 200% of target
 - Based on three-year annualized growth in CVPS
 - 2%-7%-12% annual growth at threshold/target/maximum for 2020-2022
- 50% restricted shares subject to three-year cliff-vesting

- Ø In 2020, the total performance share and restricted share grants made to all employees of the Company totaled **under 1.0% of the then outstanding shares**, within the CNG Committee's historical 1% guideline

We believe that the goal of maximizing shareholder value over long periods of time is best pursued by utilizing a pay-for-performance program that closely aligns the financial interest of management with those of our shareholders while rewarding appropriate risk taking. We accomplish this by emphasizing variable long-term compensation, the value of which is tied to performance over a number of years rather than fixed entitlements. To illustrate, 87% of our CEO's 2020 target total direct compensation was linked to long-term incentives, while approximately 7% was made up of base salary, and 6% linked to annual cash bonus opportunity at target.

Chief Executive Officer:

Base Salary 7%	Annual Bonus 6%	Long-Term Incentive 87%
-------------------	--------------------	----------------------------

Other NEOs:

Base Salary 16%	Annual Bonus 12%	Long-Term Incentive 72%
--------------------	---------------------	----------------------------

Business Overview, Significant Transactions, and Performance Highlights

White Mountains is engaged in the business of making opportunistic and value-oriented acquisitions of businesses and assets in the insurance, financial services and related sectors, operating these businesses and assets through its subsidiaries and, if and when attractive exit valuations become available, divesting to realize gains on the sale of these businesses and assets.

From 2015-2017, White Mountains sold a number of its businesses—Sirius, Symetra, Tranzact and OneBeacon—as buyers made compelling offers that resulted in roughly \$1.4 billion of transaction gains and drove strong growth in ABVPS. As a result of these value creating sales, the Company was in a transitional period for the past few years as management worked to redeploy thoughtfully and distribute the transaction proceeds. As of May 2017, on a pro forma basis for the OneBeacon sale,

the Company had undeployed capital of \$3.1 billion on a capital base of \$4.2 billion. The Board of Directors both endorsed and carefully oversaw management's strategy to deploy this capital in a patient and thoughtful manner. That process is now complete as we have returned \$1.3 billion to owners through share repurchases and deployed \$2.0 billion into new businesses since the OneBeacon sale.

In 2020, we deployed or committed to deploy approximately \$1 billion into businesses in our areas of expertise: primarily insurance, broader financial services and adjacent sectors. Our outstanding year was highlighted by a successful MediaAlpha IPO, as well as our acquisition and scale up of Ark – our largest acquisition in 20 years. As investors drove the value of MediaAlpha even higher following the IPO, our total investment of \$48 million led to a 78% implied IRR and a 23x multiple of invested capital, as of year-end 2020. The Ark transaction closed on January 1, 2021, and they have hit the ground running with a good January renewal season. In addition, for the 2018-2020 performance cycle, the average annual growth in ABVPS and CVPS was 11.8% and 12.0%, respectively.

Now that our thoughtful capital re-deployment process is complete, the Company is focused on running our businesses efficiently and creating shareholder value. The Company remains value-oriented, opportunistic and highly flexible.

Shareholder Engagement and History of Demonstrated Responsiveness

Engaging with our owners is central to our commitment to good governance and critical to maintaining our strong corporate governance practices. Building on our 2019 engagement efforts, our 2020 shareholder outreach was led by the Board and senior management, often including our CNG Committee chair, Ms. Edith Holiday, leading the discussion and providing a direct line of communication between the Board and our shareholders. **Following our 2020 Say-on-Pay vote, which received nearly 98% support, we reached out to shareholders representing 70% of our outstanding shares and met with all shareholders who accepted meetings, who represented 37% of our shares outstanding. Ms. Holiday personally led discussions in meetings with shareholders representing 26% of our shares outstanding, which were all meetings in which her participation was requested.** Shareholder feedback received from these meetings was shared with the entire Board and help to inform our responsiveness actions.

The main topics in our engagement meetings were our response to COVID-19, current business strategy, corporate governance, executive compensation practices, Board oversight of risk management, and ESG practices and disclosure. More specifically, we discussed business developments with the Ark and MediaAlpha transactions, our initiative to proactively enhance our ESG disclosures, and reviewed the changes we made to our compensation program in 2019 in response to shareholder feedback. Our shareholders were overwhelmingly supportive of our successful capital redeployment efforts, approach to ESG disclosure and oversight, and executive compensation programs. Shareholder feedback is regularly communicated to our full Board, and the input we received previously directly influenced the enhancements we made to our proxy disclosure, ESG disclosure, and executive compensation program.

The Company's management and Board is committed to continuing its extensive shareholder outreach program.

Compensation Philosophy

Our executive compensation policies are designed with the primary goal of maximizing shareholder value over long periods of time. We believe that this goal is best pursued by utilizing a pay-for-performance program that closely aligns the financial interests of management with those of our shareholders while rewarding appropriate risk taking. We accomplish this by emphasizing variable long-term compensation, the value of which is tied to performance over a number of years rather than fixed entitlements (such as base salary, pensions, and employee benefits). To that end, the CNG Committee has established base salaries and target annual bonuses for our executives that tend to be lower than those paid by comparable property and casualty insurers and reinsurers, while granting the bulk of an executive's target compensation as long-term incentive compensation. To illustrate, **87% of our CEO's 2020 target total direct compensation was linked to long-term incentives**, while approximately 7% was made up of base salary and 6% was target annual cash bonus opportunity.

The following principles guide and inform the CNG Committee's efforts to deliver a highly effective executive compensation program that drives shareholder value and fosters the attraction and motivation of key talent:

Manage for the Long-Term

The Board manages for the long-term and makes pay decisions with the primary goal of maximizing shareholder value over long periods of time

Alignment with Shareholders

Compensation is directly linked to performance and is aligned with shareholders by having a majority of NEO pay-at-risk in both short-and long-term incentives

Extensive Shareholder Engagement

We engage directly with our shareholders, and our Board carefully reviews shareholder feedback as it considers refinements to our compensation practices

Share Ownership Guidelines

Executives are required to meet and maintain significant share ownership requirements: 10x base salary for our CEO and EVPs, and 3x base salary for other executive officers.

Compensation Setting Process

The CNG Committee is responsible for approving our compensation programs for executive officers, and it specifically approves all compensation for our executive officers and for any employee with target annual compensation in excess of \$1.5 million. Our CEO annually presents to the CNG Committee his evaluation of our executives, their individual performance, achievements, and the contributions they made to the Company's accomplishments over the past year, as well as over the most recent long-term incentive plan cycle. In connection with this evaluation, the CEO recommends to the CNG Committee appropriate compensation amounts for these executives. The CNG Committee assesses the performance, responsibilities and contributions of the CEO, considers CEO succession plans, and sets the compensation of the CEO.

With the exception of significant promotions and new hires, compensation matters are usually addressed at the first meeting of the CNG Committee each year (typically late February), following the availability of financial results for the prior year and the current year's financial plan. This allows us to determine the results of prior period grants and to set targets for the current year and newest long-term performance cycle. Performance cycles for long-term compensation typically run for three years beginning on January 1st of the year of grant.

Compensation Peer Group

When making new long-term incentive grants, the CNG Committee assesses the impact of different performance scenarios on potential realizable compensation. Further, in order to test our beliefs about the structure and variability of the awards we make, the CNG Committee annually reviews and considers a systematic analysis of the public compensation disclosures made by other property and casualty insurers and reinsurers that the CNG Committee considers to be peers.

Importantly, our compensation peer group is not used for benchmarking purposes, but rather to analyze whether our compensation programs are appropriately structured and to ensure they are more variable than most other insurance and reinsurance peers.

The companies included in the analysis presented to the CNG Committee prior to it making compensation decisions in 2020 were:

2020 Peer Group

- Alleghany Corporation
- Arch Capital Group
- Argo Group
- Aspen Insurance Holdings
- Axis Capital
- Cincinnati Financial
- CNA Financial
- Everest Re Group
- Markel Corp
- RenaissanceRe Holdings
- Selective Insurance Group
- W.R. Berkley

The Company uses this group of companies as it reflects traditional competitors of White Mountains. The CNG Committee regularly evaluates the continuing appropriateness of this group and will do so again during 2021. Aspen Insurance Holdings will no longer be a part of the go-forward peer group after 2020 as it is no longer a standalone public company.

The CNG Committee concluded that the peer analysis supported its view that the Company's compensation programs are more variable than most other insurance and reinsurance peers, have fewer fixed elements of compensation and perquisites, and do not lead to significant rewards for poor performance. The CNG Committee believes that the compensation structures that have been developed for the Company closely align the financial interests of management with those of our shareholders and encourage appropriate, but not excessive, risk taking.

Compensation Best Practices

We maintain a number of compensation governance best practices which support our overarching compensation philosophy and are fully aligned with our compensation principles, as discussed in the following section. Our compensation practices also align with input we have received from shareholders.

Key Compensation Highlights	
What We Do	What We Do Not Do
<ul style="list-style-type: none"> ü Commitment to pay for performance as evidenced by having approximately 93% of total target 2020 CEO compensation linked to company, stock or individual performance and, therefore, meaningfully “at-risk” ü Half of annual LTI delivered in performance-based equity, with a three-year measurement period ü Formulaic annual incentive program, based on pre-determined goals ü Clawback policy for annual and long-term incentive plans ü Double-trigger change-in-control provisions ü Annual Say-On-Pay vote ü Share ownership guidelines for executive officers 	<ul style="list-style-type: none"> û No hedging of Company securities û No executive pensions û No single-trigger vesting of equity-based awards upon change-in-control û No excise tax gross-ups upon change-in-control û No dividends on unvested performance shares û No long-term employment agreements with executive officers û No excessive perquisites or benefits

Superior Track Record and the Alignment of Growth in ABVPS and Market Value Per Share

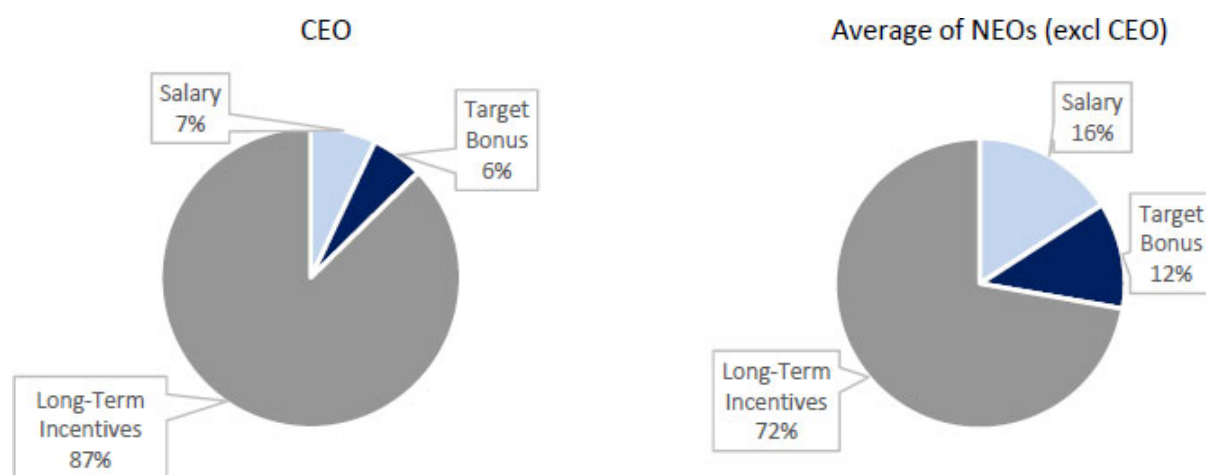

From our IPO in 1985 through year-end 2020, we have delivered 14% annualized growth in ABVPS and 12% annualized growth in market value per share to our shareholders. **Importantly, as seen in the chart below, ABVPS and market value per share have generally moved in tandem over the last thirty-five years, despite short-term fluctuations.** This is a core factor supporting the CNG Committee's selection of incentive plan performance metrics that relate to growth in book value per share.

Compensation for 2020

The principal elements of compensation for our executives in 2020 - base salary, annual incentive bonuses and long-term incentive compensation - are discussed below.

2020 Target Annual Direct Compensation Mix

1. Base Salary

As discussed above under "Compensation Philosophy", the Company's compensation program emphasizes variable long-term incentive compensation, rather than fixed entitlements. Accordingly, we pay our executive officers salaries that we believe to be below market. In 2008, we limited base salaries to a maximum of \$500,000. Each of our NEOs had a salary of \$500,000 during 2020, other than Mr. Palmer who received a salary of \$400,000.

The salaries of our NEOs were not increased in 2020, and they were also kept flat for 2021:

Executive	Base Salaries in Effect During		
	2019	2020	2021
G. Manning Rountree	\$500,000	\$500,000	\$500,000
Reid T. Campbell	\$500,000	\$500,000	\$500,000
Frank R. Bazos	\$500,000 ¹	\$500,000	\$250,000 ²
Robert L. Seelig	\$500,000	\$500,000	\$500,000
J. Brian Palmer	\$400,000	\$400,000	\$400,000 ³

¹ In 2019, Mr. Bazos commenced employment on May 1 and earned a pro-rated salary of \$323,077.

² Effective March 1, 2021, Mr. Bazos resigned from his role and became an adviser to management at a \$250,000 annual salary.

³ Effective May 14, 2021, Mr. Palmer will retire from his current role and become an advisor to management at a \$200,000 annual salary.

2. Annual Incentive Bonuses

We provide annual bonus opportunities to our executive officers, **which make up a small percentage of each NEO's target total annual compensation – approximately 6% for our CEO, and 12% on average for the other NEOs in 2020** – as the bulk of our executive officers' compensation opportunity is tied to long-term incentives. Each NEO participates in the annual bonus pool applicable to the parent holding companies. For 2020, the target bonus pool was \$5.7 million for 46 employees.

Under our formulaic annual bonus program, the level of payout is determined by reference to the Company's growth in CVPS, which is defined by the CNG Committee as the average of growth in ABVPS and growth in "intrinsic business value per share", which is the ABVPS including franchise value step-ups to reflect the fair value of certain subsidiaries carried at book value. In choosing this metric for the annual bonus program, the CNG Committee recognized that this is the same metric as used in a portion of the Company's long-term incentives (albeit for a different time period). The CNG Committee considered a number of other metrics but concluded that no other metric is as pertinent to our business as CVPS. CVPS is the metric that the Board and the management team focus on because it is linked to growth in book value per share metrics, which we believe is what ultimately drives growth in our share price. The 2020 annual bonus pool could range from 0% to 200% of target, based on the harvest scale of 2%-7%-12% growth in CVPS.

For our executive officers, the CNG Committee maintains the discretion to decrease the individual annual bonus payouts after the quantitative formula has been applied, however it does not have discretion to increase payouts. Our executive officers cannot receive more than the formulaic result.

For 2020, the NEOs had target annual bonuses of 75% of salary, which was unchanged from the prior year and is continued into 2021. Based on the Company's performance of 24% growth in CVPS in 2020, the 2020 bonus pool was set at 200% of target and the CNG Committee awarded the NEOs bonuses of 200% of target.

Executive	2020 Annual Bonus Decisions		
	Target Bonus	Earned Bonus	% of Target
G. Manning Rountree	\$375,000	\$750,000	200%
Reid T. Campbell	\$375,000	\$750,000	200%
Frank R. Bazos	\$375,000	\$750,000	200%
Robert L. Seelig	\$375,000	\$750,000	200%
J. Brian Palmer	\$300,000	\$600,000	200%

3. Long-Term Incentive Compensation

Long-term equity awards generally consist of an equal mix of performance shares and restricted shares, rewarding long-term value creation and aligning executives' interests with shareholders' interests. Restricted shares are subject to a three-year cliff-vesting provision, instead of annual vesting, in order to promote retention that balances incentives to redeploy capital aggressively and to remain patient for good opportunities. The number of WTM common shares earned from a grant of performance shares can range from 0%-200% of target, based on after-tax annual growth in CVPS over the three-year performance cycle.

The CNG Committee selected performance metrics that relate to growth in book value per share because it continues to believe these metrics ultimately drive growth in our share price. The market value of our shares is not included as a direct measure of performance, but it determines the ultimate value of earned performance and restricted share awards.

From year-to-year when we make new long-term incentive grants, we typically adjust the target number of shares granted to individual employees to reflect the change in CVPS during the prior year, rather than focusing on changes in market values.

This is consistent with our view that the change in book value per share and related metrics provides a better view of the change in value of the Company than metrics reflecting short-term market price fluctuations. In addition, we generally limit total annual share grants to employees to equal to or less than 1% of the Company's outstanding shares. For each of the past five grant cycles (from 2017-2019 to 2021-2023), we adhered to this guideline.

2020 Long-Term Incentive Grants: For the CEO and each of our other NEOs, the annual 2020 long-term incentive awards were allocated 50% as performance shares and 50% as restricted shares, consistent with prior years. With respect to the total grants made to employees across the Company, the CNG Committee granted 28,110 target shares for the 2020-2022 performance cycle, which represented a 10% decrease, year over year, in the number of shares granted. These grants totaled approximately 0.9% of the then outstanding shares, within the CNG Committee's 1% guideline. The restricted shares are subject to a three-year cliff vesting provision based on continuous service, in order to promote retention of key executive talent. The performance shares will vest in a range of 0% - 200% of target, following a three-year performance period.

For the 2020-2022 performance period, the CNG Committee established a target of 7% annual growth in CVPS as the performance target that would result in the payout of 100% of the target performance shares. There would be no payout for annual growth of 2% or less, and annual growth of 12% or more would be required for a payout of 200%. In setting this performance scale, a primary goal of the CNG Committee was to set a performance target that would incentivize management to redeploy capital thoughtfully. The CNG Committee took account of the level of deployed and undeployed capital (and the expected run rate returns thereon) and made assumptions regarding the timing and magnitude of future deployment and distributions of undeployed capital. In addition, the CNG Committee considered that the one-year performance scale for the 2020 annual bonus program was the same as the three-year average performance scale being set for the 2020-2022 performance shares. The Committee determined that this scale was appropriate due to the factors discussed above and their applicability over a longer time frame (which equates to aggregate growth of 6%-23%-40% over a three-year period).

A detailed breakdown of the 2020 grants is included in the table below:

Executive	2020 Long-Term Incentive Grants					
	Grant Date	Restricted Shares		Performance Shares		Total 2020 LTI Grant Value
		# Shares	Grant Value	# Shares	Grant Value	
G. Manning Rountree	2/27/2020	2,700	\$ 2,894,238	2,700	\$ 2,894,238	\$ 5,788,476
Reid T. Campbell	2/27/2020	1,800	\$ 1,929,492	1,800	\$ 1,929,492	\$ 3,858,984
Frank R. Bazos	2/27/2020	1,700	\$ 1,822,298	1,700	\$ 1,822,298	\$ 3,644,596
Robert L. Seelig	2/27/2020	900	\$ 964,746	900	\$ 964,746	\$ 1,929,492
J. Brian Palmer	2/27/2020	450	\$ 482,373	450	\$ 482,373	\$ 964,746

In determining the amount of new long-term incentive compensation grants for 2020 for our NEOs, the CNG Committee assessed each executive's scope of authority and ability to impact the success of the Company. Based on the CNG Committee's general experience and the recommendation of the CEO, for NEOs other than himself, the CNG Committee established a grant level that it believed was appropriate to reflect each such executive's expected contribution to the Company over the next performance cycle.

Payout of 2018-2020 Performance Cycle: For the 2018-2020 performance cycle, long-term incentives were granted to the NEOs as follows: 50% as performance shares and 50% as restricted shares. For the performance shares, which matured at the end of 2020, 6% annual growth in CVPS was the performance target for a payout of 100% of the target performance shares. Annual growth of 2% or less would have resulted in no payout and annual growth of 10% or more would have resulted in a payout of 200%. At its meeting in February 2021, based on an average annual growth in CVPS of 12.0%, the CNG Committee confirmed that the payout that was earned was 200% of target.

2018-2020 Performance Share Cycle					
	Target Shares	Performance Scale (min / target / max)	Actual Avg Annual Performance	Payout %	Shares Earned
G. Manning Rountree	3,000	2% - 6% - 10%	12.0%	200%	6,000
Reid T. Campbell	2,000	2% - 6% - 10%	12.0%	200%	4,000
Robert L. Seelig	1,800	2% - 6% - 10%	12.0%	200%	3,600
J. Brian Palmer	500	2% - 6% - 10%	12.0%	200%	1,000

2021 Compensation Actions

Target total cash compensation opportunities remain unchanged from 2020. At its February 2021 meeting, the CNG Committee decided to keep the NEOs' 2021 base salaries and percent-of-salary target bonus opportunities at the same levels as in 2020. This reflected the CNG Committee's long-standing philosophy of linking a vast majority of executives' compensation to long-term incentives in order to align their interests with those of our shareholders, as opposed to awarding high levels of fixed or variable annual cash compensation.

Further, the design of our executive officers' 2021 annual bonus plan will be similar to the plan in effect for 2020, **with a harvest scale of 3%-8%-13% annual CVPS growth set for threshold / target / maximum payout levels, which is an increase over the 2%-7%-12% scale that was in effect for 2020.**

2021 Long-term Incentive Grants. In February 2021, the CNG Committee made new long-term incentive grants to the NEOs based on the same factors described above with respect to grants made in 2020 and allocated 50% as performance shares and 50% as restricted shares. With respect to the total grants made to employees across the Company, the CNG Committee granted 27,300 target shares for the 2021-2023 performance cycle, which represents a 3% decrease, year over year, in the number of shares granted. These grants totaled approximately 0.9% of the then outstanding shares, within the CNG Committee's 1% guideline discussed above.

Following significant capital deployments in 2020, which left the Company more or less fully-deployed, the CNG Committee determined that 8% annual growth in CVPS is an appropriately challenging target for a payout of 100% of the target shares for the 2021-2023 performance cycle, which is an increase over the 7% annual growth in CVPS target utilized for the 2020 grants. Annual growth of 3% or less would result in no payout, and annual growth of 13% or more would result in a payout of 200%. **As seen in the table below, the performance target goals associated with our performance shares have increased meaningfully over the past five grant cycles.**

Performance Cycle	Target Shares Granted	% Change from Prior Year	Performance Target (min / target / max)
2021 - 2023	27,300	(3%)	3% - 8% - 13%
2020 - 2022	28,110	(10%)	2% - 7% - 12%
2019 - 2021	31,200	16%	2% - 7% - 12%
2018 - 2020	26,900	(24%)	2% - 6% - 10%
2017 - 2019	35,275	(22%)	1% - 5% - 9%

The CNG Committee believes this target and scale properly incentivize management to manage our businesses efficiently, following significant capital deployment efforts as described above.

Share Ownership Guidelines for Executive Officers. The CNG Committee has established share ownership guidelines for our executive officers. According to the guidelines, our CEO and EVPs are required to hold Company shares with a value of 10x salary, while other executive officers are required to hold Company shares with a value of 3x salary. Shares received upon vesting must be held until the executive is in compliance with the guideline. Unvested restricted shares will count toward satisfaction of the guideline, while unvested performance shares will not count. As of December 31, 2020, all NEOs were in compliance with the guidelines.

Clawback Policy

The Company has adopted a clawback policy applicable to bonuses and long-term incentive awards. If the Company restates any financial statement included in an SEC filing as a result of an employee's misconduct, the Board may, without prejudice to any other remedies available to the Company, seek reimbursement of any bonus or long-term incentive award received by such person that relates in whole or in part to any period for which such financial statements were restated. If the misconduct involved fraud, then in addition to other actions the Board will mandatorily seek such reimbursement.

Other Elements of Compensation

Retirement Benefits

We have no active U.S. defined benefit pension plans. Benefit accruals under all our U.S. qualified defined benefit pension plans and all our U.S. supplemental defined benefit pension plans were frozen for all employees in 2002.

Our employees may participate in our qualified 401(k) plans and eligible employees can participate in a qualified employee stock ownership plan. We do not provide supplemental retirement benefits to any employees in connection with these plans.

Perquisites

We review the perquisites that our senior management receives. The primary perquisite is limited personal use of corporate aircraft.

We allow our NEOs to use our corporate aircraft from time to time for personal reasons. The aggregate incremental cost to the Company is included, for proxy reporting purposes, as compensation to the Named Executive Officer. For tax purposes, we comply with IRS regulations. We do not "gross-up" our NEOs for their taxes associated with perquisites, including with respect to personal use of our aircraft.

Our NEOs also participate in our other benefit plans on the same terms as our other employees. These plans include medical and health insurance, company paid life insurance and charitable gift matching.

Certain Board Fees

Our NEOs do not receive director fees for serving on the Company's board of directors or for serving on the boards of our wholly-owned or majority-owned subsidiaries. However, those NEOs who serve on the boards of other companies in which we have a minority interest may receive director fees from those companies. We consider those board fees when evaluating the compensation of our NEOs.

Employment Agreements; Compensation Arrangements for Mr. Bazos and Mr. Palmer

We have no long-term employment agreements with our NEOs although, from time to time, we have entered into short-term arrangements with newly hired executives governing their compensation and severance during up to their first three years with the Company.

Frank Bazos. Mr. Bazos joined the Company in May 2019 in the position of Executive Vice President and Head of Mergers & Acquisitions of WM Capital. With more than 25 years of private equity experience, primarily in the financial services, healthcare and insurance sectors, Mr. Bazos joined as a senior leader of the Company as we executed on our strategy to thoughtfully redeploy capital generated from sales of significant businesses from 2015-2017, which was largely completed in 2020.

The CNG Committee determined that securing the employment of an experienced executive like Mr. Bazos from the private equity industry required a competitive compensation package that would incentivize Mr. Bazos to depart a senior, highly compensated role at his previous employer to join White Mountains. Therefore, we entered into a short-term arrangement with Mr. Bazos governing his compensation and severance during his first two years with the Company.

In connection with Mr. Bazos's hiring, the Company agreed to the following terms, which the CNG Committee believes were reasonably negotiated and aligned with market practices:

- 1) a \$1,500,000 sign on bonus payable in three equal tranches: upon signing, in March 2020 and in March 2021.
 - The CNG Committee determined that this sign on bonus would provide market-competitive compensation for Mr. Bazos given his inability to earn any payouts from long-term incentive awards until 2022, consistent with our standard executive compensation program which is heavily weighted toward long-term performance-based pay.
- 2) an annual bonus for 2019 set at a target of \$375,000.
- 3) in the event Mr. Bazos were terminated without cause prior to March 15, 2021, to receive any unpaid tranches of his signing bonus plus \$875,000 and full vesting of any outstanding long-term incentives. After March 15, 2021, a termination of Mr. Bazos's employment would be treated the same as applicable to any other senior executive (as described below).
 - The CNG Committee determined that these market-based arrangements appropriately reflect the risk taken by senior executives who, like Mr. Bazos, leave distinguished and established careers in adjacent industries to join a new organization.

On December 9, 2020, the Company announced that Mr. Bazos would resign from his current role on March 1, 2021 and become an advisor to management. On December 16, 2020, Mr. Bazos and WMC, acting with the approval of the CNG Committee, entered into an employment agreement (the "Bazos Agreement") relating to Mr. Bazos's service as an advisor. Under the Bazos Agreement, Mr. Bazos will (A) be paid a base salary at the annual rate of \$250,000 and (B) continue to participate in WMC's employee benefit plans. In addition, Mr. Bazos's existing 3,600 unvested performance shares granted under the Company's Long -Term Incentive Plan will remain outstanding.

Under the Bazos Agreement, and in accordance with the terms of Mr. Bazos's original offer letter from when he joined WMC in 2019 and which terms are described above, (A) WMC paid Mr. Bazos (1) \$500,000, consisting of the third installment of his original signing bonus, and (2) \$875,000, representing the agreed payment in the event of Mr. Bazos's departure prior to March 15, 2021, and (B) Mr. Bazos's existing 3,600 restricted shares granted under the LTIP vested.

The Bazos Agreement also provides that Mr. Bazos will be subject to certain restrictive covenants.

Brian Palmer. On November 30, 2020, the Company announced that Mr. Palmer would retire from his current role on May 14, 2021 and become an advisor to management. On February 25, 2021, Mr. Palmer and WMC, acting with the approval of the CNG Committee, entered into an employment agreement (the "Palmer Agreement") relating to Mr. Palmer's service as an advisor.

Under the Palmer Agreement, Mr. Palmer will (A) be paid a base salary at the annual rate of \$200,000, (B) receive an annual bonus of \$125,000 for 2021 and (C) participate in WMC's employee benefit plans. In addition, Mr. Palmer's existing 950 performance shares and 950 restricted shares will remain outstanding and continue to vest in accordance with their terms, except as follows. If the Company were to terminate Mr. Palmer's employment without Cause, the Company shall (i) if such termination occurs in 2021, (v) immediately accelerate the vesting of the restricted shares ("RSA") granted in 2019 and 2020, (w) settle the performance shares ("PSA") granted in 2019 at the same time and in the same amounts as if Mr. Palmer had continued employment until the normal vesting date thereof (assuming the same level of performance achievement applied to other Company executives), (x) settle the PSA granted in 2020 prior to March 15, 2022 based on performance achieved through the end of the Company's 2021 calendar year, and (ii) if such termination occurs during 2022, (x) immediately accelerate the vesting of the RSA granted in 2020, and (y) settle the PSA granted in 2020 at the same time and in the same amounts as if Mr. Palmer had continued employment until the normal vesting date thereof (assuming the same level of performance achievement applied to other Company executives).

The Palmer Agreement also provides that Mr. Palmer will be subject to certain restrictive covenants.

Severance Agreements; Change in Control

Severance benefits, if any, for our NEOs are determined by the CNG Committee in its sole discretion. Executive officers of our operating subsidiaries participate in the severance plans, if any, generally applicable at those companies.

If any of our most senior executives were to retire, in order to enable the Company to ensure a smooth transition, to receive a non-compete/non-solicit from the executive and to retain access to valuable knowledge, talents and relationships, we generally would expect to enter into arrangements that would permit the executive to earn some or all of such executive's long-term incentive compensation then outstanding.

We have no standalone change in control agreements with our NEOs. However, under our long-term incentive plans, if a change in control of the Company (or a business unit, as applicable) were to occur, certain events, such as involuntary or constructive employment termination or amendments to our incentive plans which are materially adverse to its participants, may cause stock options to become fully exercisable, restricted shares to become immediately vested and performance shares and performance units to become payable in full or in part. Our plans do not provide for tax gross-ups for excess parachute payments that may result from a change in control.

Compensation/Nominating & Governance Committee Report

The Compensation/Nominating & Governance Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation/Nominating & Governance Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (a) For Messrs. Rountree, Campbell, Seelig and Palmer, the amounts represent annual incentive bonuses earned for the year ended December 31, 2018. For Mr. Bazos, the amount in 2020 represents the second \$500,000 installment of a sign-on award granted to him upon joining the Company and the amount in 2019 represents a sign-on award of \$500,000 paid to him upon joining the Company and an agreed annual incentive bonus of \$375,000 for 2019. See "Compensation Discussion and Analysis."
- (b) Represents the grant date market value of WTM performance shares granted in 2020, 2019 and 2018 and WTM restricted shares issued in 2020, 2019 and 2018. The WTM performance share awards included in the table have a maximum payout of 200% of the shares granted and, at such level, would have a grant date fair value equal to 200% of the amounts shown in the Grants of Plan Based Awards table. See "Grants of Plan Based Awards" and "Outstanding Equity Awards at Fiscal Year End."
- (c) In 2019, the annual incentive bonus program for named executive officers changed to a formulaic program, with the level of payout determined by reference to the Company's growth in CVPS. Amounts presented in 2020 represent annual incentive awards paid in cash in March 2021 for performance in the year ended December 31, 2020 and amounts presented in 2019 represent annual incentive awards paid in cash in March 2020 for performance in the year ended December 31, 2019. - (a) These columns indicate the range of payouts (0%, 100% and 200%) targeted for fiscal 2020 performance under our Annual Incentive Bonus Plan as described in "Compensation Discussion and Analysis". The actual payout with respect to fiscal 2020 for each named executive officer is shown in the Summary Compensation Table in the column titled "Non-Equity Incentive Plan Compensation."
- (b) Messrs. Rountree, Campbell, Bazos, Seelig and Palmer were granted WTM performance shares for the 2020-2022 performance cycle. For the 2020-2022 performance cycle, the targeted performance goal for full payment of outstanding WTM performance shares granted under the WTM Incentive Plan for all NEOs is a 7% average growth in CVPS. Average growth of 2% or less would result in no payout and average growth of 12% or more would result in a payout of 200%.
- (c) Messrs. Rountree, Campbell, Bazos, Seelig and Palmer were granted WTM restricted shares that vest on January 1, 2023.
- (d) Represents the grant date fair value (based on a market price on the date of grant) as determined in accordance with ASC Topic 718 without regard to forfeitures. Assuming a maximum 200% payout, the grant date fair value of the WTM performance shares granted to Messrs. Rountree, Campbell, Bazos, Seelig and Palmer would be \$5,788,476, \$3,858,984, \$3,644,596, \$1,929,492 and \$964,746.

Pension Benefits

The NEOs did not participate in any defined pension plans sponsored by White Mountains in 2020.

Nonqualified Deferred Compensation

The NEOs did not participate in any nonqualified deferred compensation plans sponsored by White Mountains in 2020.

Potential Payments Upon Termination or Change in Control

Employment and Severance Agreements

We typically do not enter into employment agreements with our NEOs although from time to time we have entered into short-term arrangements with newly hired executives governing their compensation and severance for a period of up to their first three years with the Company. We have entered into employment agreements with Messrs. Bazos and Palmer in connection with their transition into advisory roles. See "Employment Agreements; Compensation Arrangements for Mr. Bazos and Mr. Palmer" on page 37.

Long-Term Incentive Plans

Under our long-term incentive plans, certain events, such as retirement, death or disability, or the occurrence of both a change in control of the Company (or a business unit, as applicable) and an involuntary or constructive employment termination or materially adverse amendments to such plans, WTM restricted shares become vested and WTM performance shares become payable in full or in part. Below is a description of the payments to which each of our NEOs would be entitled assuming in each case that such events occurred on December 31, 2020.

Voluntary Termination of Employment

Had any of our NEOs voluntarily terminated their employment on December 31, 2020, their unvested long-term incentive grants would have been cancelled and payments, if any, in respect of those cancelled grants would be made at the sole discretion of the CNG Committee.

Involuntary Termination of Employment

In the case of Mr. Bazos, had he been terminated without cause on December 31, 2020, he would have been entitled to receive \$1,375,000 and full vesting of any long-term incentives. Had any of our other NEOs been terminated without cause on December 31, 2020, their outstanding long-term incentive grants would have been cancelled and payments, if any, in respect of those cancelled grants would be made at the sole discretion of the CNG Committee.

Retirement

Had any of our NEOs retired on December 31, 2020, their unvested long-term incentive grants would have been cancelled and payments, if any, in respect of those cancelled grants would be made at the sole discretion of the CNG Committee.

Death or Disability

Had any of our NEOs employed as of December 31, 2020 died or become disabled on that date, they would have been entitled to pro rata vesting of their WTM performance shares and full vesting of their restricted shares. Under this scenario, Messrs. Rountree, Campbell, Bazos, Seelig and Palmer would have been entitled to receive \$17,638,316, \$11,758,877, \$6,817,419, \$8,285,823 and \$2,939,719, respectively.

For purposes of computing the amounts above, the WTM performance shares were valued at the December 31, 2020 common share closing market price (\$1,000.66) including dividends since grant. The WTM performance shares would vest pro-rated for time and at 100% of target; provided, that in the case of the 2018-2020 performance cycle, values are shown at actual performance of 200%. Restricted shares were valued at the December 31, 2020 common share closing market price.

Change in Control

Had both a change in control of the Company (or a business unit, as applicable) and an involuntary termination, constructive termination or materially adverse amendments to our long-term incentive plans occurred on December 31, 2020 to any of our NEOs employed as of that date, they would have been entitled to full vesting of their WTM performance shares at up to 200% of target and full vesting of their restricted shares. Under this scenario, Messrs. Rountree, Campbell, Bazos, Seelig and Palmer would have been entitled to receive \$26,152,626, \$17,435,084, \$12,193,128, \$11,123,926 and \$4,358,771, respectively.

For purposes of computing the amounts above, the WTM performance shares, including the 2018-2020 performance cycle, were shown at 200% of target. The WTM performance shares were valued at the December 31, 2020 common share closing market price (\$1,000.66) including dividends since grant. Restricted shares were valued at the December 31, 2020 common share closing market price.

Our long-term incentive plans do not provide for tax gross-ups for excess parachute payments that may result from a change in control.

Director Compensation

Our CNG Committee has adopted a compensation program for our non-employee directors that is focused on:

- attracting and retaining highly-qualified directors with a diversity of skills, backgrounds and experiences
- appropriately valuing the significant time and travel commitment required for our non-employee directors
- encouraging directors' ownership of our common shares to further the alignment of their interests with those of our shareholders

To that end, our non-employee director compensation program in effect for fiscal 2020 included the following elements:

- an annual cash retainer of \$135,000
- an annual equity retainer of 225 common shares
- an additional retainer of \$100,000 and 90 common shares for our Board Chair
- an additional cash retainer of \$15,000 for all members of the Audit Committee
- additional annual retainers (in addition to member retainer) of \$35,000 and \$25,000 for chairs of the Audit Committee and all other committees, respectively

Our CNG Committee annually assesses the structure of our non-employee director compensation program in light of market practices and emerging trends, and makes appropriate refinements if necessary. To that end, the following changes to our director compensation program were implemented for fiscal year 2020:

- Established **share ownership guidelines** of 5x cash retainer within five years of appointment to the Board
- **Decreased** the annual equity retainer from 250 common shares to 225 common shares

CEO PAY RATIO

CEO Pay Ratio

Below is (i) the 2020 annual total compensation of our CEO; (ii) the 2020 annual total compensation of our median employee; (iii) the ratio of the annual total compensation of our CEO to that of our median employee, and (iv) the methodology we used to calculate our CEO pay ratio:

CEO Annual Total Compensation	\$7,170,628
Median Employee Annual Total Compensation	\$54,940
CEO to Median Employee Pay Ratio	131:1

Methodology

Our CEO pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules. Our methodology and process are explained below:

- (1) **Determined Employee Population.** We began with our global employee population as of December 31, 2020, including full-time and part-time workers employed by our company or consolidated subsidiaries, but excluding our CEO.
- (2) **Identified the Median Employee.** To identify the median employee, we calculated compensation for each employee using (i) base annual salary including estimated overtime pay as of December 31, 2020, (ii) cash incentives earned in 2020, (iii) WTM performance shares and WTM performance units vested on December 31, 2020, and (iv) WTM restricted shares vested on January 1, 2021. Compensation paid in foreign currency was translated to the U.S. dollar equivalent based on foreign exchange rates as of December 31, 2020.
- (3) **Calculated CEO Pay Ratio.** We calculated our median employee's annual total compensation for 2020 in accordance with SEC rules for preparing the Summary Compensation Table. We compared the median employee's compensation to our CEO's annual total compensation in the Summary Compensation Table to determine the pay ratio shown above.

Review, Approval or Ratification of Transactions with Related Persons

The Company's Audit Committee Charter states that the Audit Committee shall approve any related or affiliated person transactions and review disclosures thereof. In determining whether to approve or reject a related person transaction, the Audit Committee takes into account, among other factors it deems appropriate, whether the proposed transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related persons' economic interest in the transaction. For purposes of Audit Committee approval, a related person transaction is defined as any transaction that is required to be reported under Item 404 of SEC Regulation S-K.

During 2020, there were no Transactions with Related Persons that required Audit Committee approval.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2020, with respect to the common shares that may be issued under the Company's existing incentive compensation plans. Plan category	(1) Number of securities that may be issued upon exercise or vesting of outstanding options, warrants and rights at target	(2) Weighted average exercise price of outstanding options, warrants and rights	(3) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (1))
Equity compensation plans approved by security holders - WTM Incentive Plan:			94,255(a)

AUDIT COMMITTEE REPORT

In connection with the audit of the Company's financial statements for the year ended December 31, 2020, the Audit Committee has: (1) reviewed and discussed with management and PwC the Company's audited financial statements for the year ended December 31, 2020, management's assessment of the effectiveness of the Company's internal control over financial reporting and PwC's audit of the Company's internal control over financial reporting; (2) reviewed and discussed with PwC the applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") and the SEC; and (3) received the written disclosures and the letter from PwC required by the applicable PCAOB rules and discussed with PwC their independence.

Based on these reviews and discussions, the Audit Committee determined that the non-audit fees billed by PwC for services performed in 2020 and 2019 (as presented herein) are compatible with maintaining their independence. Further, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for filing with the SEC and for presentation to Shareholders at the 2021 Annual Meeting.

Management is responsible for the preparation, presentation and integrity of the Company's consolidated financial statements as well as for establishing and maintaining adequate internal control over financial reporting. The Company's independent registered public accounting firm, PwC, is responsible for expressing its opinion on the conformity of the Company's audited financial statements with Generally Accepted Accounting Principles ("GAAP"). In addition, PwC is responsible for expressing its opinion on the effectiveness of the Company's internal control over financial reporting. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with GAAP; that, as described above, is the responsibility of management and PwC. In giving its recommendation to the Board, the Audit Committee has relied on (1) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with GAAP and (2) the reports of PwC with respect to such financial statements.

The Audit Committee has established a Charter which outlines its primary duties and responsibilities. The Audit Committee Charter, which has been approved by the Board, is reviewed at least annually, is updated as necessary and is available for viewing at www.whitemountains.com.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

The Audit Committee, pursuant to its policy, pre-approves the scope and fees for all services performed by PwC. Annually, the Audit Committee receives and pre-approves a written report from PwC describing the elements expected to be performed in the course of its audit of the Company's financial statements. All other audit, audit-related and non-audit-related services rendered by PwC also require pre-approval, which may be granted in accordance with the provisions of the policy either (a) at a meeting of the full Audit Committee, (b) on an interim basis by the Chairman of the Audit Committee, provided that the requested services are not expressly prohibited and are ratified by the full Audit Committee at its next regularly scheduled meeting, or (c) on a per-project basis through specific compliance with pre-approved definitions of services that do not exceed per-project limits established by the Audit Committee, provided that any such services are authorized by the Company's General Auditor or his/her designee and that the General Auditor makes a full report of all services pre-approved per the policy at the next regularly scheduled Committee meeting.

It is the intent of the policy to assure that PwC's performance of audit, audit-related and non-audit-related services are consistent with all applicable rules on auditor independence. As such, services expressly prohibited by the Audit Committee under its policy include bookkeeping or other services related to the accounting records or financial statements of the Company or its subsidiaries; financial information systems design and implementation; appraisal and valuation services; fairness opinions; contribution-in-kind reports; certain actuarial services; internal audit outsourcing services; management functions; human resources; broker-dealer, investment advisor or investment banking services; legal services; and expert services unrelated to the audit. All services performed by PwC during 2020 and 2019 were pre-approved in accordance with the policy described above.

The services performed by PwC in 2020 and 2019 are described below. PwC does not provide any services to the Company that are prohibited under applicable laws and regulations, such as financial information systems design and implementation. From time to time, PwC may perform permissible consulting services for the Company, provided they have been pre-approved in accordance with the policy described above. To the extent consulting services are provided by PwC, they are closely monitored and controlled by both management and the Audit Committee to ensure that their nature and extent do not interfere with the independence of PwC. The independence of PwC is also considered annually by the Audit Committee.

The following table sets forth the approximate aggregate fees billed by PwC for professional services provided in 2020 and 2019:

	<u>2020</u> ^(e)	<u>2019</u> ^(e)

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act of 1934, in this Proposal 2 we are asking you to provide approval, on an advisory basis, of the compensation of the named executive officers as disclosed in the section of this proxy statement titled "Executive Compensation." You are being asked to vote on the following advisory resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in the Company's proxy statement dated April 7, 2021, pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis, compensation tables and narrative discussion, is hereby APPROVED.

The Board of Directors believes that the compensation policies and practices described in the Compensation Discussion & Analysis are effective in achieving the Company's primary goal of maximizing shareholder value over long periods of time, as well as motivating and retaining our key executives. The compensation of our named executive officers is heavily weighted toward variable long-term compensation, the value of which is tied to performance over a number of years.

We urge you to read the Compensation Discussion & Analysis, beginning on page 24 of this proxy statement, as well as the 2020 summary compensation table and related compensation tables and narrative, beginning on page 39, which provide detailed information on the Company's compensation policies and practices and the compensation of our named executive officers.

Although the vote is non-binding, the Board of Directors and the Compensation/Nominating & Governance Committee will review and consider the voting results when evaluating our executive compensation program.

The Board recommends a vote FOR Proposal 2 which calls for the approval of the advisory resolution on executive compensation.

PROPOSAL 3

APPROVAL OF THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2021

Subject to Shareholder approval, the Audit Committee of the Board has appointed PwC as the Company's independent registered public accounting firm for 2021. Further, Shareholders are being asked to authorize the Audit Committee to negotiate and fix the remuneration to be paid to PwC in connection with its service. Representatives from PwC will attend the 2021 Annual Meeting, will be provided with the opportunity to make a statement and will be available to answer appropriate questions.

The Board recommends a vote FOR Proposal 3 approving the appointment of PwC as the Company's Independent Registered Public Accounting Firm for 2021.

OTHER MATTERS

Manner of Voting Proxies

Common shares represented by all valid proxies received will be voted in the manner specified in the proxies. Where specific choices are not indicated, the common shares represented by all valid proxies received will be voted in accordance with the Board's recommendation for each of the proposals named earlier in this Proxy Statement.

In the case of common shares held in employee benefit plans, the trustee will typically vote all common shares within such plans in direct proportion to those common shares actually voted by plan participants.

Should any matter not described above be acted upon at the meeting, the persons named in the proxy card will vote in accordance with their judgment. The Board knows of no other matters which are to be considered at the 2021 Annual Meeting.

Votes Required for Approval

With respect to the election of directors, the nominees will be elected if the number of votes cast "for" such director exceeds the number of votes cast "against" that director. If a director in an uncontested election receives less than a simple majority of votes cast "for" his election, the director is required to submit a letter of resignation to the Board of Directors, which the Board may either accept or reject in accordance with the Company's Bye-laws. The majority vote standard is not applicable to contested director elections, which are determined by a plurality of the votes cast. A plurality of votes cast means that the proposed director receiving the highest number of affirmative votes is elected, irrespective of how small the number of affirmative votes is in comparison to the total number of shares voted. The other proposals require the affirmative vote of a majority of the voting power held by holders of common shares present at the 2021 Annual General Meeting, in person or by proxy, provided a quorum is present.

Inspectors of Election

Computershare Trust Company, N.A., 480 Washington Boulevard, 26th Floor, Jersey City, New Jersey 07310, has been appointed as Inspectors of Election for the 2021 Annual Meeting. Representatives of Computershare will attend the Annual Meeting and receive votes and ballots, supervise the counting and tabulating of all votes and ballots and determine the results of the vote.

Costs of Solicitation

The solicitation of proxies will be made primarily by mail; however, directors, officers, employees and agents of the Company may also solicit proxies by telephone, internet or personal interview. Solicitation costs will be paid by the Company. Upon request, the Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses incurred in forwarding proxy materials to their principals.

Delivery of Documents to Shareholders Sharing an Address

SEC regulations permit a single set of the Annual Report and Proxy Statement to be sent to any household at which two or more shareholders reside if they appear to be members of the same family. Each Shareholder will continue to receive a separate proxy card. This procedure, referred to as house-holding, reduces the volume of duplicate information shareholders receive and reduces our mailing and printing costs. Those Shareholders who desire additional copies of this document or would like to receive separate copies of this document in the future should contact their bank, broker or other holder of record or the Corporate Secretary at the address presented under "Available Information" below.

Available Information

The Company is subject to the informational reporting requirements of the Exchange Act. In accordance therewith, the Company files reports, proxy statements and other information with the SEC. **The Company will provide to any Shareholder, upon request and without charge, copies of all documents (excluding exhibits unless specifically requested) filed by the Company with the SEC as well as the Charter of any of the Company's various committees of the Board. Written or telephone requests should be directed to the Corporate Secretary, White Mountains Insurance Group, Ltd., A.S. Cooper Building, 26 Reid Street, Hamilton HM 11, Bermuda, telephone number (441) 278-3160. Additionally, all such documents are physically available at the Company's registered office at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda and are available at www.whitemountains.com shortly after such material is electronically filed with or furnished to the SEC.**

ANNEX A: NON-GAAP RECONCILIATIONS
